CITY'S NEW LAMPS.

Council Selects Two of the Latest Design.

PLAT OF DISTRICT APPROVED.

Big Savings in Street Lighting—Liberty Park Avenue—Temporary again; No Grand Works.

The Pioneer Electric Power company, by H. S. Campbell, submitted a complete plan of the proposed improvements, as they will have to be arranged, to cover with the location of the lamps, as determined by the Council. Two sample lamps were submitted, one was the latest improved design Carson lamp made by the General Electric company, and the other the Daniels Carbide lamp. Hudson's lamp made by the same company, for which it was said, filled all requirements of the contract. A drawing showing the general arrangement of the lamps to place with his supports and dimensions submitted. Augustus H. F. Dayward, engineer, of the Bureau of Manufactures, Cincinnati, Texas, ten minutes was taken, during which Mr. Dayward explained to the members the whole arrangement. Report was ordered to be made to the Council, and the Council adjourned the plan of both lamps which carried unanimous vote.

A BIG SAVING.

Street Supervisor Munn reported that John P. Heath, was preparing to lay 1200 feet of new street at the rate of \$10 per yard and the same under the several sources at the rate of \$10 per yard per week. The amount of work for supervision, he said, would be \$400 per month, which will be close to \$4000, unless more blocks are added to the existing line. That the Alton resolution, will give the contractor to Mr. Heath, had been fully honored, and that the city will be mostly ready by December last year's figures with this year's. The sum of applying several three blocks to August 1st was \$1000, and the amount due for the year's work applying at a rate of \$1000, or a decrease of \$500. The report was received and ordered filed.

LIBERTY PARK ACCOUNT.

City Auditor Brown reported that the Liberty Park department had overdrawn its account to the amount of \$1000, and that the amount of \$1000, which had accrued him, the amount would be made up by the increase in monthly expenses.

HIGH RATE OF SPEED.

Stanley Taylor and five others called the attention of the Council to the daily violation of the city ordinance by the Idaho Western Railway company. Particularly that the speed of the company's trains, running Third North and First West streets, is at the rate of 40 miles per hour, referred to as running on mainline.

MISCELLANEOUS.

James Eager presented a claim of \$200 to the council, on account of damages to his premises by reason of the waterworks, which caused a large amount of damage without any compensation. Refuted by committee on water works.

Others informed a resolution transmitting the city recorder to the Auditor, that the Western Railway company, for the carrying on of their business at 18 West Second South street, deserved the same committee.

The committee on claims recommended that Fred Paxton be paid the sum of \$100, as account of damage
