

NO REDUCED REPRESENTATION

Republican Convention Committee on Rules Rejects Rep. Burke's Resolution.

TABLES PARSONS SUBSTITUTE

Main Opposition, Led by Powell Clayton, Arkansas National Committee-man, Came from So. States.

Convention Hall, Chicago, June 17.—The effort to secure a reduced representation of delegations to the national Republican convention again has failed, by a vote of 24 to 17 the committee on rules today rejected the Burke resolution providing for such reduction, and also, by practically the same vote, tabled the Parsons substitute. Representative Burke and his 16 supporters announced that they would file a minority report.

As on yesterday, the main opposition came from the southern states, Alabama, South Carolina and Maryland bitterly attacking the resolution. The delegates from those states took the same ground as their southern colleagues who spoke yesterday, that a reduction in the representation would spell the disruption of the Republican party in the south. They had the support of Gen. Powell Clayton, national committeeman and delegate from Arkansas, who maintained that the resolution was simply a proposition "to crucify the colored man and divide his raiment among certain states north of Mason & Dixon's line."

He argued that the negro was loyal to the Republican party but if he was cast to "the enemy" there was nothing left to him but to make the best terms he can with those to whom he had been consigned.

"The Democratic party will take every negro vote it can get," he said, "and whenever the negroes commence to vote the Democratic ticket, the Democratic party will count their votes north and south."

Besides, he said, the proposition was illogical.

STATE TROOPS OUT.

Butler, Pa., June 17.—As the result of the dynamite attack yesterday at the Royal mines at Argentine, near here, state troops were called out and have been summoned. The non-union miners refuse to return to work and an air of uneasiness is prevalent.

T. F. RYAN SAILS.

New York, June 17.—Thomas F. Ryan sailed for Europe today on the steamer Adriatic.

Hives, eczema, itch or salt rheum sets you crazy. Can't bear the touch of your clothing. Dean's Ointment cures the most obstinate cases. Why suffer. All druggists sell it.

WOMAN HELD FOR MURDER.

New York, June 16.—Sarah Kosen, the nurse who shot and killed Dr. Martin W. Auspitz on June 7, has been indicted by the grand jury on a charge of murder in the first degree. When arraigned in the court of general sessions today, she pleaded not guilty.

BIG MINING COMPANY FAILS.

New Haven, Conn., June 16.—The International Mining company, it was learned today, has applied to the United States court for a receivership. The company was incorporated in this state with an authorized capital of \$1,500,000. Its liabilities, exclusive of any capital stock paid for, are estimated at \$90,000. The company produced granite and other minerals and had plants in New York and Vermont.

FOUND DEAD IN BED.

Heno, Nev., June 16.—Christopher A. Willis, aged about 60, was found dead, fully dressed, lying across his bed in the Melrose apartments late yesterday. It is thought he died from natural causes.

Willis is from Buffalo, N. Y., where he has a wife and little daughter living at 840 Highland street. He has been in Nevada some time and was interested in many mining properties, and owned the Alberta townsite, near Terrington, which was named after his daughter.

He had an insurance policy for \$1,000 with the premium due June 15. He had many letters in his pockets from New York people that indicated that at one time he was prominent in Buffalo.

WOMAN'S NIGHTMARE

No woman can be happy without children; it is her nature to love them as much as it is the beautiful and pure. The ordeal through which the expectant mother must pass is so fraught with dread that the very thought fills her with apprehension. There is no necessity for the reproduction of life to be either very painful or dangerous. The use of **MOTHER'S FRIEND** prepares the system for the coming event, and it is passed without any danger. This remedy is applied externally, and has carried thousands of women through the crisis with but little suffering.

SENSATIONAL ENDING OF LEMOINE DIAMOND CASE

Paris, June 17.—The Lemoine diamond case came to a sensational ending with an unexpected climax this afternoon. Lemoine has fled and his famous formula for the manufacture of diamonds is a fantastic farce.

Henry Lemoine was taken into custody a few months ago on the charge of having secured money from Julius Wernher, the English diamond merchant, on false pretenses. Lemoine declared he could manufacture diamonds, and it is alleged that on this representation he secured a large sum of money from Mr. Wernher.

Lemoine was released to give him an opportunity to vindicate himself by exhibiting stones of his own manufacture. When the case was called in court today, Lemoine did not appear and it was announced that he had fled.

In the presence of Mr. Wernher the court then opened the envelope said to contain Lemoine's formula. The paper inside was read, but it contained only a jumble of fantastic and senseless phrases.

RHODORA BADLY BEATEN.

London, June 17.—Richard Croker's Rhodora, which is a favorite for the gold cup at Ascot tomorrow, was badly beaten in the race for the biennial stakes at Ascot today.

Rhodora was not even placed. She started a hot favorite in the betting at 6 to 4 against W. A. Walker's White Eagle was first; Reane Claude, owned by Lord Hamilton, was second, and C. T. Pulley's Eaton Lad was third. Seven horses ran.

RIVER FALLING.

Kansas City, June 17.—The overflow of the Missouri and W. rivers here continue to subside and within a few days the waters will more than likely be back to normal.

TO WALK ACROSS CONTINENT.

New York, June 17.—The veteran long distance walker, sparrer and all round athlete John Ennis is planning a long walk across the continent. Although 63 years of age he believes the vigor of former days has not departed and that he can yet hold his own in an endurance contest of any sort.

PLAGUE AT CARACAS.

Caracas, June 4.—The dreaded plague has at last come to Caracas, which for a few months past has been hoping against hope that it might be spared from the scourge, which has stricken the neighboring port of La Guayra. The city awakened today to the full knowledge that the disease was here and the fact that the case was that of an employee of the famous La India cafe, one of the finest in Caracas, did not tend to decrease the general alarm. It was realized that the presence of the bubonic in such quarters meant that no section of the city was safe from its ravages.

DEAD OF HYDROPHOBIA.

Danville, Pa., June 17.—Joseph Gerst, aged 78 years is dead here, from hydrophobia. He was bitten by a dog two months ago and the wound had apparently healed, when the disease broke out.

The death of Mr. Gerst follows a series of mad-dog scares in Danville, which have extended over a year.

RECOGNITION OF LABOR'S RIGHTS

Gompers, Keefe and Duncan Urge Them Before Republican Resolutions Committee.

ASK FOR PLANK IN PLATFORM.

Want Injunctions Prohibited; Employers' Liability Act; Department of Labor; Bureau of Mines.

Chicago, June 17.—When the subcommittee of 13 of the resolutions committee began business at 10 o'clock, the doors of their assembly room were thrown open temporarily for the purpose of granting a 20 minutes hearing to representatives of the American Federation of Labor and to those of the Illinois Manufacturers' association. President Samuel Gompers and Vice Presidents Keefe and Duncan appeared for the federation, and at the beginning of the hearing Mr. Gompers suggested the following as a plank in the platform, saying that it contained the embodiment of the federation's views.

"The Republican party is in accord with the great emancipator Abraham Lincoln, when he declared that labor is prior to and independent of capital. Capital is only the fruit of labor and could never have existed if labor had not existed first. Labor is the superior of capital and deserves much more consideration. Through his wise and humane policy the shackles of 4,000,000 chattel slaves, the Republic has been the staunch defender of property and property rights, yet holds and declares that personal rights and human liberty must of necessity be sacrificed to the first and highest consideration. Recognizing the new conditions arising from our marvelous industrial development, our people and our nation realize that the fact of the wheels of industry and commerce of our time require that new law and new concepts of labor must be enacted to conform to modern industry and commerce and advance freedom in line therewith.

"We, therefore, pledge the Republican party to the enactment of a law by Congress, guaranteeing to the wage earners, agriculturalists and horticulturists of our country the right of organized effort to the end that such association or its members shall not be regarded as illegal combinations in restraint of trade.

"We pledge ourselves to the enactment of a law to prohibit the issuance of injunctions in cases arising out of labor disputes, when such injunctions do not apply when no labor disputes existed; and that in no case shall an injunction be issued where there exists a remedy by the ordinary process of law; and which act shall provide that in the procedure for the punishment of contempt of court, the party cited for contempt shall, when such party is not committed in the actual procedure of the court, be entitled to a trial by jury.

"We pledge the Republican party to the enactment of an amendment extending the existing eight hours to all government employees and to all workers, whether employed by contractors or sub-contractors doing work for or on behalf of the federal government.

"We pledge the Republican party to the enactment of an amendment extending the existing eight hours to all government employees and to all workers, whether employed by contractors or sub-contractors doing work for or on behalf of the federal government.

"We pledge the Republican party to the enactment of a law creating a department of labor, separate from any existing department, with a secretary at its head having a seat in the president's cabinet.

"We pledge the Republican party to the enactment of a law for the creation of a federal bureau of mines and mining, preferably under the proposed department of labor, and the appropriation of sufficient funds to thoroughly investigate the cause of mine disasters, so that laws and regulations may be recommended and enacted which will prevent the terrible maiming and loss of life in the mines.

"We pledge the Republican party to the enactment of a law for the establishment of United States government postal savings banks."

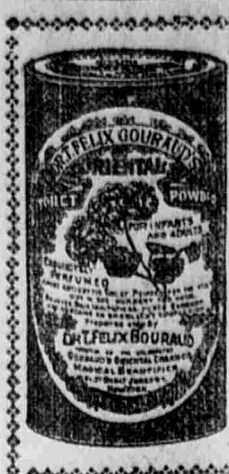

SOCIAL AND PERSONAL

Roses, roses, roses—and then some. They hung in baskets over the windows, and in pockets on the wall, framed draperies of dainty pink tulle framing doorways and arches, and littered tables and mantels in mounds and sprays. They forced screens and pannels and were in the foreground, background and perspective. They were more, even than were expected, even from its being a rose tea. The guests were received at the door by Mrs. C. S. Kinney, Mrs. C. E. Allen, Mrs. H. C. Wallace, Mrs. George Y. Wallace, Mrs. Russell L. Tracy, Mrs. R. A. Broadhurst and Mrs. Grant Hampton, and as they entered each with a basket of roses. The room was a room of roses, and the bride and groom were seated under a canopy of green and white from which hung a large wedding bell. The room was in red and the diningroom in pink and green, roses and poodles being used. The bride wore a gown of blue net over tulle, and carried a large bouquet of white peonies. The bridesmaid was in pink silk and carried pink flowers, and the little flower girl was in white, with pink ribbons, and carried a basket of pink sweet peas. A large number were present.

At the marriage of Miss Freda Erickson and Mr. Fred B. Winagar yesterday, Rev. C. E. Perkins officiated. Miss Stella Erickson was bridesmaid, little Noranda Johnson, flower girl, and Arthur Erickson best man. Mrs. Gustaf Erickson and Mrs. F. D. Keeler assisted in receiving the assembly in serving were Miss L. Winagar, Miss Hilda Larson, Miss Mayme Vier and Miss Ellen Holter. The rooms were prettily decorated, the bridal party standing under a canopy of green and white from which hung a large wedding bell. BIRDSNESTING SERIOUS.

While climbing a tree with the object of robbing birds' nest, 10-year-old Joseph Lawing, of 518 West Third South, fell a distance of about 20 feet this morning, alighting on his head and shoulders. The accident occurred on First South and Fourth West streets. The lad received several cuts and bruises and a painful scalp wound. He was not seriously hurt. Officers Ripley and Gidding went to the scene in the patrol wagon and took the youngster to his home.

PLUMBERS DESERT FIRE.

A bad fire was narrowly averted at the residence of G. Gibbs, 54 south Third East street, this morning. Plumbers were at work in the basement of the building repairing a water pipe when one of the workmen accidentally set fire to a small piece of kumuk. He threw the blazing material to the floor into a large pile of the stuff and it immediately caught fire. The plumbers ran from the building but the fire was home at the time, rushed into the basement and smothered the fire with an old carpet. The apartment was called out but the blaze was extinguished before the fire fighters arrived. No damage whatever was done.
