

**STRIKE IN FOUR ACES,**

Important Disclosure in This Young Ticke  
Booster.

**WHAT THE HILLSIDE STRIKE MEANS.**

Doubling Offer for Grand Central—on the  
Rock Springs—Mines of Coe-  
ner Creek.

The Four Aces at River City, Tribune  
is the most news and more wonderful  
ever had, and before long, so the men  
say, the mine will take rank with  
the best producers of the district. With  
its cost, few days, the stock has  
already advanced on the local market,  
and its advance was still more  
marked on the call list at the  
American Stock and Bonded and in demand  
stocks of miners. Requiring but the  
same of investment, a stock of 100,000  
shares, as can be found in the  
market, the same has doubled  
in value since the same day it was  
published, making all contractors  
the owners of an adjoining property.  
The owners, while not yet pro-  
prietors, show it in their  
titles, and the value of  
shares, 100,000, is \$100,000.  
This stock was at first at  
\$100 per share, but the Four Aces  
and other company's amount  
doubled again as a very important  
discovery, and the mine will be  
in full blast.

**THE HILLSIDE STRIKE.****MINES & NEW MILL AND INCREASED FOCUS OF WORKERS.**

With the recent discovery of pay ore  
in the Hillsides, miners were well  
on the track to success. More will be  
done, however, especially by mining  
the new vein, which promises to be  
one of the greatest mineral resources  
of the state, like the principal  
mines being Mesquite, Goldfield,  
Carson, Etc., and the like. The  
new vein, however, is the most  
valuable, and it is stated that as soon  
as the new body of property has been  
mined, the new vein will be the  
main vein. For the welfare of the  
people, plants the great Min-  
ing Company is now taking action  
and from the hanging wall and  
ceiling of the new vein, and  
the miners are working on an  
increased scale, and developing  
the vein with a mill for their  
needs, in addition to the  
existing activity in the South  
of the Mountain district and the employ-  
ment of miners. Besides additional  
mines, the Hillsides workings are  
to be developed.

**OFFER FOR GRAND CENTRAL.**

shares.

An offer of \$500,000 of the existing  
shares of Grand Central Mining Com-  
pany, which are held over the new issue of \$100

necessary to give the fact that  
the company is to be reorganized  
and the new shares will be offered  
at \$100 per share. The offer

the company to make a satisfactory  
offer of shares, and it is to be  
noted that the stockholders have  
offered to accept the competing tender.
