MUNICIPAL COURT JUDGE SCORED

Paltry Bail for Felon While Victim Languishes in Jail—Judge Howell Rebukes Lax Methods.

HIGHWAY ROBBERY AT ROY.

Farmer Held up at Midday and Relieved of Watch and Money—Junction City News Notes.

Ogden, May 8.—The lax methods of fixing the bonds of persons charged with felonies at such small amounts that it affords a great inducement to skip and forfeit the bail, was evidenced in the second district court yesterday, when the case of the state against Frank Dorman was called for trial by Judge Howell. Deputy Sheriff Clark Dorman and informed the court that the defendant had put up a \$200 cash bail for his appearance, but could not now be found. This paltry bail was fixed by the committing magistrate when he brought him over to the district court, having reduced the cash bond of \$750, under which he was held to answer to the charge of the municipal court, while the same judge fixed the bail of the complaining witness, a girl of 17 years, at \$50, to secure her attendance when the case should be called for trial. Judge Howell, after declaring the man's bail forfeited, said the following to the officers:

"Hereafter, Mr. Clerk, as soon as a person has been held to answer to this court by a committing magistrate, and the papers from the committing magistrate have been filed in your office, you will inform the court what the charge is and if the defendant is out on bail, the amount thereof, so if I consider the amount insufficient to secure the presence of the defendant at the trial, I will increase the amount. I do not propose that men charged with crimes shall escape the punishment in this court which they merit because the committing magistrate has fixed the bail so low that it constitutes an invitation to him to forfeit his bail rather than stand trial or submit himself to punishment. I have hitherto acted upon the assumption that the committing magistrates were exercising a sound

FARMER MEETS HOLD-UP.

Robbed by Lone Highwayman at Noon in Roy, Weber County.

Ogden, May 8.—A hold-up took place about noon yesterday at Roy, Weber county, when a lone highwayman held up and robbed a farmer at that place at the point of a gun and relieved him of his watch and chain and a small amount of money. The man was an employee of the nursery just over the line in Davis county. He had been at work in the field and was just starting home when he met the hold-up, who pulled the gun from his pocket and demanded of his victim that he throw up his hands, which he did and was then searched and started in the opposite direction. As soon as possible he gave the alarm and notified the officers both of Weber and Davis counties, but the robber succeeded in evading them.

RIDDLE READINGS

In Tabernacle—Will Render Hugo's Lucrécia Borgia Wednesday Evening.

Ogden, May 8.—Riddle of Harvard, who read Shakespeare's fairy drama, "Midsummer Night's Dream," at the tabernacle last evening, proved himself a master of the art of dramatic interpretation. A large audience was present as usual, and before the end came, Mr. Riddle had impressed every one with his powers as a reader. The Weber stake academy lecture course committee has arranged for a return date with the famous reader. On Wednesday evening at the tabernacle, he will read Victor Hugo's great tragedy, "Lucrécia Borgia." The resources of this drama are such as to bring out the emotional qualities of Mr. Riddle's elocution, so it will be safe to say that there will be few whose nerves will not respond to the thrilling conception that he will give who will remain unmoved throughout his portrayal of Lucrécia in her agony and her abasement.

ATE TOO MANY EGGS.

Yesterday two boys, Stanley Paxton and Glen George, were riding out to bring in the cows from the range about a mile from town they wanted "a smoke." The wind was blowing, so the boys went to a corn on the Kinland farm for a cigar. Parley Kimball, in passing, noticed the lads and when about a mile and a half from the spot he saw a small fire and saw smoke from the stable. He hurriedly unhitched his team and rode back, but arrived too late to save a valuable mare, the property of Henry Halton. Some other animals were released, but a saddle, some tools and about two tons of hay were consumed.

Dyspepsia Is Often Caused By Catarrh of the Stomach—Peruna Relieves Catarrh of the Stomach and Is Therefore a Remedy For Dyspepsia.

Hon. M. C. Butler, Ex-U. S. Senator from South Carolina for two terms, in a letter from Washington, D. C., writes to the Peruna Medicine Co., as follows:

"I can recommend Peruna for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine, besides a good tonic."

CATARRH of the stomach is the correct name for most cases of dyspepsia. In order to relieve catarrh of the stomach the catarrh must be eradicated. Only an internal catarrh remedy, such as Peruna, is available. Peruna exactly meets the indications.
