### LOCAL NEWS.

FROM TUESDAY'S DAILY, JAN. 27.

**The Disbarment Case.**—As will be seen by our minutes of the Supreme Court proceedings elsewhere, Mr. Blandin will have a hearing to-morrow on the points of fact raised in his answer. His demurrer was argued yesterday by Messrs. McBride and Varian, and overruled to-day.

The case of McKnight will be put into the hands of a committee to get evidence concerning the matter and report at the next term. The committee has not yet been appointed.

**Having an "Out."**—To-day the scholars of District School 25, South Cottonwood, enjoyed the pleasure of a sleigh ride into and around town. They numbered over a hundred, and were in ten sleighs. They were accompanied by the teacher, Mr. William Bradford, and Trustee James Gilbert. They were supplied with candy and other good things by the gentlemen in charge, viewed the sights of the city and had a good time. This is a sensible way of giving the children a wholesome change from the routine of the school room.

**Dr. Mattie Hughes Subpoenaed.**—Yesterday Deputy Marshal Tyler—the only one of the deputies said to know Miss Hughes, called at the Deseret Hospital, intimating that he had come to settle an indebtedness of \$15 due that lady. On her appearance, however, he served a subpoena commanding her to appear before the Grand Jury next Monday, on which date that body convenes, and on which occasion she will be required to tell what she knows concerning the Cannon case. It is, perhaps, needless to say that the deputy took away no receipt for his indebtedness, but simply promised "to call on the first of the month and settle."

**Canal Matters.**—The parties interested in that drainage canal project should not fail to attend the meeting which is called for Saturday, February 7th, in the 19th Ward school house. That will be the time for the Brighton folks to show up the advantages of their route, if it possesses any. Those who favor the other route claim that the Brighton canal has not sufficient fall, and that it is all the way from six to nine feet higher than the new route is, and therefore of less value for drainage. We like the idea of the subject being agitated at this season of the year, and hope the interest in it will not be allowed to subside until the desired object has been accomplished.

**Persistent Impudence.**—We are informed that the other day a poorly clad individual knocked at the door of a respectable citizen and upon its being opened he crowded himself in without being invited and asked some very impertinent questions. He was ordered out—by the lady of the house but he hesitated to go, saying he was a poor man and wished her to give him some money—even five cents would be much appreciated. The lady gave him a trifle, whereupon he wished to know her name. She replied that it was no matter. He insisted, saying that he always wanted the names of benevolent persons who gave him assistance. The lady suspected what his object was and to get rid of him, replied, "Mrs. Johnson, at your service," and closed the door in his face.

**A New Ward Organized.**—From a private letter written by Brother A. K. Thurber, of the Presidency of the Sevier Stake, to Presiding Bishop Preston, we learn that he and President W. H. Seegmiller have recently been making a tour through the eastern part of that Stake. He says: "We have visited the valleys below Fremont Valley, namely, Kane, Big and Little Blue, also Graves Valley, and find a fine soil and climate, and sufficient water to sustain quite a population.

We found 27 families who reside from 50 to 70 miles from their Bishop at Thurber, and as the country is being settled up we deemed it advisable to organize a temporary Ward, which we did by appointing Henry Giles Bishop, who selected E. K. Hanks as his First and Wm. Bacon as his Second Counselors. The Ward is named Blue Valley Ward."

**A Returned Missionary.**—We had a call this morning from Elder Charles P. Ostler, of Nephi, who returned to our city last evening from a mission to the Southern States, upon which he started on the 5th of December, 1882. He labored while absent in North Carolina and Virginia, first in company with Elder John H. Barlow and subsequently at various times with Elders James Jenkins, Amos Cook, John E. Rousche, B. F. McKinney, John S. Willie, Charles Noakes, Joseph Belknap and E. G. Farmer. He met with considerable opposition, and upon one occasion was pursued by an armed mob with guns, but escaped without injury. He also found many kind friends in the South, both inside and outside the Church, had some success in his labors and on the whole enjoyed his mission very much, and appreciates his experience while abroad. He had some difficulty in getting home, owing to funds sent from here to pay his fare having failed to reach him. He was one month on the way, being delayed at several points, but returns in excellent health and spirits.

### TERRITORIAL ITEMS.

CULLED FROM LATEST EXCHANGES.

—Park City is now lit up with street lamps.

—A man by the name of Thos. Hess, swooned and fell upon the sidewalk in Park City on Thursday last, and before a doctor could reach him he was dead.

—An unusual amount of sickness is now prevailing in Richfield, Sevier County, but the *Echo* in mentioning the fact fails to inform us of the name or nature of the epidemic.

—For the second week in January, the earnings of the Denver & Rio Grande Railway were \$98,686, a gain of \$2,576 over the corresponding week in 1884. It is somewhat gratifying to learn that the stock of the road has advanced the New York market to even figures, nine cents on the dollar.

—The Idaho Democrat says: Polygamy is a stench in the nostrils of decent men. It is indeed the twin relic of barbarism. It must go to the wall. And then the poor polygamist Mormons must do like the chaste Gentiles—have one (or none) legal wife and lots of women that are not legal.

—A severe accident happened to engineer Sankey, about two and one-half miles north of Beaver Canon station, about 9 o'clock on the morning of the 23rd. He was coming down the canon on a lone engine, when it got the start of him and the fireman applied the brake, but it did no good. The engine jumped the track and tipped on its side. The fireman escaped unhurt, but Sankey had one leg caught under the engine as it tipped over, and it is supposed to be badly broken. He was taken to Eagle Rock for treatment.

—Sunday afternoon, Bill Bean and Phil Shuman, inmates of the Ogden City Jail made a break for liberty and were successful. They effected their escape by cutting the heavy bolt of the upper hinge on the large iron door in two, thus being enabled to spring the door open sufficiently to squeeze out, by standing on a chair. Shuman was to have been taken to the Penitentiary yesterday, awaiting the assembling of the Grand Jury. Bean was undergoing a year's imprisonment, and was also wanted on another indictment at the expiration of that term.

Sheriff Belnap offers \$25 for the arrest of Bean, and \$50 for the necessary information to convict the parties who assisted in Bean's escape.

FROM WEDNESDAY'S DAILY, JAN. 28.

**Housebreakers at Work.**—Burglars entered Mr. Geo. Careless' house last evening, between half-past 6 and half-past 8 o'clock, and stole a gold neckchain, a pair of earrings, a pair of bracelets and two revolvers. Mr. Careless says the man must have entered the house through a window at the back part of the house. Mrs. Careless was away from the house at the time, which afforded the thief every opportunity. The second-hand stores and pawn shops have been visited by Mr. Careless, but none of the articles can be found. The police are on the alert.

**Charged With Incest.**—G. E. Chase yesterday appeared before Justice McIntyre, of Price, and swore out a complaint against Richard R. Mills, who had been living at Castle Gate, charging him with incest and attempting to leave the country without settling his debts. The magistrate telegraphed to the Justice at P. V. Junction, ordering the arrest of the accused but he refused as he had no warrant. Mills was arrested at Provo

on the arrival of the train which bore him. His 15 year old daughter was traveling with him.

**A Sudden Death.**—From a gentleman who has just returned from a visit to Heber City we learn of a very sudden death which occurred at that place on the 9th inst. An old gentleman about eighty years of age named Anderson went into his son's blacksmith shop on the day mentioned, smoking his pipe, and apparently as well as usual. It seems that, wishing to do a little piece of work, he took up a hammer and went to the anvil, but while act of raising the hammer he fell dead. Our informant states that no cause was assigned for his sudden death, except that he was very old, and the well-worn machinery of life broke down all at once. He has three sons and one daughter living at Heber City.

**The Tintic Branch.**—A branch of the Church was organized in Tintic, Juab County, about six months ago, and Brother John Beck, the enterprising mining man of that region, appointed to preside over it. A meeting house was built immediately, which it was thought would be quite large enough for the wants of the people, but it has already proved to be far too small. The meetings have been largely attended by the miners, and there is not even standing room to spare. The day and Sunday schools are also well patronized, all classes and creeds sending their children to them. It has now been decided to enlarge the building, and it will be done very shortly. Brother Beck, who is the mainstay of the Branch, recently purchased an organ for use in the meetings and Sunday school.

**Fatal R. R. Accident.**—Another fatal accident occurred yesterday on Oregon Short Line near Soda Springs resulting in the death of road-master Hassett and Fireman Holden. The engineer also had his arm broken. Through some misunderstanding an engine with a snowplow ran into a freight train that was on the track, doing considerable damage besides causing the deaths above mentioned. Just where the blame for this sad occurrence rests we have not yet been able to learn.

Mr. Hassett has been in the employment of the U. P. as road-master at Ogden for nearly fourteen years and had but recently been promoted to the position he occupied at the time of his shocking death. He leaves a large and respected family, besides a host of warm friends to mourn his loss. Immediately on the arrival of the Utah & Northern, a special was sent north carrying a few relatives and friends with a Catholic father to give solace to the bereaved.

**A Bold Robbery.**—A robbery was committed last night in the building, a few doors east of Godbe's drug store, occupied by Mr. Riser, the jeweler, and the Squires Bros., barbers. When Mr. Walter Squires arrived at the shop this morning, he found the front door unlocked, and upon entering the shop discovered the door of the safe was partially open, and a number of articles which had been taken therefrom, piled up on the floor, covered with a cloth. The burglar had made a neat job of it. He had drilled a hole through the door and struck it a heavy blow with a 12 pound sledge hammer, (which he left behind) breaking a bolt inside the safe, after which the door was easily opened. The thief carried off a number of valuable watches, all new, and had evidently overlooked a tin box, containing a number of watches undergoing repairs, which were found in the safe this morning. He also stole a number of papers belonging to the Squires Bros., but which are of no value to others than the owners. A number of matches, which had been used by the burglar, were found in front of the safe.

The cracksmen must have unlocked the front door and slipped in very carefully after the nightwatchman had passed.

Mr. Riser estimates his loss at \$800. No arrests have as yet been made.

**Escaped Prisoner Captured.**—In last evening's issue we published an account of the escape of two prisoners, Shuman and Bean, from the Ogden City jail. They effected their escape about 4 o'clock in the afternoon, and boldly mingled with the throng who were on their way home from meeting, going toward the depot. They did not, however, take the train, but started south on foot. They were closely pursued by Sheriff Belnap, who followed at least one of them to this city, where he was caught last night, between 10 and 11 o'clock. Sheriff Belnap, with the assistance of Sheriff Turner, Deputy Marshal Greenman and Mr. Wallin, surrounded the house of a Mrs. Haight, where it was supposed that Shuman had taken refuge. Messrs. Turner and Wallin went to the rear of the house, and Sheriff Belnap remained in front, while Deputy Greenman entered. After a somewhat lengthy search, the culprit, finding that his whereabouts were known, made his exit at the back door, hoping to make good his escape. To his chagrin, however, he met Sheriff Turner, who instantly ordered him to

hold up his hands, which he immediately did, protesting, however, that he was not the man wanted. He was lodged in the city jail last night, and will be taken to the penitentiary to-day.

No positive clue is yet obtained as to the exact whereabouts of Bean, but the officers are on the alert, have offered a reward for him and taken such other steps as will probably be effectual in securing his capture. He was serving a term of one year for being convicted as a confidence man, and at the expiration of that time he was to have been tried for robbery committed in Ogden some time ago.

**An Explanation.**—We supposed the intelligence of the public would enable them to understand that the addresses given by Postmaster Lynch in his letter on the subject of the postal delivery, published a few days since, were merely sample ones, although this fact was not actually stated. It now seems that some obtuse minds have accepted what the postmaster said literally, and he makes the following request of us:

SALT LAKE CITY,  
January 27th, 1885.

Editor Deseret News:

The published notice requesting citizens to notify their correspondents to address their mail to street and number seems to have been misunderstood by a great many. Please explain that the number and street mentioned were simply as an example, everyone is expected to have his mail addressed to his own street and number.

Very respectfully,  
JOHN T. LYNCH, Postmaster.

If people will remember the streets passing the Temple Block on the east and south are called respectively East Temple and South Temple streets, and are to be considered initial points from which the various streets of the city extending north, south, east and west are numbered, and that the numbers run in consecutive order, it will not be very difficult for any person to tell just what his address is. The streets extending northward in the 18th, 20th and 21st Wards are exceptions to this rule, being named alphabetically, commencing with A at the Eagle Gate. A few odd streets near the mouth of City Creek and on the 19th Ward Bench are also differently named, but they are easily learned by those interested.

**Idaho Affairs.**—We learn from Brother S. R. Parkinson, just down from Idaho, that the political pot of that Territory is bubbling and seething as badly as ever. Every political outrage that fiendish ingenuity can suggest to inflict upon the "Mormons" is attempted by the Legislature, the members of which almost wholly have the anti-"Mormon" mania in a most desperate form. Not content with defeating the majority of the people of Oneida County in election matters by sanctioning the most outrageous frauds, making it criminal for a person to even believe in the "Mormon" religion, and passing a test oath in connection with a new election law that no "Mormon" could take, they have now divided up Oneida County to render the influence of the "Mormons" in that region more impotent than ever. A new county has been formed out of the northern part of Oneida, and so far from attempting to hide their real object—that of injuring the "Mormons"—by this move, they have not run the dividing line straight from east to west, as one might suppose they would, but have turned a short angle and taken a scallop out of the southern half so as to include Oxford in the new county. Oxford, as our readers are probably aware, has been the county seat of Oneida county, and has grown considerably in importance of late, but this move is intended to kill the enterprise of the place entirely. Malad City is now made the county seat of Oneida, while the county seat of Bingham, the new county, has been established at Blackfoot.

We notice that the *Register*, a paper published at Eagle Rock, which has heretofore strongly favored the division of the county, and indulged in the hope that Eagle Rock would be made the capital of the new county, is now almost wild with disgust and envy at the result. It denounces those whom the anti-"Mormons" of Oneida County chose to represent them as traitors, declares that they have broken their pledges and intimates that they have sold out for a consideration. The opinion is also expressed that in making the move they have made the anti-"Mormons" have jumped from the fryingpan into the fire.

A memorial to Congress is now being circulated among the "Mormon" residents of Idaho for signatures petitioning to have Oneida, Bingham and Bear Lake Counties attached to Utah, and it will soon be forwarded to Washington.

### "ROUGH ON ITCH."

"Rough on Itch" cures humors, eruptions, ringworm, tetter, salt rheum, frosted feet, chilblains. W

### A DEPUTY MARSHAL PURSUED BY A CROWD OF YOUNG FELLOWS ANXIOUS TO TREAT HIM TO SOMETHING.

About 9 o'clock last evening, in the southwestern part of the city, a number of boys noticed an individual lurking suspiciously around. He entered a vacant lot, and hid behind a large tree near the corner, apparently keeping a watchful eye on a small store opposite, with *burglarious* (?) intent. The boys waited a few moments and then started over to learn what was going on. As they neared the fence, the man behind the tree stepped out from his hiding place. In went the boys, and away went the sneak, through snow, and brush and weeds. The boys followed with a good will. Helter-skelter, through lots and over the fence into the street went pursued and pursuers, in lively style. Once in the open road some of the boys recognized the retreating figure and called "It's a deputy marshal," whom they followed until he entered a brick house on 6th South Street, west of 3rd West. It is perhaps needless to state that we were pleased the boys did not catch him, as the pursuing crowd included some young fellows who are known to be a fair representation of a cyclone when waked up.

### ROYAL B. YOUNG ARRESTED.

FULL TEXT OF THE COMPLAINT.

A warrant was served upon Royal B. Young this afternoon by Deputy Marshal Greenman. The complaint was issued upon the oath of Samuel H. Gilson, and makes the following charges:

"That Royal B. Young did, prior to Jan. 1, 1883, at the city and county of Salt Lake, Territory of Utah, marry and take to wife one Mary Pratt, and then and there had her for his lawful wife; and the said Mary Pratt ever since the date aforesaid has been and still is the lawful wife of him, the said Royal B. Young. That afterwards to wit: about the first day of June A. D. 1883, at the County of Salt Lake, in the Territory of Utah, the said Royal B. Young did marry and take to wife one Aggie McMurrin, whereby the said Royal B. Young did then and there commit the crime of polygamy; and the said complainant upon his oath aforesaid further complains that for more than two years last past at the County of Salt Lake, Territory of Utah, the said Royal B. Young has continuously lived and cohabited with more than one woman, to wit: with one Mary Pratt, and with one Emma Rollins and with one Aggie McMurrin, against the peace and dignity of the U. S. A., and contrary to the form and statutes in such case made and provided."

Mr. Young appeared before Commissioner McKay, and the hearing of testimony was to commence at 4 o'clock this afternoon, if the desired witnesses could be in attendance at that hour.

### What Do the Druggists Say?

They know what the people call for, and they hear what their patrons say as to whether the medicines they buy work well or not. Martell & Johnson, Rush City, Minn., say, "Brown's Iron Bitters gives entire satisfaction to our customers." Klinkhammer & Co., Jordan, Minn., say, "We sell more Brown's Iron Bitters than all other bitters combined." L. E. Hackley & Son, Winona, Minn., say, "All our customers speak highly of Brown's Iron Bitters." A. C. Whitman, Jackson, Minn., "Brown's Iron Bitters is giving good satisfaction to purchasers." These are only a few. We have hundreds more just as good.
