

RACING GAME GETS SEVERE SETBACK

Probable Cut in Purse Stakes
Now Under Wide Discussion.

CHANGES ARE FELT ALREADY

Sport Can Be No Longer Conducted on "High Plane," Says Brighton Beach Association.

New York, June 17.—The unsettled condition of racing in New York has caused horsemen to consider of supreme importance the plans of race tracks which have meetings to follow the Graveland races. It is assumed that the Brooklyn Jockey club, under the decision of P. J. Dwyer, will finish its meeting without reduction of purse stakes, but a cut in the statute Sheephead bay purses is generally expected, though the Sheephead stakes will be run as they have been announced. The matter of the value of the purses at Sheephead bay will be decided at a meeting of the governors of the Coney Island club this morning and the expectation is that the added money for the overnight races will be reduced from an average of a little more than \$1,000 each to about \$600 each.

"HIGH PLANE" TREMBLES.
The Brighton Beach racing association also came in for much attention from horsemen, in view of circular letters that the association has prepared for the nominators of horses engaged in stakes at Brighton Beach. The circular is as follows:

"The recent repeal of the Percy-Gray law has made it doubtful whether racing can be continued in the state of New York on the high plane which it has occupied for many years.

"This association intends making every possible effort to keep the sport alive and with that end in view we ask you to assist us by signing the enclosed consent, permitting us, should necessity arise, to modify or withdraw any stakes of this association already closed."

SOME EFFECTS ALREADY.
The content mentioned in an agreement to accept the decision of the association in either the cancelling of stakes to be run or the reduction of values in proportion to the amount added. In addition to the doubt thrown on the stakes already closed the Brighton

ton Beach association announces that four stakes, the Trump, Sunshine and air, to use an expression of the track. Undergraduate for two-year and the handily steeply chase, which had been advertised to close on June 15, were abandoned before the date of closing. The Brighton club having notified the jockey club of its intention to give up those events late last week.

BRIGHTON GAMES SUFFERS.
The most important fixtures of the Brighton racing which thus are made so doubtful that horsemen already have given up any idea that they will be run are the \$20,000 Brighton handicap, \$7,500 added, at the summer meeting, and the \$30,000 Brighton produce and the \$10,000 Brighton cup in the fall. C. J. Fitzgerald, president of the Brighton association, said that it was the purpose of the club to assist largely in the view of the changed conditions the club did not feel that it would take the risk of racing without the cooperation of horsemen Mr. Fitzgerald said the Brighton association would conduct the best meeting that it possibly could under the existing circumstances.

BICYCLE WAR FAR FROM SETTLEMENT

The bicycle war remains up in the air. The Manager Redman of the Salt Palace has the men bound on honor to race there tomorrow evening. Just what will happen Friday is not known. Meetings have been held but they have come to naught. Frank Gardner, representative of the N. C. A., is out with no definite statement. It is a peculiar and unfortunate condition of things. The game is going to suffer unless cool heads assume charge of affairs and it does not appear the riders are following any good heads just now. When last night's fight between the two teams did not get checks because of their haste.

OGDEN SIGNS PITCHERS.

Ogden has signed "Maggie" Murphy and Spaulding for the coming season and the decision of the board of directors in bringing the pennant home. Both men are rated well, both as slab artists and as pitchers. The team is well pleased with "Dad" Gimlin's importations.

NORTHWEST LEAGUE.

Butte and Aberdeen put up a pretty exhibition of baseball yesterday. Aberdeen won through Spencer's pounding out a home run in the second inning. This hit brought in two runs and made the score, 2 to 0. Brinker, for Aberdeen, pitched a brilliant game, and with Spencer, the catcher, driving out the winning hit. Aberdeen's battery certainly did splendid work. Spokane defeated Vancouver yesterday in a game which resulted in a score of 5 to 0. Jensen pitched a great game, and was given good support, a combination that he gets victory every time. In a game that came out 6 to 1, and was raged throughout, Tacoma won from Seattle yesterday.

Washington played Cleveland at the latter city yesterday and defeated the home team by the score of 3 to 3. St. Louis played Boston at St. Louis and lost the fourth game of a series to the bean-eaters. Score, 9 to 1. Detroit batted Plank and Schiltz out in three innings and thus got a lead which Philadelphia couldn't reach.

What d'ye know 'bout this? Brooklyn has won a game. First time in two weeks. Brooklyn and St. Louis met in the latter city. St. Louis got off in the first and fourth; Brooklyn three in the fourth and one in the seventh. The score, 4 to 2. Pittsburgh won from Boston, 6 to 1. The bean-eaters were off in fielding. Poor old Hoffman. He muffed one which gave Chicago the game after the Windy Cityites had held the Quakers down, so closely it was a 2 to game. A double-header will be played between New York and Cincinnati today.

WALK 2,450 MILES IN ONE PAIR OF SHOES

REMARKABLE FEAT OF WM. JACKSON AND R. T. HAY IN THEIR SEATTLE TO CHICAGO TRIAMP.

Shoes Worn by These Pedestrians Were the Product of the F. Mayer Boot and Shoe Company, Manufacturers of the Renowned Mayer Milwaukee Custom Made Shoes.

CAPTURE A \$1,500 PURSE

The Men Who Made the Trip.

Over mountains and through snow, through wet, slush and mud, freezing at times and oppressed by heat at others, William Jackson and R. T. Hay, two sturdy Scotchmen, walked every mile of the way from Seattle to Chicago, just arriving within a few hours of the time limit, thereby winning a purse of fifteen hundred dollars given by the Seattle Athletic club for accomplishing this feat within the prescribed time.

Jackson and Hay left Seattle with but five dollars in money and were obliged to earn their way as they went and leave no unpaid bills, and complete the journey in 90 days.

As the Shoes Looked After the Journey

An interesting fact in connection with this walk was that but one pair of shoes was worn by each of them on the 2,450 mile journey, and that they never ripped or lost a stitch during the entire trip. The shoes worn in this contest were made by the F. Mayer Boot and Shoe company, Milwaukee, who have established a great reputation throughout the country as manufacturers of the highest type of quality shoes, in consequence of which, the business of this house has had a phenomenal growth. Nine thousand pairs per day is the present capacity of the Mayer factories.

As a matter of contrast, and to show that there is a marked difference in the qualities of shoes, while Hay and Jackson completed their 2,450 mile trip in a single pair of shoes that were practically intact at the end, J. T. Sutherland, another pedestrian, who had reached Oswego, Minn., on a coast to coast walk, had worn out thirty-one pairs of shoes on his journey up to the time of his arrival in Oswego.

Leading brands manufactured by the F. Mayer Boot and Shoe company are the Honorable for Men; Leading Lady, for women; Martha Washington Comfort Shoes; Yarnum Cushion Shoes; Special Merit School Shoes.

GRAND OPENING OF NEW RACE SAUCER

Announcement is made that all riders in the city will compete in the program arranged for Saltair this evening. This new saucer—the second for Salt Lake—has been put into shape for tonight's opening. The track is 1 1/2 laps to the mile—two shorter than the Salt Palace track and with higher and steeper banks, thrilling races are to be expected. The total seating capacity is 7,000. In being

enclosed, the saucer is a coliseum and in this way protected from the elements. Another feature is the tunnel which goes below the track into the center circle. This avoids traffic over the racing path.

Among other things, tonight's program includes a handicap race in which \$100 is the first prize and \$3 will be given for each lap. This ought to coax the pedal pushers to their best. T. M. Sammons and E. Whaley will start with rate again in a five-mile motor race. Trains will leave for the salt saucer at 6:30, 7:15, and 8 o'clock. The races will start at 8:30 o'clock and a train will leave 15 minutes after they come to an end.

RAIN STOPS RACES.

A sudden downpour; a rush to the gates; rain tickets for tomorrow night. That tells the story of last night's Salt Palace races. What was to have been a great success because of fine weather, to reign this evening. The races were started before a large crowd which risked rheumatism in sitting on damp benches, and in most cases, when the downpour came it was seen there was no use in trying to beat the weather man at his own game. The crowd came upon in anything but a happy mood. Ogden races were stopped Monday night by rain, too, so it is highly probable the only racing in this city nowadays is in a non-racing room.

HORSE RACES JULY FOURTH.

Ogden, June 17.—At the Fourth of July, a line program of horse races is being arranged and in which some of the best horses of the state will be entered. Purse aggregating \$500 will be put up. The program will be announced within a few days.

Ogden, June 17.—The management of the Gleiwitz saucer track has announced the program for next Monday night but owing to the wet condition of the track the races had to be postponed. The races will be held on Monday night, July 1, at 8 o'clock. The program will be announced within a few days.

Three-mile open lap, professional. One-mile handicap, professional. Two-mile lap handicap, amateur. Motor exhibition.

TIGERS DEFEAT YALE AND WINS PENNANT

Polo Grounds, New York, June 16.—Princeton defeated Yale this afternoon by defeating Yale in a sharply contested 11-inning game by a score of 4 to 2.

Score: Princeton 4, Yale 2.

New York, June 17.—Searchlight lights played over the bay last night from Forts Wadsworth and Hamilton, while national guardsmen and regulars in defense of the city could gain against a mimic enemy, were on guard, ready at the first news from Sandy Hook to man the batteries of huge guns and blow the invading fleet out of the water as soon as it was within range.

Infantrymen at the same time patrolled the outpost to protect the forts from attacks in the rear, which were expected about the time the battle with the fleets began.

After evening parade the guards were doubled at both forts and actual military conditions prevailed. None gave the men as it were, could gain admission to either encampment without passes. The searchlights were flashing over the narrow from both forts, and every craft between the forts and Sandy Hook was brought out into clear relief. The men behind the searchlights were taking no chances of being surprised by the enemy for lack of illumination.

All night the lights flashed over the bay and the soldiers, both professional and amateur, slept lightly, ready to jump to their places at the first alarm. But the night passed quietly and daylight came without the "enemy" having put in an appearance. It is almost certain now that the attack will be made tonight.

A TIP TOP MURDER.

René, Nev., June 15.—The first murder at Tip Top, the new mining camp, 12 miles from Mills City, occurred today, when O. E. Cockrell shot M. E. Jacobs, both mining men, in a dispute over a mining claim.
