IN ST. PETERSBURGHas Reached Acute Stage and
Threatens to Result in Suspension of Studies.

GOVERNMENT TAKES A HAND.

Will Shut It Down at Once if Out-
siders Are Permitted to Tres-
pass on Campus.

St. Petersburg, Nov. 5.—The acute-
ness of the present university crisis
continues and threatens eventually to
result in the suspension of studies. The
government of the University of St. Peter-
sburg, with an explicit statement in
which it sets forth the intention of
shutting down the university at once if
outsiders are permitted to trespass upon
the campus, has addressed the

A big mass meeting was held today
and continued until a late hour, to pro-
test against the expulsion from St.
Petersburg of Jews who do not belong
to the university, and who desire to
attend the lectures, on the ground that
they have not the right of residence in
the city. A resolution was adopted,
calling for the expulsion of the Jews, and
for the closing of the university until
the matter is settled.

play in four acts, by Rex Beach and
James MacArthur, was given its first
performance at the University of Chicago
here tonight. The play was well
received by a large and fashionable au-
dience. Miss Catherine Calhoun gave
a very convincing performance of the
role of Helen Chester, the heroine of the
story. The story is of events in Alaska in
1896.

It Takes
Nerve

Everything depends upon
your nerves. It is nerve force
that causes the brain to direct
the motion of your body; it is
nerve force that causes your
heart to pulsate, and send the
blood through your veins; it
is nerve force that causes your
stomach to digest food, your
kidneys to filter the blood, and
the liver to secrete bile.

In fact, nerve force is the
power that runs your body, so
if you feel worn-out, irritable,
nervous, cannot sleep, or eat
well, have pain or misery
anywhere, your nerves are
weak, and your system run-
down. To restore this vitality
take Dr. Miles' Nerve which
will strengthen and build up
the nerves. You cannot be
healthy without strong nerves.

"For eighteen years, Dr. Miles'
Nerve and Anti-Pain Pills have been
my constant help. Early in married
life, while raising children, my
nerves became all worn-out—could not
sleep, had no rest, and was very
bad, and had such awful dizzy
spells. Then I began using Dr. Miles'
Nerve, and after a few days I began to im-
prove, and soon found myself in
perfect health."

is very careful about her churn. She scalds it thoroughly after using,
and gives it a sun bath to sweeten it. She knows that if her churn is
sour it will taint the butter that is made in it. The stomach is a churn.
In the stomach and digestive and nutritive tracts are performed pro-
cesses which are almost exactly like the churning of butter. Is it not
apparent then that if this stomach-churn is foul it makes foul all which
is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth
and the foul breath caused by it, but the corruption of the pure current
of blood and the dissemination of disease throughout the body. Dr.
Pierce's Golden Medical Discovery makes the sour and foul stomach
sweet. It does for the stomach what the washing and sun bath do for
the churn—absolutely removes every tainting or corrupting element.
In this way it cures blotches, pimples, eruptions, scrofulous swellings,
sores, or open eating ulcers and all humors or diseases arising from
bad blood.

To aid in healing old sores, or ulcers,
apply Dr. Pierce's All-Healing Salve to
them while taking the "Golden Medi-
cal Discovery" to purify and enrich
the blood.

Dr. Pierce's All-Healing Salve is a superior
treatment for all open, running, or sup-
purating sores or ulcers. For healing
open wounds, cuts and scratches it is
unsurpassed.

If your medicine dealer does not have
"All-Healing Salve" in stock mail
for postage stamps to Dr. R. V. Pierce,
Buffalo, N. Y., and Dr. R. V. Pierce
will return post.

In treating all open sores, or ulcers,
sores, cuts and scratches it is un-
surpassed. Dr. Pierce's All-Healing Salve
is a superior treatment for all open,
running, or suppurating sores or ulcers.

AGED MAN BURNED TO

DEATH, OTHERS JUST ESCAPE

Chicago, Nov. 5.—An aged man
died from the effects of a fire last
night at 16 Paulina street, and five
other persons were rescued from the
burning building. Of these, four were
nearly as old as the victim of fire,
one was blind and another deaf.

The victim was William Ordan, 70
years old. He died while being taken
to the county hospital in a police
ambulance after he had been carried
unconscious from the building.
The persons rescued were:
Ralph Lamb, 65 years old,
Mrs. Frances Lamb, his wife, 62
years old,
Charles Miller, 65 years old,
Mrs. Carrie Miller, 60 years old,
Miller's wife,
Mrs. Sophia Mullhand, 42 years old.
Ordan was a carpenter and it is
believed he had lain down on the bed
to rest after working in his ap-
artment. A sofa in one of his rooms
is said to have caught fire from a
stove.

THREE FISHERMEN

Go on Lake Michigan in Open Launch

And May Have Been Drowned.

Chicago, Nov. 5.—Three fishermen
Louis Wright, William Thompson, and
a man whose name could not be
learned, who left Michigan City, Ind.,
on Saturday in an open gasoline launch,
are believed to have been drowned.
They were on their way to Chicago,
giving the boat a test trip. They car-
ried but little food, as they expected
to make the trip in a short time.

When they failed to reach Chicago,
it was first believed that because of a
small storm which swept the lake the
men had beached the boat and were
safe. The continued absence of the
boat alarmed friends in Chicago and
the life-saving crews at South Chicago,
Michigan City, and St. Joseph, Mich.,
were notified.

After an unsuccessful search, all
hope of finding the missing fishermen
was abandoned last night.
It is now believed that the boat was
swamped by heavy seas after the fuel
had been exhausted.

Get Well
Acquainted
With The Mutual Life

It has been in existence sixty-three years. Public confidence and patronage have
made it and kept it the largest and staunchest Life Insurance company in the world.
It is owned by its policyholders. It protects thousands, but there are many others who
should have the same protection. How about you? People who are so thoughtful and
kind as to wish to provide as they can to-day for what will happen some other day, when they
are taken from those they love and support, should get acquainted with

The Mutual Life

Insurance Company

Let them read its history; analyze its statements; examine its investments; consult its agents. They will
find a reason for its strength and stability and a reason for their confidence and patronage.
The new management of the Mutual Life has been in control for nine months. Its report for the first
six months will be mailed to anyone on request or may be had of its agents. It tells what has been accom-
plished in conformity with the new Insurance Laws; shows the vast reduction, and indicates the un-
usual advantages yet to reach its policyholders. Its plain figures, given in a plain way, will convince
any fair-minded person that The Mutual Life to-day justifies the good opinion of Bishop Chas. C.
McCabe, of the Methodist Episcopal Church, who recently said:
"After long and careful consideration, I am thoroughly satisfied that the present administrations of
both companies (The New York Life and the Mutual Life) are now effecting great economies and
reforms, and that these institutions, purged as by fire, are now in a position to afford the pro-
tection of life insurance in better form, and on better terms, than any known in the past."
It justifies also the good opinion of Mr. James C. Colgate and his associates, who, having
policies to the amount of \$5,000,000 in the Mutual Life, recently "resolved that the
present executive officers and trustees are, in the opinion of the Policyholders' Pro-
tective Association of the Mutual Life, faithful to its interests, and that their
administration of its affairs has been and is efficient, economical and bene-
ficial to the policyholders."
