raining almost every day the past week, and today is quite cold. The district court adjourned for the term on Saturday, the 21st, after disposing of considerable routine business and sending some prisoners to the State penitentiary. We have also had the grand jury in

session this month for the second time in the history of Bannock county, also the United States court. Which taken altogether, made things quite lively in judicial circles the past two weeks. The ball given by the Elders' class of this ward on the 19th was one of the grandest successes socially and financially ever given by the ward and will enable the Elders to assist their brothers laboring in the mission field, of which we have four. The last words spoken by the boy were to the Bishop, who was going one way with the drill while the boy went the other, were: "Til beat you to the top." The Bishop, got nearly to the top before he looked back when he saw the team standing but thought the boy had stopped for something; thought nothing stopped for something; thought nothing about it till he got close enough to see the boy's hat when he ran and lifted the frame off him and worked with him in every way to revive him but he was dead. He would be 13 years old next July; was a son of Heber John Thompson, of Smithfield, and grand-son of the late Pres. Woodruff, Mr. Thompson, and his two boys have only
