

PHILADELPHIANS FEEL OUTRAGED.

Common Council Leases City Gas
Works to United Gas Improve-
ment Co. for 75 Years.

CITIZENS CRIED "THIEVES."

Mayor is Expected to Veto Measure,
And That It Will Be Passed
Over His Veto.

Philadelphia, May 18.—Amid scenes of disorder unprecedented in the annals of Philadelphia's legislative body the city council tonight voted to lease the city's gas works to the United Gas Improvement company for a term of 75 years for the total sum of \$25,000,000, the money to be paid in various amounts before the end of 1907. Council chambers and committee rooms were crowded with excited citizens protesting against the lease to the United Gas Improvement company from 1 p. m. when the proceedings opened in the finance committee room, until later 8 p. m. when the select council passed the bill and sent it to the mayor.

The climax was reached when the vote in common council was announced after three hours of debate. The moment President George R. McCurdy of common council announced the vote a great uproar was started in the gallery, which was crowded to the door. From all over the gallery came hisses and cries of "Thieves."

A squad of police cleared the gallery. The celebration against the passage of the bill resulted in the common council amending the measure so as to provide for a slight reduction in the price of gas.

The amendment as adopted provides that the price of gas from the date of the lease until Jan. 1, 1911, shall be one dollar per thousand cubic feet, the same as present price; from 1911 to 1921, 95 cents; from 1921 to 1931, 90 cents; from 1931 to 1941, 85 cents; and thereafter until the expiration of the lease in 1986, 80 cents. Mayor Weaver is expected to veto the bill, and in that event both chambers will probably pass it over his head. The vote in common council was 24 to 9 and in select council 27 to 4. There is only one Democrat in each body and both voted against the lease. There is some talk among citizens who fought the bill of taking the matter to the courts.

The committee of nine tonight issued the following statement:

"To the citizens of Philadelphia: You received today the most insolent affront from your councilmen ever given to the people of any great American city. Despite reason and respect for the rights of the people the city council voted to confer upon a corporation the unhampered control of your gas works. Your committee, appointed by the select council, now calls upon you:—

"First, to awaken to your injuries, which are:

"Insult to your declared opinion and the expressed wish of your mayor asking for delay.

"Theft of your property.

"Enslavement of three generations to a gas monopoly.

"Second, to rise in your might and by personal, unceasing effort make impossible the consummation of the greatest steal ever attempted.

"As for assembling in every ward, by personal demand and pressure upon your local councilmen.

"By full and immediate use of the cards and literature distributed by the committee, as well as other forms of written protest.

"By preparing for a great rally that will block the final attempt to complete the conspiracy when the ordinance is again considered after the mayor has vetoed it."

TUBERCULOSIS.

Dr. Osler Says Education Regarding It Is Thing to Strive For.

Washington, May 18.—"In spite of its triviality, in spite of its size, in spite of its other things which I hesitate to allude to, New York has set the pace in legislation, institutions and treatment of tuberculosis."

Dr. William Osler made this statement today in an address following that of President Dr. Edward L. Trudeau, in opening the first annual meeting of the National Association for the Study and Prevention of Tuberculosis.

Dr. Osler said that education regarding tuberculosis was the thing to strive for. He discussed this feature under three heads: Education of the public, of the physician and of the patient. The public, he said, was awake, but sitting on the edge of the bed and not

Not every headache is a sign of nervous breakdown.

But if you suffer often from headache, it means that you are suffering from nervous breakdown.

Again, if you can't hold a pen to paper without trembling or twitching, there's a screw loose somewhere.

Or, if you seem irritable and cross without cause.

All these are signs and symptoms.

Not necessarily, but you are dangerously sick—but, at any rate, sick enough to need Dr. Miles' Nervine.

The danger lies in neglecting the slight symptoms.

Some of these signs are Sleeplessness, Dizziness, Excitability, Loss of Memory, Forgetfulness, Headache, Melancholy, Neuritis, Muscular Twitchings.

Do not neglect them. Begin to take Dr. Miles' Nervine. It will cure them.

For five years I have suffered terribly from nervous prostration. I tried every physician after another, but to no avail. I continued to grow weaker until I was afraid to go to bed. I was unable to do any work. I was in a state of despair. I was in a state of despair. I was in a state of despair.

FREE Write to us for Free Trial Package of Dr. Miles' Nervine. We will send you a trial package of Dr. Miles' Nervine. We will send you a trial package of Dr. Miles' Nervine. We will send you a trial package of Dr. Miles' Nervine.

TYPHOID NERVES

EXTREME WEAKNESS OF NERVES
AN AFTER-EFFECT OF FEVER.

Mr. Worth Suffers Six Months of Misery
Caused by General Disorders of His
Nervous System.

Typhoid fever is sometimes called nervous fever. During the course of the fever the nerves are always profoundly disturbed, and when it is over they are left so sensitive that the patient has to be guarded against all excitement. In the tonic treatment then demanded, regard must be paid not only to building up flesh to repair waste and give new vigor to feeble nerves, but the most convenient and economical.

Mr. Worth has had valuable experience by which other sufferers may profit. He says: "I had a severe attack of typhoid fever in the fall. I got over the fever, but remained very weak during the succeeding spring and summer. My heart palpitated, my breathing became difficult after the least exertion and there was numbness in both hands. I suffered in that way for fully six months. As I did not grow out of it, I did not in fact see the slightest improvement as time passed. I decided to use the very best tonic to be found, and endeavor to get back my strength and my command over my nerves. A statement in the papers about a very remarkable cure effected by Dr. Williams' Pink Pills impressed me so much that I concluded to make a trial of them in my own case."

"Almost as soon as I did so, I found that I was using the right remedy for my troubles. They helped me so quickly that I could see decided improvement before I had finished the first box. I kept on taking them for several weeks and when I stopped I was completely well. I consider Dr. Williams' Pink Pills a most valuable remedy, and I am in the habit of recommending them to others who are afflicted as I was."

Dr. Williams' Pink Pills are widely known, and justly praised. It is one of their great merits that they supply strength to muscles and nerves at the same time. They purify the blood, and correct disordered action of bodily organs. Nothing could be better for forwarding recovery from debilitating diseases such as typhoid. They create what we call the necessary conditions or basis of all sound health, and they do all this better than any other known remedy.

Thousands of testimonials from all parts of the world agree in supporting that of Mr. Charles Worth, whose home is at East Yassaboro, Maine. Dr. Williams' Pink Pills are the remedy to use when the blood is thin as in anemia; or impure, as in rheumatism; or when the nerves are weak, as in neuralgia; or if nervous, as in partial paralysis; or when the body as a whole is ill nourished, as in general debility. When the nerves ache and tremble it means that they are starving. The only way to feed them is through the blood, and the best food is Dr. Williams' Pink Pills. They are sold by all druggists.

EIGHT PERSONS KILLED IN A RAILROAD COLLISION

Louisville, Ky., May 18.—In a collision between two Illinois Central freight trains two miles south of St. Louis, Ky., eight men were killed and four injured.

The dead: R. English, engineer, Elizabeth, Ky.; Doc Turner, conductor, Louisville; Ben English, conductor, Cordia, Ky.; Charles St. Clair, fireman, Louisville; Foster Bell, fireman, Louisville; Cordia Smith, colored, brakeman, George Hall, colored, brakeman, Mat Owen, negro tramp.

The misreading of its orders by the southbound crew, it is said, caused the collision.

THOUSANDS PASS BY THE BIER OF HIRAM CRONK

New York, May 18.—The body of Hiram Cronk, the last veteran of the war of 1812 to pass away, was buried today in Cypress Hill with impressive military honors. Before the funeral the body of the veteran soldier lay in state in the city hall, where it was viewed by many thousands. There was a constant stream of men, women and children moving past the casket in the city hall building—the first which had rested there since the body of Gen. Grant laid in state.

SAVED HIS SON'S LIFE.

Boy an Invalid and Father Em-
barked to Get Money for Him.

Des Moines, Iowa, May 18.—Carl M. Spencer, a former trusted employee of the Des Moines National bank, was indicted by the federal grand jury today on a charge of embezzlement and for alleged fraudulent entries and shortage, and for which he is being prosecuted, will not exceed \$5,000. Spencer, in a confession made prior to the indictment, said for many years annually he had been taking an invalid son east for medical treatment. He claims to have been unable to meet the expense incurred by the medical attention and to save the boy's life he took money from his employer.

"RAGGING" ON THE KENT.

Capt. of British Cruiser Compulsorily Retired for Allowing It.
London, May 18.—A recent case of "ragging" on board the British cruiser Kent has been promptly followed by a compulsory retirement on half pay of Capt. Douglas A. Gamble, her commander, for allowing such an occurrence on his ship and by the punishment of others concerned in the affair. The "ragging" took place in the gun room, where the midshipmen attempted to strip and flog an unpopular comrade. The latter drew a revolver and shot one of the midshipmen in the mouth.

LIEUT. CHAPMAN KILLED.

Shot in the Back While Assisting
in Maneuvers at Fort Reno.

Oklahoma City, Okla., May 18.—A special to the Times Journal from El Reno, Okla., says: Lieut. L. Chapman, stationed at Fort Reno, was shot in the back today while assisting in the maneuvers of six companies in a running fight, and instantly killed. Early this morning six companies of infantry were called out for field maneuvers in the presence of Brig.-Gen. J. M. Lee, whose headquarters are at San Antonio. While engaged in a running fight across the prairie northwest of town Lieut. Chapman, who was acting as the battalion adjutant, received a shot from a ball cartridge fired from the companies opposing him. He died where he fell. Foul play is suspected and a rigid examination is being instituted to de-

termine if possible the person who fired the shot. At the present time no one in the six companies engaged can throw any light on the subject.

El Reno, Okla., May 18.—There appears to be a general impression at the post that the cartridge was used purposely, and that it was intended for another regimental officer in the party instead of for Lieut. Chapman. It is reported here that Col. Bailey of the Twenty-fifth Infantry, Inspector general, is supposed to have offered a reward, but no evidence on this point, if any has been found, is given out, nor can the presumed motive be ascertained. There is complete reticence among the officers at the fort.

Chapman received his commission in 1891. He was 39 years of age.

A DESPONDENT SON ENDS HIS LIFE WITH MORPHINE

New York, May 18.—Herbert Leon Kepler, a bookkeeper, whose home was at Deland, Fla., died in a room in Susan's hotel today at Forty-sixth street and Sixth avenue from morphine poisoning. With him at the time was a woman who told the police that her name was Mrs. Dona Miller, and that she fled from Deland with Kepler two weeks ago.

Mrs. Miller said Kepler was the son of a Deland physician, and that he left Florida suddenly because of some trouble which he got into there. He left a wife and several children behind when he fled, and she left her husband to come with him. She has been detained by the police pending a further investigation. Kepler was about 25 years old.

In the room which Kepler and the woman occupied the police found two small bottles. One was filled with morphine and the other nearly empty, contained a trace of the drug. Mrs. Miller told the police that Kepler had been despondent for several days and had told her that unless his father did something at once to fix up the trouble at Deland he feared something dreadful would happen.

Later, Mrs. Miller told the corner that a portion of her story as she gave it to the police was untrue. She had not lived with her husband in several years, she said, and did not flee from Deland with Kepler. She had been in New York or vicinity for several years. She also told the corner that she had been a witness in the William Hooper Young murder case in this city several years ago. She lived in the house with the murdered woman, she said, and had first introduced her to Young.

Mrs. Miller also said that Kepler left a letter addressed to his father and mother, begging that he and Mrs. Miller be not separated in death, and that his parents and daughter forgive him for his act.

In view of this letter the police believe that Kepler intended to kill both himself and the woman.

FOREIGNERS ARE ASKED TO LEAVE VLADIVOSTOK.

Washington, May 18.—Richard S. Greener, American commercial agent at Vladivostok, has called the state department that all the foreign and commercial agents there have been asked to leave Vladivostok fortress and the city of the maritime provinces. Mr. Greener himself was just leaving Vladivostok for Haborovsk. It is recalled here that a similar measure was adopted by the Russian authorities at Port Arthur at the beginning of the investment of that place by the Japanese and sea forces and hence it is assumed that Vladivostok is expected to become a center of the seat of war very soon.

Runaway Boy Arrested.

Salinas, Cal., May 18.—Lester Elkins, aged 14, who says his mother, Mrs. L. V. Elkins, resides at 235 Rusk street, San Antonio, Tex., was arrested today by the sheriff in a box car with Leo Ewing, a tramp. The boy confessed that he had run away from home April 31 owing to promises made by Ewing to take him to the Portland fair. The boy's mother has advertised for him widely. He wants to go home and will be held for further investigation.

Murders Four and Kills Himself.

Colbert, I. T., May 18.—At Cate, I. T., today a man named Whitehead shot and killed his stepdaughter, also a man named Terrell and Terrell's wife and mother, and then shot and killed himself.

Exposure.

To cold draughts of air, to keen and cutting winds, sudden changes of temperature, scanty clothing, under public speaking and singing, bring on coughs and colds. Ballard's Horehound Syrup is the best cure.

Mrs. A. Barr, Houston, Texas, writes: "Jan. 21, 1892. One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take." Price \$1.00. Sold by Z. C. M. I. Drug Dept.

THE QUALITY STORE.

A Corner of Leyson's Shop Where Things in Gold And Silver Are Made And Repaired.

HERE is scarcely a day but what we have on our rack watches for repairs from Wyoming, Idaho, Utah and Nevada—They are sent us from all the inaccessible hamlets of four states. Our factory in the rear of our store is humming with active machinery directed by the best workmen to be found.

We make medals of all sorts, diamond mountings, monograms for bags and automobiles, brooches, scarf pins, links, seal rings, etc., from native gold or silver.

Special manufacturing or repairing ordered of us is done at once in our own shop. We do not require days or weeks to send difficult work to Eastern factories.

The free use of our vault is extended to all for the safe keeping of jewels or silver. Only high class work done in our shop and at prices asked by others for batch work. Phone 63 for the correct time.
