

## THE DAY'S SPORTS IN SALT LAKE.

Two Baseball Games—Horse Racing at Calder's This Afternoon.

### BICYCLE MEET TONIGHT.

Salt Lake Play Park City This Afternoon—Three Big Events on the Sauer.

**ANAGER** Griffin of the Salt Lake Stock to his declaration of a few days ago and refused to take his team to play the Lobsters. The result is that the game has been forfeited, and Ogden is very likely to return the compliment on the 14th, when the team is scheduled to come here.

The first game here this morning was between the Lagoons and Park City, the account of which appears in another part of the "News." This afternoon at the usual time, the Salt Lake line up with Park City. Redmond will pitch for the Miners, and "Pinkie" Hawley for the Immaculates. Heine Martin umpires the games here.

The Lagoons went to Ogden this afternoon to give battle to the naughty Lobsters. Borthers pitches for the red crew and Young Zeke Newmeyer for the blue birds.

### BICYCLE RACES THIS EVENING.

Three big events are on the program at the Salt Palace this evening, the principal feature being a match race between the Turvilles and John Lawson and Oscar Julius. The race is to be a five mile affair for a purse of \$150.

Another event which promises to be highly interesting is the two mile open amateur for purses of \$20 and \$10. The entries are—Herman, Braine, Bowers, Angell, Smith, Clayton, Hume, Heagren and Tremam.

Purses of \$35, \$15, \$10 and \$5 are offered for the half mile professional. Those who have entered are the Turville brothers, King, Edmonds, Julius, Emery, Green, Lawson and Vaughan.

### AT CALDER'S PARK.

At Calder's Park this afternoon \$700 in prizes is being distributed to the winning horses in the various events.

There are six pacing and running events on the program, which makes an interesting day for lovers of horse flesh. The betting began last night and was continued in a lively spirit today. J. D. Murphy of Ogden is the starter and Walter Price and Mr. Larrabee will act as officials.

The event upon which a great deal of interest is centered is the match chariot race between Miss Lucy McGee of Los Angeles with her four trained horses and four running horses to be driven by Sam Clark. The other events are as follows:

Special named race for 2:30 horses, purses \$100. Entries—Lock, Sallor Boy, Wind Splitter and May R. Lock, who is the favorite, with Sallor Boy second choice.

In the 2:25 class for a purse of \$150, Julia A. Ora C. and American Fleet will start. Ora C. is favorite.

### MINERS WILL NOT DISBAND.

Proposition Launched to Move the Team to Provo.

Since the death of D. C. McLaughlin of Park City there has been a good deal of talk of the baseball team disbanded, but the statement has been made by those who are in a position to know what they are talking about. A proposition has been launched to move the team to Provo and the scheme is meeting with a good deal of favor. The man who is expected will become interested in the club is Col. C. E. Loose, and if he takes a hold of it, success is assured. On the other hand, it is said that the friends of Mr. McLaughlin are determined to carry out the "Living MICHIGAN." These pictures require the services of a dozen people, a great quantity of scenery, a complete electric plant and the ladies who pose in the different scenes are near perfection in face and form. The pictures are said to be dainty and delicious, are given in rapid succession, and that an audience becomes enthusiastic over their beauty and completeness. These are the original famous pictures that had a run of 270 nights at Proctor's Theater, New York City, and are said to be as beautiful as artistic. During their run many of the most famous paintings of the world will be given.

### STORY OF A LOST PURSE.

Boy Found it in a Buggy and Then Secreted It.

Yesterday evening Mrs. William O'Brien hired a buggy at McCoy's livery stable, and when she returned to her home she thoughtlessly left a purse, containing \$121, on the seat of the buggy. A young man named George Tripp, employed at the McCoy stables, was sent out to bring the rig in, and seeing the money in the buggy, could not resist the temptation to take it.

When Mrs. O'Brien missed the purse she immediately went to McCoy about it, and the boy was questioned. He denied stoutly that he had seen the purse, and stuck to his statement until Officer Roberts got hold of him and questioned him more closely. Finally he admitted that he had taken the money home, but upon returning it to Mrs. O'Brien, the lad was not prosecuted.

daughter of Major J. M. Langsdorf, for twenty years a banker of Ogden city, and now a capitalist and mining man of Salmon City, Idaho. The young man who carried off the prize is F. G. Wheaton, an intelligent young man whose home is in Chicago, and whose parents are said to be wealthy, reside. The young couple met for the first time last March, Wheaton having gone to Salmon City to look after some mining property. It is said that after the first change of glances it was a case of love. The young lady's father saw what was going on and tried to nip it in the bud.

He forbade her to come to see him, but the young man came to a city where the ruling sentiment is "competition is the life of trade," so he did not despair. On June 16th, Miss Langsdorf left for Ogden to visit with some friends there. In a few days Mr. Wheaton slipped away from Salmon City and eventually landed in Ogden on Monday. That very afternoon they secured a license and became man and wife.

Mr. Wheaton came on to Salt Lake that evening and yesterday afternoon was joined by his bride. They had hoped to keep the affair a secret, but it got out in Ogden, and it is a safe guess to say by this time the bride's father is experiencing various emotions.

In marrying Mr. Wheaton Miss Langsdorf did it under her father's threat that he would cut her off if she did it. But they do not look like as if the dread of poverty was worrying them, and after spending a few days in Salt Lake, they will go on to Chicago, where they expect to live.

Wheaton married his wife.

Soldier Weds the Woman Who Had Been Divorced From Him.

Rush P. Wheat and Marie Wheat were married yesterday afternoon for the second time. They had already been husband and wife in the recent past, but when Wheat enlisted and went to the Philippines absence let her heart grow cold and she sought the divorce court. A few days ago the soldier returned from the wars and the tide of the old love came back. There was another session of wailing an exchange of vows, a repetition of the old bliss and a license. Wheat is 36 years of age, and his wife is 23.

CONVICT ATTACKED BY BULL.

William Raymer, a Trusty at the State Prison, Severely Injured.

William Raymer, a convict at the State prison, is lying in a dazed condition at the prison hospital as the result of an onslaught of the prison bull. The animal was deborned, otherwise Raymer would undoubtedly have been mortally pierced in a dozen places. As it is, his injuries are very severe. Raymer is serving two years for bigamy and was one of the trustees. It was his duty to tend to the bull, and he was a vicious animal, and there was blood between the two. Yesterday afternoon he was driving the bull from the water, when the latter turned on him in a vicious manner. A mad bull looks frightfully ominous even to a man armed with a pitchfork, so Raymer dropped the fork and began to run. He stumbled and fell before going far, and the bull overtook him. While the animal had no horns to gore him, he butted him on the head until he was unconscious. His cry for help attracted the other convicts, who frightened the animal off.

Warden Dow decided that the bull was a menace about the place, and the consequence is the convicts are fattening on its flesh.

BOYS GET OFF EASY.

Peace Disturbing Crew Turned Loose Before Justice Smith.

Yesterday afternoon Frank Bean, Ben Shuff, George Nielson, William Pack, Frank Lark, John Cooper, Hammond Ferguson and J. E. Hanson were taken before Justice Dana T. Smith to answer to the charge of disturbing the peace on a public highway by drunkenness and shooting of firearms. It was alleged that the defendants were in the crowd last Sunday at Big Cottonwood when Mrs. Jane Wilson was shot. The last named two were discharged on motion of Assistant County Attorney Loomis, and the others were tried by a jury composed of J. E. Shorten, J. N. Estlinger, Fred Price and J. N. Wooley. They were found not guilty and discharged.

## GUNN VS GUNN IN DIVORCE CASE.

Sensational Suit Brought by Salt Palace Bicycle Rider.

### COUNTER CHARGES MADE.

Couple Were Married in This City Eight Years Ago—Mrs. Gunn Now Working in a Los Angeles Hotel.

The mystery surrounding a complaint which was filed by Judge Cherry about two weeks ago and immediately withdrawn from the clerk's office has been dissipated in the filing of the answer by Attorney F. J. Gustin. The suit was brought by James P. Gunn for divorce from his wife, Kitty Gunn, but the allegations made against Mrs. Gunn were of such a sensational nature that the husband thought that he would not submit them to public criticism until it was necessary in the trial of the case. The filing of the answer, however, has defeated the intentions of the husband.

The complaint sets forth that the marriage took place in this city on July 7, 1892, and that there is one child resulting therefrom, a daughter named Edith, seven years old. Gunn charges his wife with lewd and lascivious conduct, cruelty and bringing shame upon him. He says that in the summer of 1899 his wife and an unknown man conducted themselves in a shameful and disgusting manner at Calder's Park, and that on various other occasions she associated with men of dissolute character. Gunn also accuses his wife of swearing at him and using vile language, and ill-treating his mother, an old and infirm woman. In September last plaintiff says that Mrs. Gunn left him and went to Los Angeles, taking their daughter with her, where she has associated with men and women of disreputable character, visited rooming houses and wine rooms and generally forfeited the respect of decent minded people.

Mrs. Gunn denies all the material allegations in the complaint, especially those against her conduct. She says that she went to California at the solicitation of her husband, who promised that he would join her at an early date. During all this time Mrs. Gunn says that Gunn, who is a professional bicycle rider, and making about \$100 a month, has only sent her the paltry sum of \$13 for the support of herself and her daughter, and she has been compelled to work as a waitress in a Los Angeles hotel. She asks for temporary alimony in the sum of \$500, to enable her to return to Salt Lake and defend the action.

CUT TO PIECES.

O. M. Kane, a Railroad Contractor, Killed by Short Line Train.

Passengers who came in from the North over the Short Line last evening report a terrible fatality that occurred about nine miles north of Weston, Ida., about six o'clock. As passenger train No. 10 was rounding the curve at the point named Engineer Tom Lee was horrified to see the form of a man lying right across the track in the path of the train. The engineer whistled and did all in his power to stop, but the distance was too short and the engine and cars passed over the recumbent form ere the train was brought to a halt. When the body was reached a horrible sight met the gaze of all passengers as the man had been mutilated beyond recognition; the body had been ground to a pulp, the head smashed and there was not a feature that could be recognized. Pieces of the body were carried along the track for the distance of 100 yards. The crew gathered up the remains and covered them over with sacks and newspapers, and the arrival of the line to await the remains.

The remains later proved to be those of O. M. Kane, a member of the firm of Stebbins & Kane, who have a sub-contract for changing the line in the vicinity of Garner, Ida. Just how he came to be lying across the track at that point is at this time a mystery. It is thought, however, that either the intense heat or liquor was responsible for the shocking fatality.

The remains were left by the side of the track in the care of his partner, Bert Stebbins, and were later taken to Cannon on a handcar.

AFTER THE GRAND LODGE.

Effort to Bring Elk Convention to Salt Lake in 1902.

The Salt Lake Elks have been fired with the ambition to try to bring to this city the grand lodge convention of 1902. The burning desire broke out last night at the meeting of the lodge, when a resolution was passed instructing the delegates to the Milwaukee convention,

which occurs on July 23rd, to use every effort by first action. The Elks of this city have been accorded the reputation of possessing more determined, unrelenting enthusiasm than any other similar organization in the country and since they have decided to go after the 1902 convention, they are going to land it, if they have to turn Milwaukee upside-down to do it. They have over \$20,000 pledged, which they will take to the big town on the lake, and they have secured headquarters at the finest hotel in the city, where they will keep an open house and exhibit western hospitality in bulk. Moreover they will take their mascot, the live elk, which is depended upon for winning thousands over to their side.

This decision of the Salt Lake lodge comes at this late hour because it had pledged itself to support Richmond, Virginia, for the convention of 1902, but since that city withdrew from the contest, because of the loss of its largest hotel by fire, the local lodge thought that it might as well go into the race. If they are successful it will mean the bringing of 100,000 strangers to the city, which would be the biggest gathering since the fair ever experienced. Denver and San Francisco are in the light and the Salt Lake Elks realize that it will be a warm contest, but they will prosecute their case with that understanding.

THE A. R. BREMER CO.

Challenges the Citizens of Salt Lake City.

A PUBLIC TEST TO BE MADE AND THE RESULT TO BE PUBLISHED IN THIS PAPER.

This important challenge is not only to the citizens of Salt Lake City, but to the entire civilized world. The public will be interested in the outcome of this investigation to prove the great merits of this already famous discovery. The offer made by the A. R. Bremer Company in their challenge above alluded to is a plainly worded one. They assert that their discovery, Coke Dandruff Cure, will positively cure the most stubborn and common of all troubles, dandruff and falling hair, which 90 per cent of the people are annoyed with.

It is thought that the best possible way to publicly determine the merit of Coke Dandruff Cure is to give away to all those interested in this matter a sample bottle, and to have it done in such an open manner that none can question the honesty of the test.

A large number of samples have been sent to F. C. Schramm's drug store, corner Main and First South Sts., and will be given out to all those troubled with dandruff, falling hair, or any diseases of the scalp. Apply tomorrow between 8 a. m. and 12 p. m.

There will also be given to each applicant for a free sample a little book treating on troubles of the hair and scalp, which sets out in a clear, plain manner just such information as you want
