

REPLY TO SPEECH FROM THE THRONE

Not Yet Completed, the Struggle Having Centered on the Agrarian Plank.

DEBATE WILL BE PROTRACTED

The Paragraph Relating to Amnesty Amounts Almost to an Ultimatum.

St. Petersburg, May 14.—After struggling the whole day until late this evening over a draft of the reply to the speech from the throne, the members of the commission of the house postponed the final work of phrasing the document until 11 o'clock tomorrow morning. The prospects are that full accord on several points may not be reached before the opening of the house at 2 o'clock, and that therefore the reply may be thrown into the full house for final discussion. The struggle has centered mainly on the agrarian plank, to which the peasant membership found that the recommendations of the Constitutional Democratic convention, though calling for a large measure of agrarian reform, were not sweeping enough. The peasants wished the abandonment of most of the limitations and qualifications of the right of expropriation. The debate on the agrarian plank will probably occupy two days. Besides the points of universal amnesty and abolition of the death penalty laid down in the instructions to the lower house, the document drafted by the commission of the house and ministerial responsibility.

Taking as his text Emperor Nicholas' address in his speech from the throne to maintain the institutions which he has granted, the address expresses the hope that this signifies that the country is on the road to a strictly constitutional system. This being true, the parliament wishes to call attention to the fact that the council of the empire is a wall of separation between the emperor and the people. Then, according to a responsible ministry selected from the dominant party in parliament, the address points out as a great advantage of that system the cessation of attacks on the monarch. The iron hand behind the respectful writing of the address peers out in the paragraph regarding amnesty, which contains these significant words: "There are some demands which cannot be refused, and this is one."

The workmen are remembered by a reference in the address to the need of satisfaction in the condition of labor, while for Poles and other nationalities, the address, though avoiding the main autonomy and insisting on the maintenance of the empire in its full strength, speaks for the rights of each nationality to its own language, customs and local self-administration. It is reported that the cabinet has actually decided to grant amnesty as a measure, which, though falling far short of the universal amnesty demanded by the lower house, conforms to the idea of the council of the empire of granting pardon to all political offenders except such as have been convicted of agrarian murders or attempts to murder.

MACEDONIAN BARBARITY.

Capture Eighty Bulgarians and Subject Them to Torture.

London, May 14.—A revolting story of Macedonian barbarity related by the Vienna correspondent of the Daily Telegraph. In a recent conflict between Turkish troops and a band of Greeks, in the village of Morator, 14 Greeks were killed.

After the fight the Turkish commander refused to allow the Greeks to bury their dead, and when the Turks had withdrawn a Bulgarian band appeared with a number of dogs, which devoured the bodies. The Greeks, in revenge, ambushed the Bulgarians as they were returning, and captured eight of them, whom they massacred, including some women and children, after first subjecting them to cruel tortures.

SOLD INDIANS WHISKY.

U. S. Supreme Court Refused James Lincoln Writ of Habeas Corpus.

Washington, May 14.—In an opinion by Justice Brewer, the supreme court of the United States today denied the petition for a writ of habeas corpus in the case of James Lincoln, who was convicted in the United States district court of Nebraska on an indictment charging the unlawful introduction of liquor into the Winnebago Indian reservation. He was found guilty and sentenced to imprisonment for 60 days, and to pay a fine of \$100. His discharge was asked for on the alleged ground that the United States court had no jurisdiction of the offense charged. In dismissing the writ, the court said: "While this court has authority to issue writs of habeas corpus for the discharge of any person imprisoned within the limits of the United States in violation of the Constitution or laws of the United States, yet, unless there is some special reason calling for the exercise of such authority, a party convicted in a trial court of the United States should pursue his remedy by writ of error, and this court cannot be expected to inquire, especially every petty case of alcohol, into the propriety of the conviction, to inquire by habeas corpus into the legality of the detention. In this case it is held that there are no special reasons justifying a departure from the ordinary and orderly mode of procedure."

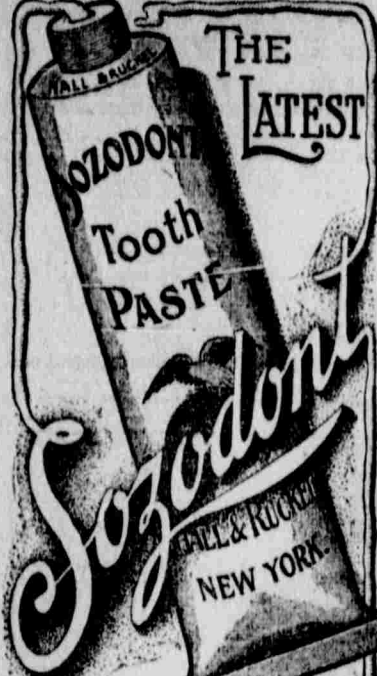

FIGHTING THE ZULUS.

Natives Looked Upon Searchlight as The Eye of the Almighty.

Durban, Natal, May 14.—Searchlights promise to prove an effective weapon in subduing the sedition of the Zulus as the British guns, judging from the display given last night by Native Commissioner Sanderson before a gathering of Zulus at the Khandahla headquarters of the punitive force. The natives were awe-stricken and regarded the searchlight as the eye of the Almighty and said that God had turned it upon them in His anger. The little, blinding light on the surrounding trails as far as the horizon powerfully impressed the Zulus, who, when the light was suddenly flashed in their face, covered and fell on the ground before what they termed the "latest witchcraft of the whites."

ICE AT NOME BROKEN.

Seattle, May 14.—The United States signal corps received a message from Nome tonight under date of May 12, saying that the ice there had been broken. The message was sent to St. Michaels by wireless and by cable from that point here. Only one boat was saved from Seattle for Nome, the Corwin, and the date of sailing will be June 1. President

RUSSIAN POLICE CAPTAIN WAS BLOWN TO PIECES.

Warsaw, May 12.—While Police Capt. Constantino was standing in Marsalkowska street this evening with two policemen and four soldiers, a young man threw a bomb into the group. The explosion of the bomb literally tore Constantino to pieces and severely wounded a policeman and six other persons.

The assassin tried to escape, and firing his revolver wounded a soldier. The other soldiers replied with a volley, killing the assassin and two other persons. The soldiers then attacked the people who had gathered with their bayonets and the butts of their guns, wounding 11 persons, making a total of four killed and 11 wounded. The terrorists have sought Capt. Constantino's life since May day of last year, when he ordered the soldiers to fire on a procession of Socialists, causing the death of 39 persons.

THREE GIRLS WHO PERISHED IN THE SAN FRANCISCO FIRE.

San Francisco, May 14.—The fact that three girls perished in the ruins of Pross's bakery on Sixth street as a result of earthquake, and fire was established today. Some time ago the charred remains of a girl named Beck were taken from the ashes of the place by her father. Today William Turndorfer searched among the ruins for traces of the remains of his sister, who had been missing since April 18. The girl wore a peculiar ring, upon which was engraved the letter "A." The brother today found this ring, some human teeth and bones. A third girl named Allen, who was employed in the bakery, has not been seen since April 17. The three young women slept in the rear of the store because they were required to begin their duties at a very early hour in the morning. It is believed they were either killed outright in the wreck of the building or were plucked down and later burned to death.

Can You Cut Out

The "Yellow" Streak?

All got one, you know. Some small, some large. The more "yellow" in your make-up, the less yellow gold in your character and pocketbook.

Is your yellow streak the coffee habit? Does it reduce your working force, kill your energy, push you into the big crowd of mongrels, deaden what thoroughbred blood you may have, and neutralize all your efforts to make money and fame?

It does that very thing for thousands who don't suspect it. Languid, half sick with stomach and bowel troubles, heart weak and hardly half alive, you cannot succeed under such fearful handicaps nowadays, when the world only yields the crown for the best efforts of keen people.

Try leaving off coffee for 10 days. Build back to a clear-cut mind and healthy body by Postum Coffee. That's the true route to health, and with bounding exuberant health you acquire "Energy plus."

Then to "do things" is easy.

NO PLACE

The Lazy Ones Must Stand Aside.

The dull heavy feeling from coffee may not amount to much in itself but it's a great obstacle in the way of fame and fortune for it kills ambition and makes one lazy and finally sick. The successful men or women must first conquer themselves. The way to conquer that dull, stupid feeling 3 times

AMENDMENTS TO THE RATE BILL.

Many Were Offered But They Were Promptly Found Wanting.

THEY WERE ALL Tabled.

Bailey Suggests Dividing of Country Into Nine Transportation Districts.

Washington, May 14.—The tabling of amendments proceeded merrily when the senate resumed consideration of the railroad rate bill today. Mr. Daniel attempted to perfect his amendment, which was under consideration when the senate adjourned Saturday. Mr. LaFollette offered a substitute, making new evidence produced at a court review appeal to the interstate commerce commission for 19 days, that the commission might change its order if necessary. Mr. Hale had both amendments tabled, whereupon Mr. Daniel came forward with another amendment of a technical character, and Mr. Morgan introduced a substitute. On request of Mr. Daniel, Mr. Morgan temporarily withdrew his substitute, but the Daniel amendment profited thereby, as Mr. Aldrich sent it to join the others on the table. Mr. Morgan's substitute again came to the fore and was voted down, 4 to 1.

Mr. Morgan's amendment calls for a jury trial in certain contingencies and necessitates an appeal within 30 days. Senator LaFollette came forward with an amendment providing for an investigation by the interstate commerce commission to establish the fair value of every railroad, and with the assistance of Senators Spooner, Money and Bacon, succeeded in keeping it off the table for a time, a motion to table being voted down.

Senator Clarke of Arkansas spoke in support of the amendment. When Mr. Clarke sat down Mr. Hale was ready with his motion to table, but waited for Mr. LaFollette to explain his amendment. The latter declared that Mr. Hale was always ready to table anything that he (LaFollette) brought up, and that as long as he remained in the senate there would never be unanimous consent to table on similar propositions. The Wisconsin senator thereupon explained that the commission must be given power to ascertain the fair value of the railroads in order to correctly arrive at a just and reasonable rate.

Mr. LaFollette having concluded, his amendment went on the table, on motion of Mr. Hale, 40 to 21.

The amendment was disagreed to, whereupon Mr. LaFollette offered another, allowing injured employees of railroads to recover damages for injuries when the negligence of the common carrier was greater than that of the injured employee. Senator LaFollette spoke in support of the amendment, expressing the opinion that the committee on interstate commerce had been negligent in dealing with the question.

Senator Elkins reminded Mr. LaFollette that the committee on interstate commerce was considering the question of liability for presentation in a separate measure, but the Wisconsin senator replied that the bill was not satisfactory inasmuch "as the committee amendment has the effect of evincing it."

Mr. Elkins said in reply that the committee had been making such progress on the bill that he was hopeful of securing early action, and he thought it much better to legislate in that way

Piles Cured

As Easily As a Cough; Painlessly, Quickly And Without Cutting.

Trial Package Mailed Free.

The agony and suffering in piles is so great that if a surgical operation was a certain cure (which it isn't) and there was no other means of relief some persons might be willing to take the chance of blood poisoning or lockjaw. But, now that the Pyramid Pile Cure has been discovered and has been proven to be a quick and certain means of relief and lasting cure, there is no excuse for risking your life.

Does Pyramid Pile Cure give immediate relief? Does it cure? Try it and prove it to yourself as thousands have done before you. Then go to your druggist and get a 50 cent box and complete the cure.

Pyramid Pile Cure will cure you and do it with a certainty and a rapidity that will astonish you. Take, for example, the case of Mr. Benjamin Shaw, Postmaster of Black. He quotes his own words in his letter of Oct. 31, 1905: "I was in great agony of mind and body. In the meantime, a gentleman told me of the virtues of your Pyramid remedy. I fortunately found it in my medicine chest and by the next morning I did not feel that any operation was necessary, and in three days I was able to return home, and a complete cure was accomplished by my great satisfaction, and the surprise of the physician."

For a trial package, send your name and address to the Pyramid Drug Co., 379 E. Broadway, New York, N. Y., and you will get a trial package by return mail. No marks.

than in connection with the rate bill. After further debate the amendment was voted down—28 to 54.

The rejection of the provision was followed by another in the same line by Senator Daniel, practically in the language of the house bill. This was voted down.

The eighth section of the bill, providing for the enlargement of the commission to seven members and fixing their salaries, was then read, whereupon Senator Lodge offered his substitute, providing for an entirely new commission, to be composed of nine members, one to be appointed from each of the United States judicial circuit districts. The substitute also increased the salaries of commissioners from \$10,000 to \$12,000 a year.

Senator Bailey suggested that an improvement could be secured by dividing the country into nine transportation districts, and Mr. Hale, who had been speaking in favor of the Lodge substitute, said he was willing to accept that modification. Mr. Lodge also approved Mr. Bailey's suggestion. Senator Fovaker raised several objections to the substitute. He favored a reduction instead of an increase in the number of commissioners, asserting that an increase would result in increasing the delay in adjudication. The Lodge substitute was still being debated when the senate went into executive session and shortly afterward adjourned.

DEWEY FAVORS A GREAT BIG NAVY.

New York, May 14.—The Order of Patriots and Founders of America celebrated tonight its tenth annual banquet at the Hotel Manhattan, at which the principal guest of honor was Admiral George Dewey, who has for two years past been the governor general of the order. At the annual election held today the admiral having asked that another member of the order be elected to the office, Col. Robert H. Roosevelt was chosen as the admiral's successor. Admiral Dewey, in response to the toast, "The Navy," said: "We want a bigger navy. We want more men and more ships. We are rich and we can afford it. We do not need a larger army, but we do need a larger navy. "We have the best navy in the world. Our enlisted men are all young men— young Americans. If all the officers in the fleet were killed, the enlisted men

could fight the ships and do it successfully. "The navy is not always for war," continued the admiral. "It is to maintain peace. We talk about the fight at Manila now and laugh at it, but it was not a laughing matter that morning we steamed in."

Admiral Dewey concluded by praising the work of the naval ships at San Francisco during the recent earthquake.

PROMOTER ON TRIAL.

Ferdinand E. Borges Indicted on 126 Counts.

Boston, May 14.—Ferdinand E. Borges, formerly of Indiana, and an alleged promoter of the Ubero Plantation company, was placed on trial in the county superior court today on an indictment of 126 counts, charging larceny in connection with the operations of the Ubero company.

The complainants allege that losses aggregating \$1,500,000 had been sustained. When the negro returned Saturday Borges also reported a bill against William D. Owen, a former congressman and former secretary of state of Indiana, who was alleged to have been associated with Borges in the promotion of the Ubero company. Owens has not yet been arrested.

NEGRO LYNCHED.

He Had Assaulted a White Woman, a Widow.

Eastman, Ga., May 14.—Mrs. Pope, a widow, who lives alone about six miles north of Eastman, was assaulted by a negro named Will Wommoek last Friday night. He told her if she made the assault known he would kill her, and that he would be back the next night. When the negro returned Saturday Mrs. Pope emptied her revolver at him. Neighbors attracted by the shooting went to Wommoek's house on hearing Mrs. Pope's story, and found him in bed wounded. Wommoek confessed his guilt. He was taken out and strung up and his body riddled with bullets, after which the mob quietly dispersed.

OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming chronic, it should arouse suspicion, because many of these places lead to Cancer. It may appear as an ordinary sore at first, and is given treatment as such, with some simple salve, wash or plaster, with the hope that the place will heal, but the real seat of the trouble is in the blood and cannot be reached by external remedies, and soon the sore will return. After awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with Cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non-healing ulcers and sores is the remains of some constitutional disease or the effects of a long spell of sickness. S. S. S. goes down to the very root of the trouble and cures so thoroughly that there is never any sign of the trouble in after years. As soon as the system gets under the influence of S. S. S. the place begins to improve, the discharge gradually grows less, the inflammation leaves, the flesh resumes its healthy color, and soon the sore is well, because a very vestige of the cause has been removed from the blood.
