

TELEGRAPHIC. OUR NEW CRUISER.

The New York, the Most Powerful and Swiftest Armored Vessel.

THE TRIAL TRIP YESTERDAY.

A Speed of Over Twenty-one Knots Causes Immense Enthusiasm on Board.

BOSTON, May 22.—With the forward hatches fully buried deep in the sea and the water pushed almost as high as the forecastle, the armored cruiser New York steamed across the line today, breaking the world's record and winning for her laurels in an country. When twenty-one knots were predicted as the speed of the new cruiser many hoped but few believed her engines would drive such an immense mass of steel through the water at such a rate. When she crossed the line, however, with a speed of 21.99 knots through the water and some corrections yet to be made for the tide, the enthusiasm on board was intense. This gives the United States not only the most powerful, but the swiftest armored cruiser.

At 6 o'clock this morning the New York hoisted anchor and headed for the open sea. The wind was light from the northwest and the sea smooth. The temperature of 61 degrees pained but gradually warmed up, and by the time the Vesuvius was in sight was going over 20 knots with the engine making about 100 turns per minute. The Gloucester was in sight at 9 o'clock. Twenty-four minutes later our flag was broken out at the port yard arm and the New York went past the fire, making 130 revolutions per minute. The steam pressure was 105 pounds to the square inch. The vessel was working at 20 knots. In passing the Vesuvius the revolutions had jumped to 135 and the steam to 170 pounds, both which were held throughout the entire trip.

Now the grand race begins to run. Out flew the great cruiser, increasing its speed at every jump. The Nina was passed at 10:25, the Bennington at 10:50, and the Fern the halfway mark at 10:31. Then came the tug boat, the Gloucester, at 11:15, and finally the historic old Reservoir at 11:25. The ringing of the curvets was black with men, who cheered the warmly as the passed. The next turn was made and the race back over the course at 11:44. The two vessels were at the starting line with the New York headed to the southwest. The Legion was passed at 12:04, the Fortune at 12:27, the Fern at 12:35, the Bennington at 12:49, the Nina at 12:59 and the Gloucester at 1:41. The end came at 4:05 and the race was steamed over twice. On the first run the speed was 20.83 knots and the second 21.35, the difference being due to the tide, which was against the vessel on the trip north. The average of the two runs was 21.61, giving a possibility of more when the true current correction is added.

On the whole the day's record was a triumph for American skill and genius, and will stand pre-eminently alone amidst all of our new warship best.

An Indian Chief Drowned.

SEACOMBE, Wash., May 22.—The body of Chief Seacombe, a noted Puget Indian, was found in the river today. It is evident that Stamp, while drunk, walked into the river and was drowned. The members of the Puget tribe are very much excited over his death, and a large crowd of Indians were gathered at the scene of the drowning. The chief was killed by the whites because of his opposition but he was taking in the effort to have the right of way to build a railroad granted to Ross.

FROM THE CAPITAL.

The Presbyterians and the Brigs.

WASHINGTON, May 22.—The board of missions among freemen reported and recommended \$250,000 for the work and \$400,000 for Middle university. The report was accepted. The moderator appointed a committee to receive the money. The chairman of the committee are: A. C. G. Young, Harry E. Jordan, Oregon; Henry G. Pollock, Utah; Louis R. Postle, Washington; James N. McDaniel, Idaho.

There was another outbreak in the Briggs case. Dr. Young stated that visitors from Chicago and Detroit had been found to have no references to Briggs' case, and insisted that the Presbyterians were in error in their policy. He moved to set aside the resolution with the vote of the church, but the amendment was lost, and the overture went to the committee.

At that session the report of the committee on public opinion was read, and, up for consideration, President Wardell of Lafayette college proposed the additional recommendation that the third Sunday in June be set apart as a day when services with the Presbyterians in the churches and prayers offered in behalf of the effort to gain the gates of the World's Fair closed. The Rev. Mr. McCauley of Dayton, O., offered another amendment to the overture, the effect of which was to withdraw the exhibit of the Presbyterian church, removed. Several recommendations, together with those were adopted.

The report of the committee on education was read by Dr. John G. Elwin of Cornell, Ia. An overture for money to carry on the work of educating young men for the ministry was supplemented by President Wardell of Lafayette College, who offered a motion to the effect that the attitude of the church toward young men who desire to prepare for its ministry and have not funds to secure an education.

Rev. Mr. Head of the North China Presbyterian church, who had written which was referred to the committee on the Chinese mission, and expressed deep gratification for favors extended missionaries and their work in China by the Chinese authorities and for the favorable attitude of the Chinese who exist, especially in Chefoo, and rendered by United States Minister of Denton. The convention then adjourned till summer.

CALIFORNIA FRUIT FOR BREAKFAST.

The department of agriculture has received a large number of letters to the effect that M. F. Anderson, a large importer of fruit products in the city, sent an order to the United States

for a considerable consignment of California canned and preserved fruits. This, the department said, was the result of the banquet given by the agents of the agricultural department in Copenhagen, at which the only fruits offered, such as oranges, figs, etc., were products of California.

ARMY OFFICERS AS INDIAN AGENTS.

It was announced to yesterday's delegates that the report of Secretary Smith, the Secretary of war had furnished the interior department a list of the army officers from whom recommendations could be made for Indian agents. Secretary Smith said in each case the officers were insufficient for any other reason unmentionable than they would be displaced by army officers. It is his purpose to place army officers in charge of every agency except that where the Indians are advanced enough to be represented according to the law.

SECRETARY HENRY'S
has an announced that the policy of the navy department in India will be to relieve officers who have held fleet commands over three years and give other officers an opportunity.

THE LIST OF FOREIGN NATIONS
represented at Washington has been made by the secretary of state.

CHINESE AMBASSY.

Mr. S. C. Morrison, the Chinese ambassador, has been designated by his government as chargé d'affaires ad interim.

NEW YORK BANK IN FRANKIE.

NEW YORK, May 22.—The National Bank of Deposit, No. 195 Broadway is in trouble. The bank cleared through the second bank and acted as the connecting chain of the banking system in the West. The National National modified the bank of deposit, it would not clear for its return. The National Bank of Deposit was established in 1863, with a capital of \$200,000, and, according to the latest statement, had a net surplus of \$22,000. The president is Lewis E. Bascom. The bank is a small concern and never had any difficulty in preventing him from closing it. The cause of the alarm was the failure of the bank had decided to go into liquidation, the depositors to paid in full.

A WATCH CASE SUIT.

THE DENMARK SUIT IN A U. S. CIRCUIT COURT.

NEW YORK, May 22.—Judge Cox, in the United States circuit court, in New York, has opened a suit against the Danish government for the amount of \$1,000,000, to be recovered in favor of the Danish people. The suit was filed in the name of the Danish government, and the court has been informed that the suit will be tried in the name of the Danish people.

STRIKES AND LOCKOUTS.

London, May 22.—The striking Hull dockers are causing disturbance throughout the city. The non-unionists were taken unconscious today, and the police stood by when they intervened.

WIND AND SHIPS.

New Haven, Conn., May 22.—A heavy wind accompanied by a heavy rain shower and lightning, prevailed in this section all last night, doing great damage to property and injuring a large number of people. It was one of the strongest gales ever experienced here, and the storm was so severe that a man and a woman were severely injured, and a report from near here says a man and five horses were killed. At Stanton several were injured.

In South Dakota the heavy winds of the past few weeks have played havoc with trees, and the damage is estimated to be \$100,000. The damage to the city is great, and the windows were considerate. At Stanton, Minn., the hospital and a report from near here says a man and five horses were killed. At Stanton several were injured.

A TORNADO.

DARLINGTON, Wyo., May 22.—Almost 5 o'clock this afternoon a tornado passed north of this city, through the southern part of the township of Willow Springs, destroying several houses, barns and other buildings. Mr. James Bell, a carpenter, was killed and Mr. Davis, a tannery owner, was severely injured. A report from near here says a man and five horses were killed. At Stanton several were injured.

SCOTT'S EMULSION.

is an absolute corrective of "weak spots." It is a builder of worn out failing tissue—nature's food that stops waste and creates healthy flesh.

Presented by Dr. Deacon, Chemist, New York, sold by druggists everywhere.

FROM CONGRESS.

CHICAGO, May 22.—The opening of the political sessions at the Art Institute was marked by several conventions. While the audience was not great it was representative. The number of foreign delegates presenting credentials was very noticeable. The number of female newspaper workers present was in excess of the damage wrought by the storm cannot be learned to-night.
