THE JORDAN IRRIGATION COMPANY

WILL be ready to give titles to land and water in a few days. Those having claims and wishing to fence this spring will please let the undersigned know with whom they wish to join lands, and how much water and land they will pay for by the middle of April next.

Those wanting land and wishing to pay in work must apply immediately, as there is but little work to be given out. Fourteen and one-fourth miles of the canal are under contract and will be finished by the middle of April.

Those that have paid towards building the old dam and water ditches and have no title to land and water can have the same by paying up to ten dollars per acre, if paid so as to assist in opening up the present canal.

Those who hold land and pledged last fall to the undersigned that they would pay ten dollars per acre in instalments, the last of which was to be paid by the 1st April, 1865, are hereby requested to fulfil their pledges.
