WEBER COUNTY FAIR.

Association Making Strenuous Efforts To Make a Splendid Show.

Horse Racing, Vandeville and Other Events—Dr. Driver Home From Europe.

The directors of the Weber County Fair association were in session nearly all of yesterday afternoon and made great strides towards completing the arrangements for the exhibition.

The directors signed a contract for a troupe of vaudeville artists to be on hand the last three days of the fair and give two shows each day. The agreement is the same as has been agreed to appear later in the season at the state fair.

The directors also arranged for three days of racing and have offered an advance of \$5 on the highest prizes hereafter given to winners. Instead of there being five prizes for each event, the board likewise received a number of extra premiums and appointed judges for the different classes of exhibits.

About two-thirds of the floor space in the building has already been contracted for. Twenty new stalls for racing stock are all but completed, and racing stock have been leveled around the main building. Three Nevada horses were yesterday brought to the grounds and housed in three of the stalls.

All the canning factories will have fine exhibits, also the sugar factory, the fruit evaporating plants, and other exhibits of the county.

An interesting phase of the exhibition will be the flag. The main building is to have the flags of all the principal nations, thirty-four in number, and the work of making these flags will be done in various homes of the city, there being no time to send a number of them to Ogden.

The board likewise received a number of extra premiums and appointed judges for the different classes of exhibits.

The fair will surely be a great success.

Dr. John Driver returned yesterday after two months absence in Europe during which time he visited England, Holland, France and other nations. The doctor brought back a number of rare and fine flowers with which to gratify his taste for floriculture.

Crops Injured by Heat and Drouth.

Special Correspondence.

Bloomington, Washington Co., Sept. 11.—We have been having almost no weather here as we had during July and August.

The price people now have some water in their canal—their dam having stood all the floods we have had lately. Considerable of the fruit is poor this year on account of the excessive heat and scarcity of water. The hay crops are not as large as they would have been owing to same cause. Bees in this section are doing badly, there being but little honey in the flowers on account of the drouth.

Mr. and Mrs. John A. Stringham were made happy by the arrival of a baby boy on Aug. 29.

THREE CHICAGO DOCTORS

Failed to Do for Miss Mabelle L. LaMonte What Was Accomplished by Lydia E. Pinkham's Vegetable Compound.

She Has Written a Faithful Account of Her Case to Convince Other Suffering Women.

The beautiful young lady whose portrait we publish in this article has only one object in view in allowing us that great privilege, and that is to help convince other young women that Lydia E. Pinkham's Vegetable Compound will positively restore their health and relieve their suffering as surely as the sun shines.

MISS MABELLE L. LAMONTE, Leader Ninian Singing Society, Chicago, Ill.

"DEAR MRS. PINKHAM:—I was in an awful state for nearly three years with a complication of female troubles which three physicians called by different names, but the pains were all the same. I dreaded the times of my monthly periods for it meant a couple of days in bed in awful agony. I finally made up my mind that the good doctors were guessing; and hearing from different friends such good reports of Lydia E. Pinkham's Vegetable Compound, I tried that. I bless the day I did, for it was the dawning of a new life for me. I used five bottles before I was cured, but when they were taken I was a well woman once more. Your Compound is certainly wonderful. Several of my friends have used it since, and nothing but the best do I ever hear from its use. Yours, MABELLE L. LAMONTE, 222 E. 31st St., Chicago, Ill."

If Lydia E. Pinkham's Vegetable Compound will cure Miss LaMonte—why not you? You cannot tell until you try it. If you are ill, and really want to get well, commence its use at once, and do not let any drug clerk persuade you that he has something of his own which is better, for that is absurd. Ask him to produce the evidence we do.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling, inflammation or ulceration of the uterus, ovarian troubles, that bearing-down feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. No living person has had such a vast and successful experience in treating female ills. She has cured thousands of others and she will cure every suffering woman who will simply ask and follow her advice.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, Mass., which will be paid to any person who can find and return the writer's special penman. Lydia E. Pinkham Medicine Co., Lynn, Mass.

working in the forest and find an arbol de leche, they very often tap it and drink the milk."

Mr. Van Buren fervently asks his parents to be patient with him, and not worry about him, that he may stay the full time of his mission, even though he is lost at times in the forests.

Tooele county officials have been doing a good job repairing the road between here and the county seat.

DECLINE OF MERCURY.

The Union Mercantile company at Mercur have bought out the Mercur Meat and Produce company. Several changes in the commercial line are taking place there. McCormick's branch bank has suspended business. The Union Mercantile company will take care of the banking interest there in the future. There is some mistrust

in the stake also to visit the various schools and see that the methods adopted by the board be carried out in the schools. Stake Sunday School Union meetings will be held once in three months at time and place of holding stake quarterly conferences, between the meetings of the conference.

SORROWFUL ERRAND.

WARDEN ARNEY DISCHARGED.

In the probate court yesterday Judge Charles F. Koelsch gave his decision in the case of the State vs. Warden C. E. Arney which was heard Friday. The court held that the evidence adduced by the prosecution had not shown the warden connected with any abortion, if there was one, and he therefore dismissed the complaint.

In the case of the State vs. Dr. J. K. Dubois, Judge Koelsch said he would have to take a little more time to review the testimony.
