## BOND ISSUE IS HELD TO BE VALID.

Utah Supreme Court Unanimously Decides So in Opinion Given Today.

## DELIVERED BY CHIEF JUSTICE.

"Law and Constitution Have Been Substantially Complied With and The Bonds Are Valid."

## THE COURT SO UNANIMOUSLY SAID

Decision Was Verbal But Will Come Later in Written Form in the Course of a Few Days.

## BLOW TO THE KNOCKERS

Decision is for Justice as Against Petty Spite and Revenge.

The decision of the supreme court of the state regarding the validity of the \$1,000,000 bond issue will please all honest people, because it stands for right and honor as against petty spite and political and personal revenge. It is decidedly another rebuke for the knockers. It will indeed be said now to the garrulous "reform" crowd who dare hardly accuse the supreme tribunal of the state with dishonest motives. The decision, while reflecting the lawfulness of the people's expression at the polls, also reflects public opinion in the case.

Surely it is now time for the knockers and obstructionists to fall into line and let the work of municipal improvement go on so that the city may get the great benefits that were intended.

The validity of the city's special water and sewer bond issue of \$1,000,000 as voted by the taxpayers on Jan. 2, 1905, was today established beyond a doubt by the supreme court in a decision in the case brought by George E. Riberbeck against Salt Lake City, Mayor Morris, Recorder Critchlow and Treasurer Fisher Harris, in which a writ of prohibition was asked to prohibit the issuance and sale of the bonds. The court unanimously decided that the bonds are legal and hence denied the writ.

## DECISION WAS VERBAL.

The decision of the court was rendered verbally by Chief Justice Burch but a written opinion will follow in a few days. In rendering the decision the chief justice said:

"THE MATTER FOR DECISION THIS MORNING IS THE QUESTION OF THE VALIDITY OF THE CITY BONDS, WHICH WAS BROUGHT BEFORE US BY AN ORIGINAL PROCEEDING UNDER A WRIT OF PROHIBITION. THE COURT HAS EXAMINED THE LAW IN RELATION TO IT AND ALSO THE ARGUMENTS OF COUNSEL, AND WE ARE UNANIMOUS IN HOLDING THAT THE LAW, INCLUDING THE CONSTITUTIONAL PROVISION IN QUESTION, HAVE BEEN SUBSTANTIALLY COMPLIED WITH AND THAT THE BONDS ARE VALID. THE WRITTEN OPINION OF THE COURT WILL BE FILED LATER ON."

## WILL BE WRITTEN OUT.

Atty. Richards expressed his opinion that this announcement ought to be all sufficient but stated that it has been suggested to him that the parties who have agreed to purchase the bonds might insist upon seeing the decision of the court before making payment and he, therefore, asked that the opinion of the court be written and filed at the earliest possible convenience of the court, to which Chief Justice Burch replied that the opinion would be handed down within a few days.

## MAYOR WAS PRESENT.

Mayor Morris, City Atty. Dey, Atty. Richards and Atty. Stephens and Smith, who represented the relator, were present in court when the decision was rendered. Mayor Morris stated that a certified copy of the decision would be sent to the Mutual Life Insurance company at New York, the purchaser of the bonds, at once and that the bond money would soon be available.

## WILL PRINT AT ONCE.

He received a telegram today, in answer to one from him requesting that the bonds be printed at once, from the United States Mortgage & Trust company stating that the bonds had been engraved and would be shipped today to this city for the signatures of the mayor and recorder. Should anything happen that the money is not here by July 1, the date the options obtained from the farmers on the Big Cottonwood waters expire, the city will borrow the money with which to take up the options and then repay it when the bond money arrives. Now that the legality of the bond issue has been determined, everything looks very favorable for the early com-

## BUCKET SHOOTERS.

Two Men on Trial in Judge Diehl's Court This Afternoon.

Fred Whittemore and William Dodge are on trial in Judge Diehl's court this afternoon on the charge of malicious mischief. It is alleged that on the 21st of this month, at Alta, the men shot with a rifle through some buckets and from the buckets the contents of the buckets fell on the property of the Hamilton company. Attorney J. M. Hamilton represented the accused and they are being prosecuted by Assistant County Attorney Hanson.

## NEW FIRE ENGINE

Extra Fine Equipment for the City's Fire Fighters—Test to be Made.

A brand new Metropolitan fire engine of 1,100 gallons capacity, with all the latest improvements, including five-inch rubber tires, to be drawn by three horses, and to be used in the paved districts, has arrived in the city, and is now being overhauled by Mr. A. H. Miller of the American La France fire engine company, at the Salt Lake fire department headquarters.

On the smoke stack of the new engine is the name, in enamel "MORRIS." On the rear of the engine is also the name of the mayor, "F. P. Morris," and on a steel plate is the name of the members of the council committee on fire.

The new engine is certainly a handsome one, and is of great value to the fire department of this city. There will be a preliminary test of the machine this afternoon, and tomorrow afternoon there will be an official test. Mr. Miller has invited Chief Devine to be present at this test, when it will be shown what the machine can do.

The engine is much larger and more handsome than the big "Horsepower" engine. In addition to this machine, Chief Devine is getting a fine new city service truck, made by the same company. It is handsome and strongly built, and carries the latest patent ladders. After the machines have been tested, they will be properly equipped and placed where Chief Bywater thinks they will do the most good.

## CHIEF JOSEPH'S SUCCESSOR.

Nex Perce Grand Council Assembles to Choose One.

Spokane, Wash., June 20.—A grand council of the Nex Perce tribe, to elect a successor to Chief Joseph, has assembled at Nespelem, on the Colville reservation.

A dispatch to the Chronicle states that at the preliminary meeting, Albert Waters was chosen to lead the parade in the ceremonies preceding the election of Chief Joseph's successor and it is considered almost a foregone conclusion that Waters will be elected chief. Waters is stated to have been Chief Joseph's choice for his successor and many of the older Nex Perce desire to follow the wishes of the famous warrior chief.

## MOROCCAN CONFERENCE.

United States Requested to Participate in the Same.

Washington, June 20.—The state department today received a dispatch from Mr. Gummery, minister to Morocco, transmitting a request from the government of Morocco that the United States participate in a conference upon the affairs of that country. The request is similar to that which has been made to other governments. The reply of the United States will be discussed at the cabinet meeting but it is not expected that any determination will be reached because a related question will first desire to know the scope and purpose of the conference. Other governments have replied in substance that if all of the great powers participated they also would accept. The interests of the United States, it is said, are only commercial, while those of Germany and France are political. Consequently the United States does not have such interest in the conference as the governments of Europe.

## Lieut. Titus Married.

Colorado Springs, Colo., June 20.—Lieut. Pearl Calvin Titus, U. S. A., who was the first soldier to scale the walls of the city of Pekin, China, at the time of the relief of the city by the allied forces after the Boxer uprising, and whose home is in this city, was married here today. He was appointed to West Point by President McKinley for meritorious service, and was a member of this year's graduating class at the military academy. His bride was Miss Grace Anna Roloff of this city.

## OLD FOLKS ARE ON THE QUI VIVE.

All Ready for the Big Annual Excursion to Brigham City On Thursday Next.

## ONE THOUSAND TICKETS OUT.

Committee Subdivided and Aides Appointed to Look After the Worthy Veterans.

C. R. Savage of the Old Folks' committee this morning reports that 1,000 tickets have been issued for the Old Folks' excursion to Brigham City on Thursday. This means, it everybody goes, and indications are that there will not be a single "stay-at-home," that it will take 17 cars to transport the veterans over the Oregon River Line. As the committee always takes a baggage car along filled with toothsome "goodies" it will mean a train of 18 cars.

In the face of all this there are dozens of people over 70 years of age in Salt Lake who are anxious to go and have been besieging both Mr. Savage's office and the principal Bishop for the privilege of a seat and a day's outing.

The Old Folks' excursion was instituted exactly 30 years ago and it is proposed to celebrate the affair in fitting style this year. From Brigham City come reports that the various committees of Boxelder state are straining every effort to make this occasion a real letter affair in the history of the worthy movement. Housewives today are busily engaged in cooking mastodon cakes, big roasts and prime chickens, while the ranchers are making arrangements for cream and butter, strawberries and other fruit wherewith to entertain their guests.

At this end a perfect organization has been adopted, so that nothing will be overlooked. It is a point of pride that during the past 30 years there has not been a drop of rain fall or a single accident occur to mar Old Folks' day. It is the intention of the committee that the same record will prevail this year.

COMMITTEE ORGANIZED. This morning an announcement was made of the various sub-committees, who are expected to be at the depot not later than 7:30, sooner if possible, so as to assist the old folks off the train. The committee on the train which leaves promptly at 8 o'clock for the north. The committee on arrangements is composed of the following: meat, of whom might be expected to be called veterans themselves: Bishop William B. Preston, C. R. Savage, William Eddington, William Navler, William B. Barton, John Kirkman, Andrew Jensen, Hyrum Groesbeck and Geo. H. Margrett.

This committee is subdivided as follows: Committee on Loading Cars and Deodorization—Wm. Eddington, Hyrum Groesbeck, George Margrett. Committee on Reference to Decide All Questions Pertaining to Transportation and Trip—Bishop Wm. B. Preston, C. R. Savage, Wm. Navler.

## AIDES APPOINTED.

Aides have been appointed on the theory of one gentleman and two ladies assigned to each car after the welfare of the honored guests of the day. These aides are respectfully advised in advance that they must not expect to have seats, as every seat will be yielded for the ladies. Those who have been selected and who will report for duty at the depot not later than 7:30 a. m. are as follows:

Young Men Aides—Henry C. Bennett, Joshua Bean, John Back, B. F. Grant, Con Lyon, Thomas Lambert, Thomas Maxwell, Arthur Day, John Hurt, W. Bowring, Wm. Navler, Miles Seddon, Anne Bowring, Minnie Margrett, Annie Richardson, Hazel Jensen, Florence Tuddenham, Bertha Jensen, Eva H. Jensen, Miss Winifred Birdie Rockwood, Eleanor Johnson, Bell Barton, Eveline Eddington, Rose Eddington, Annie McDonald, Lizzie Wheat, Ida Savage, Miss Tuddenham, Mrs. Rudy.

## OLD FOLKS CHIEF.

It goes without saying that no Old Folks' excursion would be complete without the Old Folks' choir on board to enliven the journey with songs and old-time "Mormon" hymns. The choir which will accompany the train, will be made up of the following:

Treble—Mrs. Lizzie Thomas Edward, Mrs. Agnes Nelson Thomas, Miss Lottie Owen, Miss Phoebe Rogers, Mrs. Sadie Benedict, Mrs. Kate McAllister. Alto—Miss Alice Foster, Miss Mabel Cooper, Miss Anna Rogers, Mrs. Ella B. Riden, Mrs. Mary E. Riden, Accompanist—Miss Edna Edwards. Tenors—Mr. Wm. H. Foster, Mr. Henry Gardner, Mr. Eli H. Pierce, Mr. Thomas Butler. Basses—Mr. Joseph Morgan, Mr. Ebenezer, Beeley, Mr. Evan Arthur, Mr. Evan Stephens, Mr. Moroni Thomas.

## A SERIOUS COLLISION.

Between Police and Populace at Chlodwipplatz.

Cologne, Germany, June 20.—A serious collision occurred last night between the police and the populace of Chlodwipplatz. The police received orders for the eviction of the tenants of the house, a large crowd numbering thousands assembled and the police were ordered to clear the place. The police drew their swords and dispersed the crowd, but not before the rioting had lasted six hours. About 20 persons were wounded, two of them being severely injured.

## Salvation Army Jurisdiction.

Spokane, Wash., June 20.—All that portion of the Pacific province of the Salvation Army lying south of the international boundary, embracing eastern Washington, northern Idaho and all of Montana, has been ordered transferred from the Canadian jurisdiction of Commissioner Coombs to the United States jurisdiction of Miss Eva Bond. The transfer is to take effect June 30 and involves control of 20 corps.

## ILLUSTRATION OF STRIKE METHODS.

Non-Union Teamster Subjected to Barbarous Torture by Strike Sympathizers.

## HIS FINGER NAILS TORN OFF.

Three Fingers Broken—He Appealed to His Torturers to Have Mercy But in Vain.

Chicago, June 20.—Edward Brickett, a non-union teamster employed by the National Express company, was subjected to barbarous torture yesterday by four men alleged to be strike sympathizers. Brickett was attacked in front of the Teamsters' union headquarters. After being knocked down by the men, three fingers of his right hand were broken and two of his finger nails torn off, it is said. The victim appealed to the men to have mercy but his cries were in vain. When the assailants left he was unconscious in the street where he was found later by a policeman.

## KING AND QUEEN ATTEND ASCOT RACES.

London, June 20.—The king and queen, the Prince of Wales and most of the leaders of society attended the Ascot race meeting today. The royal party, with the house party at Windsor castle, consisted of eight carriages, preceded by scarlet liveried outriders with postillions in the Ascot state liveries—dark blue and gold. The course was reached in a driving rain, but an immense crowd gathered to welcome the royal family.

Ambassador Reid and the staff of the American embassy went from London to Ascot in automobiles. Many Americans are staying in the vicinity. The guests of the Duke and Duchess of Roxburgh include Mr. and Mrs. Geo. Cavendish Bentinck, Mr. and Mrs. Anthony J. Drexel are entertaining a house party while Consul, Duchess of Manchester, Mrs. John Jacob Astor and others are staying in the neighborhood.

Among the Americans invited to the royal enclosure today were Mrs. Ogden Mills and the Misses Ogden Mills, Mr. and Mrs. Lawrence Townsend, Mr. and Mrs. Elbridge T. Gerry, Mrs. G. J. Mackay, Col. and Mrs. Thompson, Mr. and Mrs. Stephen Pell.

The gold vase, valued at 200 sovereigns, given by King Edward, with 400 sovereigns in specie for the winner, 200 sovereigns in specie for the runner-up, 100 sovereigns in specie for the third winner of this event, ridden by Maher, the American jockey. Mark Time was second and Hammercup third. Ten horses started.

## HEART WALL PUNCTURED.

Wound Sewed Up and Hoped Patient Will Live.

New York, June 20.—A stab wound sustained by a young Italian, which had penetrated the wall of the heart and punctured the right auricle has been sewed up by surgeons at the hospital. Finding the fellow alive despite such treatment, the surgeons hurried him to the operating table. To get at his heart they sawed off his chest and a half of the third right rib. Their next task was the ligation of two arteries. It was then found that the right auricle of the heart had been seriously punctured, the width of the wound being about one-quarter of an inch. This was closed with a single stitch and the usual dressings applied.

His wound not only survived, but regained partial consciousness in a short time and may recover.

## Big Demand for Hired Girls.

Chicago, June 20.—The demand for girls for general housework in Chicago is much larger than the supply. Managers of a number of the large employment bureaus, including the three conducted by the state, declare that they are receiving every week more calls for domestic help than it is possible for them to fill.

The Swedish and Norwegian girl of all work still holds her place in the usual demand. One of the reasons advanced for the inability of many of the employment agencies to meet the large number of calls for domestic help is the fact that the girls were learning special lines of housework, such as cooking and waiting. Last year it was said the average wages for general housework were in the neighborhood of from \$2.50 to \$4 a week, and this year has seen an advance in the scale to from \$4 to \$5 a week, many receiving as high as \$5 and \$6.

By a careful canvass among the leading bureaus it has been found that only 15 and 20 per cent of the calls for girls for general housework are being filled.

## Arrested for Seal Pouching.

San Francisco, June 20.—United States officials have arrested Edward Friedlander in connection with the alleged seal pouching of Capt. Alexander McLean. Friedlander, however, does not figure in the present case of the Carmen City in her sealing expedition through the Bering sea. He was on a previous trip of the little craft during her voyage to the northern waters in 1904, and with his other shipmates was landed at Victoria at the end of the last expedition.

His arrest was occasioned that he might be held as a witness to testify concerning the doings of Capt. McLean and his proceedings at that time.

## Western Ass'n of Writers.

Richmond, Ind., June 20.—An official announcement was made for the twentieth anniversary meeting of the Western Association of Writers at Windsor Lake, Ind., July 20 to 24. It bears the names of many distinguished authors.

## RUSSIA WOULD LIKE AN ARMISTICE

Only Hope for it Pending Peace Negotiations Rests With Pres. Roosevelt.

## OYAMA STRONG STRATEGICALLY

Japan May Desire to Indict a Fresh And Overwhelming Defeat on The Russians.

St. Petersburg, June 20, 2:10 p. m.—The only hope for an armistice pending the meeting of the peace plenipotentiaries seems to rest with President Roosevelt, and that is considered slender. So far as known the president has not taken a positive step in this direction. The impression here continues strong that Japan only with great reluctance could be induced to forego the advantages of her strategic position which, despite the loss of the official advice from the front, is regarded as being altogether favorable for Field Marshal Oyama and agree to a suspension of hostilities for at least six weeks during which time thousands of reinforcements would reach Gen. Linovitch and Vladivostok would be strengthened with munitions and supplies to withstand a siege. Indeed, it is suggested that Japan deliberately planned to postpone the meeting long enough to give Oyama a chance to administer to the Russians a fresh defeat on land in order to rob the war party in Russia of their last card and facilitate acquiescence to her terms. Considering the situation, therefore, President Roosevelt's triumph will be all the greater if he could now succeed in crowning his work by an agreement which would at least prevent another bloody battle pending the show of hands at Washington.

At the British embassy the Associated Press was informed that Great Britain had not offered Japan any advice on the subject.

Brig. Gen. Barry and his colleagues, who have been prospecting a general engagement are hastening their return of official visits in order to get to the front in time to witness some of the fighting. They have already called on several of the military plenipotentiaries. The American officers will be received in audience by the emperor at Paterhof.

## DIPLOMATS DIPLOMATIC.

Washington, June 20.—Mr. Takahira, the Japanese minister, left Washington this morning for Tufts college, Mass., to deliver an address. It is to receive at the commencement a degree of doctor of laws. He does not expect to return to Washington until Friday and will leave Mr. Hoki, the first secretary, in charge of the legation. In view of the absence of the plenipotentiaries for the next few days, no development in the negotiations is expected.

It is understood that if the plenipotentiaries adjourned to a summer resort as is expected, unless Washington has unprecedented August weather, none of the diplomats representing the neutral powers will follow them. There have been formal exchanges between the ambassadors here on the subject and it is their unanimous opinion that it would be in bad taste for any diplomat not directly interested in the conference to go to New England for the purpose of following the negotiations. This unanimous decision on the part of the plenipotentiaries has been made. The plenipotentiaries have been given a free hand. In case there should be an adjournment, the plenipotentiaries will appear to the president for help. Otherwise they will conduct their deliberations entirely between themselves. The renewed activity of the war party in Russia does not cause alarm here because of the general realization that the plenipotentiaries will not be able to do so much for the emperor and in subsequent communications has dealt directly with the emperor, and Count Lamudor will succeed only as a means of communication. No doubt it is felt here that the emperor will stand firm in his decision to discuss peace with Japan in good faith and in an earnest effort to bring it to a successful conclusion.

## RUSSIA NOT WEAK ENOUGH.

St. Petersburg, June 20.—The Novoye Vremya prints a dispatch from London in which its correspondent declared he was in possession of information to the effect that the British plenipotentiaries had refused the conclusion of an armistice.

"Russia," the dispatch adds, "is not considered to be sufficiently weakened. The greatest friend of peace, and draws the plenipotentiaries to the conclusion that the Russian plenipotentiaries must decide the issue when the plenipotentiaries meet."

## JAPAN DISCUSSES PEACE.

Tokio, June 20, 10 a. m.—Discussion of the meeting of the peace plenipotentiaries continues through Washington with indications of an early completion of the details. There has been a series of conferences between the elder statesmen and the cabinet to consider the conditions and discuss the selection of plenipotentiaries. It is thought to be possible to complete the details, appoint the plenipotentiaries and organize a staff of assistants in time for them to sail on the steamer Empress of India June 26 from Yokohama for Vancouver, B. C., to voyage

## NORWAY'S ADDRESS TO KING OSCAR.

Storthing is Conciliatory but is Unalterable in its Determination To Adhere to Dissolution.

What Happened Inevitable. The Norwegian People Never Intended to Assault Sweden's Honor.

## ENTERTAIN NO BITTER FEELINGS.

Suggested That Negotiations for Final Settlement of Affairs and Recognition of Norway's New Status be Made.

Christiania, Norway, June 20.—The address to King Oscar, the riksdag and the Swedish people generally, adopted by the storthing yesterday, in reply to the long letter which the king sent June 13 to the president of the storthing, Mr. Berner, is of a conciliatory character. At the same time, however, it indicates the unalterable determination of the storthing to adhere to the action taken in dissolving the union with Sweden. The text is as follows:

## THE ADDRESS.

"Your majesty, Norway's storthing respectfully begs to address your majesty and through your majesty Sweden's riksdag and Sweden's people as follows:

"What has been happening recently in Norway in the inevitable result of a combination of late political events and cannot be altered and it is certain that neither of the two peoples is desirous of returning to the former condition of union, the storthing is of the opinion that it ought not to reconsider the various questions of the constitution and public law that have been brought up in your majesty's notes to the storthing's president in connection with the resolutions adopted and on which the storthing and the government have already expressed themselves in detail.

## KING'S DIFFICULT POSITION.

"The storthing recognizes fully your majesty's difficult position and never for a moment has doubted that your majesty's decisions are in accordance with what your majesty has regarded as the rights and duties of the crown. At the same time the storthing is desirous of addressing an appeal to your majesty, the riksdag and the people of Sweden with the object of contributing to the peaceful carrying through of the dissolution of the union and the safeguarding of the friendship and accord of the two peoples of the peninsula. The storthing has seen from expressions of opinion in Sweden that the storthing felt it to be its duty to the fatherland to adopt in declaring the union of the two kingdoms dissolved, has in form and in substance considered and approved the fact that has never been its intention.

## ONLY INEVITABLE HAPPENED.

"What happened and had to happen in Norway was merely the inevitable maintenance of Norway's constitutional rights. The Norwegian people never intended to assault Sweden's honor. The storthing's decision in council May 26 declared you were unable to sanction the storthing's unanimous resolution for the establishment of a separate Norwegian government. The storthing's decision was so far as the storthing was concerned, a final decision. It was maintained. Upon Norway's storthing was therefore imposed the necessity of proceeding without delay to a government for the time being. Other courses were closed, all the more so as your majesty's Swedish government had on April 25 already explicitly declined to enter into new negotiations with the dissolution of the union as an alternative in the event that it was found impossible to arrive at an agreement in regard to a new form of union.

## NORWEGIANS NOT BITTER.

"The storthing has already stated and the Norwegian people do not feel any bitterness or animosity against your majesty or the Swedish people. Statements to the contrary which possibly were uttered on occasions have wholly and solely been grounded on dissatisfaction at Norway's position in the union, and as such source of bitterness and animosity would disappear with the dissolution of the union, its effects also would vanish. Ninety years of co-operation in peace and in the Norwegian people's feelings of sincere friendship and sympathy for the Swedish people. These feelings will with Norway no longer occupy a position offensive to her national independence, once more grow apace and insure the entrance of a mutual understanding between the peoples. In the view of the storthing suggests to Sweden's constitutional authority that they enter upon the negotiations requisite for a final settlement on the dissolution of the union with the recognition of Norway's new status and her rights as a sovereign state. The storthing is unitedly prepared to meet every fair and reasonable wish that may be put forward to safeguard the kingdom's independence and integrity. Consequently, the two peoples will henceforward be separate, but at the same time the storthing is fully convinced that this will lead to the development of a good and fruitful relationship for the defense of their mutual interests.

## BEST FOR BOTH PEOPLES.

"If the further settlement can be effected without bitterness and prejudice the storthing is convinced that what has happened will prove for the lasting welfare of the northern peoples. For the sake of the north, the storthing addresses this appeal to the people which by its magnanimity and civility has attained for itself such an eminent place among nations and with which the Norwegian people desire most sincerely to maintain good relations."

In honor of the occasion, Alfred Austin, the poet laureate, has written a poem which will be read at the dinner. Karl Roberts will preside. Nearly 400 guests will attend.
