The authorities, be-lieving he had no friends, caused his removal to a military prison, where he was kept five months incommunicado. Mr. Bullis smuggled a letter to the American minister and in 24 hours af-terwards the Venezuelan government complied with a peremptory demand

PRESIDENT GENERAL OF THE D. A. R. AND THREE CANDIDATES WHO WISH TO SUC-CEED HER.

This week's session of the annual congress of the Daughters of the American Revolution in Washington promises to be the most exciting in the history of that society. The term of Mrs. Daniel Manning as president general expires on Feb. 22, and three widely known women are anxious to succeed her. Mrs. Washington Roebling of Treaton, N. J.; Mrs. Senator Fairbanks, and Mrs. Donald McLean all have enthusiastic friends who will make the contest a spirited one.

Mr. MacLean argued that Canada should follow the example set by Russia and have a sliding scale tariff which would favor our friends and be directed against those who were not friendly. He said that Canada was the best outside customer the United States had, and so long as we were fools enough to go on as we were doing at present Canada would never get fair treatment from the United States; Canada should touch the American pocket through the tariff, If Canada did so, the Alaska boundary question, and other unsettled matters in both countries would soon be disposed of. ULTIMATUM SENT THE CHINESE

Given Eight Days in Which to Issue Satisfactory Edicts.

VON WALDERSEE'S PLANS.

The Expedition Will Start Saturday -United States and Russia Do Not Join.

Pekin, Feb. 19 .- The foreign envoys have given the Chinese authorities eight days in which to issue satisfactory edicts.

VON WALDERSEE'S PLANS. London, Feb. 19 .- "Count von Waldersee has prepared his plans for the new expedition," says the Pekin correspondent of the Morning Post, wiring yesterday, "and it will start next Saturday. All the powers except Russia and the United States have agreed to

allow their forces to join." EXPEDITION OFF.

Berlin, Feb. 18 .- The war office has received the following from Count Waldersee.

"Pekin, Feb. 16 .- Maj. Gen. Von Kettler has dispatched an expedition under the command of Col. Hoftmeister from Pao Ting Fu to Ino Makwan, eighty-five kilometers northwest of Pao Ting Fu.

ENVOYS HOLD A CONFERENCE. Pekin, Feb. 18.-The foreign envoys held a conference regarding the Chinese reply concerning the punishment of the guilty persons named by the powers. The reply was considered unsatisfac-tory and the envoys decided to insist upon a compliance with their original demands

This decision and the objections urged by the envoys to the latest imperial edict were unanimous and the doyen of the diplomatic corps will inform the Chinese plenipotentiaries that the for-mer requirements must be strictly complied with.

Meanwhile great preparations are be ing made by the various commanders preparatory to the big expedition. Appreparatory to the big expectiton. Ap-parently the only commanders who have enough of anything for a long campaign are the Americans, British and Japanese. The others are deficient, especially the German, although Count yon Waldersee believes that in a few days he will have all the supplies really necessary. He takes the position that necessary. He takes the position that it will be better to secure the greater part of the provisions from the country itself, but most of the journals think t unwise to take so great a risk. The British will rely almost entirely

upon pack trains. Any other method of transportation through the mountain passes would probably be impossible, as, according to information received here the Chinese have prepared for just this contingency and have blocked every possible pass with big boulders in order to render the passage of ar-tillery next to impossible.

Many people in Pekin say that 'ount von Waldersee is "working a

The Girl Did it to Save the Life of Her Mother.

Fort Wayne, Ind., Feb. 18,-Bessle Slater, aged 15, shot and probably fatally injured her father to save her mother from death at his hands. The little girl was taken to the police station, and after an inquiry was let go. Slater came home in the evening, threw his wife on a bed and proceeded to choke her. The little girl secured a re-volver and fired a bullet into her fa-ther's back, inflicting a dangerous wound.

Blew Up the Safe.

Trenton, N. J., Feb. 18 .- At Rocky Hill, near this city, early today, burglars forced an entrance into Williamson & Grigg's general merchandise store and blew the safe with dynamite. The explosion shook the entire village. The men then set fire to the store and escaped amid the excitement. There were secveral hundred dollars in the safe which it is believed the burglars secured. The building and contents valued at \$20,000 were destroyed.

Unless provision is made for every child to breath fresh air humanity itself is a failure. You who know New York know that the chances of New York children for the last fifteen years have not improved-in spite of all the schools and benevolent institutions that have been established. If it takes every penny of taxation to do it, it should be done. And till it is done every rich man should feel he is robbing humanity. I have said, and I repeat, that the production of wealth should not go on at the expense of humanity-

D. A. R. CONGRESS.

Mrs. Daniel Manning Calls the Tenth Annual Session Order.

Washington, Feb. 19 .- The opening session of the tenth continental congress of the National Society of the Daughters of the American Revolution was held at Grand House. Mrs. Daniel Manning, the president general, called the congress to order and introduced the chaplain general, who read a prayer.

Mrs. Manning delivered an address of welcome to which a response was made by Mrs. Sarah T. Kinney, state regent of Connecticut. The remainder the session was occupied with the reading of reports of committees. In her address Mrs. Manning urged

New York early in June and go to northwestern Montana to collect speci-mens for the herbarium, museums and plantations of the New York botanical garden. The unexpectedly large amount of new information derived from Dr. Rydberg's previous exploration of this region leads to the belief that much more awaits Mr. Williams' observa-tions. The work is designed to make the description of the flora of the Rocky Mcuntains, which Dr. Rydberg is now preparing, as complete as possible.
