## THANKSGIVING IN JUNCTION CITY

Special Programs in the Ogden Tab-  
ernacle and in All the  
Churches.

(Special Correspondence.)  
OGDEN, Nov. 25.—The Thanksgiving  
services at the Tabernacle Thursday  
were well attended. The choir opened  
the services with the beautiful chor-  
us "Hallelujah," followed by the invocation  
by Bishop Taylor. There were several  
special musical numbers and Nephil  
Morris addressed the congregation on  
the subject "Thanksgiving." Benedic-  
tion was pronounced by Bishop Mor-  
ris.

OGDEN, Nov. 25.—Many of the Og-  
den churches held Thanksgiving ser-  
vices on Thursday and they were all  
well attended. The offerings received  
during the services were donated to  
charitable organizations and the por-  
tion of the city were well looked  
after. Special musical programs were  
rendered in all the churches.

A sumptuous turkey dinner was  
served at the State Industrial school  
on Thanksgiving day.  
The inmates of the city jail were  
given a duck dinner Thursday and  
those at the county jail feasted on  
pork and apple sauce.

**FORESTRY BUILDING.**  
OGDEN, Nov. 25.—The beautiful  
building on the corner of Lincoln av-  
enue and Twenty-fourth street which is  
being built by Fred J. Klees for the  
use of the fourth district of the  
forestry service of the department  
of agriculture, is nearing completion  
and on December 1, the forestry people  
will move into their new quarters. Most  
of the material of the supply depart-  
ment has already been transferred to  
the new structure.

**FOUR STATE FAIR SHORT \$3,000.**  
OGDEN, Nov. 25.—The Four-State  
Fair association officials are closing up  
their accounts and their reports show  
that they are behind about \$3,000.

**WOMAN ROBBED.**  
OGDEN, Nov. 25.—Wednesday even-  
ing about 1 o'clock Mrs. Wilson, who  
resides in the northeastern part of the  
city, was on her way home and had  
reached a point on Twenty-second  
street between Madison and Monroe  
streets, when she was confronted by a  
ruffian who put his hands in her face  
and she grabbed her satchel and made  
her escape. Mrs. Wilson was unable  
to give a description of her assailant.  
The handbag was a fine leather one  
and contained some small change and  
cosmetics.

**PAVING NEARLY COMPLETED.**  
OGDEN, Nov. 25.—The last two  
blocks of asphaltum paving to be com-  
pleted this year, are now being laid on  
Washington avenue from Twenty-sixth  
to Twenty-eighth streets. About two  
miles will be required to finish the  
work.

**KEYSER-DALTON NEUTRAL.**  
OGDEN, Nov. 25.—A marriage license  
was issued to George William Dal-  
ton and Mabel Claire Keyser, both of  
Ogden.

**DEATH OF YOUNG WIFE.**  
OGDEN, Nov. 25.—Mrs. Josephine  
Adams Baker, wife of Albert B.  
Baker, died Thursday morning, follow-  
ing the birth of a baby girl the day be-  
fore. She had been married seven  
years and was 35 years of age. She had  
been ill for several days. The de-  
ceased is survived by a mother, a hus-  
band, three sisters and two brothers.

**SPT. DRUGS HONORED.**  
OGDEN, Nov. 25.—Supt. Frank M.  
Hend of the State School for the Deaf  
and Blind was presented with a hand-  
some diamond signet ring by the trust-  
ees of the institution at a social gath-  
ering held there Wednesday night to  
celebrate the twentieth anniversary  
of Mr. Hend's connection with the  
school. The gift was presented by the  
Hon. P. A. Simpkins, one of the mem-  
bers of the board. The former trustees  
of the school were also present, and a  
delicious feast.

**FIRE IN RAILROAD YARD.**  
OGDEN, Nov. 25.—Fire broke out in a  
shed in the railroad yard on a  
Friday evening, between 8 and 9  
o'clock and caused about \$500 damage  
before the flames were got under con-  
trol. The fire department responded to  
the alarm, but after reaching the by-  
stand near the shed found that the  
small commodities had recently been  
damaged without the department being  
called. This caused considerable de-  
lay, which allowed the flames to spread  
to a freight house, which was slightly  
damaged.

**THE BENJAMIN SEABRIGHT SACK SUIT**  
is the most popular suit ever de-  
signed.  
Nearly ten thousand men in the  
United States wear it today.  
It is neat, dignified, yet snappy  
and dressy.  
We show it in many new fab-  
rics.

## POLICEMAN'S PROBE MAKES HIM CONVERT

Experiments With Theories of  
Stomach Man and Finds  
Them Well Founded.

HIS WIFE ALSO BENEFITS  
FROM THE INVESTIGATION

Led to Try Treatment by Watching  
Crowds Passing His Post on  
"Busy Corner."

Led to investigate the theories of the  
"stomach man" by having ob-  
served a constant stream of humanity  
flowing in to visit the eastern expert,  
Policeman J. P. Morris of the Salt Lake  
force, residing at 1340 Johnson avenue,  
received Cooper's treatment for himself  
and wife. Now he is quite as enthusi-  
astic as any of the hundreds of others  
in the city who have  
successfully treated themselves. He is one  
of the most popular officers in the city.  
Policeman Morris has been posted at  
the "Busy Corner," Main and Second  
streets, where, within Smith's  
drug store, the "stomach man" is mak-  
ing his headquarters. Morris directed  
hundreds each day who inquired for  
the "stomach man." He was a victim  
of stomach trouble himself, suffering  
from constipation, gas, belching, diaz-  
ing, pains in the back and sides, to-  
gether with chronic indigestion. So he  
determined to look into the Cooper  
theories for himself.

He had a little talk with the "stomach  
man," who told him about his be-  
liever that 95 per cent of all ill health  
is caused by stomach trouble, merely  
and explained the reasons for his opin-  
ion that a common sense treatment  
of the stomach would restore a person to  
good health, tones up the stomach to  
digest its food naturally. So he tried  
a full course of treatment, inducing his  
wife to also try the remedy. This is  
what he said yesterday in an interview:  
"My stomach had bothered me for  
a number of years. I had cut out of  
the stomach with all symptoms. All the  
food I would eat would ferment and  
form gas, and this would cause me so  
much pain that it would wake me up  
at night. My wife was also suffering  
from the same complaint. We suffered  
greatly from pains all the time. We  
secured a full treatment of the Cooper  
remedies, and now we both are well. I  
do not believe in rushing into print,  
but when a man makes good with a  
statement like this Cooper remedy, and  
restores both himself and his wife to health,  
I am willing to tell anybody who asks  
me."

In a statement yesterday the Cooper  
"stomach man" said:  
"As a result of the requests of many  
persons who are employed during the  
day, and who cannot call to see me  
during my regular office hours, I am  
according to the night, I wish to  
announce that on Saturday I will stay  
until 9 o'clock in the evening."

## J. WILLIAM KNIGHT ON PROHIBITION

Officers Who Fail to Enforce Law  
Only Show Their Own  
Weakness.

(Special Correspondence.)  
PROVO, Nov. 25.—A number of busi-  
ness men in this city have been inter-  
viewed on prohibition lately in view  
of the fact that the anti-prohibitionists  
elected the mayor and all the general  
officers. The reason for this was that  
the prohibitionists had two tickets.  
Republican and Democratic in the field.  
A prohibition law was introduced Jan.  
1, and the city council is prohibition by  
a big majority—7 to 10 or 8 to 10. In  
the following interview J. William  
Knight expressed surprise that busi-  
ness men should favor the liquor traffic,  
he says:

"When it comes to business reasons  
why the present ordinance against the  
liquor traffic should stand or be re-  
pealed, I wish to express surprise that  
it should again be questioned after the  
last election; showing clearly the sen-  
timents of the people in favor of the  
ordinance, especially under the un-  
favorable conditions we had of ex-  
pressing our views on the question. The  
prohibitionists being divided into  
two parties as they were. Why busi-  
ness men favor the liquor traffic is  
more than I can see. They will not  
credit drunkards; they will not em-

ploy them; they do not care for their  
association, because of the moral  
question involved. The money spent  
in saloons is worse than lost, for it  
brings discredit on those who sell and  
on those who buy; it deprives the fam-  
ily of the drinker of that which be-  
longs to them; it increases crime and  
debauchery. The saloon is both a dive  
and a licensed crime factory; our  
town is injured by their being here,  
likewise the growth and influence of  
the schools. If the mayor or any other  
officer should hesitate in carrying out  
the laws as their oath of office pro-  
vides, it would merely show their own  
weakness, and not the failure of the  
law. I believe they will sustain the  
law."

**THANKSGIVING OBSERVED.**  
PROVO, Nov. 25.—Thanksgiving day  
was quietly celebrated here with social  
gatherings and family dinners.  
Special Thanksgiving dinners were  
provided at the State Mental hospital  
and at the county infirmary. At the  
former institution the usual program  
given on Thanksgiving evening was  
dispensed with on account of the preva-  
lence of smallpox in this vicinity.  
The inmates of the county and city  
jails, of which there are but few, were  
also remembered with something good  
to eat.

**DEATH OF JARED BULLOCK.**  
PROVO, Nov. 25.—Jared Bullock's  
death from pneumonia at his home near  
Lone Tree, last Sunday, is re-  
ported here. Mr. Bullock was one of  
Provo's pioneers. His two brothers,  
Kimball and Isaac, and his sister, Mrs.  
Martha Roberts, are all dead, and an-  
other sister, Mrs. Jane Briggs, and  
many other relatives are still living  
here. Mr. Bullock has lived in Wyom-  
ing for about 30 years, and is survived  
by a large family.

**PROVO NEWS NOTES.**  
Dr. Samuel B. Harris of the United  
States reclamation service passed  
Thanksgiving day in Provo. Dr. Har-  
ris is an extensive traveler, and consid-  
ers Provo and the Utah valley one of  
the pleasant spots he has found on  
this old earth.  
The Provo academy basketball team  
defeated the Hungerford academy

score of 7 to 0.

## BIG SUIT AT CHEYENNE AGAINST GOVERNMENT

Hon. A. J. Bothwell Wants Damages  
For Loss of Handsome Ranch  
Property.

(Special Correspondence.)  
CHEYENNE, Wyo., Nov. 25.—The  
most important civil case that has  
come up for trial in the United States  
court here for some time, is interesting  
all sections of Wyoming today, having  
begun in Judge Riner's court this  
morning. It is that of Hon. A. J.  
Bothwell, a cattleman, against the  
federal government, for damages ag-  
gregating nearly a quarter of a mil-  
lion dollars.

Mr. Bothwell is owner of one of the  
finest, or rather what was one of the  
largest and best cattle ranches and in-  
rigated farms in the state, located in  
the valley of the Sweetwater river, in  
central Wyoming, but which was in-  
undated by the reservoir created by  
the great Pathfinder dam constructed  
recently by the federal government,  
and which dam is the second largest in  
the world.

The board of appraisers spent weeks  
investigating the ranch and in look-  
ing up titles, land values, etc., and  
awarded Mr. Bothwell the sum of \$135,-  
000 damages, which sum the govern-  
ment refused to pay, and the present  
suit is to compel Uncle Sam to re-im-  
burse Mr. Bothwell.  
The property was not only one of  
the finest of its kind in the west, but  
it was the home of J. C. Bothwell,  
where he had spent over a quarter of  
a century, and where he had endured the  
trials and tribulations and hardships  
of frontier life, being far from rail-  
road communication, and aside from  
this monetary loss, he was left with-  
out a home, and he was compelled to  
witness the approaching waters of the  
government reservoir inch by inch  
cover up his irrigated fields, fruit or-  
chard, and finally his barns, corrals  
and at last his house in which he had  
spent many happy days. All he asks  
from the government is reimbursement  
at market values for land and other  
property.

The case is important because it is in  
the nature of a test, for if Mr. Both-  
well wins or loses there are many other  
persons who will be affected and whose  
property has also been submerged by  
the government irrigation project.

**CROUP CURED AND A CHILD'S LIFE  
SAVED.**  
"It affords me great pleasure to add  
my testimony to that of the thousands  
who have been benefited by Chamber-  
lain's Cough Remedy. My child, Andrew,  
when only three years old, was taken  
with a severe attack of croup, and  
threatened to the moment of death. I  
gave him Chamberlain's Cough Remedy  
and today he is a robust and healthy  
boy," says Mrs. C. J. of Ben Ar-  
rington, Texas. This remedy has been in  
use for many years. Thousands of moth-  
ers keep it at hand, and it has been  
known to fail. For sale by all  
druggists.

(Special Correspondence.)  
HENEFER, Summit Co., Nov. 25.—  
About three inches of rain fell in re-  
cord here for the last five days; all  
out-door work has been at a standstill.  
There is much snow in the mountains.  
Two more cases of typhoid fever were  
reported here yesterday, both in the  
family of Henry Randall.  
Hyrum H. Harris, son of Bishop Har-  
ris, has received a call to fill a mission  
to England, and will leave about Dec.  
17.

**THANKSGIVING AND OTHER  
MOUNT PLEASANT NOTES**

(Special Correspondence.)  
MOUNT PLEASANT, Nov. 25.—Wed-  
nesday afternoon at 2:30 in the North  
ward meetinghouse, the public schools  
gave a Thanksgiving program.

At 11 a. m. Thursday a Thanksgiving  
program was given in the North ward  
meetinghouse under the direction of the  
bishopric.  
Cheney and Johannes, running a  
barbershop establishment, have taken  
in Edward Johnson as a partner in the  
business. They will move from their  
present place of business to the Johan-  
sen building on Main street, in the near  
future. The firm will hereafter be  
known as the Mr. Pleasant Saddlery  
company.

## FOUNTAIN GREEN BECOMES A CITY JAN. 1, 1910

(Special Correspondence.)  
FOUNTAIN GREEN, Utah, Nov. 25.—  
Fountain Green will become a third  
class city on Jan. 1, 1910, Andrew H.  
Anderson will be the first city mayor.  
The outgoing town board has drafted  
an ordinance placing the retail liquor  
license at \$2,000 per annum to take ef-  
fect Jan. 1, 1910, which will amount  
to prohibition in this city.

Threshing is now over. The farmers  
have raised 25,000 bushels of grain,  
1,000 tons of sugar beets and a good  
crop of hay, potatoes, etc. But very  
little fruit is grown as this is not a  
very good climate for fruit.  
There are two cases of typhoid fever  
at present here. These are the first  
this season. There were a few cases of  
chickenpox among the children, but it  
is now abating.
