STAKE ACADEMY COMMENCEMENT

Interesting Services Held in Ogden Tabernacle Tuesday, May 29.

SEVENTEEN ARE GRADUATED.

Splendid Addresses Given by Elders Hyrum M. and George A. Smith.

Ogden, May 29.—The eighteenth annual commencement exercises of the Weber Stake Academy were held last evening at the Ogden Tabernacle which was filled with an appreciative audience. The auditorium was artistically decorated with the class colors, purple and white, the national flag, etc.

The speaker's stand was occupied by the Academy board of faculty, also the speakers of the evening and vocalists. Immediately in front of the pulpit sat the graduating class, composed of seventeen bright looking young men and women.

The program was well rendered. Miss Myrtle Ballinger sang two solos, and Horace S. Ensign of Salt Lake City sang three solos, while the Academy hand played two selections in a very creditable manner.

Prof. Horace Cummings, general superintendent of the Church schools system, presented the diplomas to the graduates and delivered an address on school work.

"The True Aim in Education" was the subject of a well prepared paper read by Miss Elsie Reast, one of the graduates.

The address to the graduates was made by Elder Hyrum M. Smith of the Apostles' quorum, who represented his father, President Joseph F. Smith, who was unable to be present. The speaker desired to impress upon the graduates the necessity of continuing diligent study along their chosen lines of education, conduct themselves as true sons and daughters of Zion, and add to the world's sum of good.

Elder George A. Smith congratulated the graduates on their success, and expressed his pleasure at seeing so many young men in the class, they being in the majority. He emphasized the fact that man cannot be saved faster than he obtains intelligence and knowledge. The young people of the graduating

A most creditable exhibit was shown all day yesterday at the Weber Stake Academy of the work done during the past year in the domestic science department which was taught by Mrs. Sarah Evans. There were 87 who took lessons in that department and the work done is marvelous.

RAIN AND HIGH WATERS.

Flood Sections of Ogden and Suburbs—Some Damage Done.

Ogden, May 29.—The heavy fall of rain during the past few days has not alone soaked the ground to considerable depth, but in some of the lowlands has entirely swamped the fields. Several of the streets in the First ward were swimming with water and the residents had to bank up the irrigation ditches in front of their residences to keep the water from flooding their premises.

The Ogden and Weaver rivers have raised very high, and in some places there was danger of the streams overflowing their banks. The people of Ogden valley have had someone watching the bridge over the North Fork of the Ogden river for several days because of the danger of the bridge being swept away.

The high water has also done considerable damage to the Barker fish hatchery in the valley, but the other two hatcheries escaped without damage.

PENANCE OF A RUSSIAN PRIEST.

Twelve years ago Father Naziroff, a Russian priest living in the outskirts of Moscow, committed an offense for which he was duly punished. In his opinion, however, the sentence was far too lenient and for more than ten years he has been tolling the two church bells in the manner herewith pictured for sixteen hours a day. This act of penance has obtained for him the reputation of a saint, and he is visited by throngs of peasants.

A YOUNG GIRL WHO IS A SUCCESSFUL INVENTOR

Louise de Lusi, the fifteen-year-old girl in the picture, lives in Brussels, Belgium, and she has recently obtained a patent for an invention which she would hardly expect from one of her age and sex. It is a platform which can be altered at will and which will

greatly facilitate the unloading of goods in a narrow space where the traffic is heavy. The idea of a variable platform came to Louise as she watched the heavy wagons unload at the Antwerp docks. The invention will probably mean a fortune for the clever little girl.

FAMINE IN JAPAN.

The cut shows a Japanese housewife engaged in pounding leaves into a mass for food purposes. The failure of the rice crop last season has brought about a state of famine that is truly pitiful. The American branch of the Red Cross

society is trying to raise \$16,000,000 for the relief of the famine sufferers, and President Roosevelt and members of the government of states have made appeals in their behalf. The Japanese local authorities are making every effort to relieve the terrible suffering, but their means are totally inadequate.

PILGRIM DINNER IN HONOR OF BP. HENRY C. POTTER.

London, May 29.—Gen. Lord Roberts presided tonight at the Pilgrim dinner of Right Rev. Henry, Archbishop of Canterbury, at the Archbishop's residence, Wilberforce, the Earl of Malmesbury, Sir Thomas Lipton, Lord Allerton, Lord Kintore, Lord Strathcona, Lord Fairfax, General Sir Edmund Elliot, General Sir Edward Stanman, Maj. Gen. H. D. Hutchinson, Admiral Sir William Kennedy, the Earl of Denbigh, David J. Hill, U. S. minister to the Argentine Republic, Hon. M. Dickinson and Victor F. Lawson.

The Archbishop of Canterbury, toasting the guest of the evening, paid a high compliment to Bishop Potter's activity for the benefit of the world whom he lived. It was by such gatherings as these, the archbishop said, that the oneness of the British and American nations was cemented.

Bishop Potter, in replying, described his recent tour of the east and complimented Great Britain on the valuable work the nation has done in Egypt. He said he did not know whether it would be any news to his hearers to know that the American eagle was going about the streets of Cairo with its tail between its legs.

Bishop Potter added that the thing which had made Great Britain great was not force, menace or diplomacy, but justice. He believed the future destiny of the human race was in the hands of Anglo-Saxon civilization, and that it was time for them to strike the note that would give the key to draw out the melody of future happiness.

Letters of greeting were read from America, Ambassador Beld, the marquis of Aberdeen, Lord Lieutenant of Ireland and Earl Gray, governor general of Canada.

Lord Roberts, in toasting King Edward, President Roosevelt said they were the two rulers of English speaking peoples upon whom the maintenance of the world's peace mainly depended.

JOE JEFFERSON'S WILL.

Widow Will Get Most of Fund Arising From Sale of Pictures.

Boston, May 29.—In the supreme court today Justice Henry N. Sheldon handed down a decision upon the will of Joseph Jefferson, the actor, in which the disposition of a fund of about \$29,000, realized from the sale of his pictures, was involved. Under the decision his widow, Mrs. Sarah A. Jefferson, will receive the bulk of the fund.

The actor willed to his wife all his paintings except those executed by him, which were in or about his estate at Buzzards Bay. Some of the paintings, however, were loaned out on exhibition; others were away from the estate for the purpose of sale, to be returned if not sold. This complication gave rise to a situation that made it necessary for the executor to ask for the interpretation of the will by the court.

CONSULAR APPOINTMENTS.

Mr. Burleson of Texas Insists There is Discrimination Against the South.

Washington, May 29.—When the house resumed consideration of the diplomatic and consular bill today, Mr. Burleson of Texas discussed what he declared was sectionalism displayed by the appointing power in selecting diplomatic and consular officers, and gave an interesting series of figures to bear out his contention. He stated that in the 11 southern states of Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Louisiana, Mississippi, Arkansas, Tennessee and Texas, there were but three diplomatic officers, as against the central east, with 23, New England, 11, and the west, 22; Pacific slope, 8, and the District of Columbia, four. As to consular officers Mr. Burleson said the records show that from 15 southern states, with 14 members, are represented with 74 consular officers; New England, 56; middle west states, 91; Pacific slope, 11, and the District of Columbia, 18. The District of Columbia, Mr. Burleson stated, was reserved for the "man who cuts the pie." He insisted that the discrimination against the south as to diplomatic and consular officers marked the president as one of the bitterest of partisans, and he protested against such favoritism.

CATHOLICS AND SOCIALISTS.

United in Reichstag to Defeat Colonial Ministry Proposal.

Berlin, May 29.—The leaders of the Centrist, or Catholic party allow it to be understood today that they have united with the Socialists of the Reichstag to defeat the government's proposal to create a colonial ministry, because Prince Ernest of Hohenlohe-Langenburg, now director of the colonial office, was Emperor William's choice for minister of the colonies. The government thought itself strong enough to succeed in the Reichstag against the Centrist opposition, and did get the bill passed on second reading. In the meantime Chancellor von Bülow was taken ill, and the matter has rested ever since.

Prince Hohenlohe-Langenburg is one of three or four persons who always are mentioned as having a chance for the chancellorship in the event of Prince von Bülow's retiring. On this ground the Centrists decided that it would be good politics to prevent his entrance among the ministers and thus to spoil his presidency.

There were any, for chancellor, and what is regarded as more important, assert the necessity of the government to get on smoothly in the Reichstag, and in this the Centrists are regarded as having won a decisive victory.

THE CASTELLANE CASE.

Paris, May 29.—Every detail of the legal formalities of the Castellane case is completed today except the notification of the service of the divorce writ on Count Boni. It only remains to appoint the day for the hearing, which probably will be within a few days. In the meantime the countess has returned to Paris from London.
