THAW'S ALIENISTS **WERE OBDURATE**

They Refused to be Led Hither And Thither by District Attorney Jerome.

GETTING WISE TO HIS WAYS.

Evelyn Thaw May be Recalled and New Witness From African Jungle Introduced.

New York, March 20 .- The Thaw trial was dragged over another day. When court opened yesterday it was the general belief that all the evidence would be in before adjournment last night and that Mr. Delmas would begin his address to the jury this morning, but when time for adjournment came the defense had not finished and everyone in the courtroom was dis-

appointed.
Again it was the experts who delayed matters. The cross-examination took much longer than was expected. Mr. Jerome devoting hours in trying to obtain direct answers to his questions. The alienists were obdurate and so was the district attorney and minute after minute dragged by until 5 o'clock came and still the testimony was not finished. Mr. Delmas, chief of Thaw's battalion of attorneys, stated just before adjournment that he proposed to finish his side of the case early this morning. Whether he will or not is a question that is hard to answer. appointed

answer.
All the exhibits now in evidence in

early this morning.

or not is a question that is hard to answer.

All the exhibits now in evidence in the case have been introduced by consent the judge not having been called upon to rule directly on any of them. It is probable, however, that a direct ruling will be required this morning on the letter Mr. Delmas will seek to force before the jury.

Thaw's lawyers have again changed their minds and said last night that they would probably call Evelyn Nesbit Thaw today. To what she will testify they refused to say, but her evidence will probably have to do with the Hummel affidavit. So far as is known that will close the defense's case. There was some talk last night that it was possible that the defense might call David N. Carvalho, the expert in handwritting and photographer, to testify regarding the genuineness of the signature of Evelyn Nesbit upon the Hummell affidavit, but this report could not be confirmed.

Another report was that Dist. Atty. Jerome had a surprise to offer tomorrow and that this would delay the summing up in the case until Friday. The surprise, it was stated, would be the calling of a new witness, whom the prosecutor believes, he will be able to put on the stand in a re-opened direct case. This witness was said to be Miss Ida Vera Simonton, who has been frequently mentioned during the trial as an important witness.

Miss Simonton has been abroad for several months, having been with Prof. Richard Lynch Garner, in South Africa, studying Primates. It was said that she would be called today when the defense rested. Miss Simonton has not yet arrived and it is presumed she is a passenger on the Kronz Prinz Wilhelm, which is the only steamer to dock today.

Miss Simonton met Miss Nesbit in Paris, it has been said, when Miss Nesbit in Paris, it has been said, when Miss Nesbit was there with Thaw, and it is stated that her testimony will corroborate certain portions of the Hummel affidavit. The length of the trial—this is the minth week—is telling seriously on all who are taking part in it, the

Justice Fitzgerald is plainly tired of it all, and the attorneys have grown nervous and irritable. It is safe to say that there is not a person in the court-room, from the judge to the messenger boys, who will not heave a sigh of relief when the case is finally submitted to the increase. to the jury. THE PROCEEDINGS.

The chapter on paranoia brought out a long wrangle between the district attorney and the witness.

attorney and the witness.

"Paranola is a very broad term," said Dr. Jelliffe. "Authors use it differently. I don't know what you mean by it, and you may not know what I mean. The defendant may have been suffering from what is here described as acute paranola."

"Is it your opinion that he was?"

"Is it your opinion that he was?"
"I have told you many times that the question does not contain enough facts to base any positive opinion. I can do no more than I have done." you know of any writers on

What do you mean?" asked the witness in reply.

HERE IS MORE PROOF

THAT DR. WILLIAMS' PINK PILLS CURE RHEUMATISM,

Efforts to Get Relief Often Unsuccess ful Until the Tonic Treatment , Is Given a Trial.

"When I was a boy of sixteen," says Mr. Otto H. Rose, a retired grocer, of 1226 Lexington Avenue, Indianapolis, Ind., "I met with a serious accident which injured the bone of my head over the right eye. I recovered from the accident to all appearances, but not many years after I began to have intense pains in the injured bone, which came on every year and would last from a few days to several weeks. "I consuited the doctors who told me that I was suffering from neuralgia. The sight of my right eye was affected, so that at times I could scarcely see out of it, while both eyes watered constantly. During these attacks I was often dizzy from the terrible pains. The pains came on every morning and passed away in the afternoon. I never suffered from the pain at night. "I tried without success to get re-

at night.

'I tried without success to get relief until a friend told me to try Dr.
Williams' Pink Pills. When I had
taken a few boxes I felt the pain growing less intense and in a much shorter
time than I had hoped for I was entirely cured. I have recommended the

time than I had hoped for I was entirely cured. I have recommended the pills to several persons, who have used them with good results.

"My wife uses Dr. Williams' Pink Pills for nervous headaches and finds them the best medicine she has ever used as they give relief where all others fail."

Dr. Williams' Die Telegraphic Process for the pills of the pill

Dr. Williams' Pink Pills have cured Dr. Williams' Pink Pills have cured neuralgia, nervous headaches and prostration, dizziness, partial paralysis, St. Vitus' dance and locomotor ataxia, because they feed the nerves and give health to every tissue of the body. They are unequalled as a blood builder and are especially valuable in rheumatism, anaemia, after-effects of the grip and fevers, because they reach these diseases at their root and also start right in to tone up the whole body.

body.

Dr. Williams' Pink Pills are sold by all druggists or sent, postpaid on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

An instructive booklet, entitled "Network Disorders," will be sent free on request to anyone interested. on request to anyone interested.

"I don't know," said the district at-torney. "I borrow the phrase from the learned doctor Evans."

the learned doctor Evans."

"There are several instances," went on Dr. Jelliffe, "of explosive outbreaks described by medical writers which are similar to the case under discussion."

Dr. Jelliffe went on to cite some of these cases, and soon he and the district attorney were in the midst of a war of words.

WOULD BREAK IN.

Dr. Jelliffe would break in before Mr Dr. Jelliffe would break in before Mr. Jerome had finished a question, and in turn Mr. Jerome would not let him finish an answer.

"I am trying to cite cases which are similar to the one under discussion, and while I am answering. I don't want to be met with your sophistry."

"You don't?" said Jerome, "but I want to tell you that if these are going to develop into a talking match, I can go as far as you can."

The witness said in almost every case of paranola there are delusions.

of paranola there are delusions.
"Were there in the case of Thaw?"
"I think so."
"What delusions?"

"What delusions?"
"Delusions of persecution,"
"Where?"
"In the will in which he leaves a large sum of money for the prosecution of any one who might cause his death. Then there is the fact that he carried a revolver."
"But suppose it was true that somewhat was attempting to kill him, it

one was attempting to kill him, it would not be delusion then, would it?"
"Does this question prove," replied the witness, hotly, "that someone was looking for 'H. K. T.' with a hypothetical—I mean—a pistol?"

Justice Fitzgerald joined in the general laughter.

eral laughter.

Mr. Jerome and the witness spent many minutes discussing whether it was coherent on the part of one person to want to traduce a buxom brunette

"I don't think such a conversation is what one would expect between gen-

said nothing about gentlemen," Jerome. "We are not trying this defendant for not being a gentleman.

THE INSANE PERIOD. The insane period prior to the trag-edy, Dr. Jelline said, was about two and a half years. He thought that Thaw was insane when he wrote the letters which are in evidence, when he made the will and codicil, and when he married Evelyn Nesbit. "Doctor," said Jerome, "did you ever

"Doctor," said Jerome, "did you ever see an insane man at work in a shop?"
"I have seen many insane men making rugs. I remember one man who as he passed the tool back and forth among the cords kept repeating. Til kill him, I'll kill him, I'll kill him."
"Did he know what he was doing."
"I think me what he was doing."

"I think so, but it is my opinion that he also thought he was killing some-one at the same time." concluded his examination of Dr. Jelliffe.

The witness was not permitted to say why he had not examined the de-fendant, when questioned by Mr. Del-

Just as the Juncheon recess was or-dered Mr. Delmas announced that his redirect examination of the witness

was concluded. AFTERNOON SESSION. .

White

This afternoon Mr. Delmas called Dr. G. W. Pligrim, president of the state lunacy commission.
Dr. Pfigrim said he had studied care knew the act was wrong when he killed

Mr. Jerome in cross-examining the witness asked; "Have you examined the defendant?"

"Delmas objected upon the ground that the form of insanity is not neces-sary to be shown under the laws of this Justice Fitzgerald overruled the ob-

In reply, Dr. Pilgrim said:
"There are in the question evidences of one sort of insanity in some parts and in other evidences of other sorts. There is not enough in the hypothetical question for any one to make a scientific differential diagnosis."

When There regards about the reef

tific differential diagnosis."

When Thaw roamed about the roof garden, the witness said, he had an insane knowledge of what he was doing and he probably realized when he pulled the trigger of his revolver that it would inflict the damage it did, but his mind was so overpowered that he was analysis of a prorecisite the nature

his mind was so overpowered that he was unable to appreciate the nature or quality of his act.

Mr. Jerome called Dr. Pilgrim's attention to the legal phraseology in the will and in the provision for the prosecution of anyone who might cause his death and also to the various letters in evidence, including the one to Mr. Comstock, and asked if these did not show that Thaw had a knowledge of the law as it exists.

Dr. Pilgrim said that Thaw probably realized there were laws but probably in his opinion that knowledge was not that of a sane man.

DR. MINAS GREGORY.

DR. MINAS GREGORY.

Dr. Minas Gregory of Bellevue hos-Dr. Minas Gregory of Bellevue hospital, was called.
Dr. Gregory said that Thaw did
not realize the nature or quality of his
act or that the act was wrong when
he committed the homicide.
When Jerome, took up the cross examination he repeated the details of
Thaw's action immediately preceding
and following the shooting as well as

and following the shooting as well as of the shooting itself. Mr. Jerome picked up the revolver with which White was shot and used it to illus-

White was shot and used it to inde-trate his recital.

When Mr. Jerome came to the real shooting, he swung around toward the witness and snapped the pistoi three times, then raised it over his head, broke it and held it butt upward.

The questions Mr. Jerome asked Dr. Gregory were along the line of the difference between sane and insane persons.

'I think he had insane knowledge, was Mr. Gregory's reply to each of the questions,

DR. WAGNER RECALLED.

When Dr. Gregory was excused, Mr. Delmas recalled Dr. Wagner. Dr. Wagner had already testified for the defense that Thaw was insane when

defense that Thaw was insane when he shot White.

Answering the hypothetical question, he said in his opinion Thaw's reason was such that he did not know the nature or quality of his act, or that the act was wrong.

Mr. Jerome cross-examined Dr. Wagner briefly. The latter declared that the knowledge displayed by Thaw at the time of the tragedy was the knowledge of an insane man.

DR. BRITTON EVANS.

DR. BRITTON EVANS.

Dr. Wagner was excused and Dr.
Britton Evans was recalled to answer
the hypothetical question as framed
by Dist, Atty. Jerome.

Using this question as a basis, Dr.
Evans declared that Thaw when he
killed White did not know the nature or quality of his act.

"Did you determine what sort of insanity Thaw was suffering from?"

"It was the kind of insanity which,
through defective reason, rendered
him incapable of knowing that his act
was wrong."

"Has it any name?"

"All who study the literature of this subject select their own classifica-What name do you give it?"

"I haven't given it any name."
"When 'H. K. T.' wrote the letters,"
Dr. Evans was asked, 'did he know what he was doing?"

"Yes."

After examining the plan of the garden, Dr. Evans said he thought Thaw knew he was walking, but there was nothing in the question to show that he was approaching White.

"When he raised the revolver above his head, and unloaded it, did he know what he was doing?" continued Jerume.

CUT THIS OUT.

A Recipe for Consumption and The Quick Cure of Coughs And Colds.

A noted Philadelphia specialist states that consumption in every case comes from weak lungs which are sometimes inheated, but more often result from a neglected cough or cold.

Lungs weakened by nature or inflammation afford a lodging place for the tubercle germ and consumption follows. This is the whole thing in brief as stated by the great specialist. He gives a formula which has proven wonderfully effective in the speedy cure of all throat and lung troubles and it wonderfully effective in the speedy cure of all throat and lung troubles and it is said will frequently cure a bad cold in twenty-four hours. The formula is the following: "Glycerine two ounces; Concentrated oil of pine one half ounce; whiskey half pint; mix and shake thoroughly; use in tablespoon doses every four hours." The ingredients are obtainable from any good prescription druggist and can easily be mixed at home.

home.

The Concentrated oil of pine is a comparatively new product, but was welcomed by physicians on account of its being soluble, a quality long sought.

Care should be taken to make sure to get the "Concentrated," which always comes put up in half ounce bottles enclosed in round screw top cases intended to protect the oil from heat and light and retain its full strength of ozone. of oxone.

Patert medicines of similar names put out by chemical companies and bulk oils should be avoided. If a person keeps the physical organs in a per-son keeps the physical organs in a healthy condition they need fear no disease, and a cough or cold should be checked at once, or it will surely lead to serious complications.

president of the United National bank of Pittsburg. The letters have never been introduced in evidence or referred ic in any way. Jerome said some of the letters were in his office, where they had been copied. He thought the letters would not be used and neglected to return them to the court. After they were sent for, Delmas spent some time in examining them. It appeared for a time that some of the letters were mislaid, one in particular, which Delmas declared he desired read in evidence, but it was finally president of the United National bank

While the search was going on Thaw lesned over the reporter's table and whispered: "That letter is important has something in it about a friend

sired read in evidence, but it was finall;

of Jerome's."

Delmas finally offered the letter in evidence, but Mr. Jerome immediately objected. He said the letter should have been offered as a part of the case for the defense on direct evidence. He said he had no objection to the contents of the letter whatever.
"In order, however," said Mr. Jerome, "that I may not appear to be excluding anything which might help the jury to arrive at a just conclusion, I am will-

arrive at a just conclusion, I am willing that all the letters go into the evidence without being read, the stipulation being that either counsel shall have the right to refer to such parts of the letters as they desire in summing up. If my offer to have all the letters go in evidence is declined. I renew my objection to any one letter being introduced on the ground that it re-opened he entire case.

Mr. Delmas repeated the offer of the ne letter as a matter of "right and

fusitice."

The letter, he declared, would help to show the condition of Thaw's mind prior to June 25 last. Mr. Delmas said the case was nearing its close. He had hoped to close the taking of testimony, but Mr. Jerome's long cross-examination of one of the allenists had upset his plans,

"However," he went on, "we hope to close early tomorrow. It is too late in the case to have all the letters go in evidence and be subjects for argument. The task of reading over 4,000 pages of testimony already imposed upon counsel before summing up is a heavy one

sel before summing up is a heavy one and I am unwilling to undertake more." Adjournment for the day was taken with the matter of the introduction of

the letter pending.

Daniel O'Reilly, of counsel for the defense, stated after adjournment that Evelyn Thaw might be the final witness

NEW ELECTION LAW PROPOSED IN FRANCE.

Paris, March 19 .- The text of a new bill which if passed may introduce a complete change in the French parliamentary electoral system, has just been adopted by the universal suffrage committee of the chamber of deputies and will shortly be brought up for discus-

his head, and unloaded it, did he know what he was doing?" continued Jerome.

"I don't believe he realized what he was doing except in an insane way," replied Dr. Evans.

Herry move Thaw made that night was taken up by Jerome.

"THE LYON LETTER.

"It was expected that Dr. Evans would be the last witness of the trial. Mr. Delmas asked for the production of the letters sent from Pittsburg to the clerk of the court by Mr. J. D. Lyon, vice

The bill is based on the principles of proportional representation and ticket voting, whist the committee, carrying out what it believes to be the general desire, has increased the period of the deputies' mandate to six years instead of four as at present. At the same time the number of representatives is to be reduced from 591 to about 490. By the new system each department is to be regarded as a distinct electoral district entitled to return one deputy for every 25,000 voters, and one in addition in case the division of the total number of the court by Mr. J. D. Lyon, vice The bill is based on the principles of

Should any department by reason of its population be entitled to more than 10 deputies it will be sub-divided into two or more constituencies, each to be treated as a separate department for electronic constituencies.

cd as a separate department for electoral purposes.

An innovation as far as France is concerned is to be introduced into the method of voting. Each voter is to be given as many votes as there are deputies to be elected in his department, and he may either distribute them among the candidates or cast them all for one.

In order to avoid the recurrence of bye-elections, by reason of the resigna-

in order to avoid the recurrence of bye-elections, by reason of the resignation or death of a deputy, it is proposed that vacancies in the chamber shall be filled by candidates unsuccessful at the general election in the department represented by the retiring or deceased deputy, the highest on the list, according to the number of votes cast for him having the right to claim the seat provided he has not in the meantime been deprived of his civic rights for any reason, and so on until the list is exhausted.

The only reason for a bye-election, according to the bill, is in case a vacancy should occur more than six months before a fresh general election is due, and no unsuccessful candidates should be elicible or definition.

is due, and no unsuccessful candidates should be eligible or desirous of fillin.

CRUELTY TO ANIMALS.

Santa Fe and Southern Pacific Are Charged With the Offense.

Los Angeles, March 19.-- United States Dist. Aity. Lawler today filed com-plaints in the United States district court charging the Santa Fe and South court charging the Santa Fe and South-ern Pactfic Railroad companies with nine specific violations of the federal statutes prohibiting crueity to animals. The charges are in connection with shipments of horses and cattle from points in Arizona to this city, in which it is charged that they were in transit from 39 to 54 hours without any atten-tion or rest whenver. ion or rest whatever.

The penalty for each violation is \$500. The Santa Fe is charged with seven violations and the Southern Pacific with two. The law provides that livestock must be unloaded for a rest of five hours at the end of each 28 hours.

A BOMB EXPLOSION.

Judge Ogden's House in Oakland Has A Narrow Escape.

Oakland, Cal., March 20.—About 10:30 o'clock last night a bomb was exploded in front of Judge Ogden's house on Alice street. The whole front of the house was destroyed but none of the inmates were injured. The bomb had 70 feet of fuse attached so that who fired it had time to escape. Judge Ogden suspects an insane man whose name he has given to the police, but would not make it public.

CHINA WILL OPEN THE DOOR.

Washington, March 19.—W. D. Straight, the American consul general at Mukden, notified the state department today that he had assurance that the Antung custom house will be opened by the Chinese on March 21.

NORTHERN PACIFIC HOLDINGS.

Chicago, March 19 .- H. A. Gray, comptroller of the Northern Pacific Railway company, appeared before Interstate Commerce Commissioners Prouty and Harlan today to supplement the information given yesterday

Heat the information given yesterday regarding the value of railroad properties held by the company.

He declared that Aug. 31, 1906, when the railroad was sold under foreclosure proceedings, that the total value of the property was \$241,067,770, of which amount \$22,005,207 was in equipment. There were then 4.499 miles of railroad, costing \$35,575 per mile. On Aug. 30, 1906, the mileage, according to the witness, had increased to 6,096 miles and the officials had expended \$18,231,557 for the officials had expended \$18,231,557 for improvements and \$2,098,596 for equipment, which had been paid out of the income account. When asked for a valuation of the entire properties of the railroad, Mr. Gray said that he estimated it as being worth \$324,675,486 on June 3), 1906.

Inquiries regarding the earnings of the road brought out the information that for 15 years prior to 1896 the year-ly carnings upon the outstanding catitalization amounted to five-eights of 1 per cent, but in the year ending Ser tember, 1906, the earnings were 4.6 pe

tions regarding the bond issues of the railroad company and the way in which the interest on the bonds was paid, when the hearing was adjourned to be resumed April 15 at Portland, Or.

HOT IN OKLAHOMA.

Yesterday Afernoon Thermometer

Registered 102 in the Shade, Guthrie, Okla., March 19.-All heat records of Oklahoma were broken when the thermometer this afternoon registered 102 in the shade. The unusual humidity was accompanied by a stiff breeze. Reports from all over the terrtory are of a like nature. At Oklahoma City the mercury reached 97 and at Thomas, 39.
