Tuesday, - - - - January 31, 1871.

PRICE OF GOLD,

Reported Daily by HOOPER, ELDREDGE & Co., Bankers,

SALT LAKE CITY, Jan. 31, 1871.

Buying at $1.08; Selling at $1.11.

LOCAL AND OTHER MATTERS.

LECTURE TO-NIGHT.—Remember the lecture on Astronomy to-night, at the Tabernacle; it commences at half past six o'clock.

THE PARTY LAST NIGHT.—The party last night in the Social Hall, of the city officers and invited guests, was a time of hilarity and enjoyment to all participants. Among those present were President D. H. Wells, and Elders Albert Carrington and Joseph F. Smith, and Bishop Edward Hunter. The committee of arrangements consisted of Messrs. Wm. C. Neal, James Sharp, Henry Dinwoodey and John Reading. Floor managers: Joseph E. Taylor and George E. Bourne.

COMMITTED FOR TRIAL.—The murder of Nellie Montgomery, a brothel keeper, in Helena City, a few days since, was mentioned in the News very recently; a man named Hanson, on information given by one George Dickson, a negro, was arrested on suspicion of having done the deed, but was discharged, he, on examination, proving an alibi. Dickson was detained in custody, suspicion pointing to him as the culprit; he has since been committed for trial, for the murder, waiving any preliminary examination. So says the Helena *Herald*.

THEATRE.—A very fair audience, last night, was present to see "The Ragpicker of Paris," which was played in very good style, with one or two slight exceptions.

To-morrow evening "Ten Nights in a Bar Room," will be put upon the boards, with Mr D. McKenzie as "Joe Morgan" and Miss Colebrook as "Mrs. Morgan;" Miss Georgie Clawson will appear for the first time in the character of "Mary Morgan" and sing the beautiful song called "Please father, dear father, come home with me now." The remainder of the characters are in good hands.

This excellent piece has always been received with favor and should draw a full house to-morrow night.

"SILENT FORCES."—The lecture by Henry W. Naisbitt, Esq., on the above subject, at the Tenth Ward School House, last evening, was well attended, the house being crowded. Mr. N. spoke in his happiest vein, and imparted a great deal of instruction to those present.

ACCIDENT ON THE UNION PACIFIC.—From Dr. White, of Philadelphia, a gentleman who has just arrived in this city, we gleaned the particulars of the accident on the Union Pacific road, mentioned in yesterday's telegrams. The accident, fortunately, was trivial so far as injury to life and limb was concerned, but was the result of the most cool rascality imaginable. Two of the employes of the road had drawn an account of the time for which the Company was indebted to them and had gambled it away. They then went to the timekeeper and representing that they had lost their ticket, asked for a duplicate. This was refused, which incensed the men, who declared they would be even with him. They went to the tool house and obtained some implements, and going about a mile east of McPherson station tore up one rail. The eastward bound train came along at two o'clock on Sunday morning, and on reaching this place the engine jumped it, but the tender and the mail, baggage and express cars ran one over the other and caused a general smash up. Fortunately the extent of injury inflicted on the passengers amounted only to a few cuts and bruises. As soon as the cause of the accident was known the two employes were suspected, and a search being instituted for them they were found lurking not far away. They denied all knowledge of the matter, but being threatened with summary retribution with ropes round their necks, and under telegraph poles, one of them confessed that it was they who tore up the rail. The Sheriff of North Platte was in the westward bound train, only a mile or two from the point at which the accident happened, and the prisoners were given into his charge, and taken to North Platte for examination.

THE COMING CONCERT.—Professor Geo. Careless has now in active preparation and training the best musical talent in the city for his coming concert, which will be given in this city in a very few weeks. There is good reason to believe that this concert will be quite an event in the musical world of Salt Lake, and we expect, will surpass anything of the kind ever attempted in the Territory. The Professor is known to the public as a man of talent in his profession; he is not a "talkist" or a "writist" in music, but better than either, for his doings show that he understands his business, and can impart a knowledge of his art and of the principles of music to others. The Tabernacle choir is an instance in point. Its members, are all non-professional, yet their exquisite rendering of anthems from classical authors, almost every Sunday, excites the admiration and praise of both Saint and stranger; and this proficiency, and the ability possessed by many of them to read difficult compositions, is due to the training they have received at the hands of Bro. Careless. But there is no particular need to refer to this; he has been now several years before the public of this city as a professor of music, and needs no puffing. We are convinced that he stands at the head of his profession in this Territory, and hence it may be reasonably expected that his coming concert will be excellent and will merit the extensive patronage of an appreciative public, and be a genuine treat to all lovers of harmony.

WEATHER IN THE TERRITORY.—The present spell of cloudy and stormy weather is not confined to this locality, as will be seen by the following weather telegram, received this morning per Deseret Line:

St. George.—Pleasant, a few clouds, but sun shining; roads dry and dusty.

Cedar.—Fine and pleasant, no snow.

Parowan.—Fine, not much snow, very pleasant.

Beaver.—Pleasant, no snow, but very cloudy.

Cove Creek.—Cloudy, cold south wind blowing, about four inches of snow.

Fillmore.—Cold and cloudy, four inches of snow.

Nephi.—Snowing hard, snow about two inches deep.

Payson.—Snowing, about six inches deep.

Provo.—Cloudy and cold, appearance of snow.

Lehi.—Cold, been snowing a little this morning.

Dry Creek.—Cloudy, snowing occasionally, very little snow on the ground.

Moroni.—Snowing fast.

Fairview.—Cloudy, been snowing this morning.

Ephraim.—Cloudy; and snow falling very thick.

Manti.—Snowing hard, very cloudy.

DOINGS OF THE D. A. AND M. SOCIETY.—From Mr. Daniel Graves, of Provo, we learn that on the evening of the 24th instant, a meeting was held by the members of the Deseret Agricultural and Manufacturing Society, at which various resolutions, for the furtherance of the objects of the Society were passed, among which was one for the holding of weekly meetings throughout the wards of the County, for the purposes of reading and discussing subjects falling within the scope of the Society. Any person paying one dollar may become a member of the D. A. and M. S., and all such subscriptions to be spent in the purchase of papers and publications which treat upon Agriculture, Horticulture, Floriculture, Stock, Bees, Silk and every other useful science for the mutual instruction of its members.

The first meeting will be held in the First Ward school-house, Provo, on the first of February, and in the other wards in succession. Persons can become members on making their wishes known at the weekly meetings.

PEOPLE'S VERDICT!
Over Half a Million sold and in use!
4,000 made and sold per week!
SINGER'S
New Improved Silent
FAMILY SEWING MACHINES
ARE
The Best in the World,
Because all of them are in constant use, while a very large proportion of other makes are not used, owing to their being partially or utterly impracticable:
THE SINGER
NEW FAMILY MACHINE
Has been brought to perfection, regardless of time, labor or expense, and is now incomparably the best Sewing Machine in existence.
It is *simple, compact, durable, beautiful, quiet, light-running*, and capable of performing a range and variety of work never before attempted upon a single machine; using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, or anything between the two extremes, in the most beautiful and substantial manner.
The New Improved Attachments for Hemming, (any width) Braiding, Embroidering, Magic Ruffling, Gathering and sewing on (at the same time) Self-Sewing, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are novel and practicable, and have been invented and adjusted especially for this Machine.
Folding Tops and Cabinet Cases.
New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety of Wood, such as black Walnut, Mahogany, Rosewood, Satinwood, and from the plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with their tables or cabinets.
In the Singer the work is fed or passed through the Machine in the natural direction, namely, *from the operator*, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, *compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.*
The Singer uses a SHORT STRAIGHT NEEDLE, which is *not* liable to break or miss the stitch. Many other Machines use a long crooked needle, which *is* liable to break and to miss the stitch.
In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not soil the thread or goods. Other Machines *drive* their Shuttles, in a race, thus causing great wear, and *requiring oil*, soiling the thread and goods.
On the Singer, the Tension on both the upper and lower threads is absolutely under the ready control of the operator, thus rendering the Machine always available for good sewing, which is not the case with any other. Many so-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.
The SINGER is the
Oldest Practical Sewing Machine,
Being about twenty years in the market. Having been constantly improved by the employment of the most skilled ingenuity of the age and unlimited capital, it is now divested of all unnecessary parts and possesses All the Very Latest Inventions and Improvements. It is the only Machine sold on Honest Claims, as all its parts are Practical and will do all that is claimed for them. Some other Machines are Greatly Complicated, to do Useless and Silly things, and thus are rendered Liable to Constant Derangement. The Singer Seldom or Never gives trouble, but is readily and easily managed by those *who utterly fail on other Machines.*
SINGER'S
New Manufacturing Machines
Claim the same advantages over others of their class as the new Family Machines. These old and well-tried Sewing Machines are *applicable to all kinds of heavy and light manufacturing in Cloths, Leather, etc.*, and run in the most perfect and reliable manner without trouble to the operator.
HAVE ARRIVED!
A Full Assortment of those
Beautiful and Unrivaled
MACHINES.
(The numbers on which show a manufacture of between Five and Six Hundred Thousand.) Consisting of the Different Varieties made by the Singer Manufacturing Company, and we shall sell at Eastern Prices, with addition of Freight only. To accommodate parties who cannot pay all down, we will sell on
EASY MONTHLY INSTALMENTS
So that all may possess one of these *Blessings.*
For the convenience of our Patrons we have engaged the services of a gentleman who has had twenty years experience and is one of the most skillful experts in the world in repairing and adjusting Sewing Machines. He will put each Machine in complete and practical running order before it leaves the Institution and will also impart to purchasers all needful instruction, so that they can at once commence work.
We resort to no trickery whatever to sell Sewing Machines; but allow their Great Merits to recommend them. We can do this, as the demand for them is so great that although the Singer Company make more than all other first-class companies combined, they cannot nearly fill their orders, and are compelled to still extend their Gigantic Works.
We having been so fortunate as to secure the
General Central Agency,
For this Territory, we extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the Singer.
We Guarantee every Machine we sell to give entire satisfaction.
THE SINGER
BUTTON-HOLE MACHINE
Is the only Practical one in the World.
