SESSION OF CITY COUNCIL

Vigorous Protest by Citizens Against Wiring of Streets by Simon Bamberger.

AFFAIRS OF WEBER COUNTY

Finishing Work on Interurban Railway Line—Two Realty Associations Incorporated.

Ogden, March 2.—The water commission bill was considered at some length at last night's session of the city council, and a resolution was adopted urging the legislature to pass the bill now before it, providing for the commission.

Charles Stevens and a number of other citizens appeared before the council and protested vigorously against excavations and fills that Mr. Bamberger is making in the southern part of the city. This gave rise to a heated discussion. Finally the city recorder was ordered to notify Mr. Bamberger to meet with the city council at the city hall at 2 o'clock today and visit the streets where the work is being done, and consider the matter with the protestants.

The street committee was authorized to expend \$150 in repaving the banks of the Ogden river at Seventeenth street to the understanding that the twenty would expend a like amount.

L. N. Fulton, clerk of the municipal court, reported the collection of \$2,696 in dues and fines during February.

Thomas H. Parr, city treasurer, reported \$45,523.23 on hand in all departments.

The estimate of \$4,956.61 in favor of P. J. Moran for repaving the pavement on Twenty-fourth street between Washington and Grant, was allowed.

The city treasurer asked for instructions as to when the money should be collected from the property owners. This matter was referred to the street committee, the city engineer and city attorney. It was also reported that the deed was ready for transferring 300 acres of land from J. D. and Elizabeth Hill, which land was purchased by the city for waterworks purposes. A franchise for a spur track for the Oregon Short Line on Twentieth street in favor of Gamble, Robinson & Co., passed its first and second readings and was referred to the city committee. The pay roll amounting to \$29.75 for the waterworks department, and \$38.15 claims, were allowed.

BEFORE COUNTY BOARD.

Petition for Franchise for Interurban Line to Plain City.

Ogden, March 2.—At the session of the county commission yesterday a franchise for the right of way for an interurban railway system over the county roads in the districts of Harrisville, Farr-West and Plain City, was asked for by Leonard Sloan, Joseph A. Taylor and J. M. Child. The application was referred to the county attorney and committee to report upon at the next meeting. There seems to be no doubt but what the franchise will be granted.

The franchise is asked by the applicants who will put in the grade and the Ogden Rapid Transit company will lay the track. The franchise will be transferred to the Ogden Rapid Transit company. The new line is one of the many extensions contemplated by the local company.

RUSHING LINE TO HUNTSVILLE.

Orders were issued yesterday afternoon by David Eccles, president of the Ogden Rapid Transit, to rush the extension of the line through Ogden canyon to the city of Huntsville, which the company hopes to reach by September. The work upon the line has progressed so favorably that there is little doubt the Hermitage will be reached and cars will be in operation by June.

The equipment for the line is being received by the company and consists of the steel for three bridges aggregating 100,000 pounds; 14,824 miles of copper wire. Six new trolley interurban cars have been ordered from the Pullman car company, and four from the Burney & Smith foundry at Dayton, Ohio. The cars will be similar to the ones now in use on the Hot Springs line. They will also be provided with the latest patent air whistle.

CLEVER WORK OF OFFICERS.

Burglars Captured and Stolen Goods Are Recovered.

Ogden, March 2.—Dist. Atty. Harris Bell with the clerk of the district court yesterday afternoon informed the city against Louis Beckman and Joseph Coyne, charging them with burglary in the district court.

ECZEMA LODGES IN THE SKIN.

Not a Blood Disease—Cured by Oil of Waterbury Compound.

The many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist, Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in both Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of waterbury, thymol, glycerine, etc. This remedy is a liquid, but a mere saline, being rubbed right into the pores of the skin. Washing with this oil of waterbury compound seems to take the itch away at once, as the scales drop away and the disease disappears. The prescription has been used as long as it has been proven its absolute merit and we do not hesitate to express our confidence in Dr. D. D. Dennis, President, District & Franklin and Z. C. M. I. drug stores.

the third degree. The defendants are alleged to have burglarized the residence of George Clark on Washington avenue on Feb. 12, stealing jewelry and other valuables to the amount of \$28.25.

When the young men were captured the plunder taken from Clark's home was found in a number of boxes in a ready for shipment to Butte. The police substituted bricks and sand for the plunder, which was returned to Clark, and marked the box "Sealed & Co. Butte, Mont." The box was evidently received by the firm and the express charges amounting to save at dollars was evidently paid by them as no protest has been filed with the local office of the express company up to the present time. If no protest is filed by the company there is no doubt but what the police department may call upon the firm to explain their position as a "finder" for the stolen goods.

Clegg, vice president; Lamar Nelson, secretary; C. A. Hickman, treasurer. These together with William H. Gibson, constitute the board of directors.

SEVERE ON MASHERS.

That Judge Murphy of the "mashers" is very bitter against "mashers" upon the young ladies of the city, is shown by the case of Charles Roberts to pay a fine of \$75. Roberts was charged with disturbing the peace of a young lady residing on Lincoln avenue. He pleaded guilty and attempted to explain that the court was out short by the judge who seemed to be familiar with the case and sentenced him to pay the fine of \$75 or serve 30 days in the city jail.

Styven's and the successors of Clark are held by the sheriff for investigation in a charge of burglarizing railroad cars at Green River and Tucker. A peculiar feature is that the men were accused by Clark, Kenneth and A. W. Stanton, who, like Shaw and Clark, are box car tourists. They applied to City Marshal Williams for a bed, and when they were taken into the jail, they found Shaw already there, and informed on the same day that Clark would be coming down the road. Marshal Williams arrested him at the depot, and turned the two accused men and the two witnesses over to Sheriff Johnson. They were all taken to the jail, where the sheriff of Emery county, where the offense was committed.

GROVONT, WYO.

Country Alive With Elk and Many May Perish of Starvation.

Special Correspondence.
Grosvont, Wyo., Feb. 23.—The elk have not been seen in the Grosvont section since the first of the season. The oldest settler from the Grosvont south for some 10 miles the country is literally alive with elk and the ranchmen have to sleep by the haystacks to herd them off. One man told me that one morning he found in and around his hay corral from 1,000 to 1,500 head and that they were jammed together like sardines.

The prospects are that a good many will die unless the weather man orders the snow to go away.

The mail carriers are giving very good service notwithstanding deep snow and heavy storms. Snow is from 2 to 5 feet on the level and on the Teton Pass 9 feet is reported.

Alfred W. Jones purchased the contract for carrying the mails from Cloud Simpson from the top of the pass to Jackson.
