

JEFFERIES MAY REENTER RING

Chances Are Good That Great Champlain Will Fight.

PROPOSITION CONSIDERED.

Planning Details of An Offer Likely to Be Made to Australian Fight Promoters.

Los Angeles, Jan. 4.—There is considerable talk in the ring world that James J. Jeffries, former heavyweight champion, will be offered a fight with a contender from the Australian promoter, and that he is about to make some proposition to the Australian promoter of the recent championship fight between Burns and Johnson, looking to a championship battle some time during the coming year between Champion Johnson and himself.

CORN, OATS, Rolled Barley. Wholesale.

Inter Mountain Milling Co.

San Francisco, and it was said that there was every probability that this bid will be accepted, although the matter has not been definitely settled.

JEFFRIES DENIES IT.

Jeffries himself denies the truth of the rumor, but it will not do when the rumor is not only in a position to know, say that the erstwhile champion is not only in the frame of mind to consider the thing, but that he is already planning the details of the provision he will make.

It is stated by a man who is very close to Jeffries that about a year ago Jeffries tried three weeks of systematic training in this city, and that the results were not satisfactory to him, and that it was this failure to get himself into condition which impelled him to refuse the offer of a \$50,000 purse paid by McIntosh, the Australian promoter.

AFTER THE MONEY.

Dr. Roller Asks That Fight With Kaufman Be Called Off.

Los Angeles, Cal., Jan. 4.—Dr. E. H. Roller, Seattle's physician-wrestler-boss, has asked that the fight between the Jeffries Athletic club.

Some time ago he challenged the winner of the Barry-Kaufman battle, and posted \$10,000 with a Seattle paper as a forfeit and side bet. In a letter to Dr. Roller today, Dr. Kaufman says that he proposed match be called off, giving as his reason that he can secure a more acceptable division of the purse before a Seattle club.

COFFROTH MAY GO TO LOS ANGELES

Los Angeles, Cal., Jan. 4.—Persistent rumors that the Jeffries Athletic club of this city, which has presented many memorable ring battles to the public in its arena near the race track, will soon go out of business, resulted last night in a statement from one of its authorities in the club that bids have been asked for the plant and good will of the club, and that bids have been received, three of which are now being considered. One of these is from James Coffroth, the fight promoter of San

ON THE RACE TRACK.

Oakland, Cal., Jan. 4.—Captain Kennedy again proved himself to be a clever performer at Emeryville today when he practically led the way in the fourth race and won driving from Joe Ross.

The feature of his victory was that he ran with the whip of an assistant starter attached to his rear, it having been caught when the field broke. When the horse won Saturday he carried the barrier away with him. There were several close finishes during the afternoon over the muddy track. Copperbottom, a son of Kentucky and quoted at as good as 20 to 1, took the 2-year-old race from Mr. Dunphy, the favorite. Notter rode five winners.

IMPOSSIBLE TO BE WELL

It is impossible to be well, simply impossible, if the bowels are constipated. Waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. Ask your doctor about Ayer's Pills, gently laxative, all vegetable. He knows why they act directly on the liver.

COMMISSION TALKS SPECIAL CLASSIFICATION

Cincinnati, Jan. 4.—The question whether the American association and Eastern league will be put into a special classification among the baseball clubs of the country is not yet decided by the national baseball commission.

The members of the commission will meet for six days on the 10th, 11th and 12th of this month at the Hotel Hamilton in Cincinnati. The commission is expected to meet again tomorrow morning, when a decision will probably be reached.

The commission transacted much other business today. The most prominent case decided was the reinstatement of Jim Sebring. He is fined \$200 outright and the club that purchased him must pay \$500 to the Cincinnati Reds in settlement of a debt due from Sebring.

COUNTRY'S FORESTS.

They Cover One-Fourth of Total Area of the United States.

Washington, Jan. 5.—The country's forests now cover 556,000,000 acres, or one-fourth of the total area of the United States according to data compiled by forest service agents and made public today.

Forests owned by the government cover one-fourth of the total area and contain one-fifth of the timber now standing. Forests privately owned extend over three-fourths of the total forest area. Conservative lumbering is practiced on 70 per cent of the forests publicly owned and on less than 1 per cent of the forests privately owned.

Senator Smoot, chairman of the section on forests of the national conservation commission, states that under right management the forests will provide as much as 100 million cords of wood and also that wasted woods at the mills can be reduced at least one-third with future profit. It is estimated that forests fires can be stopped at an average cost of three-fourths of the value of the standing timber burned each year.
