

WELL KNOWN BOXERS COMING.

Manager Hertz, Martin Duffy,
Benny Yanger and Harry
Forbes Due Soon.

THEY MAY SECURE MATCHES.

Jerry McCarthy Would Like to Tackle
Duffy, White Welter Weight Cham-
pion—Ryan After O'Keefe.

Manager S. J. Kelley of the Shamrock Athletic club received a letter from Johnnie Hertz a few days ago stating that he would arrive in Salt Lake in the near future with his bunch of prominent boxers. Kelley expects them here Sunday or Monday, and it is barely possible they will arrive tomorrow. They have been on their way to Chicago. Hertz is manager for Martin Duffy, white welterweight champion of the world, Benny Yanger, who has a good chance to capture the featherweight championship, and ex-champion Harry Forbes of the bantamweight division of the flistic game. How long these boxers will remain in these parts depends upon the chances for securing a match or two here. Jerry McCarthy has an ambition to meet Martin Duffy and if possible a mill will be arranged between them. Jerry believes he has a chance with any welterweight in the world and there are others who share the opinion with the Walkerville pet. If a match between the two can be arranged here, it may be taken elsewhere. While Jerry is after Duffy, Tommy Wallace of Chicago is after Jerry and is willing to go anywhere to get a match with him. Wallace is touted as a corner by Chicago ring followers. He is also a Buddy Ryan who is looked upon as the next lightweight champion of the world. Harry is anxious to match Ryan with Jack O'Keefe and a bout may be arranged before long. If O'Keefe can not be secured, Harry will match his man with Rufe Turner, the colored wonder.

Manager Kelley stated today that the next time a bout is pulled off under his management, he will tie the fighters up in contracts so there will be no chance to fake, and if anything of the kind is attempted, the boxers will be the only ones to suffer.

He says before he will even consider the match, the principals will have to deposit in the National Bank of the Republic not less than \$250 as a forfeit to go to the club in the event any of the articles of agreement are violated. Part of the contract the principals will have to sign, says Kelley, reads as follows:

"It is agreed that the decision of the referee shall be final, and in case of a decision of the referee, the contest will be held as scheduled or declared a fake, the parties of the second part waive all claims against the party of the first part, and the forfeit money posted by the parties of the second part."

By holding the fighters to this contract, Kelley believes the public as well as the club, will be amply protected from fakers of "Chicago." Jack Daily's caliber.

"NOT A SET OF QUITTERS."

So Says President Williams of the Spokane P. N. League Club.

President Williams of the Spokane club in the P. N. league, is quoted as follows by the Chronicle of that city:

"We are not a set of quitters and we will play the schedule and let it be as hard as conditions will let us."

"As far as the Spokane team is concerned, it will not back out of its contracts. We said we would make the California trip, and unless the California team drop out or the schedule is changed to conform to new conditions, we will do just what we said. The work of Helena and Tacoma is hard play and is neither baseball nor basketball."

"No, this does not mean the downfall of the P. N. L. The withdrawal of Tacoma and Helena will not affect the league. They were the two poorest teams in the league. The visiting teams lost money in Helena and made nothing at Tacoma. As a money making proposition the loss of those two towns will help us."

"Tacoma did not have her \$500 forfeit up and so lost nothing by drawing out when she had a chance. It was a quitter's trick, and a trick handled by such officials would not do the league much good anyway."

"I do not know whether or not the California towns will draw out. If they do, the clubs representing Seattle, Spokane, Butte and Salt Lake will continue the season and play good ball. If Hart concludes to stay with us there will be a six-team league. The best teams will be left not only the money makers, but the first division clubs. That means that there will be more interest taken in this outcome and all the games will draw well."

"We will have a meeting of the directors shortly to change the schedule to suit the new conditions. This week all the dates are filled and there will be no trouble. Next week there will have to be a new order take effect. The league, however, still lives and will continue to do so."

Cody's Great Jump.

New York, Aug. 21.—A negro named Cody has successfully jumped from the structure of the new bridge being erected over the East river, known as the Williams bridge. It was a drop of 147 feet. He was picked up by a rowboat and recovered consciousness an hour later. His body was protected from injury by padding. Cody jumped from the Brooklyn bridge one year ago.

LOCALS COULD NOT STAND WATER.

Because of Rain in the Ninth, the
Score Reverted to the
Eighth.

SEATTLE WON—SCORE 7 TO 5.

Teams Fought Hard for Eight Innings
And Salt Lake Got One to the
Good in Ninth.

It was not the fault of Reynolds' ball tossers that they lost yesterday afternoon's game to Seattle by a score of 7 to 5. Mr. Jupiter Pluvius was responsible. The teams had a hard battle for eight innings and when Salt Lake came to bat in the ninth the northwesterners were in the lead two tallies. Salt Lake started out with a determination to win and but for the interference of the said Jupiter Pluvius, they would have given the visitors a good sound wallop. They started to hit and run for all that was in them and coming down the home stretch they got even with the Seawashes and finally got one run to the good. Then the whole blow and the rain fell. The crowd waited patiently for the downpour to stop but Dugdale, he that manages the Seattle crowd, seemed to have "pulled" and there was no let up in the water fall. Umpire Huston finally called the game and, according to the rules, the score reverted to the eighth inning. That of course gave the game to Seattle by a score of 7 to 5.

Wiggs and Tozer did the twirling for the home crowd and Engle officiated on the rubber for the Seattle team. Wiggs had an off day and endured six innings.

In the fourth, Spencer and Ebbett got hits and Stanley sacrificed. Engle struck out. The fans felt encouraged and Wiggs looked determined. But right there is where he fell down. He became wild beyond the limit and walked three men as fast as they came up, forcing in two runs. Nothing harmful happened in the fifth but in the sixth it was awful. Three runs were scored for the enemy on two passes and three hits. Tozer was then pressed into service and held the opposition down pretty well. The summary:

HORSE RACES AT OGDEN.

Interesting Events Were Witnessed by a
Small Crowd—Finishes Were Close.

The horse races at Ogden yesterday afternoon were very interesting and worthy of a larger crowd. The attendance was light but those who were present saw some close, exciting finishes. The summary follows:

Half-mile dash—Argot, owned by J. Natross, first; Keogh's My Marie second and Tanner's Caligula third. Powell's Sixty came in fourth.

The three-eighths-mile dash was captured by Dyer's Battler, with Vinson's Populist second and Keogh's Honest John third. The other entries were Blanton's Quicksilver, Read's Babe, Davis' Mamie D and Tanner's Come Again. Time, 37.

The seven-eighths-mile dash went to C. P. Dye's Baldo. Doll Bros.' Corbas took second money and Tom Keogh's Princess third. Doc Hannah's John Mackey was the other starter. The time was 1:34.

The judges were John D. Murphy, J. T. Axley and Ben Garr.

BIKE RACES TONIGHT.

Five Mile Race in Which Five Motors
Will Compete—10 Mile Lap.

The main feature of this evening's program at the saucer track will be an open motor race of five miles in which five motorcycles will be entered. It is claimed that the machines are all in good working order, and if it is true, there is likely to be some excitement when the race gets fairly started.

Another interesting event will be a ten mile lap race for professionals. The winner of this event will be matched with Johnnie Fisher of Chicago on Tuesday night next. The amateurs will compete in a mile handicap and a half mile open.

DISBANDED HELENAS.

Bradley Comes to Salt Lake and Others
Join With Spokane and Pittsburgh.

Butte, Mont., Aug. 20.—A special to the Miner from Helena says:

Five of the members of the disbanded Helena ball team returned to this city today. They were Curly Peoples, Pitcher Puttmann, Catcher Carlsch and Outfielders Frary and Bradley. Frary and Puttmann have signed with Spokane and will join the team in Butte tomorrow. Carlsch, together with Pitcher Thompson, who is now in Kallispell, have signed with the Pittsburgh Nationals and will leave at once for the east. Bradley will go to Salt Lake, where he will sign with that team.

KING KNOCKED OUT.

Tom Scott Too Much for the Anacosta
Lad—Bout Lasted Three Rounds.

Baker City, Ore., Aug. 20.—A prize fight between Tom Scott, colored, of Pendleton, and Andy King of Anacosta, which occurred this evening at the race track one mile outside of the city, resulted in King's being knocked out in the third round. It was billed as a 20-round contest. Preliminary to the chief event was a four-round draw between Kid Fray of San Francisco and Kid Patosky of Seattle, and a five-round contest in which Curly Carr, of Alaska, was given the decision over Cherokee Kid of Butte.

Will Finish Today.

New York, Aug. 21.—Martin C. Krupar and Thomas Fitch, who are touring from San Francisco to New York in an automobile, have reached Poughkeepsie. They left San Francisco July 30, and, having undertaken a journey from the shores of the Pacific to those of the Atlantic, will make the longest stage today—from Poughkeepsie to Manhattan Beach.

SPORTING NOTES.

There is likely to be a good hard fight between Pitchers Eddie Quick of Salt Lake and Hickey of the Seattle team this afternoon at Baker's field. They are rated as ten notchers in the Pacific National league and will have a chance to fight it out today.

The Butte Miner says: "In speaking of Salt Lake boys, the boys say the fans there are not educated to the finer points of the game and do not quite tumble to the fast style of playing the men in this league have been putting up. If Wilmo worked off my fuses there it must have mystified the fans greatly. The Lakers have never had anything better than a dinky little state league with players suddenly graduated from the amateur ranks, and the tricks of the trade are strangers to the 'Mormons.' Now, isn't that about the limit?"

Former Manager Blinford of the Ogden baseball club is in the city, in speaking about the present baseball situation in the Pacific National league he said there was little if any probability of Ogden entering the league this year. He thinks it a little too late to entertain any proposition of the kind now, but says the town may be counted upon to secure a place next season. The Ogden fans do not believe in entering a league unless they have a team that will be able to hold its own.

Tomorrow afternoon the Utah automobilists will take a run to Brookbank's farm provided Jupiter Pluvius does not interfere too strenuously. It is the intention of the auto runners to leave the Commercial club about 4 p. m. and return shortly after 8 p. m. All the auto drivers in town are invited to participate in the run and they are assured that a good dinner will be served to them.

Chicago, Aug. 20.—J. A. T. Bramston, premier gutta percha ball golfer of the Oxford-Cambridge golf team, celebrated the day of the Englishman's western trip at the Homewood Country club's links by winning two silver cups and breaking all competition and practicing the course. He captured the trophy in the first medal score

REMEDIES FOR CHOKED CATTLE

Fred O. Sibley, in Epitomis, gives

his views on cattle choking and reme-

dies to be used:

Choking in cattle is usually due to

their swallowing a potato, apple, piece

of turnip, carrot, or corn cob, and hav-

ing it lodge in the gullet. It is best

guarded against by feeding such eat-

ables in small quantities, but even then

then I have known it to occur. It

causes the animal, of course, great dis-

tress, and if the obstruction is in the

upper part of the gullet, it soon dies

from asphyxiation, but if in the middle

or lower portion it may live for sever-

al days. One has cause, therefore, to be

alarmed when he finds in his herd a

choked animal. If it breathes with its

mouth shut and only coughs a little,

however, he should stand around and

wait a while, rather than adopting ex-

treme measures or beginning a surgi-

cal operation, for often the animal will

then get over it of its own accord. The

signs which call for immediate and he-

re treatment are when saliva runs

from its mouth, its eyes bulge out,

back is arched and bloating takes

place.

Various methods are recommended,

a practical one of which is making the

animal run down a hill, the violent ex-

ertions thereby produced may cause

the obstruction to come up and fly out

of its mouth. Leaping the cow over a

low fence is likewise claimed to be

good. Better yet is it to put a square-

ended stick firmly against the obstruc-

tion on the side of the neck and strike

against the other side with a mallet to

smash it. A pretty hard blow is neces-

sary to do this, and unless much, instead
