

OGDEN.
Ogden, Utah, July 12, 1894.

TROOPS GOING WEST.
Four companies of the 15th Infantry have left Ogden.

Immediately upon the report being put out that a train would be started for the West, crowds of people, anticipating trouble, were seen going to the Ogden depot. They remained there, causing the guards much extra labor until 5:30, when a train was made up but only to carry troops. At 5:45 it pulled out, leaving the passengers to wait the next train, which will not go out this evening. Four companies of soldiers from the fort at Salt Lake, who have been stationed here, have gone ahead to clear the road of any obstruction, which might be in their way. This being the case, there will be no danger of injury to any of the passengers.

There were over one thousand men taken given out to delayed passengers yesterday. They are most all leaving to go to their homes and are anxious to get out on the first train.

Notes.
An excursion will be given by the I. O. O. F. to the Hot Springs this evening.

There is a word was issued by J. H. Wells, 35, and M. A. M. Mackwell, 35, of this city, by Clark Lowbridge.

There has been more shooting done by the special police during the past four nights than in four years by the regulars, but they never shoot to kill.

The police made a haul of stolen goods last evening. The haul is now nearly ready and should the case continue to arrive in the city a new jail will be required.

LOGAN.
Logan, Utah, July 12, 1894.

A Hold-up.
Fred Gleason, a young man who lives in the Merivale ward, Logan, was the victim of a hold-up last Saturday afternoon while on the road between Manning and Wellsville, at a place called Dry Lake, near the head of Wellsville canyon. Three men were walking along the wagon road, and when he attempted to pass one man stopped his horse and the others jumped into the buggy and held and searched him. Twenty-five cents, two dollars and a letter were all they found. He was then allowed to proceed.

Blew His Finger Off.
In company with several other youngsters, John Fuhrman, of Provo, came to Ogden, Utah, last Saturday evening. He was carrying a double-barreled shotgun, into the music of which some music was being played. He was then shot at by his left hand into one of the barrels for the purpose of removing the mud, without first letting down the hammer, which was at full cock. By some means the trigger must have been touched, as the gun went off, Fuhrman's finger promptly following suit.

Notes and Personal.
The U. P. agent was rustling around town for a number of persons on Tuesday. Several men have made application.

The two companies of militia took their first drill under the instruction of Captain Ewing on Saturday last. They will drill regularly once each week hereafter.

The Logan Driving club has issued Watson's road book for Pioneer day, and a good program of running and trotting races will be given.

The board of arbitration and equalization appointed by the city council to hear complaints against the tax levy for fairer levying, has been in session during the week.

Egbert Stralder and wife, of Provo, Utah, Frank Stralder, of Ogden, and Traveling Passenger Agent Taggart, of Salt Lake, have been numbered among Logan's visitors during the present week.

Wellsville is to have a company of militia. A meeting was held there on Saturday evening and a committee appointed to solicit names for membership. When a sufficient number have joined, another meeting will be called.

The two hunters, Frank Crookston and Mark Watson, have returned from their trip in search of trout, with two in their creel, a catfish and a grasshopper. They got them near the head of Logan canyon. They saw several others, and any number of trout. They intend to look for them again shortly.

Two boys were cutting lawns on the Church farm, Cache county, a few days ago, each driving a separate team. The team driven by the boy in the rear ran away, and coming up behind the other mowing machine jumped, ran on each side of the driver's seat. The driver escaped by jumping over the rear horse's back. The old horse jumped over and to the left of the stable and both boys' feet or nearly one of them had to be killed.

The Huttons' club was organized, with officers as follows: T. H. Lewis, president; C. H. Smith, secretary; Vice-president, Mr. W. W. Hays, secretary. An executive committee was also chosen and a constitution and set of by-laws were adopted. The movement is popular one here and might be adopted elsewhere with profit. Already an indictment has been made out on a charge furnished by one of the members, charging a prominent man with slandering the group.

Exposition of the Skin Sore.
Ed. Vaneer, Brecksville, Ontario, Canada, writes:
"I have used Dr. Williams' Pink Pills for the past fifteen years, and think them the best cathartic and multibillion remedy known. For some five years I suffered with an eruption of the skin that gave me great pain and annoyance. I tried different blood remedies, but without getting through the healing was unobtainable. I finally concluded to take a thorough course of Dr. Williams' Pink Pills. I took six each night for four nights, then five, then three, two, lessening each time by one, and then for one month took one every night, with the happy result that now my skin is perfectly clear and has been so ever since."

This Summer is the Time to Visit the Famous Shenandoah Valley, Va.
This valley is not only full of historical reminiscences, but is one of the finest agricultural, fruit growing and dairy country in the world. The place for the farmer, the manufacturer, the dairyman and the stock raiser. The little are full of fruit and dairy products, and the valleys abundantly productive. The climate is a golden mean, pleasant in summer and delightful in winter. The water is abundant and pure. Land is cheap and can be secured by homesteaders on the most favorable terms. Come and look over this region, while the growing season and grass demonstrate the fertility of the soil and the gentleness of the climate. If you wish to make an investment that you will never think of except with unalloyed pleasure, or to secure a home which will be the delight of yourself and family, don't let this opportunity pass unimproved. This is not the variable garden of Eden, but it is one of the best regions to be found in the low country in the world. For further information, call on or address Mr. V. Richards, Land and Tourist Agent, R. & O. R. R., Baltimore Maryland.

TO OUR PATRONS.
The Best Method to Use This.
We desire to call your attention to the importance of using Dr. Williams' Obstetric Pills and Obstetric Fruit Salt to reduce your fat which is the cause of fat and disease, such as heart failure, Bright's disease, and others.

Read what a reliable man says about the remedy:
"Since Auditor's Clerk of Michigan lost 25 pounds."
Lansing, Mich., Oct. 12, 1893.
"I have taken, since October Dr. Williams' Obstetric Pills and Fruit Salt, and am gradually losing weight. I am confident of securing myself from the danger of obesity, which is the danger of the disease."
John Clark.

The Fruit Salt costs \$1.00 per bottle, and pills \$1.00 per bottle, or a bottle for \$2.00. Send for an eight-column article on obesity. Address—
Lansing, Mich.,
P. O. Box 100, Chicago, Ill.

These goods are also sold by Zion's Co-operative Mercantile Institution, Salt Lake City.

Can a Man do Better Than to Buy a "STEARNS!"
We made the bold statement, challenging contradiction, in last week's Tribune, that the Stearns bicycle was the highest priced bicycle to the dealer—not the highest priced—but to the dealer the highest priced bicycle in the world. Have any of the agents of other wheels accepted the challenge? Not one. They know that we have the proof. We know to a dollar that the wheel sold in this city costs, and whether a long life or short life. We are giving the riders better value for their dollars in the Stearns.
Stearns, Fowler, Gendron, Waverly.
