

SPECIAL BUSINESS NOTICES

WHAT a charm there is in a clear, smooth complexion! The ladies are fully alive to this fact, and therefore use GLENN'S SULPHUR SOAP, the most desirable purifier of the skin in existence. Complexional defects are entirely removed by it, and local diseases of the skin disappear more rapidly through its influence than through that of any other external remedy. The fact is that most of the eruptions, pimples and skin diseases recommended for diseases of the cuticle are not remedies at all, or at most merely relieve without eradicating the malady sought to be cured. This is not the case with Glenn's Sulphur Soap, which does its work thoroughly, removing every trace of an eruption. It, moreover, speedily heals old sores, ulcers, cuts, bruises and eczema, and is a reliable disinfectant of clothing or bed linen. Diseases communicable by contact are prevented by it, and it promptly relieves the twinges of rheumatism and gout.

A Moving Palace.

This is truly an age of wonders, and among them are, talking by lightning, walking on air, riding on the wings of the wind, and transferring, as it were, a whole or obnoxious lot of hundreds of miles of wire. These are no greater than the rapidity of travel on the railways, however, as the hurrying trains every day show. There are always new conveniences and improvements in the manner of travel which add greatly to the comfort of those who are journeying. One of the latest, though it has been in use some time, is the Pullman Hotel Cars, where one is always "at home," and can eat, walk, talk, or sleep as he chooses. Go down to the Chicago & North-Western depot any evening, or any morning, and you will see the moving palace. The Pullman Hotel Cars were put on the Chicago & North-Western Railway about the first of July, last year, and they have proven to be an unquestioned and decided success. The cars are beautiful, and a person can get aboard at Chicago in the morning and ride through to Council Bluffs without leaving the car, and still have all the conveniences of any of the most elegant hotels. They are on the European plan. "You pay only for what you get." If you have never seen them, it will pay you to go down to the depot some evening and go through the train. — Cedar Rapids (Ia.) Daily Republican, March 19, 1878.

In these Hotel Cars the meals are a la carte—you pay for what you get, and nothing more; and this at very reasonable rates. The managers of the Company have determined to omit nothing which will add to the convenience, safety and comfort of the traveling public who favor them with their patronage; and further that they will not be eclipsed in this direction by any other railroad in the world. Hence these cars, constructed by the Pullman Palace Car Company especially for the Pioneer Line, are the finest ever built.

It is not exaggeration to say that no road in the world can produce the equal to these magnificent cars, and as the average traveler wants the best of everything that can be had, he must of necessity use this line in his trans-continental trip. The charges for berths in these Hotel Cars are the same (and no higher) as are made in the more common Sleeping Car, so that the traveler using one of these palatial hotels is given much more worth for his money than he can get on any other line.

Remember! Pullman Hotel Cars are now running regularly between Chicago and Council Bluffs, on the Deaver and California Express. Trains of the Chicago & North-Western Railway. West-bound, they leave Chicago daily, except Sunday, (and on every third Sunday,) from the Wells Street Depot, at 10:30 a.m., and arrive at Council Bluffs next morning. East-bound they leave Council Bluffs at 5:30 p.m., daily, except Saturday, (and on every third Saturday,) and reach Chicago the next afternoon. Bear in mind! No other road runs Pullman Hotel Cars, Pullman Dining Cars, or any other form of Hotel, Dining and Restaurant Cars through between Chicago and the Missouri River. On no other road can you get all the meals you require between Chicago and Omaha without leaving the car you start in. This is the only line that has through eating cars of any sort.

LOCAL AND OTHER MATTERS.

Sultry.—Last night was probably the most sultry of the season. Scarcely a breath of air seemed to stir.

The Election.—All the registered voters should remember the fact that the election takes place on Monday. The people who are duly qualified, both men and women, should not fail to be on hand at the polls, in their respective precincts, and cast their vote for the People's Ticket.

Stake Conference.—The Quarterly Conference of the Cache Lake Stake of Zion opened this morning, at Logan. The following members of the Quorum of the Twelve Apostles were expected to be present: President John Taylor, Wilford Woodruff, Orson Pratt, Erastus Snow, Lorenzo Snow, Franklin D. Richards, George C. Cannon, and Joseph F. Smith; also from this City, Bishop L. W. Hardy and Elders W. C. Staines, C. W. Farnsworth and Geo. F. Gibbs.

Missionary Labors.—Elder Royal B. Young, President of the Durham (England) Conference, has written a letter to this family, in which he gives some interesting details of his missionary labors in that part. Recently he, in conjunction with Elders J. O. Young, Joseph Taylor and other brethren, held a camp meeting at a place called Shildon. The gathering had been previously liberally announced, the merchants freely giving the use of their shop windows for the pious. The brethren used a wagon for a pulpit, and the number of people that congregated was about 2,000. The strictest attention was paid to the preaching, till, at the instance of a Methodist preacher, a stream of water was turned on from an engine, completely drowning the voice of the speaker with its noise. Elder Young and his associates retired some distance, posting themselves against a stone wall, the congregation following and listening closely to the preaching, which was resumed.

Foiled in his first attempt to break up the meeting, the Methodist gathered together a band of his followers, who started staging at the top of their voices. This aroused the indignation of the people against him and he finally left the place in a rage. On the evening of the same day the brethren held a very successful meeting.

Subsequently, at Middlesboro, Elder R. B. Young held a couple of similar meetings, also attended by about 2,000 people. On both these latter occasions he was mobbed with great ferocity. At the first of the two gatherings he was struck on the head, receiving a slight injury; at the second he received a shower of stones upon his head and face, but was not very seriously hurt. While pelting him, the infuriated crowd shouted "kill him; kill him!" Considerable alarm was felt by some of the Saints of that locality who were upon the ground, lest the crowd should execute their threats.

Notwithstanding this disagreeable experience Elder Young, feels encouraged, and has no fears, knowing in whose service he is engaged. He has since received an invitation from some of the leading men of Shildon, who promise to secure him every needed facility if he will return to that place and deliver a course of lectures. He has accepted, and will take for his subjects—"The Necessity of Revelation from Heaven; Was Joseph a Prophet of God? The Godhead; Polygamy." It is pleasing to note that some of the Elders in the ministry are prosecuting their labors with commendable energy and earnestness.

Southern Mission.—We are in receipt of a communication, dated Sunset Crossing, Little Colorado, July 16, 1878, from Elder J. H. Wells, who gives an interesting account of the condition of affairs in New Mexico, where he had previously been laboring as a missionary. He traveled about 1,500 miles, principally on foot, among the people of that territory, and found many persons who were desirous of investigating the gospel. But there is one great evil to be contended against; and that is the false teachings and the determined opposition to truth, of the Catholic priests. However, he feels that, despite wicked stories set afloat and the darkness which enveloped the people, many may yet be saved, providing that brave and energetic Elders can be sent who will lead them into the way of righteousness.

At the time Elder Harris's letter was written, he had reached Sunset Crossing, Arizona, on his way home; but he designs returning to New Mexico, as soon as possible, in order to continue his mission.

Sunday School Notice.—The usual Sabbath meeting of Superintendent and Teachers will be held on Monday next, in the 11th Ward Assembly Rooms, at half past seven o'clock p.m.

The 10th Ward Choir will be in attendance. The question of a general library for the benefit of the schools in this city, in some central place, instead of local libraries in connection with each school, as at present, will be laid before the meeting, and it being a subject of considerable importance, it is very desirable there should be a full attendance of Superintendents and officers of each school to represent their views on the subject.

Our General Superintendent, Geo. C. Cannon, is expected to be present.

LEVI W. RICHARDS, Sec'y.

The Homicide Case.—The examination of the lad Cyrus Stonehouse, on a charge of killing a young man named Ross, is progressing at Ogden. According to the evidence adduced up till yesterday afternoon, as reported in the Junction, the case is a very flimsy one. The only points brought out by the prosecution were that Stonehouse and Ross had an altercation, and that the former threw an ordinary shoe at the latter. A rigid surgical examination of the body of the deceased, who was subsequently found dead in a field, showed no outward injury or bruise.

Georgetown.—"Titus" writes from Georgetown, near Lake Co., Idaho, that the prospect is good for a bounteous harvest at that place. The health of the people there is remarkable, no serious sickness having been experienced since their settlement seven years ago. On the 24th they enjoyed a good, old-fashioned festival.

Elders Wells, Hardy and Craver were there July 25th, in the interest of the Y. M. M. I. A.

Religious Services.—Religious services at the Tabernacle to-morrow afternoon, commencing at 2 o'clock, and at the several Ward meeting houses in the evening, at the usual hours.

Home Missions.—Home missionaries of this Stake have been appointed to preach at the meetings in the several wards to-morrow evening.

Firemen.—The members of Pioneer Engine Co. No. 1, are requested to meet at the Engine House, on Monday evening, at half past 7. H. H. GOODARD, Secretary.

Ochres.—Mr. Jeremiah Gibson and Co. are engaged in manufacturing a very excellent article of ochre, for paints. He states it is worth \$150 a ton. The ochre material is obtained at a point distant only about a couple of miles from this city.

No Damage.—We learn from some young gentlemen who have just returned from Church Island, that the fire burning there have occasioned no real loss. The herd houses and timber remain uninjured, though acres of sage brush have been consumed.

Priesthood Meeting.—There was a fair attendance at the priesthood meeting of the Salt Lake Stake today. President D. O. Calder presided, and President Joseph E. Taylor, Bishop Edward Hunter, President Elias Smith, and other prominent Elders were present. The reading of the Ward reports in detail was omitted, and a condensed one was presented and accepted. Most of the time was devoted to the imparting of much valuable instruction on many essential matters. The speakers were President D. O. Calder, Elder George Goddard, Bishop Joseph S. Rawlins, Bishop E. D. Woolley, Bishop Bart, Elder W. Griffin, Elder W. A. McMaster, Bishop Edward Hunter, Bishop J. M. Stewart and President Jos. E. Taylor. Meeting adjourned till Saturday, Sept. 7th, at 11 a. m.

Heavy Suits.—Wells, Fargo & Co. have entered two suits in the Third District Court against Hyrum C. Shurtliff and William G. Williams. The first suit is for the recovery of \$10,000, with interest at the rate of 10 per cent. per annum from the date of the robbery of their express car until the satisfaction of judgment. The other is to recover possession of 20 bonds of the Wasatch and Jordan Valley Railroad Company, and numbered 465 to 484 inclusive, being of the denomination of \$500 each, which, it is alleged, the defendants wrongfully took and still withhold from the possession of the plaintiffs, or for the sum of \$10,000, their nominal value, and for \$500 damages. The summons in each of these cases was served August 1st. No answer has yet been filed by either of the defendants.

Our readers will remember the robbery of Wells, Fargo & Co.'s safe, which occurred nearly two years ago, and for the commission of which Williams was lately sentenced to the penitentiary for a term of 10 years. It is now alleged that Shurtliff, if he was not an accomplice originally in the robbery, is at least an accessory after the fact.

If answers be filed, a hearing will probably not be heard in the cases before the September term. In the meantime public interest will probably be aroused as to the result.

For Soda.—Judge Pyper and a party of citizens purpose going to Soda Springs next week, in search of health and rest. According to reports of parties who have been there this season, it is just the right place to go to for such an object. Messrs. B. B. Marks and David Yearns, who were there recently, with their respective families, were particularly fascinated with Soda. That section abounds with natural curiosities of an interesting character, and the waters of the springs have an invigorating and refreshing tendency. Mrs. Yearns, who was quite feeble when she left the city, gained rapidly in health, even in a few days.

Mr. Ephraim Williams is keeping a hotel at Soda, and does his best for the comfort of his guests. Mr. Marks recommends those going to Soda, to get off the railroad at Dunville, instead of going to the end of the track, and to be sure to make arrangements beforehand for parties to meet them with conveyance to carry them the balance of the journey. Many more people than do so now would visit the springs if some definite and cheap method of conveyance, from and to the point where the railroad is left, were established by parties who should be interested in the building up of the locality.

About a dozen persons from Omaha were rusticated at Soda, recently, and partaking of the waters of the Springs for the purpose of recuperating.

ESTRAYED. FROM Deseret Bakery, Main Street, on Saturday night last, a small roan horse, white on face and feet, marked with red on hind quarters, branded on left hind quarter with the letter "B." Any information that will lead to the recovery of the same will be rewarded. R. GARDNER.

NOTICE. PROPERTY HOLDERS of School District No. 23 are requested to meet at the School House in Taylorsville, on Monday, August 13th, 1878, at 9 a.m., for the purpose of electing three trustees.

WILLIAM J. SPENCER, CLERK OF DISTRICT COURT, Taylorsville, July 2nd, 1878.
