THE EVENING NEWS.

Wednesday, - - April 15, 1874.

Either—Neither.

Have you seen a dictionary
Of this new vocal ilary,
Which pronounces Either I-ther,
And pronounces Neither ny-ther?
Do not call it affectation,
Shoddy show pronunciation;
It upsets the ei dipthong,
Dropping e and I change places,
With the ease of Grecian graces;
Only let them change their stations
In like place in all relations—
Change conceited to conceyted.
Fortune's freight to fright, affrighted,
For this rule which gives us I-ther,
Changing neither into ny-ther,
Makes believers all belyvers,
And deceivers all decyvers,
The conceited man conceyted,
While the freighted ship is fry-ted.
Deigning, too, is dining true,
For every line brings something new;
Vein is vine before this current;
Weight is wite, with Yankee accent;
If you cannot change these also,
Speak as others do, or should do.

JOCULARITIES.

An exchange says that "a Dubuque distillery has got converted, and is now run as a flour mill."

A stranger who threw $10 into the plate of a Savannah church obtained credit for $500 worth of goods the next day.

The editor of the *Concord Sun*, North Carolina, wants to see greenbacks as plentiful as the leaves of the forest.

A fop, in company, wanting his servant, called out, "Where's that blockhead of mine?" "On your shoulders, sir," said a lady.

A Georgia paper says that it won't be more than three months before the sad, lonely young men of the State can go out and hook melons, and feel anew the goodness of nature.

The New York *Herald* says: "Butler makes a mistake in endeavoringto write. He should put his enemies down only by pulling wires, which he does with great success. His pen is mightier than the sword, but both are poor."

A new idea with regard to weddings has been invented in Connecticut. A citizen of that State announces that his golden wedding will come off just thirty years from now, and offers a liberal discount on any presents his friends design then to make him.

A strolling minstrel was recently arrested out in Missouri for a small theft and fined two dollars. Having no money, the judge adjourned court for half an hour and the minstrel gave a show, the "court" taking the fine out in trade.

The Malays have succeeded in raising a white morning-glory, with queer streaks in the calyx, which, during one day, have three colors—pale blue in the morning, rich purple at noon, and a light pink at evening. There is nothing to equal this phenomenon of change of color, unless it is an "independent" editor.

Kate Stanton asserts that the planets revolve around the sun by the influence of love, as a child revolves about his parent. When the writer was a boy, he used to revolve round his parent a good deal, and may have been incited thereto by love, but to an unprejudiced observer it looked powerfully like a trunk-strap.—*Ex.*

PUEBLO AND SALT LAKE RAILWAY.—The Topeka *Record* in an allusion to the meeting of the incorporators of the Pueblo and Salt Lake Railroad [company thinks that under the present condition of affairs it would seem that the interests of the Kansas Pacific and the Atchison, Topeka and Santa Fe companies would be mutually served by speedily building or aiding to build this new road from Pueblo to Salt Lake.

"The road now running from Salt Lake to Corinne, being under the control of the California Pacific, and uniting with their road at the latter point, would make a continuous line to San Francisco, entirely independent of * * * the Omaha Pacific.

"This route would be far enough south to escape the immense snow drifts that block up the Omaha division of the road three months in the year; it passes through a rich agricultural, grazing, and mining country, replete with objects of interest; over the finest and most extensive buffalo range, through the most beautiful parks of Colorado, the passes in the Rocky Mountains, and Salt Lake City. It would successfully compete with all other routes, built and in contemplation, and command the largest share of the business, both in passenger and freight. We hope to see energetic measures taken to build it at once."—*Pueblo, Col., People.*

DIRECTORY

Salt Lake City and Utah Territory.

A WORK OF THE CHARACTER INDICATED BY THE ABOVE TITLE IS urgently demanded by public necessity. A twelvemonth ago, when the undersigned announced their intention of issuing such a work, another Directory was presented to the public, and they immediately withdrew their advertisement. There being no proposition to publish a Directory from any other quarter at present, and the importance of Salt Lake with the growing industries of the Territory calling for one, they propose issuing, **on or before the 1st of April,** a

DIRECTORY of SALT LAKE CITY and UTAH TERRITORY,

Compiled and arranged by

EDWARD L. SLOAN,

Whose former DIRECTORY of Salt Lake gave so much satisfaction.

THE DIRECTORY OF SALT LAKE CITY AND UTAH TERRITORY FOR 1874, will contain

- **A General Directory of Salt Lake City; a Business Directory of Salt Lake City;**
- **A Business Directory of Ogden, Provo, Corinne, Alta, Bingham and Ophir; with**
- **An Official Directory of every County and Municipality in Utah.**

It will also contain a Chronological History of the Territory; a description of the various Mining Districts, with much interesting and reliable information relative to the leading mines and their development; and to the Agricultural, Manufacturing and Industrial resources of the Territory.

☞ Canvassers soliciting Subscriptions and Advertisements will call upon business men and others in a few days.

[It is respectfully requested that every facility be extended to the canvassers for the general and business directory, by furnishing them correct information as to names and residences.]
