

THE LABOR UNIONS STAND FOR ATTIAS

They Put Up Bonds and Secure
His Release from the County
Jail.

ABOUT PRACTISING MEDICINE.

President Wright of State Board of
Medical Examiners Talks—Will
Greeks Join the Union?

"Dr. P. G. P. Attias, the Greek labor agitator who is alleged to receive a commission on every Greek he brings into the Western Federation of Miners, was last evening released on \$100 bonds furnished by the union.

The story of his arrest on the charge of practicing medicine without a license was told in last night's "News." From the time that he was taken to the county jail until the various labor leaders from Park City, Bingham and other points arrived he was given the freedom of the office at the jail and was not confined in a cell as previously stated. At 6 o'clock he appeared in company with Deputy Sheriff Booth and the labor men before Justice of the Peace J. G. Williams of West Jordan precinct and was bound over in the sum of \$100 bail, which cash was put up by the labor leaders.

DR. WRIGHT TALKS.
Dr. Wright, president of the State board of medical examiners, this morning stated that judging from the affidavits that had been sworn against the alleged practitioner there was no shadow of a doubt that Attias had been taking money from the Greeks for medicine and advice furnished. "The man has not been near the board," he affirmed, "and consequently I know nothing about him. Had he come to us and shown his certificate and paid his fee, there would have been no trouble. He would not have been molested until he had demonstrated at the regular examination held whether or not he was entitled to practice in Utah."

CHARTER HUNS NEW TUNE.
Vice President A. W. Charter of the local lodge of the Western Federation of Miners has changed his tune. He now affirms that the publicity given to the trouble among the Greeks was not so much an alleged attack on "Dr. Attias" as it was on the union in general and Charter in person. Charter says that they are going to organize the Greeks and bring them into the union, despite what Leon Sklaris and his friends will do in the future. "L. Sklaris was not aiming particularly at Attias when he caused this arrest, but was simply continuing his fight on me, which he has been waging for over a year," he affirmed. From other sources it is learned that there is no love lost between the leader of the Greeks and

the labor vice president, who, it is asserted, was discharged from the smelters months ago as being an agitator and trouble breeder.

To read the Salt Lake Tribune, the public is led to believe that the Greeks have already been organized, and are rushing into the union ranks to be rid of the yoke of Sklaris, who is depicted as being a regular blood-sucker, by that paper.

WILL GREEKS JOIN?

The truth of the matter is that there are not eight Greeks out of the 1,200 in Utah who belong to any union. Those who do belong to unions are bar-tenders and men who have been discharged on account of their utter worthlessness. Sklaris asserted this morning that the Greeks would never join any union, as they are satisfied with existing conditions and are inclined to view with suspicion any effort to tie them up with others who did not speak their language.

ABOUT SKLARIS' METHODS.

As to Attias' threats to "show up" Sklaris by way of retaliation, Sklaris says that he will welcome such a procedure, as he has nothing to conceal. In discussing the war among the Greeks this morning Frank Groesbeck, assistant city clerk agent of the Rio Grande, said: "I have known Sklaris for about four years, and one thing I have noticed about him is that he is perfectly open and above board with the Greeks, a thing that cannot be said about some others I know. When he brings in a Greek and gets transportation he invariably has the memorandum made out by me, in his hand, and the man hands over the exact amount. I have seen him work for a couple of days to get some favor for a sick or bed-ridden fellow-countryman of his. If he has any graft on them I have yet to find it out. He charges them a stated amount for his services, like all agents, and I think that he earns his money."

ARRIVAL OF THE CYMRIC.

A telegram received at the President's office this afternoon from the White Star Steamship line, Boston, announces the arrival at Queenstown at 3 p. m. today of the steamship Cymric, en route to Liverpool. Aboard this vessel were the following: Walter G. Johnson, William White, Jr., Rudolph Pruhls, Salt Lake; Enoch Ludlow, Spanish Fork; Joseph Morris, Paradise; Jacob G. Riches, Wilford; Hans G. Nielsen, Mink Creek, Ida.; Gustave Peterson, Murray; Harold Brandt, Dixie. If T. D. Rice, Jr., Wales, Sanpete Co., and other Utah and Idaho passengers.

POLITICAL POINTERS.

(Continued from page 1.)

pointed new election judges as follows: District 22, A. H. Nash and C. C. Anderson; 21, E. Hartvieson and J. C. Thapston; 20, Albert Osborn and Otto Hamilton; 19, Albert S. Leonard in place of John Campbell; 18, David Archibald in place of George Dryburg; 17, J. Carson Healy in place of Theodore Tobolsan.

The political pot seems to be boiling very freely here, it is impossible to even guess how this county will vote, but the present indications are that the county officers will be mixed in politics. Registration seems to have been pretty generally attended to, judging by the throngs at the registration office, on registration days—Tooele, Tooele county, Oct. 20, 1904.

Democratic speakers will fill appointments tomorrow night as follows: Kane county, Harmon and Ray; Uintah, King and Rydalsen; Carbonville, Z. L. Cobb; Mont. 19 m., E. Johnson; 18 m., Spring City, 4 p. m., and Mt. Pleasant, 8 p. m., Moyle and Powers; Payson, Judge King; Ferron and Orangeville, A. J. Weber; Murray, F. S. Richards; Sunnyside, Erickson and Cherry; Lake Shore and Spanish Fork, Mrs. Elizabeth Cohen.

Manti Messenger. The repudiated Salt Lake Tribune is making a vicious and slanderous attack on the "Mormon" people. It is appealing to Gentiles to stand together and "down Mormonism in public affairs in Utah." That contemptible sheet is trying to frighten the Republican ticket which it sturdily calls the "church ticket." It is not necessary to deny these attacks; everybody knows they are baseless. The "Mormon" people will not fight, and since the attitude of the Tribune it may become necessary for the "Mormons" to stand together as a matter of self defense.

Republican speakers will hold forth tomorrow night as follows: Castle Gate, Howell and Houtz; Minersville, McGurkin and N. H. Tanner; St. George, D. C. Musser; Wanship, Leatherwood, et al.; Sanpete, Sutherland and Wells; Holden, Dune and Bagley; Plute county, Cutler and Squires; Provo, Judge Reed; Rexdale, M. C. Davis; Cashie, H. Anderson; Inverary, Alma El-dredge; Lake Shore, H. A. Smith; Layton, Hammond and Harris; Stockton, J. E. Frick and W. J. Snyder; Santaquin, H. S. Tanner; Fountain Green, George Sutherland; Richmond, William Glas-mann.

Intercollegiate Golf.

Ward Entertainments.

Sixteenth Ward.—The M. J. associa-
tion and Sunday school of the Six-
teenth ward are giving a reception and
an excellent program this evening in
honor of Miss Lela Timpson, the ward
organist, who is about to leave for
San Francisco, Cal., where she is to
take up the study of music to which
she has always been devoted. The pro-
gram will consist of some excellent
numbers by home talent and friends,
and the public at large are cordially in-
vited to attend. While in San Fran-
cisco, Miss Timpson will stay with her
aunt, Mrs. Van Den Berg, and will no
doubt be a valuable aid to the Califor-
nia mission which has a small chapel in
that city.

Twenty-first Ward.—The people of the Twenty-first ward will give an elaborate entertainment tonight, in the ward amusement hall for the benefit of the ward. There will be a program of 20 numbers given by the best talent in town, and there will be a voluntary contribution taken at the door for the maintenance of the chapel and meet- inghouse during the winter. Bishop Woolley promises an enjoyable time for all who attend.

HOLDUP SUSPECT.

Man Arrested Who is Believed to be
Wanted for Murder.

The police today arrested a young
man named Paul Hughes on suspicion
that he was the man who held up
Frank B. Sherwood in his drug store
on Wednesday night. The young man
claims that he came here from Park
City, but the officers believe that he ar-
rived here recently from the north,
and is wanted in Butte for murder. They say that he answers the descrip-
tion of the man wanted in Montana in
almost every detail. In any case the
police propose to hold him until he is
"mugged" and his picture sent to the
Butte authorities, so that he may be
turned over, if wanted.

BATES IS NOT YET CONVICTED.

For the third time George A. Bates
was placed on trial on Monday in Tooele
county upon the charge of grand
larceny, and for the third time the jury
was unable to agree upon a verdict, and
he was discharged. Bates will be tried
again at the December term of court.
On both the other trials the jury was
unable to agree upon a verdict, and on
one occasion when the case was set for
trial Bates failed to show up and his
bond was forfeited. But against his
bondsmen to recover the amount of
the bond was filed in the district court
yesterday by District Attorney Smith.
Bates stands charged with stealing two
horses from the Utah Construction
company and was arrested on June 12,
1903. He is now out on bail. It is prob-
able that a change of venue to this
county will be taken before the next
trial.
