## NOTICE TO FARMERS.

**THRASH** your grain as soon as it is harvested. Past experience has proven to all, that wheat that is put up in a stack to stand until winter has been mostly destroyed by cattle and mice. Having selected and brought through a machine that is well adapted to the grain raised here, and having had long experience in the business, I hope to merit a liberal share of public patronage. Brethren in the adjoining valleys can see me at my residence on Big Cottonwood, or in the 12th ward in G. S. L. City.

As there has been much waste of grain by improper feeding of animals, I will be responsible for all unnecessary waste.

13-19 MILO ANDRUS.

S. Government, for losses by Indians, powers of attorney, naturalization papers, declaration for land warrants, deeds, bonds, &c., &c. For drawing up declarations for land warrants, including clerk's certificate and seal, my price is \$3 cash. Other papers in proportion.

The mechanical branch of this business will be carried on under the direction of A. L. Toussiez, who, having been engaged for years in the manufacturing of leather in Austria, Russia, France, England and the United States, has thoroughly satisfied himself by trial, that the very best article of leather can be furnished from the material with which this country abounds.
