

UNIVERSITY OF UTAH.

Tomorrow evening President Kingsbury will address the people of Draper under the auspices of the Educational Institute. His subject will be "Our Youth."

Bids for the reconstruction of the physical science building are now in the hands of the building committee. At a meeting of the board of regents on Monday the report of the committee will be made and a bid accepted.

Principal George A. Eaton of the High School will address the normal society next Friday afternoon.

At a banquet given by the University club last night President Kingsbury responded to the toast "the University of Utah."

Supt. Christensen of the city schools visited the University Monday.

Yesterday afternoon Professor Stewart addressed the Parents' club of the Franklin school. His subject was "Home Occupation of Children."

Miss Mary Howard, '09, writes from Anacosta, Mont., that a number of students from that city will attend the University of Utah next year.

The chapel exercises will be conducted next week by Professor J. B. Toronto.

Mrs. Harvey Holmes has gone to her old home in Wisconsin to spend a few months.

Professors Allen and Stewart will deliver their illustrated lecture in the sixteenth ward, Sunday evening, March 2.

The second year normals in their domestic science work have finished sewing. They are now studying cooking. On Thursday they made candy and treated their friends.

Mr. Emmett Olsen and Miss Alice White, who have been out of school because of sickness, returned yesterday.

The singing at chapel this week has been more interesting than usual. On Tuesday Mr. Best sang a tenor solo. On Wednesday Mr. Wm. Farr favored the students with a bass solo, and on Thursday the Stringer-Johnson quartet sang several selections.

At a meeting of the athletic association yesterday changes in the constitution and bylaws were discussed. The association will meet next Friday for the adoption of the constitution and the election of officers for next year.

Mr. E. A. Taylor, a college student here last year, was a visitor on Monday.

Mr. Fred W. Reynolds B. S. '95, will be an instructor in English at the Harvard Summer school this year.

At a meeting of the Social League on Monday Miss Clara Hubbard was elected vice president in place of Vera Lynn. Miss Sarah Ward and Miss Kate Camp were elected members of the program committee, and Mr. H. F. Snidergard was elected sergeant-at-arms.

UNIVERSITY TRAINING SCHOOL.

Mrs. H. S. Young, who first advocated the study of domestic science in the schools of Utah, visited the training school on Wednesday.

Miss Birch, a former teacher in the training school, is doing work both as teacher and student in the University of Chicago. She will resume her work here next year.

A group of ladies from Montpelier, Idaho, in company with Mrs. J. D. Pile, were shown through the training school on Thursday.

Supervisor Horace Cummings will address the teachers of Juab county at Nephi, next Saturday on the subject "Nature Study."

Mrs. J. G. Allen, of Chicago, was a visitor at the training school on Thursday.

About 1,000 copies of the outlines on nature study are sent out from the training school each month, to the teachers of the state. So popular have these outlines become, that the county superintendents and teachers will urge that they be adopted by the state text book committee.

SALT LAKE CITY SCHOOLS.

Superintendent Christensen left yesterday for Chicago where he will attend the department of superintendence of the National Educational association. The meeting occurs in that city, Feb. 26, 27 and 28.

Mr. Glauque of the board of education, visited the Union on Thursday.

State Superintendent Nelson was a visitor at the Hamilton on Wednesday.

Supervisor Wetzel visited the Union on Thursday.

Superintendent Christensen, Frank

MAYOR LOW FROM THE CITY HALL EXTENDS GREETING TO PRINCE HENRY.

Mayor Low. Prince Henry on his arrival at New York will be received at the City Hall by Mayor Seth Low. The freedom of the city there will be formally extended to him. The above halftone shows the City Hall and Mayor Low.

- 11.—Class reading.....School
- 12.—Song, "Lullaby Ships".....School
- 13.—The Apple Tree's Story, song and drill, Kapa Richter, Stella Kane, Helen Owens, Hazel Clark, Gladie Owens and Phyllis Jackson.
- 14.—Drummer Boy, song.....School

Evans, Supervisor Pollock and Supervisor Wetzel were Quilch visitors the past week.

The friends of education are glad to learn of the return of Supervisor Elton to his duties and are pleased to learn that his father, who has been in very feeble health, is much improved.

The Union school is in receipt of a reading table and bookcase for the teachers' readingroom and library.

Room 7, Hamilton school, has organized a society to be known as "The Friday Star," with the following officers: President, Karl Spriggs; vice-president, Ethel Newson; secretary, Harvey Peterson; treasurer, Fay McFirdie. The class colors are pink and green.

Supervisor Pollock held her meeting

ADMIRAL ROBLEY D. EVANS.

ADMIRAL ROBLEY D. EVANS.

Admiral Robley D. Evans who will welcome Prince Henry of Prussia, is well known by some of the leading citizens of Utah. It will be remembered that it is to Utah "Fighting Bob" owes his position in the navy, it being from here that he received his appointment in an early day at the hands of Delegate W. H. Hooper.

of third grade teachers at the Quilch on Wednesday. Miss Pratt treated the subject of "Reading" and Mrs. Larson presented a lesson in geography on "Switzerland."

On next Wednesday afternoon at the Quilch, Miss Jennie Caulfield will treat a lesson in geography, the same being intended for the higher grades. Recently, in one of the schools of the city, pupils were asked to write a story of Abraham Lincoln. A little girl gave the following effusion: "Abraham became a member of the Civil war. Abraham got the Book of Washington and which he could have taken it back, but Washington said it did not hurt, and he said, 'If you will chop a little corn for me I will give you the book,' and he did, and Lincoln was glad it was his."

The following program was rendered in room 6, Grant school on Friday afternoon: 1.—Salute to the Flag.....School 2.—Dramatized story of Rhosus.....Olive Jones, Curtis Hawley 3.—A Laughing Chorus.....School

for the Success of our Public Schools." Evening, "Music as a Factor in Education."

Miss Lane of room 11, Summer school, conducted a written examination in music on Friday with most gratifying results. The papers were very neatly prepared and are a credit to teacher and pupils.

Supervisor Wetzel visited the Quilch, Union, Irving, Bryant and Summer schools the past week.

L. D. S. UNIVERSITY.

Leo pack has discontinued school to prepare for a mission to the Northwest States.

The faculty were the guests of Miss Heath on Friday evening, at a most delightful sociable.

The class in third year English has just begun the study of "Macbeth."

Alice Tate spent Saturday and Sun.

day at her home in Tooele. The occasion of her visit was the anniversary of her parents' wedding day.

A class in advanced psychology, the largest in the history of the institution, was organized with Prof. Paul as teacher last Monday. It has twenty-one members.

The class in general commercial law is doing good work under instructor Bird. The class numbers 45 members. The advanced class is now studying the Utah statutes on corporations.

The junior basketball team won a victory on Thursday, over the high school team, by a score of 19 to 9. In the evening the senior team was victorious over company C, with a score of 19 to 3.

In one week from today it is expected that all first year and preparatory students will remove to the basement of Barratt Hall. The preparatories are to have the large room; the first year, the other four. These five rooms, with the wide halls will fully accommodate these sections.

Two students were dropped from all the rolls this week for general failure in class work. Two were required to transfer to classes in which they could do the work. Two others are on the anxious bench wondering what will be done in their cases. The faculty defend their action on the ground that there are plenty of students who will work. No others can continue to take the time of teachers away from the work.

Photographs of several student groups were taken this week. The prettiest picture was that of the unblinking girls, clustered like flowers upon the steps of the Barratt Hall. The officers of the Columbian society and the girls' basketball team were taken separately, and the normal, high school, commercial and preparatory departments were each represented by a group that makes a delightful picture. The Rho Beta Pi, the guitar and mandolin club, the orchestra, and the athletic boys, were other good-looking groups.

BRIGHAM YOUNG ACADEMY.

Provo, Feb. 20, 1902.—Prof. Hickman will lecture in Alpine next Sunday.

Director Murdoch of Salt Lake will lecture before the students on Friday evening.

Mrs. Heber M. Wells was an interested visitor at the academy last week.

Prost, Cluff will spend Saturday and Sunday at the Josapa conference in Skull Valley.

Miss Ottoson and Miss Greenwood, former students of the academy, visited us on Wednesday.

More apparatus has been received for the physical laboratory. The study of electricity is at the white heat of interest.

A class in review grammar has been organized under Prof. Nelson. The aim is to strengthen the students in diagram work.

An excellent concert is promised the students next Monday night, when the Enoch Arden Opera company will appear in the opera house.

That the influence and good name of the academy is widespread is evident from the fact that catalogues are written for from far-off Alaska.

Steve R. Whitehead, president of the missionary class, will leave for his mission on Saturday. His classmates are preparing to give him a farewell banquet on Friday night.

At the board meeting held Monday afternoon it was decided that Chester Van Buren, a member of the expedition party, should, with the consent of his father, remain in Columbia to continue the work of collecting specimens of birds.

Prost, Cluff has held several meetings with the officers of the various classes for the purpose of becoming better acquainted with the class organizations and the movements begun during his absence in the south.

The banquet given by domestic science girls for the faculty, members of the board and visitors on fund day, was a most excellent one. Nothing but words of praise have been heard since then.

Among our visitors on fund day were Presidents Jos. F. Smith, John R. Winder and Anthony H. Lund, Apostles John Henry Smith, Reed Smoot and John W. Taylor, also Jesse Knight, Mayor T. N. Taylor, David Evans and S. L. Chipman.

Prest, Anthony H. Lund lectured on the "Influence of the Scandinavian Mother in the Home" before the Parents' class on Wednesday evening. A most excellent musical program was also given. Prof. Lund, Miss Howe, Miss Rasband and Mr. Vickers taking part.

The meeting of the literary society was a most enjoyable one last Saturday afternoon. The program was furnished by students of Miss Nelke's choice musical numbers, readings and drills. The special feature of the evening was a Samoan song by our two native Samoans, Nellie Josephs and Clarence Davids.

The concert given last Thursday night was most enjoyable. Prof. Anderson of Salt Lake was at his best and Mr. Forrest Huff of Pittsburgh captivated the audience with his clear, rich voice. The academy chorus was highly complimented by the visitors on its musical ability. The academy orchestra was out in full force and won hearty applause from the audience.

One of the most unique and pleasing features of fund day was the old-fashioned schoolhouse built in the gymnasium hall by the class of 1900. It was built of rough logs and stood in a clearing round which trees had been planted. The old well, the swing and the charm of the picture. It was a pleasing contrast to the schools of the day.

The members of Miss Nelke's special elocution class have organized a club to be known as the Speech Improvement club. Its object, as its name implies is the improvement of expression both by voice and body. At the first meeting the following officers were elected: President, Hannah Cropper; vice president, B. T. Higgs; secretary, Tressa Hines; treasurer, Ross Cutler; and executive committee, Eliza Ward, Zora Smith and Luella Lane.

B. Y. A. TRAINING SCHOOL.

Green has been selected as the Training school color.

Miss Ida Coombs of Payson spent last Friday visiting the first grade.

The Training school has been presented with a nice set of relief maps.

Many people were surprised at the excellent showing made by the Training school in the parade on fund day. Considerable attention was attracted to the banner reading "You won't know us when we're twenty" carried by the first grade on fund day.

The teachers of the Training school have just purchased sets of beautiful pictures for decorating the school rooms.

Principal J. M. Jensen of the Franklin visited the Training school last week. One Provo City teacher who visited were Miss Vilie Effert and Mr. M. I. Bushman.

The class of 1900 presented the Training school with the log cabin built for fund day. The children are delighted as they have been studying this primitive abode in their Lincoln work.

Cured Of Piles.

Mrs. Hinkley, Indianapolis, writes: "The doctor said it must be an operation costing \$500 and little chance to survive. I chose Pyramid Pile Cure and one box had made me sound and well." All druggists sell it. It never fails to cure any form of Piles, try it. Book on Piles, cause and cure, free by mail, Pyramid Drug Co., Marshall, Mich.

BRIGHAM YOUNG COLLEGE.

Logan, Feb. 20.—Mr. Mackin, the well-known eloquent of Salt Lake City, visited the college last Friday. At chapel that morning he delightfully entertained the students by reciting some very charming poems. His address to the students was full of interest and good instruction.

In the Philomathean society last Friday night, the advanced college students, represented by Messrs. Peterson and Hendricks, induced the judges to write down and send in their "nays" to the affirmative that "Jensen was a greater statesman than Hamilton." The affirmative speakers were Messrs. Bernheim, Stokes and Curtis of the 1902 class. The arguments were extremely well planned, and set forth in real historical perspective. This debate of the society, leading to the final struggle for college championship.

Elder Hood, a brother to Mrs. Linford, has lately returned from a mission to Samoa. He visited the college the fore part of the week and favored the students with a most interesting illustrated talk on the habits and customs of the Samoan people.

Sickness has ceased at the home of Professor Hall, so that Mr. Brady and Miss Roscoe are able to be back to school again.

On Wednesday morning at chapel a challenge was read from the lady basketball players of the class of 1904. It was directed to any lady team in school desiring to meet them in basketball court.

The Phi Polo Debating society is being made the most popular and most valuable society of its kind in the college. Weekly meetings are scarcely ever missed, and good debates are always on the program. It is said that the best debaters in the college are those who have been brought up in the Phi Polo society.

A splendid lecture was given last evening in the assembly hall, by C. L. Christensen from southern Utah. His talk was about the habits, customs, superstitions and legends of the Indians of Mexico and Arizona. Christensen started the Indian, named with Jacob Hammond, and has been a missionary among the Indians for 25 years. The lecture was very interesting and highly appreciated. A great deal of strange evidence was produced in favor of the authenticity of the Book of Mormon.

The last basketball game of the season will be contested next Saturday

between the college team and the team of the Latter-day Saints university. The college team has suffered defeat from these Salt Lake once this year, but now expect to defeat them. After the time of this game was set, the "varsity" team refused to play unless the gymnasium floor could be sprinkled with salt. The college team conceded and the game will take place on Saturday.

Elder Hood, before ending his visit at the college, left a gift to the students a number of copies of "The Book of Piles," which he brought from the islands.

Some very excellent results have been obtained in the penmanship department during the first half year.

The college faculty are making a special effort to look after the home life of the students.

The domestic arts department is about to introduce the Le Mode system of cutting and fitting. This system is recognized throughout the country as the best. The young ladies are highly pleased with the good they expect to get from this course.

BRANCH NORMAL.

Cedar City, Feb. 19.—The excitement of the recent election has now abated, and the school has again taken on the aspect of a quiet, industrious city.

Chapel exercises will be conducted next week by Mr. Lewis.

The Young Ladies' society will hold its regular monthly meeting next week. In the chapel exercises Thursday morning Miss Spencer read Thomas Moore's "A Tear of Repentance."

The Bennett Debating society has challenged the Young Ladies' society for a debate. The subject for discussion has not yet been decided upon.

Mr. Decker conducted chapel last week, his subject being "Literature." He spoke of the class of books good for students to read, and gave one talk upon "Divine Literature."

On account of the Valentine ball the students' society met Saturday evening instead of Friday. The usual spirit and good feeling was present. The following program was carried out:

Paper, "Some of the Traits of Student Life".....Mr. Clarence Jones Song.....Mr. Willard Jones Sketch, "Life of Mary Lyons".....Miss Mildred Roudy Song.....Miss Mildred Roudy Stump speech.....Mr. Robert Woodbury

At students' chapel last week Misses Berry and Parker sang "The Shadow." The remainder of the time was taken up with business matters.

Instructors Thomas and Spencer are thinking of giving another evening with the drama. "The plays presented will in all probability be 'A Box of Monkeys' and 'Utopia's Victory.' The last named being a dramatized dialogue taken from Marion Crawford's novel, 'The Witch of Padua.' The entertainment will be given under the auspices of the Athletic association.

The bright days of the past week have done much to revive the spirit of athletics. The boys are beginning to do serious work, and two girls' basketball teams have been organized. The Athletic association has in mind the giving of an indoor meet before many weeks have rolled away.

Friday night the young ladies of the school gave a burlesque Valentine party in honor of their success in the recent election. Dancing was the order of the evening. At 11 o'clock the distribution of Valentines was placed, and the young men found that upon responding to the calling of their names they were required to pay five or ten cents before claiming the prizes they drew. Many of the Valentines were made by the girls themselves, and as no one knows how to "hit" one quite so well as one's nearest friends, there was much merriment and "knocking" of teeth. All in attendance pronounced the evening a most successful one.

FOR SINCERE AND SPEAKERS

The New Remedy For Catarrh is Very Valuable.

A Grand Rapids gentleman who represents a prominent manufacturing concern and travels throughout central and southern Michigan, relates the following regarding the new catarrh cure, he says:

"After suffering from catarrh of the head, throat and stomach for several years, I heard of Stuart's Catarrh Tablets quite accidentally and like every one else I immediately bought a package and was decidedly surprised at the immediate relief it afforded me and still more to find a complete cure after several weeks' use."

"I have a little son who clings to a boy's chair in one of our prominent churches, and he is greatly troubled with hoarseness and throat weakness, and on my return home from a trip I gave him a few of the tablets one Sunday morning when he had complained of hoarseness. He was delighted with their effect, removing all hoarseness in a few minutes and making the voice clear and strong."

"As the tablets are very pleasant to the taste, I had no difficulty in persuading him to use them regularly. Our family physician told us they were an antiseptic preparation of undoubted merit and that he himself had no hesitation in using and recommending Stuart's Catarrh Tablets for any form of catarrh."

"I have since met many public speakers and professional men who used them constantly. A prominent Detroit lawyer told me that Stuart's Catarrh Tablets kept his throat in fine shape during the most trying weather, and that he had long since discarded the use of cheap lozenges and lozenges on the advice of his physician that they contained so much toxic, potash and opium as to render their use a danger to health."

"Stuart's Catarrh Tablets are large pleasant tasting lozenges composed of catarrhal antiseptics, like Red Gum, Blood Root, etc., and sold by druggists everywhere at 50 cents for full treatment."

"They act upon the blood and mucous membrane and their composition and remarkable success has won the approval of physicians, as well as thousands of sufferers from nasal catarrh, throat troubles and catarrh of stomach."

"A little book on treatment of catarrh mailed free by addressing F. A. Stuart Co., Marshall, Mich."

"THE GREAT SALT LAKE, PRESENT AND PAST."

By James E. Talmage, Ph. D. F. R. S. E., F. G. S., professor of geology, University of Utah, a book of 116 pages, beautifully illustrated. The first complete and authentic work on the renowned saline sea. Price 25 cents, postage prepaid. For sale by the Cannon Book Store, (Corner North and Main), 11 and 13 Main Street, Salt Lake City, Utah, and all news dealers.
