

## SENATORIAL VOTE COMES TOMORROW

There Will be But One Ballot and Sutherland Will be the Man.

### CAUCUS DETERMINED THAT.

Election at 2:30 p.m. in the House of Representatives—Will Leave for Washington Next Day.

At 2:30 p.m. tomorrow in the house of representatives the Republican majority will formally elect a successor to Hon. Thomas Kearns, the retiring senator from this state. The honor will doubtless fall upon Ex-Congressman George Sutherland, the unanimous choice of his party caucus for that high position. That means that he will take Senator Kearns' place in the senate on March 4 next, and that the latter will retire to private life. The retiring senator's four years of experience in the nation's chief law-making body have been active ones. Some of his acts have been severely criticized and have led to the making of ill-timed observations, one of which appeared in the news columns of this paper, already disclaimed editorially, that designated him "a traitor to Utah." It is true that some prominent members of his own party have thus expressed themselves, particularly those that have split off from the organization in the state, but such differences as exist between the senator and the members of his own party are for their private settlement, and the "News" sincerely regrets that there was even an echo of them in these columns.

It is expected that the election will attract a large crowd of persons tomorrow. Mr. Sutherland will, it is said, make an interesting talk after the ballot has been taken and after being formally notified of the result. He will leave for Washington the day following.

### LEGISLATIVE GOSSIP.

The election of a United States senator occurs tomorrow.

"To go or not to go," that is the question with many with respect to the inaugural ball.

All things considered, Speaker Hull's committee appointments seem to give pretty general satisfaction.

Joseph's measure abolishing the Lewis & Clark exposition commission, is likely to be gaining strength every day.

Speaker Hull and his associates in the house are practically a unit on the advisability of repealing existing boundary laws and enacting new ones.

Some of the members of the house favor the appointment of a special committee to look into the world's fair deficit and other expenditures in excess of appropriations.

On Saturday Representative Joseph, Kuchler, Thompson and Curtin "stole a march" on the Dumb and Dumb school at Ogden and closely scrutinized its inner workings, with a view to doing the right thing by the institution.

### TWO SUICIDES.

Man and a Woman at Pocatello Choose Poison and Bullet.

Special to the "News."

Pocatello, Idaho, Jan. 16.—Chris Johnson, an employee of the Oregon Short Line shops, died early this morning from the effects of a dose of carbolic acid self-administered. He leaves a wife and two children. He has a brother here, Cyrus. His former home was Spanish Fork, Utah. Despondency is supposed to be the cause of his rash act.

A woman of the row, committed suicide yesterday by shooting herself through the heart. It is said she became enamored of one of her callers and a few days ago called on him at his place of work and at the point of a gun obtained his consent to marry her, but he slipped out, and upon learning that fact, she ended her life.

### MORE SMALL POX.

Four Cases Reported to the Board of Health Today.

Four cases of smallpox were reported to the board of health yesterday. One of the patients is Hugh Murphy, a transient from Montana, who was staying at the Lincoln house, 65 east First South street. They have had a number of cases of the disease at that house, and the health officials have taken every precaution to prevent its further spread among the guests of the house. Murphy was removed to the quarantine hospital.

The other persons afflicted with the disease are: Everett O. Nash, aged 10 years, residing at 139 Center street; Beatrice Dye, aged 4, residing at 143 Center street; Florence Baker, aged 7, residing at 138 east Second south.

### DEATH OF MISS SMITH.

Estimable Young Woman of Centerville Succumbs to Pneumonia.

Special Correspondence.  
The messenger of death has visited the family of Stake Clerk John J. Smith, of this village, and taken therefrom Miss Rhoda Smith. Miss Smith, who was 25 years of age, was an estimable young lady, much beloved by all of her many friends, among whom a feeling of sadness now prevails.

Pneumonia was the immediate cause of death, although she has not been physically strong for several years past. A few years ago she had a severe attack of inflammatory rheumatism, which affected her heart, and her whole constitution, in fact.

The funeral services will be held in the Centerville meetinghouse Tuesday next at 1 o'clock p.m. Friends may view the remains at the family residence on that day.

### Mrs. Brodie Duke III.

New York, Jan. 16.—Mrs. Brodie L. Duke, whose recent marriage to a half-brother of the president of the American Tobacco company, was well received by the public, has died. She suffered from insanity, due to her mental condition, was said to be ill at her hotel today. A physician visited Mrs. Duke's apartments twice, but was unable to find her, and it was later reported that she could be taken to a hospital. There was no evidence at the hotel to-day that Mrs. Duke was under surveillance. No relatives, either public or private, were seen near the hotel where she was staying, and no one stationed there to watch Mrs. Duke.

## Distress After Eating

Nausea between meals, belching, vomiting, flatulence, fits of nervous headache, pain in the stomach, are all symptoms of dyspepsia, and the longer it is neglected the harder it is to cure it.

### Hood's Sarsaparilla and Pills

Radically and permanently cure the stomach and tone the digestive organs for the natural performance of their functions.

### Accept no substitute for Hood's.

"I had dyspepsia twenty-five years and took different medicines but got no relief until I began taking Hood's Sarsaparilla. Have taken four bottles of this medicine and can now eat almost anything, sleep well, have no cramps in my stomach, no burning and no diarrhea." Mrs. William G. Bassett, 14 Olney St., Providence, R. I.  
**Hood's Sarsaparilla promises to cure and keeps the promise.**

## SPEAKER NAMES HIS COMMITTEES.

One of the interesting features of this afternoon's session of the Legislature was the announcement of the various committees selected by Speaker Hull of the house of representatives. **IN THE SENATE.**

New Names Substituted This Afternoon for Senator Lewis.

The senate assembled today at 2 o'clock, with several senators from remote outside districts absent. In announcing the new committees to fill the places left vacant by the resignation of Senator Lewis from most of his committee positions, President Love announced the following: On appropriations, Senator Larson; on elections, Senator Hollingsworth; on forests and forestry, Senator Clegg; labor, Senator Gardner, chairman, and Senator Bamberg; on municipal affairs, Senator Williams; on rules, Senator Callister; on ways and means, Senator Gardner.

Opposed the introduction of bills, senate bills Nos. 4, 5, and 6 were read. No. 4 was introduced by Senator Larson, and provides for the creation of county boards of agriculture.

Senator Lewis is the father of senate bill No. 6. This bill calls for an appropriation of \$35,225, to cover a loan made by the National Guard when it was called into Carbon county during the strike, with the National Park bank of New York.

At 2:35 the senators adjourned until tomorrow.

**RESIGNATION ACCEPTED.**

Lient. Col. Greenwald of First Infantry Retires from N. G. U.

The message contained a number of entries from the clerk's records showing that John Ward, who died on Jan. 14, 1904, was buried in the same period. Since the delivery of the message it has developed that certificates to a much larger amount than \$99 are outstanding against the state.

It is evident very many of the warrants and certificates of payment issued by the state are being systematically robbed through the bounty law. Indisputable evidence to this effect has been secured within the past few days. I submit below a copy taken from the official record of the dock of one of the counties showing a manifest way of the perpetration of fraud. Doubtless the records of other county clerks will show a similar condition.
