BEAVER. SMALLPOX SITUATION.

New Cases Under Quarantine -Schools Again Discontinued.

Special Correspondence.

Beaver City, Beaver Co., Jan. 7 .-- In a recent communication from here it was stated that our local board of health had the smallpox situation well in hand; since then, however, it has been discovered that the disease was in the family of W. W. Hutchings Jr., who keeps a hotel, and has quite a number of boarders. The result is that the schools are again closed, and public gatherings are prohibited. Two of our business men are among those who boarded at the hotel, and it will work guite a hardship on them, as all who have been exposed are put under rigid quarantine.
