

## BRYAN SPEAKS TO COMMITTEEMEN

Says Primary System Has Revolutionized Politics in Giving People Power.

### ORGANIZATION IS NECESSARY

Asserts His Confidence That Victory Will Perch on Democracy's Banners This Time Sure.

Chicago, Sept. 8.—Twelve hundred precinct committeemen, recently elected in the primaries, were addressed by W. J. Bryan tonight. The meeting represented an innovation in politics in Chicago and was for the purpose of putting into effect the call of the Democratic national committee for a campaign club in every voting precinct in the United States.

Previously to Mr. Bryan's remarks, John W. Tomlinson of Alabama, chairman of the committee on organization, addressed the conference. He stated that over 5,000 clubs already had been organized and that campaign literature and material had been sent to all clubs enrolled at Democratic headquarters. After Oct. 1, he said, weekly letters from Mr. Bryan would be sent out to all Democratic clubs.

#### PRIMARY SYSTEM O. K.

Mr. Bryan opened in referring to the primary system and declared that it had revolutionized politics. "And authority now comes from the voters," he said, "instead of some central authority."

The committee, he said, had been selected by the people of their several communities and had not been entrusted by the voters with authority to represent them in the party organization. "I recognize," said Mr. Bryan, "that in speaking to you I am speaking to men who are the leaders among their people, and being leaders, chosen by the people themselves, you can work with an effectiveness that is impossible where the wishes of the people are ignored."

#### COMMITTEES IMPORTANT.

Mr. Bryan emphasized the importance of the position which the committeemen occupied and declared that no candidate will win success if the work of organization is neglected. "We may have a majority, as I believe we have," he said, "but if that majority is not made effective at the polls it counts for nothing. In a city, organization is even more important than in the country, because you have registration as well as voting to look after. It will be your business to see, first, that every Democratic vote is registered; second, that every Democratic vote is cast; third, that every Democratic vote is counted; and fourth, that false registration and repeating are prevented."

The Democratic candidate administration has before the day of registration they could be instrumental in assisting in the organization of clubs and that these clubs could assist in the circulation of literature that is needed.

"You can find out what the voters are talking about," he said, "in what subjects they are interested, and what arguments need to be answered. You can assist in the collection of campaign funds. With several thousand Democrats at work a few dollars collected by each means a considerable sum for the campaign fund. While in every campaign there is more or less splitting of the ticket—that is, Republicans willing to vote for a part of our ticket, but not for all—the work of the organization must be for the whole ticket. There can be no separation of the candidates," he said, "so far as the organization is concerned."

He declared that he trusted the state and county organizations to co-operate with the national organization. The national organization, he said, stood ready to co-operate to the fullest extent with the local organizations.

"The reports that come to us from all sections of the country," he said, "amid wild applause, 'are very encouraging, and we have every reason to believe that if we all work together and work diligently, we shall be able to rejoice over a victory, state and national.'"

#### CONFESSES FRAUD.

Copenhagen, Sept. 8.—M. Alberti, who recently retired from the post of minister of justice, today surrendered to the police and confessed to a series of

## GAINED 30 POUNDS

How a Pennsylvania Woman Built Up Her Health.

Suffered for Years Until She Tried the Tonic Treatment with Dr. Williams' Pink Pills and Was Cured.

To women who suffer Dr. Williams' Pink Pills are worth their weight in gold. At special periods a woman needs medicine to regulate her blood-supply or her life will be a round of pain and suffering. Dr. Williams' Pink Pills are of untold value to women at such times for they increase that portion of the blood which absorbs oxygen, the great supporter of organic life. In this way they may be said to make new blood. They are good for men too but are adapted in a special way to the needs of women and growing girls.

Mrs. C. H. Morland, of Seap Level, Pa., suffered for several years with weakness and her cure by Dr. Williams' Pink Pills should be read by every suffering woman.

"From my fourteenth year," she says, "I suffered with weakness common to girls of my age. I had no strength or ambition to work, was subject to dizzy spells when I would have to lie down, and during these spells would see black specks floating before my eyes. I would wake up every morning as tired as I would have been if I had just been through a hard day's work. I had no appetite, food distressed me and was like a heavy load on my stomach and I was troubled with constipation. When my heart would hurt me so that I could hardly breathe. I suffered with sick headaches as often as five days a week. I often had to go back to bed on account of the headaches which were so bad that sometimes I could scarcely see."

"The doctors finally told me that there was no help for me unless I underwent an operation. I was treated by one doctor for seven or eight years but his medicine did not help me much. I was led to take Dr. Williams' Pink Pills by a woman who was at my home one day, and after taking them awhile, I noticed that I was getting stronger and continued with them until cured. I am now never without Dr. Williams' Pink Pills, and occasionally use them as a tonic. I have gained 30 pounds in weight and am in the best of health."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams, Medicine Co., Schenectady, N. Y.

Frauds against the Bondestandens Sparkasse, a savings bank of which he was president. M. Alberti's confession had an adverse effect on the stock exchange.

Dyspepsia is our national ailment. Burdock Blood Bitters is the national cure for it. It strengthens stomach membranes, promotes flow of digestive juices, purifies the blood, builds you up.

The next man you meet is going to the Carney act land opening and drawing Sept. 23. Oasie, Utah, or he will send his power of attorney.

### MISS CROSSMAN HAS PLAN FOR FLORIDA

New York, Sept. 8.—In order to build a monument to the memory of Stephen C. Foster, the author of "My Old Kentucky Home" and "Way Down Upon the Suwanee River," Miss Henrietta Crossman made a proposition today to Gov. Napoleon B. Broward of Florida to give a performance of one of her plays in any city in Florida he may select and donate the entire receipts to a fund that will go to the building of a statue to the honor of the man who made the "Suwanee river" famous. Miss Crossman is the niece of Stephen C. Foster. Kentucky has already honored the memory of Foster with a statue and Miss Crossman wants Florida to do the same.

#### AMERICAN FLEET.

Albany, West Australia, Sept. 8.—The American fleet is expected to arrive here on Friday.

#### FIVE CHILDREN SUFFOCATE.

St. Paul, Sept. 8.—While the parents were away from home the residence of J. C. Burdette, near New Brighton, 15 miles northwest of here, burned this evening and five small children, ranging from 5 to 10 years old, met death by suffocation.

## FOUR "SISTERS OF MERCY" ARRESTED

Head of Chicago Orphans' Home Eludes Police—Detectives Trailing Him.

### NEIGHBORS COMPLAINED

Charges That Children Were Brought Severely Filled and Stories of Midnight Revels, Told.

Chicago, Sept. 8.—Four "Sisters of Mercy" were arrested last night in a raid by city detectives in St. Joseph's home for orphans at 2020 Thirty-sixth street. Despite the precautions taken by the police, Antonio de Lubicz, said to be the head of the institution and claiming to be a priest, escaped the drag-net spread out for him. It is feared he has fled the city, but detectives were on his trail early today.

The raid followed complaints made to the Anti-Cruelty society and to the health department by neighbors, who often heard sounds of merriment in the "orphanage" in the early morning hours. Mrs. Mary Pillar, until a week ago employed at the place, was the first to tell of the midnight merriment and of the severe beatings administered to the little orphans in the home.

The "Sisters of Mercy" are: Helen Myslivetz, 17 years old. Mary Marengo, 19 years old. Fidelia Lazarus, 20 years old. Sarah Porter, 18 years old.

#### WHAT "SISTERS" SAY.

The Myslivetz girl told the police how the home was maintained and how De Lubicz conducted himself. She denied that the children fed at the institution were mistreated, but asserted that some times they were "chastised for being unruly."

"I have been at the home for a long time, but I never kept count of the many dollars I turned over to Father de Lubicz," she said. "We were not permitted to keep any track of the money handled by us for that was one of the vows we took when we got the veil."

"The place is not so bad as the neighbors would have you believe, for there were no scenes there at any time. We are 'Sisters of Mercy,' and are doing a lot of good work in that part of the city, for there always are lots of little orphans in the home."

The police will make a further investigation of the home today and will probably ask that the four girls under arrest be sent to a home elsewhere. The orphans will be taken care of.

#### FLEW 500 MILES OUT.

Galveston, Tex., Sept. 8.—Capt. Baker of the Morgan liner El Cod, when his vessel arrived in port yesterday brought with him a carrier pigeon which he picked up at sea 500 miles off the Texas coast. He says that the bird dropped to the deck of the ship and when picked up was completely exhausted. The bird had attached to its leg a silver band bearing the inscription "No. 19, B. B."

#### STRANGE OATH TAKEN.

New York, Sept. 8.—There was a strange oath taken in the night court this morning, when Frederick W. Seucker of Pleasantville, N. Y., raised his right hand and faced Magistrate Corrigan.

"Do you swear before God not to kill yourself?" asked the magistrate.

"I do," answered Seucker.

"You are discharged."

Seucker made threats to take his life earlier in the evening and was arrested. When arraigned in the night court, Seucker declared he had changed his mind, but Magistrate Corrigan required an oath that he would not carry out his threat of self-destruction.

#### BOYS' FUN FATAL.

Cave Falls in, One Killed and Two Companions May Die.

Chicago, Sept. 8.—A death trap built by boys at play collapsed on its makers yesterday, killing one of them, fatally injuring a second and seriously injuring a third. The victims were boys, 14 and 15 years of age, sons of prominent residents of Hammond, Indiana. The tragedy was due to the falling in of a cave they had excavated in the prairie near their homes.

Harry Ricketts, 15 years old, son of

Thomas Ricketts, a contractor was dead when his father, one of the first to arrive on the scene, dragged him from the ruins.

Louis Mott, 15 years old, son of Fred Mott, former mayor of Hammond, cannot recover.

Clifford Hudson, 14 years old, son of R. W. Hudson, superintendent of the Standard Steel Car company, may die.

### STEAMSHIP COMPANY WILL PAY HIGH FOR THIS

San Francisco, Sept. 8.—The wrath of Commissioner of Immigration North has been aroused over the escape last Sunday night of 11 Chinese, held for deportation at the detention shed, of the Pacific Mail company, by sawing a hole through the wall and making their escape, and the commissioner has declared his intention of fining the company the limit of \$500 a head for the failure to keep the "Asiaties" safely. Four of the escaped Chinese were to have been shipped to the far east on the steamer China yesterday.

### GENERAL WOOD IN BAD ACCIDENT; IS UNHURT

St. John-on-the-Saer, Sept. 8.—Major-General Leonard Wood, of the United States army, who is witnessing the German maneuvers here, had a narrow escape from a serious accident yesterday. While in the field the horn of one of the numerous staff automobiles frightened Gen. Wood's horse and the animal began to rear and plunge, finally falling almost on the general's right leg. The spur was torn from the general's boot, beyond shaking was as the result of the fall, he was unhurt.

### LAST CHAPTER OF THEFT

Man, Believed to be Custodian of Gold Stolen Two Years Ago Arrested in Seattle.

Seattle, Wash., Sept. 8.—Stepping from the steamer Senator, which had just arrived from Nome, James H. Beggs was last night arrested on a charge of entering the state with stolen goods and the capture is expected to stand as the final chapter in the sensational gold brick robbery of two years ago on the steamer Tanana, which netted the thieves over \$75,000, part of which was afterwards returned by Bobby Miller. Beggs is believed to be the custodian of over \$50,000, which Miller is said to have planted near Fairbanks, Alaska.

Robert Miller is supposed to be on his way from Skagway to Seattle to meet Beggs and divide up the money. Miller completed a two years term of imprisonment this spring and immediately upon his release went north. The Fremont's bank, which had paid the full loss on the gold, did not lose track of him and his movements were known to them from the time he left McNeil Island up to the time he is alleged to have given Beggs the gold. He went direct to Fairbanks, Charles Drebbel, his chief deputy marshal, put a man on his trail, and it was due to his close surveillance that Beggs was accused of carrying out the gold which Miller had left.

Today Beggs will be formally charged. The officers are confident they will land Miller.

### MAID BOUGHT FINE CLOTHES FOR FUTURE

New York, Sept. 8.—Surrogate Noble of Queens county, has taken possession of 12 trunks filled with fine clothing, every conceivable kind of woman's attire, left by Louise Barbery, a French maid, lately in the employ of the widow of Supreme Court Justice John R. Brady. Mile. Barbery, who was 50 years old, died on May 15. The clothing, the accumulation of many years, is neatly arranged in the trunks. The maid is said to have had a manila for beautiful clothing and lingerie and spent much money for them. However, it is said, she wore them very little, saying she wanted to save them for some future time "when she would be a lady."

#### DEBS IN CALIFORNIA.

San Francisco, Cal., Sept. 8.—Eugene V. Debs, Socialist nominee for president, addressed an audience of possibly 2,500 people at the aPavilion in this city last night. He was given an ovation when he arrived, and followed by speakers for an hour and a quarter with an address which first took up the elementary principles of Socialism and then attacked the old political parties and the capitalistic system, which he maintained must inevitably lead to Socialism.

"I have been somewhat ostive, but Debs' Reguile gave just the results desired. They act mildly and regulate the bowels perfectly."—George B. Krause, 306 Walnut avenue, Altoona, Pa.

## HIBBING IS DOOMED

Fire Rushing Down Upon Town Yesterday Afternoon Threatened to Wipe Out Several Villages.

Duluth, Minn., Sept. 8.—Hibbing, the largest and most prosperous town on the Mesaba range, is threatened with destruction by fire. Every place of business in the town is closed, and the men are all out fighting the flames. "The fire is getting dangerously close, and the situation looks serious," is the opening sentence of a telegram received here at 3:50 o'clock this afternoon.

The Duluth fire department received a telegram from the department at Hibbing asking for assistance, and Chief Black with a number of men and an engine left Duluth shortly after 4 o'clock for the scene of the fire. The Mesaba road trains are waiting at Hibbing to take the people away from the scene of danger. Unless the wind changes, Coleraine and Bovey will be safe from the fire for the present, at least.

#### GRAND MARAIS IN DANGER.

Grand Marais, Minn., on the north shore, is in the clutches of the fire demon. The people are in worse straits than the range people, in that they have no place to go. Forest fires are raging within a mile of the town. Settlers in the country along the north shore are walking into Grand Marais, arriving smoke-begrimed, burned and exhausted with packs of their most valuable belongings on their backs, and their families, dragged wearily along behind them. The woods are dry as tinder, as there has not been a drop of rain in the north shore country for 14 weeks. The fire is rushing down upon the town in great bounds. The smoke, according to A. J. Smith, who came to Duluth this morning, is growing so dense that breathing is difficult.

#### TOWN DOOMED.

The citizens fear suffocation before a boat can reach them. Mr. Smith says that an east wind will bring on the destruction of Grand Marais in an hour and no power on earth can save the town. If a fire comes before a boat gets there, the fate of the people of the little town is a matter of considerable doubt.

### PRECIOUS ADDITIONS FOR AMERICAN MUSEUM

New York, Sept. 8.—Sir Casper Purdon Clarke, curator of the Metropolitan Art museum, who has returned from Europe, announces two important additions to the museum, which will arrive soon from England. One is a collection of several hundred pieces of lace, the gift of a woman who has been working on the collection since 1853, or 55 years. The other exhibit consists of one of the four pedestals of the Peacock throne of the Empress of Delhi.

The lace collection is the gift of a Mrs. Nuttall, a Mexican by birth, who has spent much of her time in California, but who is now living in England with her son, Prof. Nuttall of Cambridge university. The lace is mounted scientifically, and the exhibit embraces every style of hand-made lace. When placed on exhibition it will give the Metropolitan Art museum the distinction of having the finest and most complete collection of lace handcraft in the world. The marble pedestal which Sir Casper got on his trip abroad, is one of the four which were taken from India by an English officer. Sir Casper describes the pedestal as two feet high, one foot square, made of white marble and inlaid with agate and malachite. It is in perfect condition.

### VILAEUA, HAWAIIAN VOLCANO IS RESTLESS

Honolulu, Sept. 8.—Following a slight earthquake which occurred on the island of Hawaii last Friday, the molten lava in the crater of the volcano Vilaeua fell from its usual level a distance of 700 feet in a few hours. A second shock occurred Saturday and following this the lava began to rise again. At the present time it has risen 400 feet, or to within 300 feet of its original level, and is still rising.

### CARTER, EMBEZZLER, CAUGHT IN SEATTLE

Seattle, Wash., Sept. 8.—Latimer D. Carter, who is wanted at Louisville, Ky., for the embezzlement of \$80,000 from the estate of George L. Douglass, deceased, was arrested at Georgetown, near here

last night, and is in the county jail. Carter caused an added sensation at the time he absconded a year ago by taking with him Mrs. Mary De Coursey, wife of a family friend, and leaving his own wife almost penniless. His arrest here was caused by Mr. T. Rankin, of Louisville, who traced him to Washington through the woman. Carter had no money and had been working at odd jobs to support himself and the woman. Mrs. De Coursey was not arrested. Although Carter does not admit the embezzlement, he states that he is willing to return to Louisville without requisition.

#### SPECIAL STUDY PLANNED.

San Francisco, Cal., Sept. 8.—Aeronautics and wireless telegraph experiments with kites as well as the usual tactics, drills and problems in modern warfare, will form a part of the instructions at the coming joint maneuvers of the regular troops and national guard of California, Arizona and New Mexico that will commence near Paso Robles, Hot Springs on Oct. 1. If the war department accedes to the request of Col. Marion F. Maus, who will be in command.

#### LAW DEPARTMENT.

The Department of Law of the University of Utah offers two years of full law course, and in connection with the School of Arts and Sciences, a four year course in Arts and Law leading to the Bachelor's degree. The work done here is accepted by the best law schools in the United States.

Through special arrangements with judges and eminent attorneys, students enjoy unusual advantages. The Catalog, which describes the courses offered, requirements of admission, cost of tuition, etc., is sent free upon request to the UNIVERSITY OF UTAH, Salt Lake City, Utah.

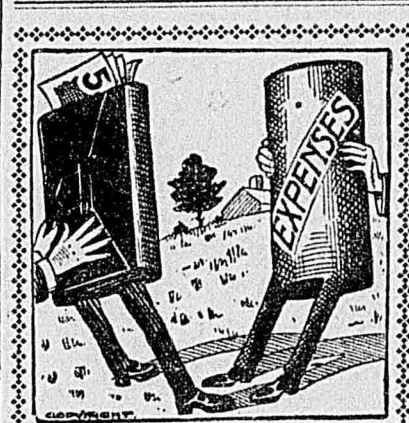

#### A TALE WITH A MORAL.

New York, Aug. 31.—The president of a reasonably prosperous railroad visited a down town banking firm a few days ago and asked what they could do relative to floating a \$2,500,000 bond issue.

"What do you want to do with the money?" he was asked. "We need cars, locomotives, rails, ties, bridges, stations and we have a lot of new sidings, some second track and additional shop facilities to build."

"Are you sure you need an increase in fixed charges at present rates?" "I think so, but if you will buy my bonds, I'll waive up some people in my line and increase our business. You see this money will practically be spent in towns and cities on our line. It will give employment to practically every idle man who wants to work. We will need carpenters, machinists and other skilled labor and the common laborer will have plenty of work. The wages they will get, they will spend in the stores along the route. The farmers will have a broader and better market for their products and the merchants will clear their shelves and buy new goods and everybody will be happy."

"You are right," said the banker. "When the railroad resumes buying, business will again be normal. But railroad securities are not very high class, just now, and I don't believe we can float your bonds."
