

wizards, astrologers and necromancers have not been verified. The year goes out like its predecessors in the regular course of time and process of nature, to give place to another, and be known only in the list of the by-gone.

But though the expiring year has not fulfilled the predictions of the fatalists, nor witnessed the great consummation, it has added one more step to the progress of the world towards that change which is inevitable and near at hand. The signs given by the Son of God and of Mary, which were to be as sure harbingers of "the end" as the spring thrives, best in warm streams. buds are of approaching summer, Musk-rats should be killed off, as have been abundantly manifest in the year now yielding up its breath. While the signs in the heavens and Ities of nations, the domestic and carp, when properly cared for, are national calamities, the convulsio a of nature, the commotions on land and sea, the abounding of iniquity, and the loosening of the bonds which hold together families and communities, have answered to the words of the Great Teacher, at the same time "this gospel of the kingdom" has been preached as "a wit- Years'. ness" among the nations, the "elect" have been "gathered" in the earth, the people of the world night.

have been stirred up against the Saints to hate them, despitefully It is to be hoped that Monday, to use them, persecute and deliver be observed as New Years' Day, them up to be afflicted, and the will witness the turning over of a spirit has whispered into the cars of new leaf by a large number of Salt the faithful, "behold the bridegroom cometh." All this is significant of the times. .Let order, sobriety, peace and

manure, linseed-oil cake and 'waterhis replies. pest' (a water plant of some kind;) Witness continuing, said: The prisoner used the expression,"when I made up my mind." at Dessan the old carp are fed with ants' eggs, bread, meal, barley, pota-Guiteau shouted: Making up my mind was the result of the grinding toes, blood and refuse meat. Carp, gold-fish and the golden tench are pressure; that's where the inspira particularly fond of the oil-cake, and tion came in. Please get that straight while you are about it. large pieces can be thrown to them."
