

AN ARMISTICE IN TEAMSTERS' STRIKE

Will Last Until Officers of the International Brotherhood of Teamsters Meet.

THEIR ACTION WILL CONTROL.

Chicago Council Passes Resolution Authorizing Mayor to Appoint Committee to Urge Arbitration.

Chicago, May 15.—A practical armistice in the teamsters' strike was declared tonight, to last until the officers of the International Brotherhood of Teamsters meet here, either on Wednesday or Thursday of this week.

At a meeting of the Teamsters' Joint Council held tonight to reconsider the action of Saturday night, when it was decided to refuse the demand of the Team-owners' association that deliveries be made to houses where strikes exist, the members of the council reaffirmed their stand and decided that they could not accede to the demands of the Team-owners' association. It was known to members of the latter organization that this action would be taken, and the proceeding was, in fact, of a perfunctory character, it having been agreed that the matter should await the arrival of the national officers of the Teamsters' union.

The Lumbermen's association tonight passed a resolution calling on the teamsters to define their position as to what might be expected when the lumber firms of the city called upon them to make deliveries. The association declared that it was in favor of making deliveries irrespective of the strike, and announced that drivers who refused to deliver goods as ordered would be discharged. The lumber concerns represented at the meeting employed 3,300 teamsters, and a strike of these would mean great embarrassment to the building operations in the city.

It is not expected, however, that the Lumbermen's association will push matters until after the officials of the National Organization of Teamsters has handed down its decision. If that body refuses to sanction the delivery to the boycotted firms, the lumbermen will at once open a spirited campaign against the teamsters, and the large team owners will do likewise, with the result of adding to the ranks of the strikers about 9,000 men.

The Chicago council last night, after a spirited debate, passed a resolution authorizing the mayor to appoint a committee of seven aldermen, who shall urge upon the parties to the teamsters' strike the advisability of submitting the points at issue to arbitration.

A FOOLISH WOMAN.

Wrapped Flag Around Her and Tried to Stop Ball Game.

Hutchinson, Minn., May 15.—Arrayed in stylish attire, a large American flag wrapped about her, Mrs. I. Slaght, a prominent temperance reformer, made a novel attempt to stop the progress of a baseball game by standing between the pitcher and the batter. The crowd of spectators finally surrounded her and forced her off the field, and the game proceeded. Mrs. Slaght says she intends to call the attention of the federal authorities to the assault upon her flag.

WOMAN STABS A WOMAN.

Edith Smith Was Jealous of Alma Callahan.

Chicago, May 15.—Miss Alma Callahan, 22 years of age, was fatally stabbed tonight by another young woman, whose name she gave to the police as Edith Smith.

MASS OF SORES

Awful Suffering of Little Boy from an Itching Humour

CURED BY CUTICURA

Not One Square Inch of Skin on His Whole Body Unaffected

"My little son, a boy of five, broke out with an itching rash. Three doctors prescribed for him, but he kept getting worse until we could not dress him any more. They finally advised me to try a certain medical college, but its treatment did no good. At the time I was induced to try Cuticura he was so bad that I had to cut his hair off and put the Cuticura Ointment on him on bandages as it was impossible to touch him with the bare hand. There was not one square inch of skin on his whole body that was not affected. He was a mass of sores. The bandages used to stick to his skin and in removing them it used to take the skin off with them, and the screams from the poor child were heart-breaking. I began to think that he would never get well, but after the second application of Cuticura Ointment I began to see signs of improvement, and with the third and fourth applications the sores commenced to dry up. His skin peeled off twenty times, but it finally yielded to the treatment. Now I can say that he is entirely cured, and a stronger and healthier boy than he was before." ROBERT WATTAM, 4922 Center Ave., Chicago, Ill., Dec. 30, 1903.

SIX YEARS LATER

Mr. Wattam writes

"Your letter of the 21st in regard to the case of my little boy at hand, I am truly thankful to say that the cure effected by the Cuticura Remedies has been a most thorough and successful cure to date." Chicago, Feb. 23, 1905.

street near her home when she was approached by Miss Smith, who demanded that she cease receiving the attentions of a young man who was a mutual acquaintance. Miss Callahan refused, and the other girl drew a knife and stabbed her in the side. Miss Smith was arrested.

QUESTION OF AUTHORITY OVER PORTLAND EXPOSITION

Portland, Or., May 16.—As a result of the disagreement over scope of authority between the state Lewis and Clark commission and the Lewis and Clark Exposition, a conference of the commission, which receives its powers under a sub-section of section 3 of the legislative act creating the commission, has requested a conference with the executive committee of the corporation. The conference will occur Wednesday. This committee until the present, however, had occasion to exert its authority.

The action under which the committee claims its origin provides that the committee of the commission shall have power to confer with the executive committee of the fair corporation to whom all matters of co-operation between the corporation and the commission concerning the administration, management or general supervision of said exposition shall be referred, with power to act in behalf of the commission. President Jefferson Moore of the state commission in speaking of the trouble says:

"The state has a certain amount of money invested in the fair. It is our duty to see that Oregon gets the exhibition for which she is thus paying. While we do not claim any initiative power, we do claim that the act creating the commission gives it the power to approve or disapprove of the rules and regulations favoring the fair. By accepting the funds provided, the corporation binds itself to the terms of that act."

"All but one of the main exhibit buildings were built by Oregon, and the commission has the power to shut any of them or all of them if it cares to. It is bound by the law, however, to hold an exposition and therefore, claims some say in the government of that exposition."

While the commission, according to its members, is determined not to withdraw from its stand if the law justifies its position, one believes that the commission will under any circumstances attempt to close the exhibit buildings, as the commission and the fair corporation are agreed on a point, at least, that is that nothing be done which will jeopardize the success of the exposition.

COMMANDER EVA BOOTH.

Disobeys Physician's Orders and Goes to Kansas City.

Chicago, May 16.—Commander Eva Booth of the Salvation Army left Chicago last night for Kansas City disregarding the advice of her physician. She expects to address a great meeting in Kansas City today.

"I would rather die than disappoint the people who are expecting to hear me speak," she asserted. Dr. James Whitney Hall, when he called on her at her hotel.

In vain Dr. Hall assured her that she was in no condition to speak, and that grave consequences might follow if she persisted.

"God will support me," cried the little woman, and she gave the directions necessary for an immediate departure. She walked to the carriage on the arm of Col. E. J. Higgins of New York, national secretary of the Salvation Army in America.

She was driven to the station where she boarded a Santa Fe train for the West.

The head of the Salvation Army in the west is suffering from an incipient attack of peritonitis, according to Dr. Hall.

Miner Killed at Butte.

Butte, Mont., May 15.—Martin Kieley, aged 27 years, a well known miner, fell head first into an open shaft in the Anaconda mine at 11 o'clock this morning and died at St. James' hospital about three-quarters of an hour later.

Kieley was at work on the eighth floor of the L-500 level, and in some manner fell into the ore chute head first, bringing up at the 1,000 level, a distance of more than 100 feet.

Soldier Fugitive from Justice.

Missoula, Mont., May 15.—Kilde Adams, a colored private soldier, is a fugitive from justice and accused of robbing the quartermaster's safe at Fort Missoula of \$1,300.

The soldier had been on guard all day and asked for the key from the quartermaster, who wanted to clean up the room. The man cleaned up the room and returned the key. He did not answer to roll call this morning and an investigation showed that the combination of the safe had been worked and that \$100 in cash and \$200 in checks had been stolen.

Adams is supposed to have left the city last night on one of the last trains, and his description has been sent broad, next to the authorities.

Hebrew Bakers Strike.

New York, May 16.—Delegates of the Hebrew Bakers' union have begun to enforce an eight-hour work-day. Since the United States supreme court rendered its decision declaring the law unconstitutional, the employing bakers are said to have been working their men 14 and 15 hours a day.

Strikes of 400 or 500 bakers already have been ordered in 10 shops and about 1,000 more men will quit today. Some of the masters have conceded the demands of the bakers.

JUDGE'S OPINION OF NAN PATTERSON

Justice Davis, Before Whom She Was Twice Tried, Says She Lied From Beginning to End.

BELIEVES SHE SHOT YOUNG.

Thinks She Took Pistol From the Reticule and Is a Struggle for It, It Was Discharged.

New York, May 15.—Somewhat to the astonishment of those present at the monthly dinner tonight of the Phil Delphi club, an organization of lawyers, Justice Vernon M. Davis of the supreme court of the state of New York, who was the guest of honor, gave his opinion as to the guilt of Nan Patterson, while making an argument in defense of Asst. Dist. Atty. Rand, who had prosecuted the young woman at her three trials for the murder of Caesar Young. Justice Davis, who presided at the first two trials of the former chorus girl, said that she had lied from beginning to end and it was his opinion that the majority of the community now believed that Miss Patterson held the pistol by which Young was shot, that J. Morgan Smith bought the weapon and gave it to her, charging her at the same time with the duty of "bearing" Young.

In the middle of the justice's remarks the reporters were asked to leave the room, but before they had reached the duty to see that Oregon gets the exhibition for which she is thus paying. While we do not claim any initiative power, we do claim that the act creating the commission gives it the power to approve or disapprove of the rules and regulations favoring the fair. JAPANESE OYSTERS.

They Are to be Planted in Yaquina Bay.

Portland, Or., May 16.—Japanese oysters are to be planted in Yaquina Bay, where it is believed they will attain a larger size than in their native waters. On the steamship Nisomeda, which arrived Sunday were two tubs of oysters consigned to Yaquina, where they will be forwarded at once.

These oysters came from Kanagawa, to the northward of Yokohama, and are considered the best to be obtained in Japan.

Oysters of the same variety have been successfully transplanted in Shoal Water bay, Wash., and there they have grown much larger than at Kanagawa. The oysters arriving on the Nisomeda were found to be in excellent condition.

Steamer Sunk by Mine.

Tokio, May 16, 8 a. m.—The steamer Kilo, of 1,175 tons capacity, struck a mine and sank off Port Arthur on the night of May 11. The crew was rescued and brought to Osaka.

Japanese Auxiliary Goes Ashore.

Tokio, May 16, 11 a. m.—The steamer Nihon, a naval auxiliary, is ashore at Fusan, she has not sustained damage and it is expected that she will be floated off at high tide.

CHICAGO JOB PRINTERS.

Have Had First Skirmish in Fight For Eight-Hour Day.

Chicago, May 16.—The first skirmish in a fight for an eight-hour day is on between the job printers and their employers. Conferences during several days will culminate this afternoon in a meeting between a committee from the typographical union, No. 16 and the Chicago Typothetae.

There are 2,400 job printers in Chicago and they compose the advance guard of union printers in this country who are seeking to establish the eight-hour working day by Jan. 1 of next year. They have a plan of gradual reduction from beginning to end. The very air seemed charged with the fact that she was lying. Yet she was a woman, she was young. It was natural that the public should sympathize with her. People seemed to know that she was not telling the truth, and the great public of New York said: "Why should not she lie? Let her lie. Let her get the benefit of her lies."

"But today, in the light of the last disagreement, I feel sure that most people are convinced—that a majority of the people believe that the pistol that killed Young was held by Nan Patterson, was discharged by her, was bought by J. Morgan Smith in an attempt to get money from Caesar Young for the support of the combined family. "I don't mean to say that she took the pistol from the reticule and shot him in the side, but I do believe that she had the pistol and shot him. In the conversation and consequent struggle the pistol went off and the man was killed."

"I believe, moreover, that had she told the story on the witness stand as it really happened, in other words, had she told the truth, that the second jury would have acquitted her."

Lens Grinders Strike.

New York, May 16.—Lens grinders, employed by several New York optical firms, have gone on a strike because of the refusal of the open shops to recognize the union. The grinders are divided into two classes, one grinding the surface and the other grinding the edges of the lens. Each requires several years of apprenticeship. The employers claim to have a majority of the shops on their side and to be filling the strikers' places rapidly.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severe bruise, I only found relief when I used a bottle of Ballard's Snow Liniment.
