QUILLS AND FEATHERS FOR HATS.

Hats that are being made for southern winter resous indicate quite positively forthcoming fashions for summer, but if one is truthful it is necessary to record that little new is shown. Quills, feathers and flowers are used for decoration, and the shapes are both flat and with high crowns. Hackabout morning hats are turned up at the left side, but trimming is also put directly in the middle as well as a trifle to the side of the front.

Eureka.—The Woodmen of the World are preparing to give a grand free en-tertainment at Odd Fellows' hall next Friday evening, the date of the frater-nal visit of I. I. Boak, the head con-sul commander of the order. A splen-did program is now being prepared to include addresses by Mr. Boak, Parley Christensen of Salt Lake, and Mayor James D. Stock, who will act as chair-man. There will also be music by the Eureka orchestra and several other musical numbers, including a male quartet, making a splendid program, to which the public is cordially invited. Mr. Boak is a brilliant speaker, and the Yoodmen expected to see Odd Fellows' hall crowded upon this occasion. After the program at the hall the Woodmen of Woodcraft and their busbands, will enjoy a banquet at the Elks' hall. Con-sul Commander Hensel and all the members of the local order of Wood-men as well as the Women of Wood-reaft will do everything possible to make the visit of the head consul com-mander to Eureka most pleasant one. NEW HANDKERCHIEF SLEEVE FRILL. ne lingerie waist is by no means a new article in the feminine ward-

robe, but the new lines show it in such attractive conceits that its favor is ever on the increase. Indeed it has become well nigh indispensable to the fushionable dresser as an accompaniment for the smart tailored coat and skirt suits. This season the sleeve is the point receiving the attention of designers, and novel indeed are some of the creations brought out for the new season's wear. This model has an elaborate front trimming of blind Swiss embroidery and sheer embroidered organdle, the little chemisette yoke of this latter material, the neck simply bound and finished with a tiny frill of Valenciennes lace, while three small tucks between the arms-eye and the yoke edge add a little fulness over the bust line. The sleeve which reaches to the elbow is tucked instead of gathered into a band of the embroidered organdie, and a new idea is seen in the handkerchief frill
