LOCAL AND OTHER MATTERS.

PRESIDENT AND PARTY -- We learn per Deseret Telegraph line that the President and party arrived at Nephi at 40'clock p.'m. yesterday, where meeting was held. President Geo. A. Smith, Elders B. Young jr., O. R. Savage and President B. Young spoke. The party started from Nephi at 7-35 this morning, for Scipio, where they will remain over night.

LOOK OUT FOR THE "KEEPAPITCHININ!" -The only comic paper published in the Rocky Mountains. 1st No. out this afternoon! Full of fun, fast and furious. Everybody wants it! Inimitable in its would cuts and all the other curs. Call on James Dwyer. Send on your subscriptions and spread it to the ends of the earth.

FAMILY RELIES. - Bro. Robert Williams, a day or two since, lost a pair of spectacles with gold frames, which he is anxious to regain, as they are family relics, having formerly belonged to his father. The findor will please leave them at this office.

WILFUL MISCHIEF.-Elder Thomas C. Jones, residing in the 20th Ward, in a note dated the 27th ult., complains of damage done by mischievous boys in his neighborhood on Sundays while the residents are from home attending meeting. He says that he has had his windows broken and opened, and has sustained other damage. Other persons have suffered similar outrages, and he asks for some mode of preventing such occurrences in future.

We would suggest that the residents of the locality constitute themselves a watch for Sunday duty, and take turns in performing that duty, and that severe examples be made of any boys guilty of such improper conduct. If a course of this kind be pursued we taink such annoyances will SOOD CEASE.

MORE MAIL COMPLAINTS,-Mr. John Seaman, writing on the 28th ult. from Richville, Morgan county, says:

"What's the matter? No papers this week. no papers last week, no papers the week before last, making three weeks almost a total blank, for want of news, Sometimes three packages out of five of the Deseret Weekly Naws come to the Morgan Post Office, sometimes two out of five, causing much anxiety in regard to papers. Cannot something be done so that we can have an improvement in mail matters?"

FROM THE EAST.-Elder J. D. M. Crockwell writes to President Young from "Valley Station, U. P. R. R., on February 24th. About four weeks previously he left Chicago and traveled west. He had lectured in several places to large and attentive congregations, and had held a discussion with a ciergyman at Brusha Bend. six miles west of Dakota, Nebraska, which had created considerable stir among the members of his opponent's congregation. At date of writing he expected to commence a sourse of lectures the same evening, at Primrose, near the place from which he wrote. He was well and enjoy-

ing his labors. Elders C. H. Bayan and A. Love, also write to President Young, from Bement, Ills., on the 19th of February. They have traveled in Scotland and PikeCounties, Missouri; Macon, Pratt, Moultrie, Champaign, De Witt and Douglas counties, Illinois, and in Jefferson, Oldnam and Shelby counties, Kentucky. But little disposition has been manifested by the people to receive the truth, though many ask numerous questions concerning Utah; but these principally are in the shape of inquiries concerning the character of the country, the prospects for making money, and similar matters with a curiosity manifested concerning the marital relations here. The brethren named have enjoyed good health, and were kindly received by their acquaintances whom they had visited.

Social Ball .- To-night a grand ball will be held in the Theatre, being the last one of the season. Those held in that spacious and commodious building have so far been of the most pleasant and agreecble description; and the one to-night promises to be equally successful. The Theatre is admirably adapted for balls; and these who appreciate a pleasant dance should be present to-night.

EVENING .- Looking from the north bench just after sundown last evening, a very unusual sight met the eye. Stretching far in the distance, on the south beyond the boundaries of the city, several fires of unusual size, like so many burning lakes, tinged the horizon with their red glow, caused no doubt by the burning of the stubble, preparing the land for the operations of the agriculturist in the early Spring.

PERSONAL.-Dr. Latham, Surgeon of the U. P. R. R., and lady left for the Hast yesterday afternoon, after having enjoyed a very pleasant visit in our city. The doctor has collected quite a number of specimens of Utah products and manufactures, for the purpose of forming a cabinet, to be placed in the Company's office at Omaha and one for the office at Boston.

NEW MAR .- We have been shown by Mr. C. F. Reed, the American Republic Railroad map of the United States, British Provinces, West Indies, Mexico and Central America, compiled from the latest official sources; published by Gaylord Watson, New York. This map contains a draft of all the surveyed railroad routes in the United States, including our home line from Ogden to this City. There is also a map of the world on the back of the sheet. The dimensions of the map are three feet by four feet. It is nicely mounted. Mr. Reed is at present in the city as agent for the sale of the above map. He sells them at the low figure of \$2,00 each.

SHOOTING,-The Cheyenne Leader of the 36th contains the following:

A shooting affair occurred last night at a saloon on 16th street. Two men were play-ing "poker." One of them demanded "a sight" for his money, which his adversary r fused to grant, upon which the former simple and can be learned in a few hours.
drew a revolver and commenced shooting WRS. JOSEPH BULL, 17th Ward, As at his antagonist. The latter returned the fire and several shots were exchanged. One of the parties received a dangerous would in the leg. Both are under arrest.

FROM BRITAIN.-Elder N. C. Jacobs writes to President Young, from Glasgow under date February 9th. He is well, as are Elders L. Smith, Wm. Douglas and H. G. Park, who are laboring in Scotland. Their Semi-Annual Conference was held on the and of January, and was attended by President A. Carrington and some other Valley | 478 ly

Elders. A good time was enjoyed at it.
The elders are laboring faithfully to extend
the work, yet but few are being baptised.
As in many other places the people seem
hardened in their prejudices. A letter to
Bro. Jacobs from Bro. Heber Young, written from Switzerland on January 25th. stated that he and the elders in that mission were well.

BIRMINGHAM,-Elder A. P. Shumway writes from Birmingham, England, on the lith ult., an account of their semi-annual conference, held on the 30th of January, terminating on the following evening with

Among the elders present from the Valley were President A. Carrington, Elders A. P. and Charles Shumway, S. Price, G. Romney, H. B. Clemens, Peter Nebeker, G. Lavender, G. Lake, Levi Garrett, H. O. Spencer, J. Tuddenham, G. Knowlton, A. Neff and Alma Eldridge.

The Birmingham Daily Post, in a report of the conference, says:

"Twelve branches were represented, and the condition and prospects of each were reported to the meeting. The statements were, with one exception—which referred to West Bromwich—of an encouraging and hopeful character; and each regresentative spoke in terms of reverential loyalty of Brigham Young, and of his counselors and apostles. They were not spending their time and talents for earthly gain—for gold, er silver, or lands; but they were devoting themselves to the heaven-directed mission of promoting truth and virtue, of establishing the kingdom of God permanently upon the earth. The numerical state of the branches, in the total, was as follows:

Branches, 12; elders, 87; priests, 39; teachers, 23; deacons, 24; making altogether 173 officers. Baptised during the half year, 38; received, 11; removed, 8; emigrated, 111; excommunicated, 28; died, 11; total, 898. The Birmingham branch was stated by President Willis to be in a very flourishing condition. It consisted of 423 members. During the half year there had been baptised, 21; received, 5; removed, 2; emigrated, 79; died, 3.

The morning conference closed by the congregation agreeing to a series of formal resolutions by which they pledged them-selves to sustain all the elders, priests, presidents and officers-from Brigham Young downwards; and sustain one another in doing good, and in building up the kingdom of God upon the face of the earth.

The afternoon and evening meetings, which partook more of a devotional character, were well attended. Addresses were delivered by Elders Carrington, Tuddenham, Lake, Knowlton, Neff and Nebeker.'

BUY THE BEST!

FLORENCE

SEWING MACHINE

In point of labor, there is the same dif-ference between thrashing with a finil, or using a Thrasing Machine, that there is between a wing by hand or using a good Sewing Machine.

Inventive Genius gave to man Things pleasing to the sight, And such as man has often wished Would make his labors light: Then turned to woman with a smile, And male her heart rejoice, For she in every household sings Its praises with her voice,

'Tis the song, 'Tis the song, In every house wherever'tis seen, There's a song. There's a song, Of the beautiful Florence Machine.

When woman toiled for daily bread,
From early morn till eve,
How many eyes were dimmed with tears,
How many hearts did grieve?
But now she has her "household pet,"
And one to which she'll cling,
For labor is a pleasure now,
And she can toil and sing.

'Tis the song, 'Tis the song;
In every home wherever 'tis seen,
There's a song, There's a song
Of the beautiful Florence Machine.

In every home, in every land,
Its praise is sung aloud,
It works alike for rich and poor, The humble and the proud; It is the pride or every neart, And every woman's care,
"God bless the Florence Company,"
Is in every woman's prayer.

Tis the song, 'Tis the song; In every home wherever'tis seen, There's a song. There's a song Of the beautiful Florence Machine.

"Owing to rapidly increasing business, the Florence Company are now working two hours over time, running twelve hours daily. Until the completion of additions, which are now in progress, to their large factories, their agents are compelled to await their turn, as incoming orders are registered and filled in the order of their receipt. their receipt.

Northampton (Mass) Free Prest.

Refering to the above, the Branch office of the Florence company, beg leave to a-k the indulgence of those admirers of the Florence, whose orders are now on file at the Sait Lake office. We hope by the 1st of March, to again offer a full supply of the various styles of these popu-lar Machines.

CHAS. S. HAMMER, Gen'l Agen

The Florence Sewing Machine, has no fancy combinations or other complicated attach ments, it has no uncertain wire coils or wire levers. Its manufacture is conducted thoroughly RESPONSIBLE COMPANY. and in purchasing a machine you need have no fear of ever being unable to purchase needles and other findings. The Florence is the ONLY COMPANY that keeps its machines in reps ir free of charge, no matter when sold or where. It is our ambition to have every Florence Machine give entire satisfaction.

The Florence lays no claim to cheapness, we aim at perfect finish, every machine goes through the company's adjusting room, and must then pass the Inspector's office, before going out to Agents; the least inaccuracy will

They are probably the highest priced Machine in the American market, and being built of HARDENED STEEL by SHILLED WORKMEN aided by all the appliances that capital can bring to bear, it is offered at a price commesurate with thevalue of t e article, and can be broughtinto about as honest comparison with its numerous CAST IRON competitors as a watch from Jersenson or Jaca, may be as a watch from Jergenson or Jacai, may be compared with the Nickel or Oroide offerings of a Chatham Street Mock Auctioneer.

It is a growing knowledge of these facts that has gained favor so steadily for the Florence Machines, and made them the Universal favorites, wherever predjudice is laid aside and honest comparison made.

That very excellent authority the American Institute, New York, awarded the FIRST PREMIUM to the FLORENCE over Thirteen Competitors, and in their report the committee very tersely remarked, "This is better than any of its class known to the Judges."

It may be proper to remark here that the Florence Machine of the present manufacture is vastly improved, and the first of these Improved Machines ever offered in Utah are those sold at the Branch Office at Salt Lake, Among the recent purchasers from this office, we beg leave to refer to the following parties:
