and Saps the Hair's Vitality. People who complain of failing hair as a rule do not know that it is the re-sult of dandruff, which is caused by a pestifierous parasite burrowing up the scalp as it digs down to the sheath in which the hair is fed in the scalp. Be-fore long the hair root is shriveled up and the hair drops out. If the work of the germ is not destroyed hair keeps thinning till baldness comes. The only way to cure dandruff is to kill the germ, and until now there has been no hair preparation that would do it; but today dandruff is easily eradicated by Newbro's Herpfeide, which makes hair glossy and soft as silk. Swindells, Butte's catcher, has met with a streak of bad luck this season. Twice he has been laid up with an injured hand, and yesterday he met with another acci-dent which will keep him out of the game for several days at least. In the sixth inning yesterday, with Wiggs at bat, the butter struck a wide swift one and Swin-dells caught in with his bare hand. Two fingers were doubled back and thy nails torn off. The game was stopped and Spencer took the catcher's place. The in-jury was extremely painful and the un-fortunate man nearly fainted.
