

### SALT AIR COMING BACK TO ITS OWN

With Advent of Hot Weather Old Time Crowds Begin to Flock the Beach.

### BATHING GREAT ATTRACTION.

Reunion of Primaries of Four Stakes Event of Next Week—At the Other Resorts.

With the advent of hot weather and favorable temperature for bathing in the lake, Saltair is coming back into its own with the old crowds at the beach resort. A feature of the bathing department is the operation of the electric laundry, where the suits are washed after being used. The plant is in full view of the public and the drying lines on a good day look like a huge varicolored flag. The concessions are all in good working order, and the entire resort is in perfect condition to handle the crowds that daily throng its precincts.

**Primaries at Saltair.**—The Primary associations of Ensign, Liberty, Pioneer and Salt Lake stakes will hold a reunion at Salt Lake, Wednesday, July 10, and the affair promises to be a very interesting one. Commencing at 2:30 p. m., the following program will be rendered:

Chorus, "Springtime." By the children of Ensign stake.

Under the direction of Edna Evans. Dance, "Sailor's Hornpipe." Afternoon. "The Minuet." By four children from the Liberty stake.

Japanese drill.

Children from Eighth ward boys' chorus. From Twenty-first ward. Under the direction of Mrs. Charles Kent.

Fancy dance in costume. By nine children. Nineteenth ward.

Maxwell dance. "Twenty-eight children. Pioneer stake.

Song, "America." All the Primary children.

**Really Men at Saltair.**—Among the latest addition to the already large list of prizes to be offered by the Real Estate association at the excursion to Saltair, Thursday, July 11, is a lady's suit, valued at \$139, given by Z. C. M. I. The suit is an imported one, coming from France to Max Heller of New York, and is a beauty, as will be recognized by the ladies from the following description:

It is an Eton blouse effect with red velvet vest and collar, very artistically trimmed with bronze and tassel and steel buttons; the yoke defined with a band of taffeta silk and soutache braid; the skirt is of the waist line with a two-inch taffeta silk and soutache braid circle. The cuff is outlined with taffeta silk and soutache braid. The skirt is made with a deep, graduated flounce, matching the yoke effect, the sleeve flared with red velvet and finished with velvet net lace. The skirt is made with a deep, graduated flounce, matching the yoke effect, the sleeve flared with red velvet and finished with velvet net lace. The skirt is made with a deep, graduated flounce, matching the yoke effect, the sleeve flared with red velvet and finished with velvet net lace.

**Granite Field Day at Wandamere.**—Granite stake folks are to have their annual "Field Day" at Wandamere July 10. "The Sport of Kings" is to be the main feature of the outing this year. Over 40 country horses have been entered for the various events. Interest is centered, however, in the big cowboy relay race, 10 horses on a side. The riders will change animals every half mile. It is to be a five mile race and no doubt will draw a crowd. Aside from the cowboy race, there will be a 2-4-4 class race and trot.

**Horse.**

Cox Comb.	Reunion.
Jasper.	Winder.
Sun J.	Lindsay.
Silver Heels.	Gibson.

**2-4-4 CLASS PACE AND TROT.**

Dan Leo.	Nebeker.
Drummeday.	Guest.
Tickle Grass.	Harris.
Conrad Boy.	Tost.
Terry R.	Hanson.

**3-4-4 CLASS PACE AND TROT.**

John M.	Goldman.
Here.	Green.
Day Dream.	Smith.

**THREE-YEAR-OLD CLASS.**

Red Boy.	Hill.
Myrtle L.	Murphy.
Argyle.	Nebeker.
Lady Alice.	Lindsay.

**QUARTER MILE DASH.**

Topsy.	Mackey.
Belmont.	Panter.

There will be a boat race between the bishops and high councilors, a baseball game, swimming races, etc.

**Next Week at Salt Palace.**—One of the features of the many pleasing attractions at the Salt Palace next week will be the act of "Lady Goda." Every afternoon for the week there will be a balloon ascension and in addition to this during act on the part of "Lady Goda," she will perform what is known as the "tornado act." The balloon ascension is billed for 3 p. m.

### A TONIC AND SPECIFIC.

HOW DR. WILLIAMS' PINK PILLS RESTORE LOST STRENGTH.

A Doctor's Prescription, Not a Cure, all They Have One Purpose to Make Rich, Red Blood.

General debility is due to impure blood. Its causes are worry, overwork, failure of the body to regain its health after a severe sickness, lack of nourishment from a disordered digestion, or some drain upon the body, all of which result in thinning the blood, preventing it from carrying health and nourishment to the tissues of the body. The way to cure it is to have up the blood and enable the various organs to perform their functions.

Mr. John P. Williams, of 911 Lincoln St., London, England, who is in the boot and shoe business, says: "In 1897 I was taken sick with typhoid fever, which left me completely run down. I went back to work before I entirely recovered my strength and the close confinement of the store was too much for my weakened body. I did not give up as I should have done, but kept at my work, although I suffered a great deal from sick headaches and pains in the back. The sick headaches came on me about every 10 or 12 days and the doctors said they were caused from my eyes. My stomach was weak, appetite poor and complexion sallow. I had night sweats, which weakened me, that I had little interest in my work.

"I tried several doctors but got no better and remained in this condition until I read about Dr. Williams' Pink Pills and started to take them. I got so much relief from the first few boxes that I used them perfectly well now, but I think I should have been a weak man for many years, if I had not used the pills.

"Dr. Williams' Pink Pills make rich, red blood, enabling it to carry the life and strength to the weak nerves and other tissues of the body. They are a cure for such blood diseases as anemia, rheumatism, the after-effects of the grip and fevers, and for such nervous diseases as dizziness, sick headaches, neuritis, and have accomplished miraculous results even in partial paralysis and locomotor ataxia.

A valuable booklet, "Diseases of the Blood," containing full information about blood diseases and their treatment will be sent free upon request. Write to Dr. Williams' Pink Pills, sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by Dr. Williams' Medicine Company, Schenectady, N. Y.

### "DR." DONALDSON'S TESTIMONIALS

Endorsed by "American" City Councilman, Saloonkeepers, Police and Gamblers.

EVIDENCE IS NOW CONCLUDED

Mark P. Bratton the Only Witness Called by District Attorney Looft-borough in Rebuttal.

The evidence in the Donaldson case was concluded before Judge Armstrong yesterday afternoon late and the arguments were begun. Atty.-Gen. Breeden opening for the state. He had not quite concluded when the court adjourned for the day. All of the witnesses in the afternoon testified as to Donaldson's character being good among the men with whom he associated. Councilman M. E. Mulvey was the most prominent witness on the stand in the afternoon. He testified that he had known Donaldson for a number of years and that his character and reputation as to honesty and square dealing was good. He declared that the defendant and Chief Sheets were not on good terms because the chief would not allow Donaldson to open a club room. Donaldson also asked the witness, who is a member of the police committee of the council, if he thought he could run a club and the witness advised him that he could not. He further stated that Donaldson declared that other gambling joints were being operated and witness said that if Donaldson could find any such places he would see that they were closed up.

**MULVEY'S DENIAL.**

Mr. Mulvey denied that Donaldson was employed by him to run down gambling joints, thus contradicting the statement made by Donaldson on the stand in regard to this matter.

C. C. Anderson, proprietor of the rooming house where Donaldson lived for five years, denied that he had given the keys to Donaldson's room to Paragon or to any one else on the day after the robbery.

**QUITE AN ARRAY.**

M. J. Casey, proprietor of the Turf Exchange, Charles Bates, one of the proprietors of the Log Cabin saloon, Charles Reilly, proprietor of the Elks' Liquor company, Sergeant Ed. Janney and Officer William Hilt of the police department, John Gill, a gambler from Glenwood Springs, Colo., and Harry Finch, proprietor of Finch's cafe, all testified that Donaldson's reputation was good among his associates.

Atty. King closed his evidence by introducing the testimony of the two McPhersons, James and Andrew, in the preliminary hearing and pointing out the discrepancy between it and the testimony given by them on the present trial.

**BRAFFET IN REBUTTAL.**

Mark P. Bratton was the only witness called by Dist. Atty. Looft-borough in rebuttal. He testified that Mrs. Young, proprietress of the Antler rooming house, had accurately described Donaldson when she gave him a description of the man who rented the room from her. When first shown a picture of Donaldson she said that he was not the man but later witness declared that she did identify it as the man.

As the conclusion of his testimony the state rested and Judge Armstrong announced that he would give each side one hour and a quarter to make the points to the jury. Atty. closing arguments opened for the state. Atty. declared that he would not insult the jurors by asking them to believe Parents' testimony unless it was corroborated by other evidence and that he would not convict a "yellow dog" on that man's testimony alone. Maj. Breeden had not quite concluded when court adjourned for the day.

### THE DONALDSON CASE NOT AT ALL CONCERNED

Laura Carter Who Betrayed Runyan Takes Her Arrest With Nonchalance.

HIS SPIRIT APPEARS BROKEN.

Her Pictures Taken for the Rogues' Gallery—She Smiled; He Was Haggard and Careworn.

New York, July 6.—Chester B. Runyan, the paying teller of the Windsor Trust company, who is alleged to have stolen \$26,317 from that company, and Mrs. Laura Carter, the woman who betrayed his hiding place to the police after he had given her a part of the stolen funds, were arraigned in police court today. Runyan's spirit appeared to be broken by the disastrous outcome of his stealing and his demeanor was hapless.

He passed a sleepless night in the police station and he showed the effect of his worry when he was subjected to the gaze of a curious crowd on his way to police headquarters. Mrs. Carter, who was with him on his escape, slept unconcernedly in the matron's quarters at the police station and undertook the journey downtown without displaying the predicament into which her escape with Runyan had thrown her. She shielded her face from the photographers upon the way as best she could, but chattered with the reporters in a lively fashion while in the subway train. Runyan, however, had little to say to anybody and appeared to be utterly depressed.

What had become of \$26,000 of the total company's stolen funds was still a mystery so far as the public was concerned up to the time that the two prisoners were taken to the court. Runyan had in his possession when arrested \$14,410. Of the balance he said he had lost about \$16,000 in speculation in stocks before he disappeared from the office of the Windsor Trust company last Wednesday that he had given \$15,000 to Mrs. Carter and that he believed she had taken \$10,000 more without his knowledge.

Mrs. Carter at first stoutly denied that she had any of the trust company's funds, admitting that Runyan gave her \$5,000 but asserting that she promptly returned it to him at his request. While on her way to court today, however, she said she had deposited all the money that Runyan gave her in a bank and that it would stay there if she could keep it there. She declared that she could have obtained \$26,000 of the trust company's funds if she had tried hard enough. Concerning her betrayal of Runyan's hiding place, she said that she had felt better to tell the police than to let him escape. She said she was not sure whether to notify Mrs. Runyan of her husband's whereabouts or to give him to the police. She adopted the latter plan, she declared, because she learned that Mrs. Runyan was ill. Although she said she had no hope of securing the reward for Runyan, she remarked that she could make \$25,000 by offering to let her take Runyan, was under the charge of grand larceny and the police have yet to recover about \$25,000 which Runyan declared she had hidden. There is little chance of her securing the reward.

On arriving downtown today Runyan and Mrs. Carter were taken first to police headquarters, where the photographs were made for the use of the police department and they were measured and questioned for the police record. Neither of them made any objection to being photographed. Runyan was haggard and careworn. They were then taken to the Tombs police court to be arraigned.

thorities. It is expected that the reported arrest of the Mexican consul at Douglas on the charge of being implicated in the kidnapping may be made a matter of complaint, but it is said that his consular office exempts him from liability for criminal action on his part. If the fact of his failure to make a statement necessary for this government to request the Mexican authorities to return the kidnapped man to Arizona.

**PHYSICIAN COMMITS SUICIDE.**

Altoona, Pa., July 5.—Dr. A. K. Ickan of this city, committed suicide today by drinking carbolic acid. He had been in failing health some time.

Dr. Hoy was a promoter of enterprises and was supposed to be wealthy. He was the principal promoter of the Midland Oil company, which operates in California, and owned a string of racing horses, one of which is a son of Dan Patch.

**GATHERING FOR THE EDUCATIONAL CONVENTION.**

Los Angeles, July 5.—Dr. N. C. Schaefer, president of the National Educational association, has arrived in Los Angeles, preliminary to the national convention of the association, which convenes next Monday. Schaefer is state superintendent of public instruction in Pennsylvania, having held that office by gubernatorial appointment four terms.

The president denied that he would be a candidate to succeed himself, but stated, on the contrary, that his position had not been altogether a "bed of roses," and that he willingly would resign. President Schaefer considered that the most important matter coming before the meeting next week was the consideration and probable acceptance of the new charter granted the association by act of Congress. This will be taken up Wednesday, July 10.

The arrival of members of the association has so far been somewhat slow of expectations. It is estimated that about 2,500 visitors have arrived during the week, a considerable portion of whom are teachers. Many special trains, bearing large delegations, will arrive tomorrow and Sunday.

**NEW YORK CENTRAL FINED.**

Rochester, N. Y., July 5.—The New York Central Railroad company was fined \$15,000 in the federal court this afternoon for failure to file taxes on a shipment of oil for the Standard Oil company. A motion for a new trial was denied.

**JUDGE SWAYNE DEAD.**

He Became Rather Famous Through Impairment Proceedings.

Philadelphia, Pa., July 5.—Judge Charles Swayne of the United States court for the northern district of Florida died at the University of Pennsylvania here today of complicated kidney trouble.

Judge Swayne's name became familiar to the public through an attempt to impeach him for "high crimes and misdemeanors." His trial took place in the United States senate toward the close of the first session of the Fifty-ninth Congress. It lasted six weeks and was the first impeachment proceeding in that body since the trial of Secy. of War Belknap under the Grant administration.

The specific charges were that Swayne did not reside in his district, that he made excessive charges against the government for expenses, that he used his position to extort favors from railroad companies, and that he sat in a case in Florida in which his wife was personally interested. The trial resulted in his acquittal by a vote which was almost strictly along party lines.

**SALT AIR SUNDAY CONCERT.**

By Fort Douglas Military band.

### Poullton Madsen Owen & Co.

**PROVO CANYON EVERY SUNDAY \$1.25**

### S.S.S. PURELY VEGETABLE

Not only is it a medicine valuable for its ability to cure disease, but the way in which it affects the system is a very important factor. When the system is infected with the germs of disease as in Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., every particle of its recuperative strength is needed to assist in eliminating the poisons and impurities which are causing the trouble. It should not be dosed and treated with strong mineral mixtures and concoctions that further add to the burden, by disagreeably affecting the bowels, producing indigestion, or eating out the delicate linings and membranes of the stomach. The absolute vegetable purity of S. S. S. has always been one of the strongest points in its favor, and is one of the principal reasons for its being now the most widely known and universally used blood medicine on the market. It is made entirely of healing, purifying roots, herbs and barks of the forests and fields. These are selected for their well known curative properties, and are known at the same time to possess the qualities to build up and strengthen every part of the system by their fine tonic effect. Not only is S. S. S. the king of blood purifiers, but it is the one medicine that may be taken with absolute safety by young or old. We guarantee it non-injurious and offer a reward of \$1,000 for proof that it contains a particle of mineral in any form. S. S. S. is a safe and reliable treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and any and all diseases arising from a poisoned or impure state of the blood. It goes to the very bottom of these troubles, removes every trace of disease, enriches and builds up the blood and permanently cures where mineral medicines fail. If you are suffering with any form of blood disease write for our book on The Blood and ask for any medical advice you may desire; no charge for either.

### FIRST COME FIRST SERVED!

It will not do to wait too long before picking out the lot you want in Federal Heights. We have taken the agency for the sale of lots in this beautiful new subdivision at the head of Brigham street, and the lots are now on the market. The prices are so reasonable you will be surprised when you learn them. Of course, Federal Heights will look a great deal better when the improvements are completed. There are deep holes in the ground in some places now and there are gullies and ridges. Every one of these holes will be filled, and the ridges will be graded down. There will be beautiful parks with trees and grass, terraced lawns, macadamized streets, concert saloons and dancing, sewers and city water. A small army of men is at work on this now. If you wait until the work is finished, you may find that somebody else has just the lot you want. Better look into the matter now. We would be glad to tell you all about it.

Do not forget that we handle all kinds of real estate, and that we control the Wilson-Sherman Co., giving the best insurance the world affords.

### PLUNGERS AND BOOKIES.

Precious Few of Either Survive Many Financial Gales.

In the last 20 years there has been only one man who is known to have been successful at beating the race-track game to a conspicuous degree, says the Broadway Magazine. That was George E. Smith, better known as Pittsburgh Phil.

He was a genius, and geniuses are rare.

He paid for his success with his life. He got so that he was a monomaniac. He thought, talked and had interest only in racing. The passion consumed him.

Nearly all the men who were prominent as big betters when he was one of the leading figures of the turf have fallen by the wayside. Michael P. Dwyer, whose wagers were colossal, went broke, suffered complete physical collapse and was a wreck for the last few years of his life.

Riley Grannan, whose pyrotechnic rise made him a national figure, has been lucky enough of recent years to get occasional employment as a bookmaker's clerk. Joe Yeager, who thought nothing of betting \$5,000 to a race, lasted one season.

Of the crop of plungers that followed this quartet not one is known to be ahead of the game. Davy Johnson, who was the biggest better last year, has gone broke more times than it is pleasant to recall. He has finished the season with very little money, despite the fact that in Rosebud he has had one of the most remarkable horses the world has ever seen.

The better thinks the bookmaker has the best end of it. He has; yet comparatively few of the bookmakers weather the financial storms incident to the game.

Of 100 who weighed in at the beginning of last season less than 15 were doing business at the end of the racing year. One of the most experienced bookmakers in America, Eddie Burke, lost six bankrolls in one season. The bankroll in the parlance of the ring is the capital stock of the bookmaker.

The public heartily despises the winnings made by the bookmakers, but the losses are announced rarely. One of the things the public does not appreciate is that many of the bookmakers are only managers or partners in the books they make. Wall street men, saloon keepers, business men and politicians frequently subscribe to the bankroll of bookmakers and occasionally a woman is the backer of a bookmaker.

The better also thinks that the horse owner has superior opportunities for beating the racing game. This time he is wrong. Few horse owners get rich. Most of them die poor.

There are few owners who have so good judgment as to regard the horses under their charge as have the really observant men who make a business of betting. If anything the opinion of the dispassionate handicapper or student of form is more reliable. The majority of horse owners get financial indigestion from betting on their own horses.—New York Sun.

### TWENTY-ONE KILLED IN WISCONSIN TORNADO.

St. Paul, Minn., July 5.—Twenty-one persons are now known to have been killed in the tornado which swept a path 10 miles long and from a mile wide in width through the counties of central Wisconsin on Wednesday night. Details of the damage done by the tornado are still coming in very slowly, and it is believed that the death list will be somewhat increased when all points visited by the tornado are heard from. In addition to these killed a score or more people were injured, some of them so dangerously that their recovery is doubtful. The property damage has not been accurately estimated, but undoubtedly will be heavy.

To the names of those heretofore reported as dead, the following have been added:

Near Elroy:

Mrs. Ole Wetley, instantly killed.

Five children of Ole Naez, crushed beneath the ruins of their home.

Mrs. Gullick Thompson, died from injuries.

The tornado passed about five miles to the south of Elroy, through a rich farming country, destroying houses and barns and sweeping crops and farm animals before it. Many farmers in this vicinity lost everything they possessed.

The two children of Joseph Buckner, a Jackson county farmer, whose deaths were reported yesterday, were killed in a peculiar manner. Buckner saw the storm coming and, with his children took refuge in the cellar. The house was carried away, and horses which had been blown out of the barn and carried into the cellar, upon the family crouching in the cellar. Edna and Will Buckner were killed, and Mr. and Mrs. Buckner were badly injured.

One boy of the Buckner family was blown away before he could reach the cellar and was badly injured. More than 25 houses were demolished in Jackson county.

### WHAT FER-DON TOLD THEM.

When Fer-Don first came to Salt Lake he told the people that his remedies would work miracles, and that they contained great healing power over disease. He also told them that the Boy Phenomenal would introduce a new method of treating the sick that was unknown to other doctors. How well Fer-Don has kept his word everybody knows, as many of our most prominent citizens have testified by the skill of the Boy Phenomenal and his wonderful treatments, and Fer-Don has scores of testimonials from people living here in Salt Lake.

**CURING THE HOPELESSLY SICK.**

Each day standing out boldly from amidst the failure of others, Fer-Don published the names of people benefited or cured; people well known in the community; people whose prominence forbids the thought of lending their names to any but an honest statement. The people ask themselves, "What does this mean?" and the answer forces itself upon them with a force that compels conviction. Nothing but merit and undisputed facts could produce such results and make such a record as this. Go and see these people. Have a talk with them. They do not live a thousand miles away, but lie right here where they can be seen and their truthful statement verified.

Now here are only a few of the cases published by the Fer-Don Remedies. Space forbids their further mention, although hundreds of grateful people in Salt Lake and vicinity testify to the wonderful results obtained from their use. Ask your friends about the Great

**BENEFITED AT \$5.**

With footsteps faltering and slow, Mr. Briscoe, a gentleman who gave his age as 85 years, and who lives at 333 Euclid avenue, came upon the platform last night. He said he had been unable to hear with his left ear for eighteen years. After one application of Fer-Don's preparation he was de-

**BLOODLESS SURGERY.**

When it was first announced that the Boy Phenomenal would remove cancers, tumors, gallstones and cure appendicitis without operation by a new system of bloodless surgery, many were skeptical. "It cannot be done," said many who, of course, were unfamiliar with the system of the Boy Phenomenal, who has made these things a special study.

Barney McNammon, 231 South First West, was relieved of a cancer under the eye yesterday by this new treatment. This cancer, like scores of others removed by this remarkable young man, yielded readily to treatment, and there was no pain caused by its removal.

**GALL STONES REMOVED.**

The case of Henry Kramer, who lives at 363 South First West, is remarkable for the fact that he was one of the first to have gall stones removed by the Boy Phenomenal's knifeless method. With three doses of medicine and inside of twenty-four hours, Mr. Kramer was relieved of a number of the dreaded gall stones which had caused him much misery and pain.

E. H. Williams, who lives at Layton, Utah, was another to successfully investigate the Boy Phenomenal's system for removing cancer without operation. Mrs. Williams heard of this bloodless surgery and came thirty miles to learn if he had heard truth. The cancer was treated without causing the patient any pain.
