

GOV. YSABEL ASKS AMERICAN AID

State Department Considers Mexican Governor's Request Extraordinary Occurrence.

OVER TROUBLE AT CANANEA.

Armed Americans at Naco Permitted to Cross Into Sonora, Mexico.

Everything Quiet This Morning—The Casualties Are Not So Heavy as First Reported.

Washington, June 2.—The state department has received a most urgent telegraphic appeal for help from American Consul General Galtbrath, at Cananea, Mexico, in which he says: "Aid from United States absolutely essential."

ASKS AMERICAN AID.

The state department also has received direct application from the governor of the state of Sonora, Mexico, for help from the American side, a most extraordinary occurrence. The direct appeal was the subject of hasty consultations today between the secretary of state, the chief of staff, Brig. Gen. Bell, and the law offices of the war department inasmuch as the question of the right of the United States to send troops into a friendly state is in doubt.

Meanwhile the officers of the general staff are making ready to execute any orders that may be issued as the result of Secy. Root's decision. Four troops of cavalry are at Fort Huachuca, just north of the international boundary in Arizona, and the staff officers assume that by hard riding this force could reach Cananea within a half day after they receive orders.

APPEAL FROM AMERICAN CONSUL.

The official dispatches upon which the state and war departments are expected to act are as follows: "Naco, Arizona, June 1.—Secretary of State, Washington. Send assistance immediately to Cananea, Sonora, Mexico. American citizens are being murdered and property dynamited, and we must have help. Send answer to Naco. (Signed.)

"GALTBRATH, the same official dispatch this morning, reads as follows: "Immediate assistance be rendered to American citizens at Cananea, Sonora, Mexico."

TO AMBASSADOR THOMPSON.

Secy. Root, upon receipt of these dispatches, sent the following message to Ambassador Thompson, in the City of Mexico: "Galtbrath, consul general at Cananea, telegraphs that American citizens are being murdered and property dynamited at that point and asks immediate assistance. Press dispatches this morning report strike riots have resulted in race conflict between Mexicans and Americans. Bring to attention of the Mexican government and ask prompt and effective control to protect American citizens. Say to the Mexican government that if the matter appears to be of a serious character, as dispatches seem to indicate, the government of the United States would be glad of any suggestion from the government of Mexico as to the course which we may take to prevent violation of international obligation on the part of our citizens or to help promote peace and safety."

AMERICANS WITH YSABEL.

Douglas, Ariz., June 2.—Gov. Ysabel of the state of Sonora arrived at Naco at 7:30 o'clock this afternoon and immediately gave orders permitting the armed Americans and other points. Disbe, Douglas and all parts of Arizona to accompany him to Cananea. The Americans organized and in command of Capt. Tom Rynning, former commander of the Rough Riders and now commander of the Arizona Rangers, left for Cananea at 8 o'clock. There were 400 in the party.

According to advices received from Cananea this morning, two Americans, George and Will Metcalf, and 10 Mexicans and one child, were killed there yesterday. A. S. Dwight, general manager of the Cananea Consolidated company, was slightly wounded. George Metcalf was killed and Will Metcalf was his nephew. The number of wounded is not known, but is believed to be about 20.

Col. Kostelitzky, in command of the Sonora pandamir, arrived at Cananea at 5 o'clock last evening. With him he immediately proceeded against the strike and the ring leaders and to the hills.

Everything was quiet at Cananea this morning and the situation is well in hand.

An armed party of 30 Americans tried to cross the line half a mile from Naco last night and were opposed by Mexican officers. In the shooting which followed an American named Buchner, director of the Y. M. C. A. at Cananea, was wounded in the arm and a Mexican official was also wounded. The attempt was given up.

Several hundred men, women and children, refugees, who arrived from Cananea in a special train last night, were being cared for at Bisbee and Douglas. Excitement was in the border cities and there is considerable feeling against Mexicans. No violence has been attempted, however, and no trouble is anticipated.

PEACE RESTORED.

Naco, Ariz., June 2.—A telephone message was received from Cananea at 5:30 a. m. today, reporting that peace has been restored there. After the arrival of the refugees last night, many of the ring leaders in the riot yesterday ran to the surrounding mountains and no further serious trouble occurred after that night.

GOV. YSABEL OF SONORA.

Gov. Ysabel of Sonora, arrived here this morning at 7:30 o'clock with a posse from Bisbee and other points numbering 500 well armed men. They were immediately marched across the line being escorted by the governor's adjutant general who accompanied him.

AMERICANS IN CONTROL.

El Paso, Texas, June 2.—A private telegram received from Cananea today says that Americans are now in control of the town and many Mexicans have left.

One hundred rifles and a quantity of ammunition were shipped from here today to Col. Greene at Naco and will

Immediately after taking necessary stores, the Louisiana will proceed to New York for her three and six-month guns, and from there will go to New Orleans, where she will be presented to the people of the state of Louisiana. It is proposed to have her in readiness to sail for New Orleans about the last week in August.

OTIS ELEVATOR COMPANY CASE

Perpetually Enjoined From Violating Provisions of Federal Anti-Trust Law.

COURT RETAINS JURISDICTION

Do Not Take Kindly to New Lamp Which Management Tried to Introduce This Morning.

(Special to the "News.")

Park City, Utah, June 2.—With the exception of a few timbermen, not a man is working in the Daily West mine at Park City today and unless there is a sudden change in the situation the mill will be forced to close, throwing out of employment in that branch of the enterprise about 125 men.

But the 400 men who have been working in the mine have laid down their tools and quit. What is more, they refuse to go back to work—unless they can use candles instead of a new lamp which the management has attempted to introduce.

The "circuit court of the United States for the Northern district of California" yesterday entered a decree in the case recently instituted by the government against the Otis Elevator company and certain other corporations for violation of the federal anti-trust laws. The decree grants a perpetual injunction as prayed for in the bill enjoining each and all of the defendants from violating any of the provisions of the Sherman anti-trust act and particularly from contracting or agreeing together in any manner, either expressly or impliedly as to the trade and commerce in elevators in the United States. The defendant corporations and their respective officers and agents are also perpetually enjoined from entering into any agreement or understanding as to the price to be charged for installing elevators or as to the territory in which any or all of them shall do business. By the terms of the decree the court retains jurisdiction of the suit to make any further or additional decree or to modify or enlarge the present decree from time to time as the equities of the case may demand.

"The bill of complaint in this case was filed in the circuit court on the 7th day of March, 1906, against the following defendants:

"The Otis Elevator company, Electric Engineering company, Foster Electric Elevator company, Cable and Hill Elevator company, A. J. McNeill Elevator company, Crane Elevator company, Standard Elevator & Manufacturing company, Elton & Prince Elevator company, Smith-Hill Elevator company, Whittier Machine company, Stokes & Peters Elevator company, Morse Williams & Co., McAdams & Carwright Elevator company, Graves Elevator company, Plunger Elevator company, Scaggs Elevator company, Bleemburg Elevator & Machine company, and Sulper-Vogel Machine company, Central Iron Works company, Moon Elevator company, Warner Elevator company, M. J. O'Donnell & Co., Gardner Elevator company, Houghlin Elevator company, Geiger Fiske & Koop, National Electrical Elevator company, Burdette & Rowntree Manufacturing company, Moline Elevator company, Samuel Harger, W. D. Maltman, C. C. Comstock, D. H. Darrin company and Ektron Manufacturing company.

"It was alleged in the bill that these defendants made and sold at least 90 per cent of all the elevators used west of the Rocky mountains, and charged that they had entered into a conspiracy among themselves to control and enhance the prices at which such elevators should be sold and that the object of such conspiracy had been effected by them through the Otis Elevator company and its officers. The bill also charged that in order to still further destroy competition with respect to the sale of elevators, whenever any independent company secured a contract for the installation of elevators against such company by the Otis Elevator company, that such sales were really and in fact instituted for the purpose of harassing and injuring such independent company. The decree which has been entered affords the government all the relief to which it is entitled under the law."

STREETS ARE CROWDED.

The streets of Park City are unusually crowded today because of the trial of the Otis Elevator company case. The men going underground informed them that he had something better than a wax candle in the shape of a mine lamp. But the men rebelled; the entire shift went back to the changing room and retraced their steps down the canyon to town.

NO FORCE ATTEMPTED.

Manager Bamberger, who is at the mine today stated that the company had not adopted a rule forcing the men to use the lamp in question, that all he wanted them to do was to give it a fair trial, and then, if the contrivance proved to be unsatisfactory, it would be discarded. He said the men all understood this, but despite this they chose to be arbitrary and quit. "When I reached the mine yesterday," said he, "I explained the situation to the men and asked them to give the lamp a fair trial. Each man was allowed a candle in addition to the lamp, but even then they refused to work."

"In the copper mines of Michigan these lamps are in universal use, and no one seems to object to their use; the men working in the mines there prefer them to candles."

PRECAUTIONS TAKEN FOR SAFETY OF CZAR'S FAMILY.

St. Petersburg, June 2.—Several strong earthquakes have been reported on the north coast of the Baltic, and the government has taken precautions for the safety of the imperial family.

LEOPOLD WILL REPLY.

Antwerp, June 2.—According to the Metropolitan, King Leopold is about to reply energetically to British interference in the Congo independent states, and the secretary of state for foreign affairs is about out from the Congo. He intends as a preface to royal decrees instituting reforms in the Congo state, to publish a declaration that he is in possession of the Congo in which he will not permit interference or coercion. The decree will open a large area of the Congo to exploitation of foreigners which, it is asserted, is for the purpose of benefiting many interests.

CHICAGO STOCKYARDS.

City Decides to Appoint Commission to Investigate Them.

Chicago, June 2.—The city has decided to appoint a commission to investigate conditions at the stock yards with a view to determining how far the recent customs of methods employed in the killing of beef and hogs is justified. Mayor Dunne today, after a conference with Health Commissioner Whelan, decided to ask the cooperation of the federal government and the authorities will be asked to name several members of the commission.

LONGWORTH SAIL FOR EUROPE.

New York, June 2.—Representative Nicholas Longworth and Mrs. Longworth sailed for England today on the steamer St. Louis.

Just before the Longworths sailed, some excitement was caused on the American pier by a drunken Italian declaring that he was an anarchist and that he intended to throw a bomb at the Longworths. By the time a police squad arrived, the Italian had disappeared. The incident caused some fear for a moment. It was believed that the drunken man's talk was due merely to his condition.

RATE BILL CONFERENCE.

Washington, June 2.—The afternoon session of the railroad rate conference will eliminate differences between the senate and house on that measure, according to the prediction of conferees. There is practically but one senate amendment yet to be disposed of that requiring the giving of five days' notice before the issuance of an injunction setting aside an order of the commission. There is no question but what the provision for notice will be made.

NOT A MAN AT WORK IN THE DAILY WEST

Miners Laid Down Tools and Quit—Squabble Over Lights.

THEY INSIST ON CANDLES.

(Special to the "News.")

BIG RESERVOIR IN IDAHO GONE

Dam Burst and Flood Waters Rushed Over Many Valuable Farms.

IMMENSE DAMAGE TO STOCK.

Horses, Cattle and Other Animals Swept Off Their Feet and Carried Away by the Flood.

District Covered Embraces Several Miles of Best Farming Land in That Locality.

(Special to the "News.")

Preston, Idaho, June 2.—At an early hour this morning the Blackhurst reservoir, situated on the old William Head farm, four miles northeast of this place, burst, owing to the heavy rains of the last 10 days. As the dam broke a vast flood of water rushed over hundreds of acres of the best farms in this locality, completely submerging them and utterly ruining the crops and otherwise doing immense damage.

LOSS WAS CONSIDERABLE.

So deep and swift flowed the rushing water that horses, cattle and other animals were swept off their feet and carried away. The amount of damage to live stock is as yet unknown, but the loss is thought to be considerable. The district covered embraces several miles in extent.

ROADS WASHED OUT.

The track of the O. S. L. railroad was delayed for several hours, while repairs were being made. Wagon roads in the flooded region were completely washed out, and the people of Franklin, Whitney and other settlements were unable to attend state conference in session here today.

CAN NOT ESTIMATE DAMAGE.

As this message is sent, the water has not yet subsided. Owing to the excitement prevailing it is impossible to estimate the amount of damage wrought by the flood, but it will doubtless reach an enormous figure.

FIELDS AND FARMS RUINED.

The lands affected by the liberated water are in the heart of the best cultivated portion of this section. The great amount of moisture precipitated this spring gave splendid prospects of an unusually abundant harvest, and to have the fields and farms in areas devastated so completely and irreparably is a calamity that is far reaching in its effects.

The reservoir is owned by Johnson Brothers and formerly belonged to Blackhurst and Brothers of Eureka, who in turn had purchased the farm upon which the reservoir was located from "Bill" Head.

CONFERENCE IN SESSION.

State conference is in session here today, and will be continued tomorrow. Elders C. W. Penrose and Orson F. Whitney, of the council of Apostles, are in attendance and both have given excellent counsel and advice to the saints assembled.

NEW TOWN "WHITNEY."

Yesterday the new town, Tabernacle at Whitney, three miles southeast of Preston, was dedicated, the dedicatory prayer being offered by Elder Whitney, who has been specially invited to be present for that purpose. The town was named for the guest of the occasion. Many years ago, when the city was laid out, the matter of choosing a name was much discussed. A prominent man of the name of Whitney, a resident of the city of Salt Lake and a pioneer in the settlement of the area, was named for the guest of the occasion. TENDERED A BANQUET.

When the fine new town, Tabernacle at Whitney, was dedicated, the people united as with one voice in a request that the man who was named, and who had been present for that purpose, be named for the guest of the occasion. WILLE AND ROSS.

Salt Lake Wrestler Talks of His Chambers Monday Night.

Monday, evening the Ross-Wille wrestling contest comes off at the Salt Palace square track, and Mr. Ross has now finished his training for the event. He feels sure to win, and is confident of being strong and firm in build like Wille, he is taller and much less "beefy." Talking of the match, he spoke as follows today: "I feel that from the points of endurance and speed I had two cases of measles to be stronger. If Mr. Wille beats me he has to do it every inch of the way, as he will find me a hard proposition to tie up and tough, strong and subtle, with plenty of determination behind it."

HEALTH CONDITIONS.

Report of City Board for Week Ending June 2.

Twenty-five births were reported during the week; 19 males and 6 females; 23 deaths were reported; 11 males and 12 females; four shipped here for burial.

There were reported six cases of contagious and infectious diseases, consisting of two cases of smallpox; two cases of scarlet fever; two cases of diphtheria and two cases of measles. One case of smallpox remains in the isolation hospital and four cases of smallpox, six cases of scarlet fever, two cases of diphtheria and one case of epidemic cerebro spinal meningitis remain in quarantine.

RULE ON TRANSFERS.

One That Passenger Must Ask for Them First Thing Is Illegal.

New York, June 2.—The appellate term of the supreme court ruled yesterday that the arbitrary rule laid down by the street railroad companies that a passenger is not entitled to a transfer unless he applies for it as soon as he pays his fare is absolutely illegal and incapable of enforcement. Carrying out this decision the court affirmed a municipal court judgment for \$50, obtained by Samuel Levine against the Nassau Electric Railroad company for the refusal of a conductor to give Levine a transfer on the ground that he had waited too long to ask for it.

The conductor testified that it was 40 minutes after Levine paid his fare that he asked for a transfer.

LOVE FOR DAVITT.

Shown on Transfer of His Body From Dublin to County Mayo.

Dublin, June 2.—The love and respect in which Michael Davitt was held in Ireland and the widespread sorrow over his death were amply evidenced by the scenes in the streets here today when the body of the "Father of the Land League" was removed from the "Carphenter Street" station, where it had lain over night to Broadstone station for conveyance to the graveyard at Strade, County Mayo.

The business establishments closed their shutters, the shades were drawn on the private houses and the streets were lined with enormous crowds of people, the men respectfully crowding their hats as the coffin, which was almost hidden by beautiful floral wreaths, was borne by. The funeral cortege, which was a matter of thousands, included many Nationalist members of the house of commons and clergymen, representatives of every religion and political creed. John Redmond, John Dillon and other members of the Irish Nationalist party, were among the mourners who closely followed the hearse. While the procession stretched out to enormous proportions another vast crowd awaited the arrival of the body at the station and on all sides a feeling of the deepest sorrow was apparent among the people.

PRISONERS ON HUNGER STRIKE.

Kursk, Russia, June 2.—The political prisoners in prison here have declared a "hunger strike" until amnesty is granted.

THE UNIVERSITY BANQUET.

Graduates, Faculty and Regents to Have Royal Time.

Next Wednesday night the Alumni banquet and ball of the University of Utah will take place and the preparations made and interest taken in the annual festivities of the state's greatest educational institution promise a most successful affair. Once a year the graduates, faculty and regents of the University meet in enjoyable reunion, reviewing the progress of the students and memories of days which ever rank as the happiest in the average human existence and each occasion stands green in the memory of those experiencing it. The coming event therefore, is inevitable a matter of pleasure and import to all students, who delight to show honor to the Alma Mater.

The opening hour is set for 7:30 o'clock, and the banquet for an hour later. To be followed by a program of songs by prominent members of the alumni and afterward there will be dancing with a full orchestra in attendance.
