PRESIDENTIAL PEREGRINATIONS.

The Hayes Party in the Sagebrush State.

SAN FRANCISCO, 7.—A Virginia City dispatch says: President Hayes and party were received here to-day with great enthusiasm. People came from all parts of the country. Bunting floated from the hoisting works and public buildings and decorations on houses and places of business gave the city a Fourth of July appearance. The President and party reached Gold Hill at 3.20 this p.m., and were welcomed by the firing of guns and a salute of steam whistles of the hoisting works. The party were here met by General Fox and staff, Brigadier-General Batterman and staff, and the Grand Army of the Republic as especial escort, and First Brigade of Nevada State militia, with music, etc. The President took a carriage drawn by six blacks; the other members of the party took carriages, while Mrs. Hayes and the ladies accompanying her kept the train to Virginia. After making the round of Gold Hill the procession went over the divide to Virginia, bringing up at the International Hotel, on the balcony of which a canopy of red, white and blue had been prepared. From this point the President, Hon. Alexander Ramsay, Secretary of War, General Sherman, Gen. McDowell and others of the party reviewed the procession as it countermarched by. After the procession passed, Mayor Stephens, of Virginia, welcomed the President and party and extended them the freedom of the city. The appearance of the President and party on the balcony was the signal for repeated cheers from the masses below, which filled the streets. The crowd in attendance was estimated from 5,000 to 7,000. In response to the welcome by Mayor Stephens, President Hayes said:

Mr. Mayor and Fellow Citizens:—My first duty on an occasion like this, after thanking the Governor of Nevada and your mayor for my hearty welcome in your midst, is to thank the Grand Army of the Republic who have received me so warmly and have escorted me so proudly. I also wish to thank the military companies, but above all, the people whom I see represented before me, for this unmistakable testimony of their consideration and regard. There is an understanding among our party that we are not to consume the time of our journey to the Far West in complimentary speeches, nor are we to compel the attention of our people in listening to them. We are, however, glad to come before you in an off-handed way and to say enough that those who welcome us so grandly may feel that they have become somewhat acquainted with us. In coming to your proud young city we have witnessed what no one of us can fail to remember without pleasure—something which can never be forgotten, the matchless scenery of these mountains. As often as we call that to mind and think of these everlasting hills which bow not even to the majesty of heaven, we cannot but remember also the energy, determination, vim and perseverance which has set this city in your midst, has surrounded it with all the luxuries of life, and linked it with the world around by all which notes progress and civilization. I feel that I ought not to say more. (Cheers, and cries of "Go on, go on.") Fellow citizens, I am glad to see you. I do not know what your condition may be as to gold and silver and worldly wealth, but I see around me what is beyond all that—I see that you are happy because of it. Money you may lose, and I presume some of you have lost some in your day, (laughter) but as long as you have health and this land you must prosper.

Mayor Stephens then introduced Secretary Ramsay, who spoke briefly in a humorous vein. Gen. Sherman and Gen. McDowell then made short speeches, in which allusions were made to Virginia under ground, which they were all anxious to visit.

The first part of the reception was over and Mrs. Hayes and ladies of the party were on the balcony. The former was introduced to the crowd and loudly cheered. The President and party were then turned over to Supt. Patton. They took a look at the hoisting works and machinery, and then went to the C. & C. shaft where the party were photographed. They went fifteen in number to the 2,300 level of the Consolidated Virginia and California mines. Dinner was served from 7:30 to 8:30. At 10 p. m. the party was serenaded on the balcony of the hotel. Mrs. Hayes held a public reception in the hotel parlors from 9 to 11, after which the party was left to repose to prepare for a journey over the mountains to Lake Tahoe to-morrow.

San Francisco, 7.—A Reno dispatch says: The President and party arrived at 12 o'clock, and left for Virginia City at 12:30. A great crowd was at the depot, the band playing and flags flying. The President made a brief speech from the hotel balcony, and was followed by Gen. Sherman and Secretary Ramsay, who each spoke a few minutes. Great enthusiasm was manifested.

THE POLITICAL PACKET.

Vermont and Arkansas Elections—Nominations, Etc.

NEW YORK, 7.—It is expected that no less than 70,000 votes will be cast in Vermont to-day and the republican majority will exceed 25,000 or more.

White River, 7.—Returns of elections are coming in as rapidly as can be expected. One hundred and ten towns heard from gave the following vote in 1876: Fairbanks, republican, 26,383; Bingham, democrat, 11,670. In 1880, Farnham, republican, 26,572; Phelps, democrat, 11,677; Heath, greenback, 802. Republican gain, 1,179; democratic gain, 7. Congressional vote, First District, Joyce, republican, 8,445; Randall, democrat, 8,470; Martin, greenback, 85. Second district, Tyler, republican, 9,385; Campbell, democrat, 8,004; scattering, 381. Third district, Grant, republican, 9,180; Currier, democrat, 8,091; Tarble, greenback, 323. Representatives to the legislature: republicans, 97; democrats, 18; there are 131 towns yet to be heard from. The same proportion will give 25,700 republican majority.

Montpelier, 7.—Returns from this district show Randall is left behind in his ticket for Congress. The republicans are gaining in the large towns along the line of the railroad. Joyce is undoubtedly elected by a largely increased majority.

Bennington, 7.—A much lighter vote is now polled than expected in this town and in the county. So far as heard from South, their senator and sheriff on the republican ticket are running behind, but the indications are the republicans will win. Col. Joyce, for member of Congress is running ahead on the State ticket in Bennington. Town, republican nominee for representative, is running ahead of everything. The vote will hardly indicate as heavy a majority as in 1878, when the county stood republican 836.

Burlington, 7.—Intense excitement here, and a full vote is being polled. Every indication of largely increased republican majority in the city. In the county towns the voting does not commence until about 2 o'clock.

Brattleboro, 7.—Notwithstanding the hard campaign work, the returns show 300 less votes were polled than were on the check list, and the republican majority falls off six from four years ago, Farnham receiving 946, Phelps 290—a gain of 21 for the republicans and 26 for the democrats. Tyler, candidate for Congress from the Second District, received 651 votes, as against upwards of 900 in 1876. Tyler's vote in the county is materially increased, though he runs behind the ticket in every town.

Rutland, 7.—Rutland gives Farnham 1,397; Phelps 1,148; Heath 26—a net republican gain over 1876 of 23, and over 1878 of 354. Returns from 71 towns, about one-third of the State, show a republican gain over 1876 of 2,062. This ratio through the State will give over 29,000 republican majority in the State.

Burlington, 7.—Returns from the country and districts are very meagre, but point to the election of the republican ticket by a slightly increased majority over the vote of 1876.

New York, 7.—The *Evening Post* has the following: General McDowell, commander of the Military Department of the Pacific, has procured leave of absence from the army headquarters for the sole purpose of coming back to New York where he has long maintained his legal residence in order to vote next November. He wrote the other day to a friend asking to be advised of the day on which he must be in New York for registration, saying he was coming home to vote for Garfield and meant to bring another vote with him.

Concord, N. H., 7.—In the Third Congressional District the republicans nominated Evartz W. Farr.

Lyons, N. Y., 7.—The republicans of the Twenty-sixth District renominated John H. Camp for Congress.

Hartford, Conn., 7.—The republicans of the First Congressional District nominated John R. Buck. General Hawley declined renomination.

Atlanta, Ga., 7.—The Republican State Convention was excited all day, trying to determine what policy it should adopt in the present State campaign. The effort to endorse Norwood for Governor was overwhelmingly defeated, and a resolution passed declaring it inexpedient to nominate a Governor or other State officers.

Little Rock, 7.—Partial returns from a number of counties indicate the election of Churchill, democrat, over Parks, greenbacker, by a majority of 50,000. It is believed the proposed Constitutional amendment for repudiation is certain. The State bonds will fail to receive a majority.

Full Rates Restored.

NEW YORK, 7.—Railroad Commissioner Fink furnishes the following: The trunk line executives in full meeting have this day agreed for themselves, and the trunk line executive committee at a subsequent full meeting, and acting as a standing committee for the joint executive committee, have agreed upon and hereby direct the immediate restoration and strictest maintenance of all east bound rates to full tariff prices on all classes of freight, including horses, sheep, all live stock and dressed beef. Please see order and enforce at once and permanently, and notify all shippers accordingly. (Signed) G. B. Roberts, Pennsylvania R. R.; J. H. Rutter, New York Central; John King, jr., Baltimore & Ohio; L. J. Seargeant, Grand Trunk; G. R. Blanchard, Erie.

Activity in Grain Market.

The activity which prevails in the grain market here may be accepted as evidence of the prediction that we were to be unable to find a market for all the grain we raise this season will prove unfounded. The demand never was so great as now, and the supply never so abundant. The result of the season's work will be to add an unparalleled sum to the wealth of the West. The enormous amount of 13,300,000 bushels of grain was shipped from this port during last month. The shipments of the present month will, it is thought, amount to 15,000,000 bushels.

Railway Gains.

The August returns of the earnings of the various railways are coming in rapidly, and with one exception show heavy gains.

The Contest.

CHICAGO, 7.—The score at the end of 48 hours of the 156 hour manhorse contest was: Horse—Speculator 220, Betsy Baker 200, Dun's entry 198, Bothman's entry 191, Rose of Texas 174. Man — Dobler 195, Byrne 175, Colston 167, Krohne 165, Schoch 161, Vint 146, Connolly 145.

It is 59 hours since the Hippo-Homo race in the pavilion began, and seven of the 20 contestants have given up. Dobler quit this afternoon with a score of 200 miles, a swollen knee utterly incapacitating him from further effort.

A marker was discharged this afternoon for making up laps for Betsy Baker.

The following is the score at 11 p. m.:

Men—Byrne 223, Krohne 209, Colston 207, Schoch 201, Vint 193, Connolly 166, Cole 141, Jackson 114.

Horses—Speculator 250, Betsy Baker 249, Bothman's entry 245, Orkett, Dunn's entry 237, Rose of Texas 225.

Expelling a Prospector.

DENVER, 7.—Advices from Santa Fe state that Los Rositas, a new mining camp, 40 miles from Santa Fe, where recently rich gold rock was discovered in the foundation of houses, Jesse Martin, who discovered the ore and located the mines in the principal streets, was driven from town by the Mexican inhabitants, who dislike the idea of the large influx of miners caused thereby. Shafts were sunk underneath the houses and in cellars, and the inhabitants are very bitter towards Martin who was the cause of it.

Explosions.

The *Republican's* Leadville special says: Charles Carter was fatally injured yesterday morning in the Crysolite mine by a premature discharge of giant powder. William Brennan was badly mangled by an explosion of giant powder in the La Platta mine.

Artesian Wells.

WASHINGTON, 6.—The Agricultural Department to-day received a letter from the commissioner who went, some weeks since, to bore an artesian well on the plains for irrigation purposes. He says he has decided to bore one of them at Fort Lyon, Colorado. It is considered probable he will locate others also in Colorado. He has $10,000 to spend in the experiment.

Mint Officials to Visit Us.

Alex. Martin, smelter and refiner of the United States mint, San Francisco, who has been here on official business, leaves for San Francisco to-morrow morning, stopping at Omaha, Denver and Salt Lake City, by direction of the Director of the Mint, on official business.

More Disasters.

SAVANNAH, 7.—Specials to the *News* report additional disasters on the Florida coast. The schooner *Rosa Eppleger* from Cedar Keys for New York, is a total wreck. The first mate, Joseph Bayles, was lost. The brig *Song-Preade*, from Apalachiola for Philadelphia, stranded. Two other vessels, names unknown, are ashore. A large ship is dismasted and in the breakers near St. Sebastian, with crew still aboard. A large portion of the bottom of the ship was newly coppered. She is apparently a vessel of 2,000 tons. A lot of mahogany came ashore yesterday at St. John's Bar.

Killed by the Cars.

OMAHA, 7.—An old man named Edward Boyle, while attempting to get on the west bound Union Pacific emigrant train at Fremont, last night, intending to steal a ride, it is thought, fell from the brake of the car and was run over by the caboose. One leg was cut off and his skull was fractured. Death ensued in ten minutes. Little or nothing is known about him at Fremont, except that he was going west and had come from Marshaltown, Iowa.

Caught the Runaway.

DEADWOOD, 7.—A telegram received here to-day announces the capture at Fort Sully, in this Territory, of R. O. Adams, defaulting ex-postmaster of this city, who recently escaped from the United States marshal, after being convicted of embezzlement.

Kalloch Wanted to Lecture.

CHEYENNE, 7.—W. W. Kelly, who was Talmage's manager during his recent lecture tour, passed through on his way to San Francisco to make final arrangements with Mayor Kalloch for a lecture tour, beginning next January in Boston and working westward.

Ouray's Body.

LOS PINOS, 7.—The body of Ouray will be exhumed and brought back from the Southern Ute Agency. The Uncompagre Utes want him to have a Christian burial.

Old Time Telegraphers.

CINCINNATI, 7.—The re-union of old-time telegraphers brought 70 or 80 old timers hither.
