VIADUCT OPENS ON MAY FIFTH

Highway Over Railroad Tracks To Be Completed Wednesday And Turned Over to City.

CIVIC IMPROVEMENT LEAGUE.

In Active Campaign for Betterment Of Ogden—Court Orders Sanitation Debts to be Paid.

OGDEN, May 1.—The viaduct will be opened for public travel on May 5. This is the statement made by a railroad man Friday evening to the "News" correspondent. He further stated that at the session of the city council next Monday night the railroad company will undoubtedly advise the city that the big steel bridge, which is almost a mile in length, will be ready for public use on Wednesday morning.

While nothing definite, at present, has been decided upon in the matter of ceremonies in the acceptance of the viaduct by the city from the railroad, it is very probable that this will be decided upon by the council at next Monday night's session. What action is taken in the matter will probably be the presence of the mayor, city council and other city officials with the railroad officials and an inspection of the steel structure will be made after which it will be formally turned over to the city by Engineer Campbell and accepted for the city by Mayor Brewer.

The viaduct fills a long-felt want of the city and will cause less anxiety on the part of the railroad officials. It crosses about 30 tracks over which more than 300 trains are passing each 24 hours and has required the services of men each hour out of the 24. To the public it means there will be no more long delays waiting for the trains to clear the crossings in addition to the safety it affords from accidents arising from unmanageable teams.

TEACHERS' CORPS REORGANIZED.

OGDEN, May 1.—At the meeting of the city board of education last night it was decided to retain all the present teaching force of the Ogden High school. There are 20 teachers in all and the vacancies to be filled. The teachers were divided into two classes—heads of departments and assistants. Heads of departments will receive salaries of \$1,000 to \$1,200 a year, and the assistants, \$750 to \$900. O. J. Cross, principal of the High school, will receive \$2,000 for next year, an advance of \$200.

The primary superintendent was assigned to Miss Wila Spurgeon at a salary of \$900 a year, and Donald Beauregard was appointed supervisor of drawing. Under his contract he will spend two days of each week in Ogden and two days at the University of Utah. These are new positions.

J. M. Mills, superintendent of schools, was instructed to institute a domestic science department in the grade schools of the city and the High school.

The superintendent recommended that a kindergarten room be established and maintained in each of the city schools. This suggestion, if carried out, will mean the purchase of 10 new teachers. The matter was referred to the committee on teachers.

H. S. Hodgson reported that the High school building would be partly completed in time for the opening of school. The High school graduating exercises will be held in the Grand Opera House after the closing of the school.

CIVIC IMPROVEMENT LEAGUE.

OGDEN, May 1.—The Civic Improvement league, at a recent meeting, volunteered to extend its services to the Harriman interests as well as to the property owners on Wall avenue between Twenty-third street and 24th street, to secure the site for the erection of the new \$100,000 freight depot which the Harriman interests are contemplating. The league will attempt to bring about a settlement of some sort in this case. A large number of other matters looking toward the betterment of the conditions in the city, toward making it more beautiful, were considered at some length and will be part of a campaign which the league will start for a more beautiful Ogden.

ANSWER FILED.

OGDEN, May 1.—In reply to the petition filed in the district court recently by the two sons of John B. Manning in which they alleged their father had been coerced by Mr. and Mrs. Alfred Neal into signing away all of his property and leaving him penniless, Mr. Manning has filed an answer in which he sets forth that he is mentally sound. The father admits that he is physically infirm but denies any mental weakness. He also makes a strong denial of all allegations of coercion and declares that no effort has been made by the Neals to influence his mind.

GLOBE THEATER PURCHASED.

OGDEN, May 1.—The progressive Motion Picture company which was recently organized has purchased the Globe Theater on Washington avenue, and will in the future run the same in conjunction with the Orpheum Motion Picture theater. The officers and directors of the company which now controls the Orpheum and Globe theaters is as follows: Albert Scowcroft, president; Charles Zeimer, vice president; W. W. Hodkinson, secretary; H. W. Sims, treasurer.

SCHOOL NOTES.

PROVO, May 1.—Some of the boys and girls feel that the last week of school is more than they care to attend, and have urgently requested their parents to ask the board of education for excusers, but in all cases the board has sustained the school law and required that every child shall attend the full 30 weeks. Probation Officer Roper delivered talks in a number of the schools last week urging

Spring Humors

The sooner you get rid of them the better. They are impure matters which your system cannot take care of without help, there is such an accumulation of them.

They cause loss of appetite, eruptions, that tired feeling, bilious turns, fits of indigestion, dull headaches.

It is important to get rid of them not only because they make you feel miserable, but also because they reduce your power of resistance to disease.

They make it harder for your white blood corpuscles to defend your red blood corpuscles and bodily tissues against disease-germs, which are in the air you breathe, the water you drink, the food you eat, and on things you touch.

The way to get rid of them is to take Hood's Sarsaparilla—the medicine that is taken every spring by every member of the family in thousands and thousands of homes.

Hood's Sarsaparilla acts directly and peculiarly on the blood; purifies

Hood's Sarsaparilla effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than 20 different ingredients, each greatly strengthened and enriched by this peculiar combination. These ingredients are the very remedies that successful physicians prescribe for the same diseases and ailments. There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Get Hood's Sarsaparilla today, in the usual liquid form or in chocolate tablets known as Sarsatabs. 100 Doses One Dollar.

ing that boys and girls to be law abiding citizens. During the closing week the teachers have decided to have field day sports, and the athletic committee have prepared a program in which all grades will be competitors, throughout the city, in some event. Last evening the Parker teachers entertained the city teachers, members of the board of education, the Parker graduates and their parents. The board of education has recently paid a visit to the school buildings, for the purpose of inspecting the buildings and the fire drills.

GOOD ROADS BUILDING.

PROVO, May 1.—Mr. David Enter, representing the Kelly-Springfield Road Roller, has been in the city for several days conducting a test of his company's machine in road building. He has made a very fine piece of road between Fifth and Sixth on Academy avenue and the machine is thoroughly acceptable to the council. Today he left for Los Angeles, where he will show one of his machines.
