LOCAL NEWS.

Suicide.—James Gibson, a respected citizen of Ashley's Fork, Utah County, committed suicide on the 21st inst., by shooting himself with a Winchester rifle. Death was instantaneous. No cause is assigned for the deed.

Runaway.—Last evening a horse attached to a light spring wagon became frightened and ran away. While going south along Third West Street, the driver fell out of the wagon, and the horse attempted to turn the Jewish harness carrier, but ran into the iron fence, tearing off a section, and capsizing the wagon, damaging it considerably.

Came to Utah.—This morning Edward MacDonald and eight others arrived in this city from Kansas. The company comprises the whole of the Saints of the Meridian Line Branch, as their intention is to locate for the present at Elsinore, Sevier County, and they are awaiting the arrival of their luggage. Mr. and Mrs. MacDonald resided in the Twenty-first Ward for a short time about 16 years since.

THE CATEGORIZATION OF APPLICANTS FOR CITIZENSHIP.

The manner in which Associate Justice Powers, Judge of the First Judicial District, categorizes applicants for citizenship has been commented upon to a considerable extent. That none may have a wrong impression upon the subject, we give the process in full, as obtained from the columns of our local contemporary, the Ogden Herald.

The Court—How long have you been in this country?

Applicant—Nearly 20 years.

How old are you?

Thirty-two.

You came here when you were 12 years old. From what country?

Denmark.

Where do you live now?

In Bear River City.

What is your business?

Tramway.

Do you like this country?

Yes, sir.

Like its laws?

Yes, sir.

Are you obeying its laws at the present time?

Yes, sir.

Are you attached to the principles of the Constitution of this country?

Yes, sir.

If you were admitted as a citizen, do you propose to obey the laws?

Yes, sir.

This country, when a man becomes a citizen of this country, he must obey the laws, no matter what they are.

As long as they are just, how long have you known him?

As long as he has been in the country.

Has he been a good peaceable citizen—a good, honest man?

Yes, sir.

You think he will make a good citizen?

Yes, sir.

Such a man as we ought to have?

Yes, sir.

To the other witness: Do you know his reputation?

It was as good as any man's.

Good, upright, straightforward man?

Yes, sir.

You believe he will obey the laws of this country?

Yes, sir.

Two more applicants—Are either of you gentlemen living in polygamy?

No, sir.

To the Clerk: You may admit them. Now, gentlemen, I want to say a word or two. You have become citizens of this country where you get certain rights and privileges you did not have before. For instance, if you were to go to the old country and the government was to put you in prison wrongfully, it would be the duty of this country, and it would do it, to expend its money and send its men to protect you as citizens of this country. This country is becoming one of the greatest upon the earth, and I trust, and the country expects something from you. It expects you to become good, industrious, honest and law-abiding men. You are here a free land where every man has some show, and if you will you can have happiness and prosperity. I asked you one question as to whether you were living in polygamy. A great many people think this is right. Perhaps you think it is not right as that question. Now there is a law against this, and it is in force in this Territory. Whether the law is right or wrong is not my purpose to question. It is to be executed. So I said that to you for your own information. And I expect you will live the laws and assist your neighbors.

A Pleading Exhibition.

It was indeed a pretty sight to see the eighty neatly dressed pupils from St. Mary's School and the classes from Rowland Hall execute the numerous and varied figures of their gymnastic drill at the Theatre last evening. The programme consisted of exercise with wands, rings, dumb-bells, bean bags, etc., besides running contests, marches, and a variety of free gymnastic movements. The performers, most of whom were quite young, kept excellent time with the music and executed the different movements with a degree of uniformity approaching mechanical precision, yet combining a pleasing and natural grace. Even the smallest required no prompting, but kept time with the music in a manner that elicited frequent and hearty applause, and showed they had received long and careful training. The nature of the drill, too, was such as to bring into action almost every muscle of the body, and such exercise is not carried too far in the school-room, must certainly result in an excellent physical development of the pupils.

Another Arrest.

Last evening, as Alfred Best, whose residence is at Mill Creek, in this county, was starting on his way home from a visit of himself and a portion of his family to his mother-in-law's, in this city, Deputy Marshal Collins served a warrant of arrest upon him, for unlawful cohabitation. Those who were with him were also subpoenaed to appear as witnesses. He was taken before Commissioner McKay, where the complaint was read, charging him with committing the offense of cohabiting with Margaret Oakley Best, Amanda Cook Best and Eliza Cook Best, as his wives, between the 1st of June, 1882, and the 10th of May, 1885. The preliminary examination was waived, and the witnesses bound over in \$200 bonds to appear and testify before the grand jury this morning.

Mr. Best's bail was fixed at \$1,000.

Messrs. David L. Davis and Royal Barney signed the bonds.

The alleged plural wives were not brought before the Commissioner as witnesses, but later in the evening were subpoenaed to appear before the grand jury, which they did this morning.

Sunday School Union.

The regular monthly meeting of the Deseret Sunday School Union will be held on Monday evening next, June 1st, at half past seven o'clock. The Sixteenth Ward school will furnish the singing during the evening, and all are invited to bring their Union Tune Books for use in congregational singing. Elder Arthur Stagner will deliver the short lecture on the evening, and Superintendent Gillespie will give a short address on the "Manner of Conducting Theological Classes." Joseph J. Daynes will render a musical selection on the grand organ.

Cruelty to Animals.

Ed. Christensen was arrested this afternoon on a charge of cruelty to animals. Yesterday he hired a horse and buggy from Thomson and Jargenson's livery stable. The animal ran away with him according to his statement, but succeeded in getting it under control, and returned the outfit last evening, paying for its use. During the night the horse died, and Mr. Christensen, on being asked to pay the value of the animal, \$125, refused, and complaint was made against him in the Justice's Court. He will have a hearing on Monday.
