

AMERICAN TROOPS ORDERED TO CHINA

Ninth Infantry, Commanded by Col. Liscum, to Go—No Communication with Pekin—Wild Rumors of Events.

New York, June 18.—American troops have been ordered from the Philippines to China, says a Washington special to the Herald. Whether the men will be sent or not will depend upon the situation when they arrive. The administration has decided that to insure protection of American life and property throughout China, order must be re-established in Pekin and the empress established in the Tientsin-Yamen region and the necessity of acting as the powers wish in the matter of guarding foreigners and their interests.

Japan's course in despatching 1,000 men to Taku will be followed, said a well informed diplomat last night, by Russia, which might deem it desirable to send a large force, especially since Great Britain and Japan combined will have an overwhelming force in that region of China, unless she draws on her forces at Port Arthur and along the Siberian coast.

AN ACT OF WAR.

If the foreign legations in Pekin have been burned, as reported, the success of the Boxers has probably been at least assured. Reports to the state department show that on June 1 there were a few Boxers about 400 sailors and marines. Great Britain, Russia and France had the largest number, 75 each, the United States 41, Japan, 22, Italy, 22, and Germany 10.

The diplomatic circles it is held that if the murder of Germany's official representative has been permitted, practical war has been declared. China committed an act of war against the Berlin government. This is also true of the Japanese government, a member of whose staff in Pekin was killed. It is held, however, that neither Germany nor Japan will take radical action, but will co-operate with the powers to restore order.

NINTH REGIMENT TO GO.

Manila, June 18, 10 a. m.—The Ninth regiment has been ordered to Manila, where it will proceed to China.

Washington, June 17.—Adj. Gen. John A. Logan, tonight, would neither admit nor deny the Manila advices that the Ninth infantry would go to China, but it is known that the troops are being assembled in Manila for this purpose and that the government is ready to support the army in the Philippines, though it cannot be denied that orders to sail for China have been given. If not already sent, such orders doubtless will be issued, along reassuring news come tomorrow.

The government is awaiting information from Minister Conger and Admiral Knap before giving final orders to the Ninth infantry. Gen. MacArthur, commanding the army in the Philippines, is expected to be reinforced to China. If something does not come from the east of trouble soon, troops will be dispatched to China as quickly as they can be got ready, steps having been taken already to withdraw troops from outside Manila into the Philippines metropolis, so that there may be no delay in the decision to hurry them to China is reached.

PEKIN CUT OFF.

London, June 18, 3 a. m.—There is no cabinet in Europe apparently that knows what is happening in Pekin for five days or in Tien Tsin for three days. Nor is there any that knows what difficulties the small and inadequately-equipped international column is contending between those cities.

The German foreign office, upon learning the report of the murder of Baron von Ketteler, the German minister at Pekin, sent a telegraphic inquiry to St. Petersburg, the Russian capital, because of the Russian minister being so closely in a better position than the other governments to obtain direct news.

In reply the German foreign office was informed that nothing was known of the situation, and communication with Pekin was interrupted.

WILD RUMORS.

The report spread world-wide from Shanghai that the legations had been attacked and the German minister murdered, has been traced to Tien Tsin, where for a few days, as the empress dowager's husband, has been censoring the telegrams from Shanghai. The Shanghai correspondent of the Daily Express says:

Sheng, as head of the telegraphic administration, pretended that the line connecting Shanghai with Pekin had been down since June 9th and that the wires to Tien Tsin were cut on June 13th. Nevertheless it is notorious that constant communications have been passing from Shanghai to Pekin over the southern and western routes, although Sheng has refused both ministers and consuls the privilege of using the lines.

It is known that last Friday Sheng received a message from either Pekin or Tien Tsin. The dispatch said that Gen. Tung Fu Siang's troops aided the Boxers in an organized attack on some of the legation buildings, and that in the course of the attack some of the buildings were reduced to ruins, and one foreign minister killed to pieces. Why in the world it should have been added that the murdered minister was Baron von Ketteler is not explained.

According to another telegram from Shanghai, dated June 17th at 7:25 p. m., Sheng has fled, fearing that the foreign authorities were about to arrest him because of his stoppage of telegrams. A third cablegram asserts that the reports of the murder of the German minister emanated from London, are unconfirmed and are discredited at Shanghai.

GERMAN MINISTER CAPTURED.

The German minister has been captured, it is the announcement to the Morning Post from Pekin in a dispatch dated June 13th, 5 p. m., via Tien Tsin June 13th. This is the latest press message known to have left Pekin. It continues as follows: "A crowd of Boxers occupies Legation Street, cutting off communication between the legations and the city. The Boxers are parading in the city. Their superstition in regard to foreigners is very marked. The Boxers hold the officials of the Legation for ransom. Anarchy reigns at that place. The Americans

in the interior of the two neighboring provinces have been advised to leave, but several have no means of doing so. Unless a large force is sent there is danger of a massacre of native Christians. A large native army is ready to oppose the relief column on the way here. The Chinese government cannot decide whether to adopt the policy of rightly suppressing the Boxers or that of defying the world. The decision rests with dowager empress."

Women and children from Tien Tsin are pouring into Shanghai. The chief danger here is the fact that the native town behind the European settlement is full of bad characters, whose attitude is becoming every day more insolent and menacing.

The latest news to hand is that 7,000 Russians, with twelve machine guns and twelve field guns, are marching from Tien Tsin to Pekin. Last week foreign ministers warned the Tientsin-Yamen that in the event of an attack upon legations or of injury to any of the ministers or members of the staffs of the legations, the powers in common would declare war upon China. To this ultimatum the Tientsin-Yamen, as usual, returned no direct reply. The answer of the empress dowager is no doubt the attack upon legations by the Boxers and the troops under Gen. Tung Fu Siang.

It has transpired that a few days ago the victory of the southern provinces received orders from Pekin to co-operate with Gen. Tung in the defense of Pekin against a threatened invasion by the "foreign devils." They were instructed to send to Pekin, without an instant's delay, the troops they had available within their respective jurisdictions, "the time having now come to rid our empire of the evil elements which have so long threatened it."

FIGHTING IN PROGRESS.

The Shanghai correspondent of the Daily Telegraph, in a dispatch dated June 16th, says: "News from Pekin dated June 12th, says the Boxers were then killing hundreds of native Christians and the servants of foreigners." The same correspondent in a dispatch dated yesterday says: "Chinese reports state that Admiral Seymour is fighting with the Chinese regulars and the foreign forces have seized the Taku forts."

The following summary of the situation was telegraphed to the Daily News from Shanghai last evening: "The situation is critical and without parallel since the Indian mutiny. At the Yang Tze ports there has been no outbreak, but placards have been posted in Kien Kiang, Ussu Skin and Wu Hu, calling on the people to 'kill and burn.' A body of rioters 5,000 strong are at Kweilien, in the prefecture of Canton, and troops have gone to suppress them. The powers, unprepared, are helpless to prevent disaster, but barring thrilling local friction, they are working amicably."

ANTI-FOREIGN OUTBREAK.

The Pekin correspondent of the Times, in a dispatch dated June 16th, via Tien Tsin, June 16th, says: "A serious anti-foreign outbreak took place last night, when the finest buildings in the eastern part of the city were burned and hundreds of native Christians and servants employed by foreigners were massacred within two miles of the imperial palace."

"It was no riotous night for all foreigners who were collected under the protection of the foreign guards. The Boxers burned the Roman Catholic east cathedral, the large buildings of the Legation mission and the American board of missions, and also the buildings in the eastern part of the city occupied by the foreign employees of the maritime customs."

If the troops to reinforce the foreign guards fail to arrive today, further riots are expected. It is believed that no European has been injured."

"Telegraphic communication with the north," says the Shanghai correspondent of the Times, under Sunday's date, "ceased early this morning. The last message from Tien Tsin reported that fighting had begun, but gave no details. Messages for the north are now forwarded by steamers from Che Foo. The Boxer movement is gaining strength after the immunity with which the recent outrages have been committed, and it is likely to spread rapidly. Telegrams received here yesterday by the consul at Tien Tsin from the forces under Admiral Seymour close to Pekin as serious since they are confronted by Gen. Tung Fu Siang's troops, with large numbers of Boxers in the rear. Water is scarce and the commissariat defective."

CONDITIONS IN CHINA.

New York, June 18.—Rev. C. Prin of the Catholic mission at Kiang-Nan, where there is now danger from the Boxers, has written an account of the members of his community meet all attacks of the natives. He says:

Those sections of our mission which border on southern Chang Tung are no less infested with bands of robbers and murderers than Chang Tung itself. These brigands organize in regular companies under a supreme chief and subordinate leaders. They live together in villages and districts which become their headquarters. At ordinary times they attend to their usual work at home and in the fields and behave, to all appearances, like peaceful citizens. But suddenly an order comes to take the field, and then the march forth in a body, impose contributions on other villages, burn and even kill without scruple. If they have a grudge against

some of the missionaries, they will kill them without scruple. If they have a grudge against

some mandarin they assemble in sufficient numbers to form a large army, and are not afraid to fight pitched battles with the troops sent out against them. It is not hard to see how much trouble such men can give and, indeed, do give, to the missionaries.

But the missionaries, on their sides, have devised a plan for protecting themselves and their Christians, which is not the least of their success in China. As soon as the inhabitants of some village have been converted, the fathers, while attending to the duties of their apostolic ministry, see they are thoroughly drilled and taught to watch the enemy and defend themselves in case of necessity. The mandarin look with favor on these measures, which are of great assistance to them, and they are always ready to send reinforcements when notified of a threatened attack. Thus it happens that when the marauders fall upon a Christian village, they are greeted with a sharp fire of guns and cannon and are generally beaten back with heavy losses.

A Fight to the Death. St. Louis, June 16.—President Mahon, of the International Association of Amalgamated Steel Railway employees, made this statement this afternoon:

"This is now a fight to the finish. President Gompers told me this afternoon that he proposes to turn the entire power of the American federation of labor with its membership of two millions against the Transit company and fight the issue out if it takes five years to do it. The boycott of the Transit company, but to every person, every business man, every corporation or individual favoring them in any way."

CHRISTIANS FORTIFIED.

To get a true idea of one of our mission centers in the district which the robber bands have hitherto terrorized at pleasure, picture to yourself every Christian village as a small stronghold, fortified at every point of vantage. In the center of the village stands the residence of the missionary, who is none other than the missionary. This residence is a regular citadel, surrounded by high walls and flanked at its corners by four towers well fortified with guns and cannon. The gates are in and out is effected by means of ladders, which are each time drawn back within. During the day the father attends to his duties and the Chinese are well prepared to repulse the assailants. As a result of these measures the brigands become little by little discouraged and leave the Christian villages unmolested while the missionaries win for themselves the love of the neophytes, the confidence of the public authorities and popularity among the peacefully inclined portion of the people.

New Honolulu Bank.

San Francisco, June 18.—Col. G. W. MacFarlane, of Honolulu, and his associates in the First American Bank of Honolulu, have been granted a charter for the First National Bank of Hawaii. Mr. MacFarlane will sail for Honolulu this week to arrange for the taking over of the assets and business of the First American bank by the First National Bank. The new bank has been selected as the medium for paying of the postal deposits of \$750,000 due the depositors of the Postal Savings bank of Honolulu, an obligation that the American government assumed at the time of annexation, together with the \$1,000,000 of Hawaiian government bonds. These bonds will be paid later, but the Seigniors, together with the Anglo-California bank, will finance the payment of the postal deposits on the day of July. Mr. MacFarlane says that he will take with him \$750,000 in United States gold coin and government exchange with which to pay off all the claims of depositors.

Arizona Indians Suffering. Phoenix, Ariz., June 18.—S. M. McConnel, superintendent of the Phoenix Indian Industrial school, having been directed to investigate the condition of the Pima Indians on their reservation on the Gila river, thirty miles from here, who were reported to be suffering from famine, states that 8,000 Pimas and an equal number of Papagos are in great distress. Congress has appropriated \$25,000 for the relief of the Indians and rations will soon be distributed.

BUBONIC PLAGUE IN MEXICO. Report that it is at the Pacific Port of Guaymas. St. Louis, June 18.—A special to the Globe Democrat from Hermosillo, Mex., says:

Many exciting rumors have been current here for several days past to the effect that the bubonic plague has made its appearance at Guaymas, this State. A rigid investigation has been made by the Sonora health authorities, under direction of the national board of health. It is found that thirty Chinamen who arrived at Guaymas a few days ago, after passing through San Francisco and the United States in bond, were taken sick upon arriving at Guaymas, and the symptoms of their illness indicated that they were victims of the plague.

The whole lot of Chinamen were immediately isolated, and are now under surveillance, awaiting developments. Some of them have died, but the number of deaths is not known here.

RELIGION BY THE SWORD. Protestant Bishop Who Would Make Chinese Christians by Force. Chicago, June 18.—A special to the Tribune from Denver, Colo., says:

Bishop Earl Cranston, who recently returned from China, declared from the pulpit today that civilized nations must rule China. "It is worth any cost in money," he said, "it is worth any cost in bloodshed if we can make the millions of Chinese true and intelligent Christians."

"I would cut all of the red tape in the world and break all the treaties ever made to place the armies of the United States in the fore next to Great Britain."

"The open door must be maintained for Christianity as well as commerce."

Guarding Against the Plague. San Francisco, Cal., June 18.—In issuing health certificates to persons intending to leave this State, Federal Quarantine Officer Kinyoun is acting under instructions from Washington. Surgeon General Wyman is quoted in a special dispatch as saying:

"I have issued orders to Dr. Kinyoun to maintain a quarantine along borders of the State of California. The fact that the local quarantine has been lifted will not excuse lack of vigilance on the part of the federal authorities. Dr. Kinyoun received his orders some days ago. My desire is to establish such a strict quarantine along the Pacific coast that it will be impossible for a person suspected of having the dread disease to gain entrance to our shores. Quarantine officers not only at San Francisco but at other ports along the Pacific coast have been instructed to be most

ECZEMA=SATANIC ITCH.

This most aggravating and tormenting of all skin diseases is caused by an acid condition of the blood, and unless relieved through certain instrumentalities too much of this acid poison reaches the skin and it becomes red and inflamed. The itching and burning are almost unbearable, especially when overheated from any cause. The skin seems on fire, sleep or rest is impossible, the desperate sufferer, regardless of consequences, scratches until strength is exhausted. This burning, itching humor appears sometimes in little pustules, discharging a sticky fluid, which forms crusts and scales. Again the skin is dry, hard and fissured, itches intensely, bleeds and scabs over. This is a painful and stubborn form of the disease. While Eczema, Tetter, Erysipelas, Salt Rheum and many like troubles are spoken of as diseases of the skin, they are really blood diseases, because

THERE CAN BE NO EXTERNAL IRRITATION WITHOUT AN INTERNAL CAUSE.

If the blood is in a pure, healthy condition, no poisonous elements can reach the skin. External applications of washes, lotions and salves sometimes mitigate the itching and soothe the inflammation, but cannot reach the disease. Only S. S. S., the real blood medicine, can do this. S. S. S., the only purely vegetable remedy known, is a safe and permanent cure for Eczema and all deep-seated blood and skin troubles. It goes direct to the seat of the disease, neutralizes the acid and cleanses the blood, re-inforces and invigorates all the organs, and thus clears the system of all impurities through the natural channels; the skin relieved, all inflammation subsides, and all signs of the disease disappear.

Mrs. Lela M. Hoffman, of Burlington, Ohio, says she was afflicted with Eczema and Eczema from birth. Her face at times became so badly swollen that she was not recognizable, and her limbs and hands were very sore. She was treated by all the doctors in town without being benefited, and in her search for relief, was told by an old physician to take S. S. S. She followed his advice and was promptly cured, and has never had a return of the disease. This was seventeen years ago. She sincerely believes she would have been in her grave years ago but for S. S. S., and adds, "what it has done for me it will do for others."
