LOCAL BRIEFS.

Peach Day.—This is Peach Day at Brigham City, and hundreds of boxes of the fruit have been gathered for distribution among the guests. People are thronging in from northern Utah and southern Idaho.

Ophir Company.—A copy of the articles of incorporation of the Ophir Mercantile company of Ophir has been filed with the secretary of state. Its capital stock is \$6,000, divided into shares of the par value of \$1 each. E. W. Clark is president; C. F. Green, vice president; Harry Wagner, secretary and treasurer.

Jewish New Year.—The Jewish new year begins at sunset today, and will last for two days, inaugurating the year 5667 in the Jewish calendar. There will be special services at the two local synagogues. At this feast, the Shofar, or ram's horn will be blown in commemoration of the release of Isaac from sacrifice. The new year was set for the Palestinian harvest time in the month Tishri, September.

Boy Badly Injured.—Jean Dellemare of 22 east Eighth South street, was playing in a neighboring alley Monday evening, when a coal wagon was driven in there. The boy tried to get out of the way, but in so doing slipped into the mud and his leg went under one of the wagon wheels and before the driver could bring his team to a stop, young Dellemare's leg was crushed. He will probably be a cripple for life.

Normal Scholarships.—The following students have been awarded normal scholarships in the University of Utah for the year, the appointments being made through the office of State Superintendent of Schools Nelson: Ethel Smith, Thurber, Wayne county; El Grand Woolley, Kanab, Kane county; Grace Maguire, Ogden; Ella Wilson, Midway, Wasatch county; Achasa Eggersten, Provo; Mano Ferris, Murray; Deborah Risley, city.

Knocked From a Car.—Dr. H. H. Hicks of the bureau of animal industry was knocked out of the ton of a stock car Monday at Oxford, Ida., but escaped with a badly sprained ankle. He had released a hard set brake by turning the wheel with a stick, when the reaction of the brake brought the stick around with a jerk and the doctor took a sudden flight into the air. He is content with this experience to try no more experiments in applied mechanics.

Beat His Wife.—S. W. Gardner, who resides at 123 west 7th street, has been arrested for assault and battery, charges having been preferred against him by his wife, Mrs. Gardner claims that her husband assaulted her early yesterday morning and drove her out of the house at the point of a revolver. Officers were called at the time, but the man had escaped through a rear window. Later in the day he was found in the Continental saloon and was locked up pending a hearing.

Application for Water.—C. L. Bailey and Edward F. Harmon of Roosevelt filed an application yesterday afternoon, with the state engineer for 150 second feet of water from the Uintah Fork of the Green river. The water is conducted in canal and thence for eight miles and piped for six more to Roosevelt. The applicants propose to set up 4,000 horse power plants for transmitting electricity for power and light. The Park Livestock company of Rock Springs also filed application for 100 second feet of water from a tributary to the Green river in Uintah county for irrigating purposes.

Organ Recital.—The new number on yesterday's tabernacle organ program was Haendel's Sixth Organ Concerto, in B flat, a composition that probably has never been given here before. It is peculiarly Haendelian, with the idiosyncrasies of that composer bristling all over it, though some features suggest to the listener Schumann's "Fairy Farm." The Concerto is a mass of technical intricacies requiring sharp attention from the performer, but the registration is not very difficult. The Chopin funeral march was happily played, if "happily" can be used in a mortuary connection, and the audience stopped to applaud before retiring. By some oversight on the part of the doorkeeper, a woman with three young children managed to get into the recital, and one of them tried to keep time with a foot tattoo under the seat, until it became necessary to see that the noise was stopped.

ARNOLD-DICKSON FAKERS MISSING

Deputy Sheriffs and Collectors Look for Them in Vain.

DISAPPEARED COMPLETELY.

Not Likely That Any Attempt Will be Made to Bring the Fakers Back.

It is believed that the "Arnold-Dickson Brothers," George J. and James J., respectively, whose fraudulent methods have been exposed so frequently and so thoroughly of late, have left the city and the state. All day yesterday the pair were much sought after, deputy sheriffs, collectors and others taking part in the search, but the men had so completely disappeared and covered up their tracks that not a trace of their whereabouts could be discovered.

Deputy Sheriff Booth was the person interested in trying to locate Arnold and Dickson. He was armed with a summons to be served upon Arnold. The papers were issued from the Third district court and cited him to appear before that tribunal to answer to proceedings instituted by Mrs. Mary Brandon, the aged lady who was struck by the "medium" on Sept. 8. Heavy damages will be asked for by the victim of the unscrupulous assault.

The premises formerly owned and occupied by the pair of fakers, and where they were held on Monday to Dr. S. A. Downing and his son, were yesterday in charge of a young woman who said that she had been in the interest of the new proprietors and that she was not acquainted with and knew nothing of the whereabouts of Arnold and Dickson.

If the men wanted have really left the state, it is doubtful if an attempt will be made to apprehend and bring them back. No charges have been preferred against Dickson, and the \$300 bond which Arnold gave in the assault and battery case may be considered more beneficial in the treasury of the state than would the presence here of the humbug himself. They are a smooth pair of grafters and the people of Salt Lake are to be congratulated if they are rid of them at last.

CHAMBERLAIN'S COUGH REMEDY

ACTS ON NATURE'S PLAN.
The most successful medicines are those that act on nature. Chamberlain's Cough Remedy acts on this plan. It is made from the finest of its superior excellence. It counteracts any tendency of a cold to result in pneumonia. Price, 25 cents. Large size, 50 cents. For sale by all druggists.

SNYDER L. HAGUE DEAD.

Well Known Local Newspaper Man a Victim of Typhoid Fever.

A well known local newspaper man died last night, at Holy Cross hospital, in the death from typhoid fever of Snyder Lemley Hague, who for the last eight years had worked as a reporter and mining editor on the Salt Lake papers, and at the time of his illness was doing special work on the Tribune. He had no family, but leaves a sister, Mrs. Frances Hague of Galesburg, Ill., and a brother in California, and arrangements for the funeral are being deferred until the sister is heard from.

Mr. Hague was born in 1857, in Fayette county, Pa., and graduated from Knox college in 1881. In the same class with S. S. McClure, publisher of the magazine of that name. In 1882 he removed to Clark, S. D., where he published a paper for 10 years, and part of that time was county clerk. In 1892, Mr. Hague removed to Sibley, Ia., where he published a paper, coming to Salt Lake in 1898.

The deceased was specially interested in mining, and was the inventor of an ore separator on which he secured patents and from which he expected to make considerable money, as its importance was appreciated by mining men. Mr. Hague also invented a process for distilling oil from shale, and was on his way up in the world when the fever struck him a month ago, and now he is gone. He will be much missed in Salt Lake newspaper and mining circles, where he had become so well known. He was a temperate man and a hard worker, whose services were appreciated by local city editors.

ONE CANDIDATE LESS.

Edward C. Henderson, "American Party" Man, Accused of Grave Crime.

It is very probable that at least one aspirant for honors on the "American" ticket this coming election will have to withdraw from the race and cease his wire pulling. That person is Edward C. Henderson, a State street commission man and candidate for the nomination of county commissioner on the "American" ticket. Mr. Henderson was arrested last evening by Deputy Sheriff Sharp upon a complaint charging him with criminal assault upon a young deaf and dumb girl named Ann Voss, who was employed at Henderson's home as a servant. Charles Hawley, a friend of Henderson, was also arrested upon the same charge and both were confined in the county jail last night in default of bail in the sum of \$2,500 each.

After their arrest they were taken before Judge Whitaker of the city court and their bail fixed at the figure stated above. The complaint against the men was sworn to by Mrs. Sarah Bullis, the mother of the girl. According to the story told to the assistant county attorney, Henderson and his family spent two weeks in the canyon recently and stopped at the Bullis ranch. They met the young woman there and induced her to come to the city and work in their home. They returned to the city on Sept. 8 and the girl came with them and remained one week after which she quit and returned home. It is claimed that the assault occurred during the week while the girl was at the Henderson home. Hawley kept his team at Henderson's barn and it was during the times he was there looking after his team that he is alleged to have assaulted the girl.

Both men strenuously deny the charges against them and claim that their trouble is due to either an attempt at blackmail or for political rivalry.

COUNCILMEN INSPECT ROUTE.

Took an Automobile Ride—Some Changes Suggested.

An automobile trip over the route of the proposed urban and interurban electric railway, for which a franchise is now pending in the city council, was taken by several members of the council and other city officials yesterday afternoon. The start was made from the Wilson hotel, and the party was in charge of H. P. Clark, cashier of the Commercial National bank, who signed the petition asking for the franchise, and E. W. Purcell, representing the outside capitalists who are promoting the new line.

From the starting point the party went directly to Twelfth South street, and thence west to Eighth West, where the line leaves the city limits and goes on south to Murray, and Brigham Junction, and west to Garfield and Bligham. The party then went up Eighth West to Fourth South, thence east to Second West, thence North to Second South, and thence west to East Temple, the city terminus of the line.

It was suggested that some changes be made in the route. First was that the cars circle a block at Second South and East Temple street so that traffic would not be congested by cars standing at the end of the line. Another change proposed was that the line run south on Fourth West street, so as to avoid crossing the great network of tracks on Fourth South street, from Fourth to Sixth West. The run south would have to be for three or four blocks and then turn west to Eighth West could be made and the tracks crossed with greater safety. The matter will be fully considered at the meeting of the council committee on municipal laws and streets tomorrow evening.

Those who went on the trip yesterday are: Councilmen Davis, Carter, Crabtree, Holaday, Holley, Fernstrom, Tuddenham and Barnes; City Engineer Kelsey, City Recorder Moreton and the gentleman named above who are applicants for the franchise.

COLLECTION OF TAXES.

Internal Revenue Office Receives Decision From Commissioner.

Internal Revenue Collector Calhoun, received last evening copies of a recent decision of the commissioner at Washington relative to collection of special taxes and prosecution for non-payment. The decision is directed to the Denver office, but applies here as well. The text is as follows: "In reply to your letter of the 23rd ultimo, inquiring whether it meets with the approval of this office for you to file informations and prosecute cases against special-tax payers who fail to make return, form 11, in the month in which they begin business, and stating that you refer to a certain class of persons 'who have made it a practice for two or three years past of failing to file form 11 until they are called upon by the deputy collector,' you are hereby advised that deputy collectors should be instructed to keep a list of all persons engaged in business in their divisions, from year to year, who are required to take out special-tax stamps, and to furnish every such person in the month of June with a blank form 11, with notification that their sworn returns thereon must be in the hands of the deputy for the ensuing year, beginning July 1, before the end of that month. In every case where this is done, and the person nevertheless fails to file the entire month of July to 30 by without making such return, and paying the special tax, in the following month (August) the collector should report the case to this office for assessment of special tax and penalty and to the United States district attorney for prosecution."

SHE FOUND RELIEF.

If you are troubled with liver complaint and have not received relief read this. Mrs. Mary E. Hammond, Moody, Texas, was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish. Sold by Z. C. M. J. Drug Dept., 112-114 Main St.
