

SOUTHERN PIPE
LINE CO. LOANS

Amounted to Twenty Million Dollars and Were Made to
P. S. Trainer.

SAYS HE NEVER GOT MONEY.

Declares He Knows Nothing About Them—He Never Gave Any Vouchers.

New York, Oct. 10.—Louis aggregating \$20,000,000 which the books of the Southern Pipe Line company show were made to P. S. Trainer between 1900 and 1905, became more puzzling of solution to Frank B. Kellogg, conducting the federal suit against the Standard Oil company, today when Mr. Trainer, taking the witness stand in the oil suit, testified that the money had never been paid to him and that he had never heard of the account. The Southern's books showed that unsigned vouchers were received for these loans and that the money was never handed back to the company. Mr. Trainer said that he was formerly a crude oil purchasing agent for the Standard Oil company and as such he purchased all the oil and sold it to the refineries. He said he acted in a similar capacity now for the Standard Oil company of New Jersey. Mr. Kellogg called Mr. Trainer's attention to the various loans amounting to over \$20,000,000, which were made by the Southern Pipe Line company and marked to P. S. Trainer, and asked him to tell all he knew concerning the loans.

"I do not know anything about these loans," answered Mr. Trainer. "I had an oil account with the Southern company, but no money account. I never gave them any vouchers and never heard anything about the loans." Mr. Trainer said that he fixed the price for crude oil after consulting with John D. Archibald, vice president of the Standard. These consultations were held daily, Mr. Trainer said, and after they were over he turned public the market price of crude oil.

H. M. Tildford, treasurer of the Standard, and Oil company of California, and president of the Continental Oil company, when asked to produce the reports of the Continental company, testified that whenever a new report was received he invariably destroyed the old one. The reports of the Continental contain information regarding business done by competing oil companies.

Mr. Kellogg will have a conference with Atty.-Gen. Bonaparte at Washington tomorrow to discuss the progress of the government's case against the Standard Oil company.

ARTHUR E. FOWLER
ESCAPES FROM ASYLUM

Seattle, Wash., Oct. 10.—Arthur E. Fowler, former secretary of the Japanese-Korean Exclusion league of Seattle, escaped Tuesday from the insane asylum at St. Helens and made his way to Seattle, where it is believed he is being taken care of by friends. Fowler was arrested in Bellington three weeks ago, examined by a lunacy board and sent to the asylum a maniac. This followed his attempt to gain a following for his post scheme of oriental exclusion through a league of maniacs. Propaganda he started his work against the orientals in Seattle and enrolled the lunatics for a nominal membership fee. He expected to drive Japanese and Koreans out of this part of the country. Unhappily he hoped to drive them out of the United States.

Fowler had been a cook, and always claimed that he had once been an artist. His time from obscurity to fame was literally made in a night. His new importance as recognized leader of the exclusion movement in the Pacific Northwest, together with overwork, proved too much for his brain.

Fowler escaped by a ruse. He climbed a tree that grew close to the asylum and leaped to the wall, slipped down outside and escaped.

PASSENGER RATE REPORTS.

Topinka, Kan., Oct. 10.—The Santa Fe and Rock Island today filed with the state board of railroad commissioners reports on the blanks furnished by the interstate commerce commission. The report shows the average fare passenger per mile received by the Santa Fe in Kansas for the year ending June 30, 1907, was 6.088; for the entire line it was 6.088; for the Rock Island line it was 6.088; for the entire line it was 6.088. The Rock Island therefore received about 24 cents per mile, while the Santa Fe received practically a flat rate on its Kansas business.

MRS. CHAS. J. ROMADKA
SUDDENLY DISAPPEARS.

Chicago, Oct. 10.—Mrs. Charles J. Romadka, wife of a rich manufacturer of Milwaukee, and self-confessed thief, disappeared from Chicago today following her release on \$5,000 bonds. Charles Jones, the negro with whom Mrs. Romadka said she worked, is still in jail. Mrs. Romadka appeared in court late in the afternoon, accompanied by Atty. John F. Donovan of Milwaukee and Clement Romadka, her brother-in-law. After the formal arraignment, Atty. Donovan secured a continuance of the case until Oct. 15, and Albert J. Ward, a brother-in-law of Clement Romadka, signed the bond.

Mrs. Romadka and the attorney immediately entered a cab and drove rapidly to the Sherman house. They left there a few minutes later and have not been seen since. Earlier in the day the woman confessed to a sixth robbery.

Although the police say that they do not know Mrs. Romadka's present whereabouts, they entertain the belief that she has returned to Milwaukee, and assert that they have no fear that she will not return when her case is called next week.

S. F. WHITLOW ARRESTED.

Is Formally Charged With the Murder of May Sapp.

Ind. Kan., Oct. 11.—Samuel F. Whitlow was formally indicted under a writ today by J. N. Sapp of Moran, charging him with the murder of his daughter, May Sapp, whose dead body was found in Moran, on the night of Sept. 27.

Whitlow said he owed it to his wife and family to tell the truth about the matter, and declared that he would stand by his first story that the girl had committed suicide because he had refused to elope with her.

COLORADO LAND FRAUDS.

Milwaukee, Wis., Oct. 10.—Attorneys for the government today presented stock certificates and certified checks showing that stock in the Wisconsin Coal Mining company, whose officers and shareholders are alleged to be implicated in the Colorado land fraud case, was issued to G. D. Goff and Charles F. Hunsley in 1905 and 1906. The certificates were for 1,024 shares for Mr. Hunsley and for 1,024 shares for Goff, and they were sold Oct. 25, 1906, to G. M. Alexander and

RHEUMATISM

Think of a remedy that relieves sharp, shooting pains in any part of the body in from one to three hours and cures in ten days.

It purifies the blood, neutralizes the acid and takes all inflammation and nerve pain away. Have you a lame or aching back (lumbago or sciatica)? Have you stiff or swollen joints, no matter how chronic. Ask your druggist for Munyon's 3X Rheumatism Cure and see how quickly you will be cured.

If you have any kidney or bladder trouble, get Munyon's 3X Kidney Cure. Munyon's 3X makes it all fall. Munyon's 3X makes weak men strong.

T. J. Perle, Mr. Maxwell identified a certified check, signed by himself as the check which paid for the stock. It was for \$1,753.35 and was made payable to the order of the defendants. United States Atty. Kuehle closed the case and the referee will conclude the introduction of its evidence in a short time.

WILL DEPORT 179 HINDUS.

Vancouver, B. C., Oct. 10.—Of the 518 Hindus who arrived last night with the steamship Tarta, 179 will be deported to their native land, owing either to lack of funds or to failure to pass physical inspection. The Tarta arrived last night and early this morning Dr. Monroe began his arduous task of inspection. The Tartar experienced a strong headwind during the entire trip, which caused her to be overdue five days. During the trip the Hindus suffered from cold and sea sickness.

LOWEST SEALING RECORD.

Victoria, B. C., Oct. 10.—The sealing catch of this season is the lowest on record, and about one-third that of last year. Last year 137 schooners took 6,545 seals, this year 137 schooners will take about 2,500, which is to be included 25 sea otter skins as compared with 13 taken the previous year.

The average Herring seal catch is 250, as compared with 104 last season. The schooner Victoria, which returned today from Behring sea with 443 seals, reported the other eight schooners still hunting in Behring sea this season from this port, which was the smallest since the city of San Diego inaugurated sealing in that water, a quarter of a century ago, was 25,054 seals.

EPISCOPAL CONVENTION.

Richmond, Va., Oct. 10.—Both of the national Episcopalian conferences at the Episcopal church of America, in triennial convention here wrestled all day long with church problems. The house of bishops adopted a report on the domestic and missionary district into provinces.

The bishops passed a number of resolutions changing the boundaries of mission districts and dioceses in the west, appointing new bishops to preside over them and in three instances creating new missionary districts. The bishops' action in regard to the changes is final, they being invested with authority, irrespective of the house of deputies.

The bishop of Montana asked the convention to raise \$5,000,000 for work among the negroes in the United States. Dr. Carl Graner, of Philadelphia, gave notice he would call up the matter of work among the negroes tomorrow. Further than this the negro question was not discussed in the general conference today.

EMPLOYE SHOOT MANAGER.

Fresno, Cal., Oct. 10.—D. J. Ellis, manager of the Laclede Winery, near Reedley, was shot dead by a man named Hollis this morning. Hollis and his wife were working at the winery and from Hollis' ineffectual talk, it is presumed that the murder was the outcome of something said to the woman. The weapon used was a shotgun. Hollis surrendered himself.

WAS DAVIS BEHNAID?

Seattle, Wash., Oct. 10.—Officials of the local Masonic fraternity are positive that Frank L. Davis, who committed suicide in Buffalo, N. Y., on Oct. 7, by shooting himself through the head, is in reality Charles Frank Bernhardt, of this city, who in the fall of 1905 deserted his wife and three small children. He was affiliated with St. John's Masonic lodge of this city. The description of the suicide comports exactly with that of Bernhardt. Shortly after Bernhardt joined St. John's lodge, some six years ago, he began flitting about in a fake mining company, getting many brothers Masons interested in the scheme. When his character was found out, he left Seattle, deserting his wife, Mrs. Bernhardt, leaving her penniless. She located him in Berkeley, California, and joined him there. He again deserted her there, and Seattle Masons raised a purse and brought her back to this city. She is now living in a suburb of this city.

TUCKER'S CASE.

Washington, Oct. 10.—Inspector Cullen, who was sent by Secy. Taft to the Philippines to investigate charges made by Mrs. Tucker against her husband, Paymaster Tucker, died here today. He was in the city for the last few weeks. Tucker, who was sent by Secy. Taft to consider upon his arrival in that city. There is reason to believe that his action by the war department is recommended.

CONSIPATION

"For over nine years I suffered with chronic constipation and during this time I had to use a large quantity of cathartics and never enjoyed a day of freedom from my bowels. Happily I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few days I was free from all that distressing trouble. I can now live in peace and comfort."—R. F. Fisher, Houston, Ill.

MAY SAPP'S DEATH.

Corner's Jury Says It Was Case of Murder, Not Suicide.

Ind. Kan., Oct. 10.—The coroner's jury which has been investigating the death of May Sapp, tonight returned a verdict "that Miss Sapp died from a gunshot wound in the neck caused by a sharp instrument in the hands of a person or persons other than Miss Sapp." So determined was the jury to make plain their disbelief in the theory of suicide in connection with the case that when they inadvertently touched the verdict to read that Miss Sapp's death was caused by "a person or persons unknown to Miss Sapp," they promptly changed it to person or persons other than Miss Sapp.

A warrant was sworn out tonight for Samuel F. Whitlow immediately after the coroner's jury returned its verdict.

John Sapp, father of the dead girl, swore to the complaint.

Three of five shots took effect in Smith's body and he lived but a few seconds after the shooting. Roomers and late workers caught glimpses of the murderer as he fled down the long alley, which bisects the block, but there is no good clue to his identity. Smith was 69 years old and married. Two married daughters reside at Portland, a son is a clergyman at Sacramento and another is an engineer, residing at Stockton.

Platt admitted his marriage to her, was made by Justice McCall today. Counsel for Senator Platt told the court that he was ready to go on with

the trial at once and asked that the documents be immediately produced. The plaintiff's counsel replied that Miss Wood held the papers and it would require in days to bring them east. A postponement of 10 days was finally agreed upon.
