

## COUNCIL DIDN'T CONFIRM DEPUTY.

Can't See Its Way Clear to Approving Appointment of Miss Eddington.

## ABOUT ISSUING SEWER BONDS.

Authority Given to Re-advertise for Bids for Paving of South Temple—To Smother Noxious Fire.

At its meeting last night the city council refused to confirm the appointment, made by City Auditor C. B. Felt, of Miss Sara Eddington as chief deputy in his office to succeed W. D. Bowring, whose resignation the auditor reported he had accepted to take effect on yesterday. On last Monday night Mr. Bowring's resignation was submitted to the council and, upon motion of E. H. Davis, the time for it to take effect was extended to Aug. 31 instead of Aug. 15. A number of the councilmen could not see their way clear to vote for the confirmation of Miss Eddington when the former deputy's resignation is not effective until the last of the month.

Tuddenham moved that the appointment be laid over for one week, but the motion was lost. In order to get the matter before the council, Felt moved that the appointment be confirmed. Hartenstein and others opposed the appointment for the reason that they thought the place should be filled by a man. President Hewitt favored the appointment, and in that connection he said that Miss Eddington had been in the office as a clerk for several years and was very competent in her position and is also a staunch Republican. When the roll was called Felt, Wells, Wood and Hewitt voted in favor of the appointment. Martin voted against it but before the vote was announced he changed his vote to yes. The final result was five ayes and nine noes. Those who voted aye it was Black, Barnes, Dean, Teranston, Tuddenham, Hartenstein, Holsinger, Newhouse and E. H. Davis. A. J. Davis was absent.

## ABOUT SEWER BONDS.

The committee on sewerage and drainage, with the city engineer associated, recommended that the city attorney be instructed to draw up an ordinance or resolution providing for submitting to the voters at the coming election a proposition to issue \$100,000 bond issue in order to complete the sewer system of the city. A number of residents in the southern part of the city have petitioned for the completion of the sewer in that part of the city where it is badly needed, and it was upon their petition that action was taken by the committee. Upon motion of the committee for further action.

## WILL TRY AGAIN.

Upon petition, the board of public works was authorized to re-advertise bids for the paving of east South Temple street, the former bids having all been rejected by the board. The ordinance confirming the assessment of the property on that street from State and South streets to the city hall was passed by a unanimous vote of the council. The actual levy will only be made as far as Seventh East at the present time.

## TO SMOTHER NOXIOUS FIRE.

Considerable argument was indulged in over the proper method of putting out the fire at the city dumping ground where the refuse has been burning since last Wednesday, much to the annoyance of the residents of that portion of the city. Barnes introduced a resolution providing that \$300 be appropriated to cover the fire with dirt and then smother it. Some of the councilmen contended that the fire could not be smothered out with dirt, but the majority of the council was of the opinion that the fire could be smothered out with dirt. The resolution was finally adopted and the department was directed to go under the direction of the street supervisor.

## STONE PAVEMENT.

After quite an argument the council decided to have a stone pavement laid in front of the fire station on First South street instead of asphaltum. Martin wanted cedar blocks used but the other members of the council opposed the proposition. A claim for \$20,000 was presented to the council by the Fritsch Investment Co., asking that amount as compensation for damages to its residence properties on north East Temple street caused by the change made in the grade of the street. It is claimed that the change has diminished the value of the property for residential purposes in the sum mentioned above. The matter was referred to the committee on streets and claims with the city attorney and city engineer associated.

## FOR PERSONAL INJURIES.

Fred Hoddip presented a claim for \$25 damages for personal injuries received by falling into an excavation on Second East street, between First and Second South streets, on the night of June 3, 1904. The committee on claims will consider the matter.

## SPECIAL POLICE.

At the request of the assistant quartermaster general of the National Guard of Utah, Chief of Police Lynch sent in the appointment of T. J. Burkhardt as a special policeman at the armory to serve without pay from the city. The appointment was confirmed. The chief also sent in the appointment of Frank Johnson as a special policeman at the Geo. F. Felt Lumber company to serve without pay from the city. The appointment was confirmed.

## SPECIAL TAX DEPUTY.

City Treasurer Harris asked authority to appoint a special deputy to attend to the matter of collecting the special taxes on sidewalk extension No. 55, extending from South Temple to Fourth South and from Second to Tenth East streets, so that the extension can be

No 17

Worth \$1 a Week

Fels-Naptha saves half your labor in washing and half the wear on clothes.

Comfort and health can't be measured by money.

## IT IS A MATTER OF HEALTH

completed this year. The salary of the deputy to be \$5 per day. Upon motion of Black the recommendation of the treasurer was concurred in and he was given the authority asked.

## LIBERTY PARK SPEEDWAY.

The Salt Lake Real Estate association petitioned the council to construct a speedway for fast horses at Liberty park. The matter was referred to the committee on public grounds, and the petitioners will appear before that committee on Wednesday evening to discuss the matter.

## SUNDAY SCHOOL PERMIT.

The petition of Ensign Stake Sunday School Union for permission to conduct a Sunday school celebration at Liberty park on Thursday, Aug. 25, and for certain privileges in connection therewith, was granted by a unanimous vote.

## CONTRACT APPROVED.

The contract with Allen & Roemisch for the additions and alterations at fire station No. 1 was submitted by the board of public works, and ordered approved by the council. The contract price is \$5,250.

## DEPARTMENT PAYROLLS.

City Auditor Felt submitted the department payroll for the first half of the month of August, amounting in all to \$14,481.34. Those who were referred to the finance committee with the chairman of the other committees associated with power to act.

Woodmen State Day, Tuesday, Aug. 16th. Salt. Come and win a prize.

## MURPHY'S GOOD LUCK.

Got His Diamond Back After It Had Been Sent to the Laundry.

Those philosophers who say "there is no such thing as luck" must needs change their minds when they learn of the experience of C. T. Murphy, proprietor of the Constock saloon, for that gentleman no doubt could find in water without getting wet. It is said of him, too, that when a boy his slice of bread would always fall butter-side up.

The latest evidence of his luck was presented the other day when the beautiful gem he is wont to sport on his shirt front, after being separated from its owner for several days, was restored to him. It seems that upon returning at the Kenyon on Friday night Mr. Murphy took the diamond from his shirt and placed it in a napkin slip for safe keeping. On arising in the morning, however, he forgot all about his shirt and went off about his business. About noon it occurred to him that his property had been left at the hotel, and he immediately returned there to enquire about it. The bed linen in the mean time had been sent to the laundry, and the article in which he had left his gem had gone with it. The chambermaid who attended Mr. Murphy's room had seen nothing of it, and although every nook and cranny was searched it could not be found, and its owner, thinking for once luck had failed him, gave up the quest. Yesterday morning, however, he received word from the hotel to call and identify his property, which he did, and recovered his lost solitaire.

It had dropped from its place of concealment into the water, and as the housekeeper was looking over the premises she discovered it, and lost no time in restoring it to its owner.

Other pieces of luck, as remarkable as the above, could be told, but as the housekeeper was looking over the premises she discovered it, and lost no time in restoring it to its owner.

Other pieces of luck, as remarkable as the above, could be told, but as the housekeeper was looking over the premises she discovered it, and lost no time in restoring it to its owner.

## OFFICERS CHOSEN.

The Utah Society for the Friendless Completes its Organization.

As indicated in yesterday's "News," The Utah Society for the Friendless was organized at 4:30 p. m. yesterday, at the Press club, with these officers: President, Judge Charles W. Morse; vice president, Major Richard W. Young; secretary, Horace H. Smith; treasurer, Miss Nora Gleason; judges, Hon. Fisher S. Harris, Judge O. W. Powers, Rev. Benjamin Young, Rev. E. A. Simpson. There is one director yet to be chosen, as a citizen selected yesterday finds himself unable to serve, and the vacancy will probably be filled by Hon. Frank Pierce. The society will incorporate this week.

## THE ORGANIZER OF THE UTAH SOCIETY FOR THE FRIENDLESS.

As indicated in yesterday's "News," the organizer of the Utah Society for the Friendless is Rev. E. A. Fredenburgh of Topeka, general superintendent of the Society for the Friendless, which now includes over eight states in the scope of its operations. One important phase of the scheme, as previously stated in the "News," is to have a watchful care over discharged convicts, that they may be assisted in getting into touch with current life once more, and work, and be given an incentive to live sober and industrious lives, a credit to themselves and to whatever community they may chance to find themselves resident of. At present, when a man is released from the state prison, he is given a cheap suit of clothes and \$5 in money. The money does not last long, particularly where he gets in with "old friends," and then, with his friends gone, and starvation in sight, he gets into trouble again and shortly is a charge on the state once more. From a merely economical standpoint, this is a dead loss to the state. Most released men only need a little help to get started, and this is in fact far cheaper than the costs of a trial and prison maintenance. The citizens named above are experienced in public affairs, and understand the various public questions covering this field of human work, and it is confidently expected that their efforts, especially in the field of legislation, will be particularly helpful.

Mr. Fredenburgh is an enthusiast in his work, and notwithstanding the fact that he is not over robust, manages to cover a large and constantly growing field. He is a Congregational minister, and formerly occupied an eastern pastorate.

## WITH THE SUNDAY SCHOOL WORKERS

Enthusiastic Union Meetings Held In Various Stakes Last Evening.

## PREPARING FOR BIG REUNION.

Ensign Officials and Students Arranging an Interesting Program for Aug. 25 at Liberty Park.

The August meeting of the Ensign Stake Sunday School Union Board was held in the Twenty-first ward meeting-house last evening.

When considering the season, the meeting was exceptionally well attended and marked interest was manifested. Several Bishops of the stake, and visitors from other stakes were present, the former taking an active part in the business before the meeting.

Supt. George H. Wallace called the meeting to order and conducted the exercises. The topic under consideration was the "Weekly Teachers' Meeting," and proved a very interesting one. The program outlined for these meetings by the stake board, providing work for all departments, including, secretaries, librarians, chorists and organists, was placed in the hands of the local officers and teachers, who gave the subject very thorough consideration. In each department the matter was discussed by the workers, all being found in hearty accord with the plan.

The final Sunday school outing of the season, to be conducted under the auspices of the Ensign stake at Liberty park, Aug. 25, was also announced and taken up in the respective departments. This celebration bids fair to be the most popular event of the season. The various committees are busily engaged perfecting arrangements for the many attractions. The sports are to begin at 10 o'clock and continue throughout the entire day, consisting of bicycle racing, conducted by Mr. H. T. Rippet; rowing and swimming contests between Pacific islanders; basketball, conducted by Prof. Willard W. Bean; motor racing, under the direction of Mr. T. M. Samuelson; baseball games, obstacle races, wheelbarrow races, tug of war contests, and other games of three miles and many other minor and novel sports will be conducted. Arrangements are also being made for some special attractions, and it is known as soon as details are fully completed. Held's band will be there during the afternoon. Mr. Josh Davis, the most successful Chinese mimic in the United States, will be present all day to create merriment, and Messrs. Margetts and Clawson will also do their share of creating amusement.

A long list of prizes is creating much enthusiasm among the Sunday school members, who will compete for them, many to be retained by the winners, while others go to the schools they represent. Among the latter being a \$10 prize to be awarded the school having the greatest percentage of enrolled members on the grounds. All schools of the city participating.

## SALT LAKE STAKE UNION.

### Many Important Topics Presented in Different Departments.

The Sunday School union meeting of the Salt Lake stake was held last evening in the sixteenth ward chapel. Supt. C. B. Felt presiding; Assistant W. S. Burton acting as secretary.

After the opening songs and prayer, Supt. C. B. Felt spoke of the grand success which attended our Pioneer celebration at Liberty park, July 25. He expressed his sincere thanks to the wards which contributed their time and means in helping to make this day as realistic as it appeared. Felt that the pioneers enjoyed themselves and that the children and the pioneers had a chance to witness sights that would be more lasting than were they to read volumes of written history concerning the same affairs.

In the superintendent's department the matter of visiting of officers and teachers to other schools was considered and the benefits derived therefrom were placed before the department.

In the theological department the subject of the Resurrection and Ascension of Christ was considered. Also a discussion of the plan and best methods of presenting lessons.

The Second Intermediate department discussed how to secure and hold the pupil's attention, and impress upon his mind the time, place and condition existing in connection with the subject in hand.

The First Intermediate department discussed the best methods of conducting a concert recitation. A paper was also read upon the benefits of pictures and charts in Sunday school work.

The Primary and Kindergarten departments considered their September lessons.

In the Secretaries and Librarians' departments the matter of obtaining information for reports was considered. Also best methods of caring for library books. An ably prepared essay was read upon "The Duties of a Secretary" by Secy. Kjar of the Fifteenth ward.

The chorists and organists dwelt

What Thinking Takes Out of Brains must be Put Back by Food. Grape-Nuts.

"There's a Reason."

upon songs and music appropriate for Sunday school.

After singing meeting adjourned. Benediction by Sister Jennie U. Davis.

## PIONEER STAKE S.S. MEETING

A Large Attendance—German Subjects Discussed.

The Sunday School Union of Pioneer stake met in the Seventh ward meeting-house last evening with a splendid representation of officers and teachers present.

The meeting was presided over by Stake Supt. James N. Lambert, Asst. Supt. Carl J. Larson conducting the exercises. After the usual devotional exercises the different departments separated and discussed class work under direction of the board of Sunday school aids.

In the superintendents' department the question of how to obtain correct reports of the percentage of those who kept the Word of Wisdom and of those who were illiterate was discussed.

Elder William McLachlan, president of Pioneer stake, being present, gave the class valuable instructions as to the proper methods of obtaining this information, and also addressed the assembly at the conclusion of class exercises on the question of uniformity in the schools in administering the sacrament of the Lord's supper.

## WENT BY BOAT.

Cody, Wyo., Parties Arrive at World's Fair After 8,000 Mile Trip.

Last Friday afternoon John Holmes and son, Gus Holmes, of Cody, Wyo., arrived in St. Louis after a journey of 8,000 miles from Billings, Mont., having made the entire journey in an open boat.

The two Holmes, desiring to see the world's fair, decided to make the journey by boat and initiate the feet of Lewis and Clark, upon their return from their historic journey to the Pacific coast. They had constructed a raft, built of logs, and loaded with many respects to that used by Lewis and Clark, and launched their craft on the Yellowstone river at that city on May 16. They sailed down the Yellowstone to the Missouri, thence down that stream to the Mississippi and on down to St. Louis.

The boat was provisioned for the entire trip and the journey made as if no cities or towns existed along the route taken. Both of the voyagers enjoyed excellent health during the trip and met with no serious mishap on the voyage. The entire trip of approximately 8,000 miles was made in 10 days. After enjoying the sights of the world's fair the two Holmes will return to Cody by rail.

This journey has been made but few times by white men in recent years although in the early days the fur traders reached the Indian tribes of the west by this means, few, however, venturing as far as Montana. In 1806 Lewis and Clark, the first white men to cross the United States overland to the Pacific coast, upon their return floated down the Yellowstone and Missouri to St. Louis, and according to Bradbury's sketches of the Northwest, John Colter made the same trip in 1810.—Rock Springs Miner.

## \$10 Cash Prize.

Holder of lucky number will receive a ten-dollar gold piece at Saltair Employees' day, Thursday.

## B. S. YOUNG'S WELCOME.

Hardly Had He Arrived in Canada When Team Was Stolen.

Shortly after arriving in Raymond Brigham S. Young missed two horses which he had brought with him from Utah. About two weeks afterwards he received word that one of them had been sold in Shelby, Mont., two days after they had left Raymond. Mr. Young went to Shelby and regained his horse, leaving a description of the other missing animal. On Saturday he received a telegram from the deputy sheriff at that point saying that horse was found and had been captured in and asking that a warrant be forwarded.

In the meanwhile the police had been informed and Supt. Beigh secured extradition papers and went north after his man, returning with him to Lethbridge.—Raymond Chronicle.

## OF INTEREST TO SICK PEOPLE.

We have all the sympathy in the world for sick people, and want to treat them in a serious way. There is no humor in pain and affliction, but hard earnest fact. It is impossible for the patient to improve, unless he has the sympathy and the endearing and their anxiety for relief. To get well or be relieved is their one thought and money that will bring about has their everlasting gratitude. We have thousands of letters from people who have had pneumonia, sick-headache, bilious attacks, who tell us how thankful they were for having used Dr. Gunn's Improved Liver Pills. They are sold at all drug stores for 25 cents per box. Only one for a dose. These pills remove the cause of disease and make the skin clear and healthy looking.

Woodmen State Day, Tuesday, Aug. 16th. Salt. Come and win a prize.

## AUERBACH EMPLOYEES EXCURSION

To Ogden, August 18th.

Grand annual outing. Everybody invited. Special train leaves D. & R. G. depot at 1 p. m. Returning leaves Ogden 11 p. m. Trout and chicken dinner at the Hermitage. Bicycles carried free. Fare \$1.

## \$10 Cash Prize.

Holder of lucky number will receive a ten-dollar gold piece at Saltair Employees' day, Thursday.

## SOCIAL AND PERSONAL.

Tonight the wedding of Miss Annette Ferguson and Ralph A. McBroom will take place at the home of the bride's mother, Mrs. Jeannette Sharp Ferguson, on Second East street, at 8 o'clock. Dr. W. A. Paden, Miss Kate Groo will be bridesmaid, and Prof. Benjamin Howell of the University will act as best man. The young couple will leave after the wedding for an eastern trip.

Salt Laker will be interested in the news of the engagement of Mrs. D. C. McLaughlin to this city to Dr. McEnery, a noted English physician, whom she met in her trip abroad. It is probable that the wedding will take place this fall.

Mrs. W. P. Kiser gave a supper following the play at the theater last night in honor of Miss Ethel Barrymore.

Mrs. Victor Clement left yesterday for Chicago and other eastern points.

Mrs. P. E. Bird gave an enjoyable evening party last night for her daughter, Miss Cassie Bird, the entertainment being "Hearts."

Miss Louise Spencer leaves today to visit the world's fair.

Miss Charlotte Holmes entertained at

## Men's Underwear Reduced Wednesday Forenoon.

The light weight summer lines will be sold at half prices. This is a big bargain.

## BIG RIBBON SALE THIS WEEK.

Keith-O'Brien Co.

## OGDEN & RETURN, \$1.

Via D. & R. G., Aug. 18th.

The employees of F. H. Auerbach & Bro. extend a special invitation to all their friends to join them in a grand outing in Ogden Canyon. Free dinner until 10 p. m. Trout and chicken dinner at the Hermitage and the Oakes. Fare from Ogden up the Canyon, 40c round trip. Special train leaves Salt Lake 1 p. m.

## IMPROVED TRAIN SERVICE

Offered By the Henderson Route Between St. Louis and Louisville.

Kentucky's popular line, the Henderson Route, has inaugurated a safe and Fast Day service between St. Louis and Louisville in each direction, and will improve the time and equipment generally of all trains between these points.

Three daily trains will be operated in each direction on the following safe schedules between St. Louis and Louisville:

Leave St. Louis 9:01 a. m. 8:45 p. m., and 8:20 a. m. Arrive Louisville 6:50 p. m., 7:15 a. m. and 6:50 p. m.

The equipment is brand new just from the shops, and the most modern vestibule pattern and is as fine as in any train operating in or out of St. Louis.

The 8:01 a. m. train, through without change of cars, will consist of Pullman Observation Parlor Cars, Free Reclining Chair Cars, Dining Cars, and high back seat passenger coaches.

The 8:45 p. m. train, through without change of cars, will consist of Pullman Sleeping Cars, Free Reclining Chair Cars and high back seat passenger coaches.

The 8:20 a. m. train will have Parlor Cars, Dining Cars and high back seat passenger coaches.

The Dining Cars on day trains will serve meals a la carte—you pay only for what you get.

All trains will leave from and arrive in the magnificent Union Station, St. Louis, arriving at and departing from the Union Depot, Louisville.

In purchasing your tickets to Louisville, Kentucky points and to points in the East and Southeast, ask the agent for tickets via St. Louis and the Henderson Route. He will have them in stock and will be glad to ticket you that way.

You will be satisfied in every respect with the accommodation and safe train service that is offered by this line which has been termed the official Route for comfortable travel.

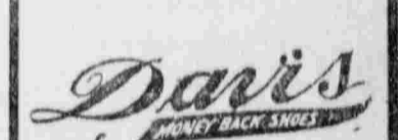

He brought his watch in to have it repaired. When he called for it he said the charge of \$2 was too much. Two weeks later he called to compare time and found his watch had varied but three seconds. He was then pleased and forgot the cost. So does everyone. 'Phone 65 for the correct time.
