

MINING, BUSINESS AND STOCKS

NEW PROPERTY AT LEAMINGTON

Salt Lakers Believe They Have Opened Another Good Lead Producer.

SMITH AND AMSDEN AT MINE.

Considerable Ore in Sight—Some Good Assay—Development Work Progressing.

Attorney H. A. Smith and L. A. Amussen returned Monday from a trip to Leamington where they went to inspect the property of the Leamington Mining Co. Mr. Smith is vice president of the company and Mr. Amussen holds a good sized block of the stock. This property is located in the extreme northeastern corner of Millard county, on an air line of 30 miles southwest of Salt Lake, and four miles from the Salt Lake Route. It is a lead-silver proposition running about 1400 in gold to the ton; from 8 to 60 per cent lead, and averaging 10 to 15 ounces silver to the ton.

Mr. Smith found everything in first class shape. The new strike on the 35-foot level and another strike on the 100-foot level were inspected, and he states, from all appearances they have a real producer in the Leamington. It is estimated that nearly 100,000 worth of shipping ore is in sight right now. Recently a bin of galena weighing a third of a ton which assayed 40 per cent lead, 15 ounces silver, 3.40 gold. This piece of ore was an exhibition at the State fair, and attracted considerable attention, especially from mining men.

When the present company took hold at least \$15,000 in work had been done; the new company has already expended \$2,000 timbering, cleaning up and opening up new chutes on the 30-foot, 35-foot 100-foot and 300-foot levels. This property gives promise of in the near future being one of the good things in the south Tintic district, with very bright prospects of becoming a steady shipper before long.

SOME STOCKS RECOVER.
A Few Tintic Issues Receive Support—Closing Quotations.

As a result of the posting of dividends by the Uncle Sam Consolidated and May Day, yesterday afternoon, those stocks were a little stronger today. Beck Tunnel and Colorado also appeared to have some support, and made some gains over yesterday. Mountain Lake, Crown Point and Iron Blossom continued weak, yet they managed to hold their own fairly well. Seven Troughs was in demand around 34 cents.

Among the unlisted stocks, Copper Glance and Standard Copper were the only ones recording sales, the former selling as low as 25 cents and the latter at 17 1/2 cents.

The closing quotations and sales were:
