And Assumes Control of Its  
First Public Utility.

USHERING IN OF NEW YEAR.

New Changes in County Offices—Law  
Firm Dissolved and Reorganized—  
New Year Weddings—Briefer.

Ogden, Jan. 1.—The transfer of the  
waterworks system to Ogden City took place yesterday afternoon  
and last evening at the office of the  
company at which were present the  
officers and directors of the company  
and members of the city administration.  
The time was occupied in the signing and turning over the  
books to the company and the turning  
over to the city all the necessary  
papers in the deal.

At the meeting held last evening  
all the papers were signed and the  
deal consummated and from now on  
Ogden City has taken its initial  
steps in municipal ownership of public  
utilities.

Beginning tomorrow all the furniture  
etc., of the waterworks company  
will be moved to the city hall.  
Charles Kircher, who for more than  
fifteen years has been connected with  
the waterworks company, had been  
named by the city to have charge of  
the "Water Lou," who has been with  
the waterworks company for about  
15 years, will also retain his position  
as chief inspector.

USHERING IN OF NEW YEAR.

The New Year was ushered in in  
Ogden last evening with all the usual,  
pomp and ceremony—salutes, Whistle  
triumphal arches and fireworks being  
displayed. In all the churches special  
water-night services were held and  
in most of the residences of the city  
there were little parties of friends who  
gathered to watch the old year out  
and the New Year in.

During most of the evening the  
streets were crowded with merry-  
makers who paraded up and down the  
street with horns, bells and instru-  
ments of various kinds that would  
serve to help welcome the new  
year.

Tomorrow at the courthouse there  
will only be two changes of officers,  
they are Samuel G. Dye, who succeeds  
David Matson as county clerk; and  
John Hyatt, who succeeds David Mc-  
Kee as county commissioner. The re-  
mainder of the officers succeed them-

In railroad circles there will be a  
few changes of minor character, the  
principal one being the changing of  
the clerical forces from under the  
direction of the yardmaster to that of  
the joint freight agent. One or two  
from other offices in the railroad  
carter will be transferred to other  
offices.

Should not be neglected. It leads to more serious troubles. It shows that the important functions of the liver are imperfectly performed. The best medicine to take for it is the mild, gentle and purely vegetable cathartic, Hood's Pills, which act on the liver and bowels, cure biliousness, constipation, morning and sick headache, break up colds, relieve uncomfortable fullness after dinner.

RAILROAD NEWS.

OFFICIAL ON GRIDIRON.

President of Santa Fe Railroad to be Queried by Commission.

Chicago, Dec. 31.—President E. P. Riley of the Santa Fe, says the Inter-Ocean today, will probably be called as a witness by the Interstate commerce commission in the inquiry now being made by that body into the lumber industry of the southwest.

It has been shown during the investigation that Mr. Ripley, as president of the Southwestern Land company, was interested in the lumber situation in the southwest, and that his road has built 139 miles of trackage in order to reach a mill owned by the Industrial Lumber company, which had bought 65,000 acres from Mr. Ripley's land company.

BURTNER TO RIVERSIDE.

Further Details Regarding Salt Lake  
Route Changes Here.

In connection with the promotion of Kenneth Kerr, commercial agent of the Salt Lake Route at Riverside, California, to be district passenger agent of the same line with headquarters in Salt Lake, and the elevation of J. H. Mandefield to be district freight agent of the Clark road in this city, exclusively announced in yesterday's "News," J. H. Burtner, who has been with the Salt Lake Route for years as district passenger and freight agent at Salt Lake City, has been transferred to Riverside, California, to represent the company in a similar capacity. For a number of months Mr. Burtner has been on leave of absence from his railroad duties, to enable him to manage the affairs of the Mt. Nebo Oil company, but beginning today he returns to active service with the road at his old home in California.

During the temporary absence from the road of Mr. Burtner, J. H. Mandefield has been acting district passenger and freight agent at this point.

Mr. Mandefield is exceptionally well qualified to take up the work entrusted to him, as he has been with the road since its beginning.

The many friends of Mr. Kerr are highly pleased to know that he is about to return to Salt Lake to make his home. He will be welcomed back not only by all the railroad men in the city but by the newspapermen as well, who lost an able confere when Mr. Kerr went into the railroad business.
