We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kanakkee Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets on the Old Pioneer Route.

PRICE OF GOLD.

Corrected daily by Desert National Bank, SALT LAKE CITY, November 23, 1875. Trading at \$1.13 1/2; selling at \$1.15.

EVENING NEWS.

Tuesday, November 23, 1875.

Local and Other Matters.

THE THERMOMETER 47 degrees F in the shade at 1 p.m. to-day. Fine day.

There is a message at the W. U. Telegraph Office for A. G. Paddock.

A Letter.—There is a letter at the Historian's office for Mrs. Harriet Payne.

Pub. Docs.—We are under obligations to Hon. G. Q. Cannon for the receipt of a number of valuable public documents.

Will Close.—The Twelfth Ward meat market will be closed on Thanksgiving Day. The public in that vicinity should govern themselves accordingly.

Theatre.—To-morrow night is the night for a grand magical and musical entertainment by Prof. St. Jean, in combination with the popular young baritone, Mr. J. W. McKenzie. Together, they will be able to produce a very interesting performance.

Home-Made Brooms.—Bro. Geo. M. Webster, who resides at West Jordan, about ten miles south and three west of this city, brings two excellent brooms, manufactured by himself by hand. He is an old broom-maker, and will probably make over a hundred dozen brooms this winter. He expects to make double that quantity next winter. No need to import brooms, when an equally good or superior article is made at home.

Big Cabbages.—Subscriber writes from Richfield, Sevier Co., Nov. 16, as follows:—

"I see, in your issue of Nov. 10, an article headed, 'Big Cabbage and Big Carrots' grown on Bro. Picknell's lot at Hatchville; the cabbage is said to have weighed eleven pounds.

"In putting my cabbage for the winter, I had the curiosity to weigh two heads—one weighed thirty-three and the other thirty-three and three-fourth pounds. Who beats that?"

Irregular Mails.—J. Hansen, a subscriber to the Weekly NEWS, writes from Bear River City, Box Elder County, Nov. 19th, that himself and others did not get their papers all last Summer until they were a week old, and for the last five or six weeks only about every alternate paper has reached them at all, and the last one, received on the 17th, was two weeks old.

The papers are mailed regularly from this office, and the cause of complaint lies in the transmission of the mails from this City to the point named, and the special mail agent will confer a favor by having the matter righted.

Suggestions for Legislation.—According to adjournment the members of the committee appointed at a previous meeting to prepare suggestions for improved and new legislation, for the consideration of the Legislature, met last evening, at the City Hall.

On motion C. K. Gilchrist and D. O. Calder were transferred from the committee on Marriage and Divorce to the committee on Revenue, and Messrs. F. Auerbach and Geo. W. Thatcher were appointed to fill the vacancies thus made in the committee first named.

Members of a number of committees reported that they were at work and would be able to report definitely before long.

Meeting adjourned subject to the call of the chairman.

Insane.—Some time since the News alluded to the facts that Dr. Tibbitts had become demented, and was wandering about from place to place, making Sandy his headquarters. The other day he was brought up from that place and turned over to the care of Sheriff S. W. Taylor, who placed him in the county jail for safe keeping. It appears that he has been a spiritist, and when interrogated by any person now he frequently turns his head as if in the act of listening, he asserting that he must listen and hear what the spirits whisper to him before he answers a question. His condition is lamentable, being a man of good natural ability when in sound mind.

The sheriff will not remove him to the asylum unless convinced that the case is a hopeless one.

Pleasure Gardens.—Union Square is being prepared by the city as a public pleasure garden. William R. Adkins, a practical gardener, has been engaged since last spring leveling up the ground and laying it off ornamentally, with numerous grass plots, and circular, serpentine and straight walks. The square comprises ten acres of good land, well adapted for the purpose for which it is intended to be used by the corporation. Besides the ordinary walks around the grass plots, there will be an excellent carriage drive. There are quite a number of trees now on the ground, which will provide considerable shade, and it is intended to plant out others, as well as a suitable amount of shrubbery and flowers.

About one-seventh part of the ground has been leveled and laid out in the form intended, and Mr. Adkins continues at work, and is doing the job well and tastefully.

It will necessarily be some time before the gardens will be in a condition to be used for what they are intended, but when completed they will constitute a prominent feature among the attractions of the city.

A Valuable Acquisition.—A very valuable acquisition has just been made in the matter of building material in this city. A recent arrival from England lately made

some experiments in burning the ordinary adobe, at the yards in the southwest part of town, and the consequence is that by the product thus obtained the ordinary brick is comparatively thrown into the shade. They are cheaper than brick, being adobe size, and consequently about three times as large as brick are hard, having a good ring to them, and are of good color, generally of a yellowish cream.

The first produced of the article are being used for the walls of the new story of the new building now being erected by Mr. George Romney, immediately south of the White House, and the builders laying them up pronounce them excellent.

District Court.—Tuesday, Nov. 23rd.

The U. S. vs. William Driver. Defendant withdraws the plea of guilty and is admitted to bail in the sum of \$1,000, and the cause continued for the term.

The People, ex. vs. John Lee, larceny. Jury—L. R. Butler, Allen H. Riley, Lucien Livingston, P. H. Lamm, Charles Read, John A. Jost, Eli Ransohoff, S. J. Lee, James Barclay, E. F. Dawey, and Thomas R. Jones. Sworn in chief. Defendant enters plea of not guilty. Wm. H. Folsom and James Garrett for plaintiff and Edward B. McKean and A. J. Smith for defendant. Argument by counsel and jury charged.

The jury returned the following verdict:—

"We the jurors in the case of the People of the United States in the Territory of Utah vs. John Lee find a verdict of not guilty as charged in the indictment."

"Lucien Livingston, Foreman."

Ordered by the Court that a fine of \$30 be imposed upon A. H. Owens, Thomas E. Clotey and Geo. F. Prescott, for non-attendance, having been heretofore drawn as petit jurors.

The People, ex. vs. Charles Sherman; larceny; on application, cause continued.

The People, ex. vs. Nephi Vaughn. The defendant having been arraigned for sentence, "the judgment of the Court is that you be imprisoned, at hard labor, in the Penitentiary of Utah Territory for the term of two years, and that you pay a fine of one dollar."

Recess till 10 o'clock.

More Damage.—Besides the amount of damage mentioned in yesterday's News as having been done by the burning of Davis, Howe & Co.'s machine shop, we learn that about a thousand dollars worth of tools, belonging to the proprietors and workmen, were destroyed.

In explaining the cause of the fire we stated that Mr. Fairclough was getting coal out of the getting up steam. We were inadvertently misinformed on that point. He was about to use it to clean what is called the "governor," on the top of the boiler.

Going Home.—John N. Neels, of the New York house of Benedict, Hall & Co., and wife, leave for that city to-morrow morning. Mr. N. has done a satisfactory business during his present visit.

Thanksgiving Day.—At the Theatre on Thanksgiving evening there will be "Ireland as it Was," with the "Illuminated Fountain," and a laughable comedy.

TERRITORIAL DISPATCHES.

DES. TEL. LINE.

SANDY SPATION, Nov. 23.—Last night Sandy Spation was apprehended in the act of committing a brutal assault upon Mrs. Rosegreen, living near this place. She is seriously injured, having been beaten in a terrible manner by Carroll in his infamous attempt upon her person, and it is questionable whether she survives. There is a great deal of excitement among the citizens of the town, and had it not been for the very zealous efforts of some law and order people Carroll would before this have met his just deserts, with the accompaniment of rope and telegraph pole. As it is, he has been sent to the county jail, to await the slower action of the county court.

Our Country Contemporaries.

Ogden Junction, Nov. 20.—An evening or two since, during a thunder storm which was raging in this city, a man being named John Doe, at the corner of First and Franklin Streets, was struck by the electric fluid, while quickly standing in the corner of the owner, and instantly killed.

Utah County Times, Nov. 20.—In our report of the First District Court proceedings published in Tuesday's issue, we made an error. In the case of the People vs. Alma Greenwood and J. W. Robinson, instead of guilty it should read not guilty, and instead of John Hale being ordered to give bonds in the sum of \$500, it should read Walter Jackson.

First District Court proceedings, Nov. 18. In the case of the People vs. Albert Barton, indicted for rape; the following jury were called and sworn: E. Richards, J. Gardner, T. E. Fleming, D. Cook, R. H. Curtis, M. M. Martin, W. K. Black, G. Morrison, W. Kay, Wm. Black, G. White and O. Clark.

The jury, after hearing the evidence in the case, and the arguments of the counsel and charge of the Court, retired to consider their verdict, and after being absent for a time brought in a verdict of guilty as charged.

The attorney for respondent filed a motion for a new trial.

In the case of the People vs. Henry L. Davis, the Court sentenced the prisoner to pay a fine of \$50 and costs \$50.

Nov. 19.—In the case of the People, ex. vs. Albert Dalton; on motion for a new trial, motion granted. The respondent ordered to give bonds in the sum of \$500 with at least two good and sufficient sureties.

The case of Alexander & Co. vs. F. A. King; judgment by default. A judgment and decree that the said plaintiff do have and recover of the said defendant the sum of eleven hundred and seven dollars with interest thereon at the rate of 10 per cent. per annum from the date hereof till paid, to be paid by the said defendant, and disbursements incurred in this action, amounting to the sum of twenty-five dollars.

In the case of John Leatham et al. vs. Quirk & Kermee; dismissed with costs.

Nov. 20.—In the case of Jacob Houtz vs. Hanak, &c.; judgment of not guilty.

In the case of Neils Jensen vs. J. Thomas; judgment of not guilty.
