

PACIFICATION OF THE FILIPINOS

Aguinaldo is Doing All He Can to
Further It.

AMERICAN RULE IS BEST.

Majority of ex Insurgents Think It
Preferable—Old Leader Urging All
to Accept American Sovereignty.

Manila, April 22.—In a talk with a representative of the Associated Press today, Aguinaldo said he was doing all he could to assist in the pacification of the Philippines, and expressed himself as surprised at what the Americans had accomplished. When he was first captured, he went on to say, he was created by astonished to find that a majority of the Filipinos entertained the opinion that American sovereignty was preferable to independence, but now he was inclined to believe that since the dissolution of the insurgent congress and the declaration of guerrilla warfare the chiefs had operated to all intents and ends independently. They recognized him as commander-in-chief, and sent him reports occasionally, and he issued some orders, but for the last seven months communication had been difficult, and he had been almost disconnected.

"I am now urging in the strongest possible manner," said Aguinaldo, "that all insurgents should surrender and swear allegiance to the United States." He expressed the opinion that Tinio, Insular, Malvar and other representatives of the insurgents will surrender as soon as they come to understand the nature of the amnesty offered them. He said he hoped that when the work of pacification was complete, and all conditions were settled, the prisoners in Guam would be released.

After referring in grateful terms to the courteous treatment accorded him by the military authorities, he declared his conviction that the civil government which would follow pacification would realize the highest hopes of the Filipino people.

When questioned regarding the hope that he would visit the United States, he replied that he would like to do so, but had made no plans yet, placing himself entirely at the disposition of the United States government.

In concluding the interview he observed: "Every word in my address to my countrymen, the Filipinos, came from my heart. I hope the Americans believe me thoroughly sincere in my efforts to secure peace and order, and that they will assist me in the welfare and prosperity of the Philippines."

THE PANAMA CANAL

Secretary Hay Cannot Negotiate for
Same Till Congress Acts.

New York, April 22.—A special to the Herald from Washington says: Secretary Hay has notified Dr. Carlos Martinez Silva, Colombian minister, that he cannot negotiate a treaty for the acquisition by the United States of the Panama canal until Congress determines upon the route to be constructed. Not even a preliminary agreement, such as was signed with Nicaragua, Costa Rica and Colombia, can be made until Congress has decided upon the route to be followed. Dr. Silva will remain in Washington discussing, however, questions in connection with the Panama canal so that in case Congress should authorize the President to acquire this route, a treaty may be immediately concluded.

BRITONS WEARY OF WAR.

Weekly Cost of South African Venture
is £1,500,000.

New York, April 22.—The London correspondent of the Tribune thinks that the British people are weary of the war in South Africa. It would be found in the paper response that has been made in England to the appeals for comfort for the troops in the front. A year ago when the war was at its height, society ladies fought for the honor of being allowed to provide luxuries as well as comforts for Tommy Atkins, but the situation is vastly changed today, and though it cannot be said that the nation's opinion as to the politics of the war is altered in the slightest, the war office authorities are beginning to find out that if they want to prevent the British soldiers from being unnecessarily exposed to the rigors of the Transvaal winter they must rely on private aid. Meanwhile the cost of the war has amounted to an average sum of weekly.

CRIME OF A JEALOUS MAN.

William Nelson Shoots Mrs. Little
Conway of Los Angeles.

Los Angeles, Cal., April 22.—Mrs. Little Conway, landlady of the Russell hotel, was shot twice last night in her room by William Nelson and died fifteen minutes later. Nelson fired at her five times, one bullet striking her between the eyes and the other through her left shoulder and going through the lung. He then made his escape. The shooting was the result of a combination of jealousy and trouble over money matters. Mrs. Conway was 27 years of age and leaves a ten-year-old daughter. Her husband is living in Cripple Creek, Colorado.

Thomas Tennant, Pioneer, Dead.

San Francisco, April 22.—Thomas Tennant, one of the pioneers of the Pacific coast, died yesterday after a long illness. His first public work was as a surveyor of the city under W. M. Eddy. In 1854 he began the publication of "Tennant's Nautical Almanac and Tide Register," which he continued for many years. He was known to nearly every mariner on the Pacific coast.

SHOOTING GLANDERED HORSES.

Forty of the Ninth Cavalry Have
Already Been Killed.

San Francisco, April 22.—The shooting of the horses of the Ninth cavalry found suffering from glanders continues at the Presidio. Forty have been killed since the arrival of the animals in the past eight days and tomorrow 25 more will be shot. Despite the precautions taken to prevent the spread of the glanders the disease seems to spread daily.

BELL TELEPHONE PRESIDENT.

After July 1 His Salary Will Be One
Hundred Thousand Dollars.

New York, April 22.—The Journal and Advertiser says: Frederick F. Fish will take office as president of the American Bell Telephone company, and the American Telephone & Telegraph company on July 1 next. His salary will be \$100,000 a year. He is 47 years of age, and a graduate of Harvard university and law school. He is senior member of Fish, Richardson, Herick & Neave, a Boston law firm, and one of the most prominent patent lawyers in this country.

How Old Are You?

About sixty? And yet probably you are not a day over forty! At this time of life gray hair adds twenty years to the looks. What is to be done? Just use Ayer's Hair Vigor, that's all. 'Twill bring back the old, dark color to your gray hair every time, all the dark, rich color your hair used to have. It isn't a dye, something that suddenly changes your hair; but it's a hair food, something that gradually but surely brings back the old color.

Ayer's Hair Vigor also stops falling of the hair, and keeps the scalp healthy.

"I have used Ayer's Hair Vigor for over thirty years and can testify to its wonderful merit. It has kept the scalp free from dandruff and the hair soft and glossy and has prevented it from turning gray."—Mrs. F. A. Soule, Billings, Mont.

One dollar
a bottle.
All druggists.

Ask your druggist first. If he cannot supply you, send us one dollar and we will express a bottle to you. Be sure and give the name of your nearest express office.
Address, J. C. AYER & CO., Lowell, Mass.

SEND FOR OUR HANDSOME BOOK ON THE HAIR.

PURCHASE OF THE JUVENILE INSTRUCTOR.

The following circular letter, issued by the Deseret Sunday School Union Board, is being sent to all the Sunday school superintendents of the Church, and was also read at the recent annual conference of the Sunday schools:

Salt Lake City, Utah, April 10, 1901.—Dear Brethren:—You are doubtless aware that at a special meeting of the General Sunday School Union, held in Salt Lake City, October 30, 1900, the purchase of the Juvenile Instructor from President George Q. Cannon by the Deseret Sunday School Union was favorably entertained, and a committee of three was appointed to consummate negotiations to that end. This was accomplished, and on January 1st, 1901, the ownership of the Juvenile Instructor, held by President Cannon for thirty-five years, passed, for a consideration of five thousand dollars, to the Deseret Sunday School Union. By giving our note bearing 6 per cent interest for that amount, the money was obtained and the transaction was closed.

OPERETTA IN FRENCH.

The "Mill of the Birds" Given by Students of St. Mary's Academy.

The French classes of St. Mary's Academy held their annual entertainment last evening, in the assembly hall of the academy. The hall was finely decorated for the occasion. The colors blue and white, predominated in the decorations and a profusion of pink roses, palms and potted plants added beauty to the stage setting. The operetta, "The Mill of the Birds" was rendered in French by members of the French classes who were in costumes representing the peasantry and other characters of France. The story upon which the opera is founded is as follows: During the reign of Napoleon in 1808, the Countess de Horneval was forced to flee from France with other members of the French aristocracy. Her infant daughter was taken with convulsions while on the road, and it was necessary to leave her with the wife of a miller who had an infant daughter of about the same age. The two grew up together as sisters. On the day of the "Fest of the Flowers," years later, the countess returned to claim her daughter, but she was unable to tell which of the two girls was her child. The good people of the town would not enlighten her as they wished to keep both of the children with them. The difficulty was finally solved by Pierre, the drummer boy, who got a letter from the village Cure telling the story of the two children. And thus, the countess has-

FOR CHILDREN

Nothing, that comes in a bottle, is more important for children than Scott's emulsion of cod-liver oil.

And "important" means that it keeps them in even health. Whenever they show the least disturbance of even balance of health, it promptly restores them.

It is to be used as a food, whenever their usual food does not quite answer the purpose of food.

We'll send you a little to try, if you like. SCOTT & BOWNE, 405 Pearl Street, New York.

has been decided by the Deseret Sunday School Union Board, which recommendation was accepted by the vote of the general conference of the Sunday schools held in Salt Lake City, April 7th, 1901, to ask each Sunday school to contribute on Sunday, April 29th, 1901, or as soon after that date as practicable, an amount equal to not less than five cents each for every officer, teacher and pupil enrolled on the school record December 31st, 1900. To facilitate this collection we herewith enclose suitably prepared blanks, suggesting that the secretary enter on the list printed in red ink the names of every officer and teacher on the school roll, and on the others the names of every pupil in the several departments. These blanks, properly stamped, together with the lists, which should be neatly written in ink, to Elder George Reynolds, Box B, Salt Lake City, Utah.

The lists, when returned to us, will be preserved, thus affording the entire roll of our Sunday schools ever collected. The name of the school and the names of the officers, teachers and pupils, will be published in the Juvenile Instructor.

several hours of hard work with his team and stand-by—Old Sport. He was riding his wheel, which was a good thing under the circumstances, because Joel can go some faster wheel than afoot. "Hold on there!" bawled out one of the robbers as he hauled out a big murderous looking shooting iron. He lost no time in getting into the house and locking the door.

CHURCH NEWS.

The regularly monthly meeting of the High Priests' quorum of the Jordan Stake of Zion will be held in the Crescent ward meeting house on Saturday, April 27th, at 2 o'clock p. m. A good attendance is desired.

HOME MISSIONARY MEETING.

The regular monthly meeting of the home missionaries will convene in the Latter-day Saints' college assembly hall, Temple avenue, Salt Lake City, on Wednesday, April 24th, 1890, at 7:30 p. m. JAMES H. STIRLING, Clerk of Stake.

GRANITE STAKE NOTICE.

The High Priests' quorum of the Granite Stake of Zion will hold its regular monthly meeting in Farmers ward meeting house on Saturday, April 27, 1901, at 10 o'clock a. m. A full attendance is requested. The quorum teachers will please be prepared to report their labors. JOHN COOK.

ing got her own again, all went merrily on ever after.

Two tableaux were then presented. They were most effective, and were much applauded.

Father Kirby made some brief remarks appropriate to the occasion, and thanked the young ladies for their excellent entertainment.

W. H. FOLSOM'S WILL.

Rebellious Children Excluded from Benefits of the Estate.

The late William H. Folsom's will was filed for probate late yesterday afternoon, and the hearing of the petition was set for Friday, May 3rd. His two widows, Elizabeth Gregory Folsom and Lavinia Huff Folsom, are named as executrices of the property of Mr. Folsom, which consists of unimproved real property in North Salt Lake valued at \$2,000, which is to be divided among the two mothers and their fifteen sons and daughters. The distribution is to take place in three years from the date of Mr. Folsom's death, which will be on March 20, 1894. There is no provision made for the three sons and three daughters of Zerviah Eliza Folsom, as the testator considered that they had already received their full share.

As regards the distribution of his property Mr. Folsom has a clause in his children "shall become unruly, unmanageable or rebellious, or shall contest the will," he or she shall not be entitled to any share in the estate while so opposing the others, but at any time before final distribution "any rebellious heir, upon sincerely repenting, reforming and becoming obedient and united in feeling with the majority left by Mr. Folsom shall be entitled to an equal share in the estate."

A NIGHT WITH "OLD SPORT" And a Wonderful Ride for Life by Joel L. Priest.

A couple of bold highwaymen sought an interview with Joel L. Priest of the Herald staff at an early hour this morning but that gentleman declined to be interviewed.

The meeting occurred on the corner of Second East and Fifth South as Mr. Priest was returning to his home after

PLANTING NOW IN PROGRESS.

Some Apricot Buds Killed by the
Frost Last Week.

OTHERWISE LITTLE DAMAGE

Apricots, Peaches and Cherries in
Bloom—Range Conditions Improving, though Feed is Short.

Weekly Crop Bulletin, Salt Lake City, Utah, April 23, 1901. U. S. Department of Agriculture, Climate and Crop Bulletin, for the week ending April 22, 1901: The week opened very cool, but after the first two days the temperature became excessive and remained so the rest of the week. Freezing temperatures were general over the state on the mornings of the 16th and 17th. Practically no precipitation occurred and altogether the week was a very favorable one for both farm work and vegetation. Plowing and sowing progressed rapidly. In a few localities in the southern portion of the state, apricot buds were killed by the low temperatures of the first of the week, but otherwise no damage resulted to the fruit crop. The warm weather caused the buds to swell rapidly and by the close of the week apricots, peaches and cherries were in bloom. The condition of the ranges improved considerably, but range feed is still quite short.

CORRESPONDENTS' REMARKS.

Snowville, Boxelder Co.—Dry with warm days and cold nights. Everything is backward. Lucern is just beginning to grow. Joseph Hobbs.

Garland, Boxelder Co.—The week has been warm and pleasant. A large part of the seedling has been done. Lucern and fall sown wheat are looking fine. A nice warm rain would do good.—A. H. Gleason.

Tooele, Tooele Co.—The first part of the week was cool, the latter part warm and pleasant. Dry farm fall sown wheat looks fine. Spring wheat is being sown and gardening being done. Grass, lucern and strawberries have a good start.—J. J. Elkington.

Vernon, Tooele Co.—Cold north winds have prevailed most of the week. The nights have been unusually cold. The Lucern and fall sown wheat are looking fine. A nice warm rain would do good.—A. H. Gleason.

Eden, Weber Co.—Drying wind and cold nights. Spring grain nearly all sown. Grass is growing nicely. Considerable lucern appears to be winter killed.—J. M. Wilbur.

Ogden, Weber Co.—Cold storm and heavy frost first half of week, but no injury resulted to the fruit crop. The latter half of the week was warm and favorable for plant growth. Apricot and cherry trees are in full bloom and peach trees are ready to burst into bloom. Good prospect for a crop of all kinds of fruit.—James Storey.

Monticello, Morgan Co.—Hot days and cold frosty nights. High east winds two days and drying winds the rest of the week. Lucern and fall wheat fields are beginning to look green. Plowing and seeding are in progress. Fruit buds are swelling. Gardens are being planted.—T. R. G. Welch.

Centerville, Davis Co.—Very cold on the 16th and on the night of the 17th ice formed to the thickness of one-half inch. The cold weather was hard on fruit buds and young lucern. Good growing weather the latter part of the week.—John Ford Jr.

Lake Shore, Utah Co.—Cloudy and cold the first part of the week, with a light fall of snow on the 16th; the latter part was warmer. Crops are in fair condition. Lucern is being irrigated. The fruit trees are coming into blossom.—W. B. Beer.

American Fork, Utah Co.—The first two days were cold and windy, retarding the growth of vegetation; the latter part of the week was much more favorable for plant growth. Spring grain is coming up and alfalfa is beginning to show quite green. Apricots and early peaches are in bloom.—J. C. Wagstaff.

Fountain, Garfield Co.—The first two days of the week were stormy and cold, the last five were fine and warm. Frost occurred at nights. Early spring wheat is coming up nicely. Wheat and oats are being sown. Lucern has started to grow.—Lang Nielson.

Ephraim, Sanpete Co.—The week opened stormy and cold, but the latter part was warmer. Wheat and oats are coming up nicely. Feed on the ranges is still very short.—A. C. Nielson.

Woodruff, Rich Co.—Snow the first part of the week, but fair and warmer the latter part. Grass is beginning to grow on the foothills. No crops sown yet.—T. J. Tingey.

Laketown, Rich Co.—Very fine weather and sowing has commenced. The first wheat was sown on the 17th. Grass is growing nicely.—G. G. Weston.

Oakley, Summit Co.—A favorable week for farm work and vegetation. Plowing has commenced and some wheat has been sown. Lucern has started to grow.—N. B. Snapp.

Port City, Summit Co.—Very cold on the 15th and 16th, but warm and pleasant the rest of the week. Spring is very late and very little planting has been done.—Henry Clapp.

Codyville, Summit Co.—Very cold and but little growth has occurred. Plowing has commenced.—T. Beard.

Midway, Wasatch Co.—Clear and cool with more or less north wind. The ground is in excellent condition for plowing, which has commenced. The snow in the mountains is melting very well on the hills.—John Huber.

Wellington, Carbon Co.—The first part of the week was cold and windy, but the latter part was very warm. Lucern has started to grow. The sowing of small grain is nearly completed.—E. E. Branch.

Scipio, Millard Co.—Cold the first part of the week, but warm and fine growing weather the latter part. Vegetation has begun to grow nicely.—Thomas Memmott.

Timbers, Millard Co.—The first part of the week was cold with hard frost on the nights of the 15th and 16th. The frost damaged early fruit, but the extent of the damage cannot yet be determined. The latter part of the week was much warmer and very favorable for plant growth and farm work.—C. Anderson.

Beaver, Beaver Co.—High north winds and killing frost the first part of the week, but no particular damage resulted to crops. The latter part of the week was pleasant and warm and good growing weather.—D. Grimes.

Parowan, Iron Co.—The cold nights have retarded the growth of grain and lucern. The last two days were warm and caused the fruit buds to swell. Gardens are being planted. The ground is in fine condition for seeding.—James Connel.

Albany, Sevier Co.—The latter half of the week was clear and warm. Wheat is all sown and some of it is coming up. Lucern is late. Sugar beets are being planted.—H. J. Hansen.

Mayfield, Piute Co.—Cold nights and high winds have retarded the growth of crops. Apricot and peach buds have commenced to swell.—T. H. Torrey.

Torrey, Wayne Co.—Cold, stormy weather with drizzle of snow the rule. Plowing is in progress. Gardening is well advanced.—H. W. Culham.

Coyote, Garfield Co.—Cold and windy weather with drizzle of snow the rule. Plowing is in progress. Gardening is well advanced.—H. W. Culham.

New Harmony, Washington Co.—Cold and windy. Peaches have commenced to bloom. Apricots have been damaged by frost.—M. A. Taylor.

Castle Dale, Emery Co.—Snowstorm on the 15th; the latter part of the week has been warmer. It is thought that the low temperatures of the week have killed the apricot buds.—James Jeffs.

Emery, Garfield Co.—The first part of the week was nice and mild. The water supply is increasing. What is being sown.—N. C. Anderson.

L. H. NICHOLSON, Section Director.

WOMAN'S DAILY GRIND

Office women are frequently afflicted with sickness brought on by constant work in one position. Perhaps in going to the office, they get their feet wet and sit all day long with damp shoes and stockings.

Nothing in the world is so injurious. Wet feet, hard work, and confined positions have made invalids of a great many robust and ambitious young women.

A young lady from Denver, Colo., recently wrote a letter to Mrs. Pinkham, which aptly pictures the condition of a great many young women. She says:

"This is the first opportunity I have found to write and thank you for the good your Vegetable Compound has done me. I feel better than I have for years. It seems 'seven days' wonder' to my friends. Where I used to be pined, everything is the opposite now, and there is not a day but what some one wants to know what I have done to make myself look so well."

"Before taking Lydia E. Pinkham's Vegetable Compound I had constant headaches, was constipated, bloated, eyes weak and watery, bearing easily, which always caused intense pain in the ovaries, and I did not want to go anywhere or see any one. I was called cross, but I could not help it, feeling as I did. I could not lift anything or do any hard work without suffering for days afterwards. Menstruation lasted for eight or ten days, the first three or four days being almost constant pain day and night."

What a picture this is, and how unnecessary! Read the letters which follow and see how easy it is to overcome woman's suffering when you go the right way about it.

Nothing in this wide world has relieved so much female suffering as has Lydia E. Pinkham's Vegetable Compound; no medicine can produce such positive proof of cures and good results; therefore, no other medicine can be "just as good." Women should insist upon getting the medicine which has the best record, and which, they and every druggist in the land know, has no equal.

Miss Thompson's Pains are Cured.

"DEAR MRS. PINKHAM:—I want to tell you that Lydia E. Pinkham's Vegetable Compound has done for me. For several years I had suffered with loss of appetite, nausea, vomiting, constipation, palpitation of the heart, headache, pains in nearly all parts of the body. My physician said it was only indigestion, but his medicine did not help me any. I began the use of your Vegetable Compound. I have taken four bottles and now those troubles are cured. I cannot praise it enough."—MISS BELLE S. THOMPSON, Box 14, Acushnet, Mass.

Just why Miss Thompson's physician diagnosed her trouble as indigestion it is hard to understand. This mistake, however, is frequently made. If you have any doubt about your case, write to Mrs. Pinkham, at Lynn, Mass., for her free advice. She will understand your symptoms at once.

Miss Scholtes Tells of Suffering Overcome.

"DEAR MRS. PINKHAM:—I write to let you know that Lydia E. Pinkham's Vegetable Compound has cured me of painful menstruation from which I suffered terribly. I really believe that I would be insane to-day if it had not been for your medicine. I cannot praise your Compound enough, and feel that if all who suffer from female troubles would put themselves under your care and follow your advice, they will find relief from their sufferings."—MISS K. E. SCHOLTES, Mt. Oliver, Pittsburg, Pa.

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonials letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., \$5,000, which will be paid to any person who can show that the above testimonials are not genuine, or were published before obtaining the writers' special permission.—LYDIA E. PINKHAM MEDICINE CO.
